"title": "\"Back Ended Investment Subsidy to Paddy Growers\" component of the \"Crop Production Technology\" scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/beispgccpts",

"details": "The \"Back Ended Investment Subsidy to Paddy Growers\" component of the \"Crop Production Technology\" scheme was introduced by the Department of Agriculture and Farmer's Welfare, Union Territory of Puducherry. Through this scheme, the paddy farmers residing in the Yanam region are provided a back-ended investment subsidy at ₹4,000/- per hectare.",

"objective": "Section not found",

"benefits": "Back-ended investment subsidy to paddy growers @ ₹4,000/- per hectare.",

"eligibility": "The applicant should be a resident/native of Puducherry. The applicant should be residing in the Yanam region. The applicant should be a Farmer. The applicant should possess land holdings.",

"exclusions": "Section not found",

"application_process": "OfflineOnlineStep 1: The interested applicant should visit (during office hours) one of the offices given below, and request the hard copy of the prescribed format of the application form from the concerned authority. Agricultural Officers of the Uzhavar Udhaviyagam. Office of the Deputy Director of Agriculture, Yanam. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form and the documents to the concerned authority. Step 4: On receipt of the application, necessary entries will be made in the application receipt register and a unique number is assigned to the applicant for identifying each applicant which shall be used for all further references and also as acknowledgement for the receipt of the application.",

"documents_required": "Aadhaar Card. Ration Card. Applicant's Photo. Farmer's Identity Card. Bank Passbook. FMB (Field Measurement Book). Residence-cum-Nativity Certificate, issued by the competent authority.",

"frequently_asked_questions": "Is the subsidy applicable to all farmers in Puducherry? No, only paddy farmers residing in the Yanam region are eligible for the subsidy. Name the offices from where an applicant can obtain the application form. The Agricultural Officers of the Uzhavar Udhaviyagam and the Office of the Deputy Director of Agriculture, Yanam. \n\nWhat is the amount of the back-ended investment subsidy provided to paddy growers? Paddy growers receive a subsidy of ₹4,000/- per hectare under this scheme. \n\nWho administers the \"Crop Production Technology\" Scheme in the Union Territory of Puducherry? The Department of Agriculture and Farmer's Welfare, Union Territory of Puducherry, administers the scheme. \n\nAre there provisions for additional incentives or bonuses within the subsidy scheme? There are no explicit provisions for additional incentives or bonuses within the current scheme. \n\nAre there any provisions for adjusting the subsidy amount based on crop yield or quality? No, the subsidy amount remains fixed at ₹4,000/- per hectare and is not adjusted based on crop yield or quality. \n\nCan the subsidy amount be disbursed in instalments, or is it a lump sum payment? The subsidy amount is provided as a back-ended investment and is typically disbursed as a lump sum payment. \n\nIs there a maximum limit on the total subsidy amount a farmer can receive under this scheme? There is no specified maximum limit; however, the subsidy is calculated per hectare of land cultivated. \n\nIs the subsidy amount subject to income tax, and does the farmer need to declare it? The subsidy amount is generally exempt from income tax, but farmers are advised to consult with a tax professional for specific details. \n\nCan the subsidy amount be transferred directly to the bank account of the beneficiary? Yes,

the subsidy amount is often transferred directly to the bank account of the eligible paddy farmer.\n\n\nHow does the government verify the authenticity of the applicant's residency in Yanam?The Residence-cum-Nativity Certificate, issued by the competent authority, serves as a crucial document for verifying residency authenticity.\n\n\nCan a farmer with holdings in multiple regions of Puducherry avail the subsidy for each region?No, the subsidy is specific to the Yanam region, and holdings in other regions do not make the farmer eligible for this scheme."

Declaration of not being employed in Government/Government Undertakings/Fishermen Co-operative Society. Declaration certifying that the applicant has no outstanding dues to the Department/Fishermen Co-operative Societies at the time of application. Proof of possession of a registered mechanized boat. Specifications of the Hull. Provisional Loan Sanction Order From the Bank.",

"frequently_asked_questions": "What is the current subsidy percentage and maximum limit provided for the mechanized boat scheme? The present subsidy stands at 50%, capped at ₹2,50,000 per boat, though this is subject to potential revisions by the Government. Can you elaborate on the specific requirements for the hull of the mechanized boat to qualify for the subsidy? The mechanized boat should have a hull extended above 47 feet, equipped with essential features such as a new hydraulic winch, steel ropes, global positioning system, echo sounder, and an inbuilt insulated ice-box. What documents are mandatory for application, proving ownership of a registered mechanized boat? To apply, you need to provide proof of possession for a registered mechanized boat, along with specifications of the hull and a provisional loan sanction order from the bank. Is there flexibility in the hull specifications, or is a length above 47 feet mandatory for eligibility? The hull must indeed be extended above 47 feet for eligibility under this scheme; compliance with this criterion is essential. How often does the Government revise the rate of subsidy or the maximum limit for this boat financing scheme? The Government has the authority to revise the subsidy rate and maximum limit periodically; applicants should stay informed about potential changes. Could you explain the significance of a provisional loan sanction order from the bank in the eligibility criteria? It's a crucial requirement; applicants must have a provisional loan sanction order from the bank to qualify for the mechanized boat subsidy. Are there any specific safety features or equipment that the mechanized boat must be equipped with to meet eligibility criteria? Yes, apart from the extended hull, the boat must have safety features like life-saving appliances, in addition to a new hydraulic winch, steel ropes, GPS, and echo sounder. Can the subsidy be availed without having a registered mechanized boat? No, ownership of a registered mechanized boat is a fundamental requirement for availing the subsidy. Who is considered a \"Registered Boat\" under these rules? Registered Boats refer to mechanized boats that are both registered and assigned numbers by the Department of Fisheries and Fishermen Welfare in Puducherry. Are there any restrictions on employment for eligible applicants? Yes, eligible applicants should not be employed in Government, Government Undertakings, or Fishermen Co-operative Society at the time of application. How is the genuineness of applications verified? Applications undergo field inquiry by an officer not below the rank of Sub-Inspector of Fisheries, with verification and recommendations by the scheme implementing officer, typically an Assistant Director or Deputy Director of Fisheries. What is the

role of the Departmental Selection Committee in the selection process?The Committee, headed by the Director of Fisheries and Fishermen Welfare, is responsible for selecting beneficiaries based on shortlisted eligible applicants, ensuring a fair and transparent process.",

"frequently_asked_questions": "What are the criteria for industries to qualify for the cash award and citation under this scheme? Industries must meet the green and eco-friendly standards set by the Department of Science, Technology and Environment (DSTE), Puducherry, and provide at least 60% of employment to residents of Puducherry. What benefits do industries receive upon being awarded under this scheme? Awardees receive a cash prize of ₹2,00,000/- and a citation, recognizing their efforts in adopting green and eco-friendly measures in their operations. Can you provide insight into the application process for industries interested in applying for the scheme? Interested industries can obtain the prescribed application form from the official website of the Industries and Commerce Department, Union Territory of Puducherry, and submit it offline along with the required documents. What role does the Department of Science, Technology and Environment (DSTE), Puducherry, play in the scheme? The DSTE plays a crucial role in

certifying industries for their zero or minimum effluent discharge, ensuring compliance with environmental standards. Are there any specific documents that industries need to submit along with their application? Industries are required to submit certification from the DSTE for zero or minimum effluent discharge, Entrepreneurs Memorandum Part-2 (UAM/PMT) Registration/Commencement of Production Certificate, and any other documents as required by the Award Committee. Can industries from all sectors apply for the scheme, or are there specific sectors targeted? Industries from all sectors are eligible to apply as long as they meet the criteria of being green and eco-friendly according to the standards set by the DSTE.

What categories of awards are provided under "Motivation of Entrepreneurs to Start Industries and Fiscal Assistance to Industries - State Awards to Micro, Small and Medium Enterprises"? Awards are given in categories such as Outstanding Entrepreneur, Outstanding SC/ST Entrepreneur, Innovation in Technology (Product or Process), Outstanding Exporter, and Outstanding Artisan of the Year.

What are the financial benefits provided under this scheme? Recipients of the awards are granted a cash award of ₹2,00,000/- along with a citation.

Who constitutes the Committee responsible for granting these awards? The Committee consists of the Director of Industries and Commerce, Puducherry as Chairman, along with members from various departments such as DSTE, Finance, District Industries Centre, and Directorate of Industries and Commerce.

What is the role of the Committee in the awarding process? The Committee evaluates the merits of each case for the grant of the award and makes final decisions regarding the awards.

Are there any conditions for eligibility to receive these awards? Yes, one of the conditions is that the industrial unit must provide at least 60% of employment to the people of the Union territory of Puducherry out of its total employment strength.

How are the selected enterprises notified about their eligibility for the awards? The Director of Industries notifies and informs the selected enterprises about their eligibility to receive the awards."

"eligibility": "The applicant should be the family (legal heir) of the deceased fisherman. The deceased fisherman should have been a resident of the Union territory of Puducherry. The deceased fisherman must have lost his/her life while fishing. The deceased fisherman must have been in the age group of 18-60

years. The deceased fisherman must not have been a beneficiary of the old age pension scheme. The deceased fisherman should have enrolled as a member of the Fishermen/Fisherwomen Co-operative Society.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: The interested applicant should visit the office of the concerned authority i.e. the Department of Fisheries and Fishermen Welfare/Sub-Offices of outlying regions in all four regions. Step 1: The interested applicant should request the hard copy of the prescribed format of the application form from the concerned authority. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the concerned authority. Step 4: Request a receipt or acknowledgment from the concerned authority to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable). *The affected family (legal heir) should apply immediately within 30 days from the date of the event for consideration in case of the death of the fishermen.",

"documents_required": "Photograph of the Family (Legal Heir) of the Deceased. Residential Certificate of the Deceased Fishermen. Proof of Age of the Deceased Fishermen. Declaration That the Deceased Fisherman Was Not a Beneficiary of the Old Age Pension Scheme. Membership Certificate from the President/Administrator of Fishermen/Fisherwoman Co-operative Society. 'No Claim' Certificate in Respect of Financial Assistance Extended by the Revenue Department (to Be Obtained From the Department of Revenue and Disaster Management) for Consideration. Electoral Identity Card (Attested Copy) Ration Card (Attested Copy) Panchayathar's Letter of Village Concerned Name, Relationship, and Address of the Legal Heir (Affidavit in ₹ 5 Stamp Paper, Affixing as the Legal Heir Duly Signed in Before a Notary Public). Death Certificate in Case of Deceased Fishermen.",

"frequently_asked_questions": "How is the family (legal heir) relationship established for eligibility? The family (legal heir) relationship includes blood relations such as husband/wife, children/step children, parents/widow daughter/sister, and legal guardian of the minor. Is there a specific age range for the deceased fisherman to be eligible for relief? Yes, the deceased fisherman must have been in the age group of 18-60 years to qualify for the Immediate Death Relief Assistance. What steps should an applicant take after submitting the application form? The applicant should request a receipt or acknowledgment from the concerned authority, ensuring it contains essential details like date, time, and a unique identification number. Can an applicant apply for the relief if the deceased fisherman was a beneficiary of the old age pension scheme? No, the deceased fisherman must not have been a beneficiary of the old age pension scheme to be eligible for the relief. What is the maximum time frame for receiving relief after the application is submitted? The relief, amounting to ₹1,00,000, is provided within 15 days to 3 months from the date of receipt of the application. Can a widow daughter or sister be considered as a legal heir under the scheme? Yes, a widow daughter or sister is considered a legal heir, eligible to claim the Immediate Death Relief Assistance. How does the scheme define \"deceased fishermen\"? Deceased fishermen are those reported by police and family members to have lost their lives while fishing in the sea or other water bodies. What is the role of the Fishermen/Fisherwomen Co-operative Society in the eligibility criteria? The deceased fisherman should have been a member of the Fishermen/Fisherwomen Co-operative Society to qualify for the relief. What is the deadline for applying for the Immediate Death Relief Assistance? The affected family must apply within 30 days from the date of the event, in case of the death of the fishermen. How can an interested applicant obtain the application form for the scheme? The interested

applicant should request the prescribed application form from the Department of Fisheries and Fishermen Welfare/Sub-Offices of outlying regions. What is the objective of the \"Immediate Death Relief Assistance\" scheme under the \"Welfare and Relief for Fishermen During Lean Seasons and Natural Calamities Scheme\"? The scheme aims to provide ₹1,00,000 as immediate relief to the family of the deceased fisherman within 15 days to 3 months of application.",

"documents_required": "Photograph of the Family (Legal Heir) of the Missing Fisherman. Residential Certificate of the Missing Fishermen. Proof of Age of the Missing Fishermen. Declaration That the Missing Fisherman Was Not a Beneficiary of the Old Age Pension Scheme. Membership Certificate from the President/Administrator of Fishermen/Fisherwoman Co-operative Society. Electoral Identity Card (Attested Copy) Ration Card (Attested Copy) Panchayathar's Letter of Village Concerned Name, Relationship, and Address of the Legal Heir (Affidavit in ₹ 5 Stamp Paper, Affixing as the Legal Heir Duly Signed in Before a Notary Public). 'No Claim' Certificate in Respect of Financial Assistance Extended by the Revenue Department Should Be Obtained From the Department of Revenue and Disaster Management. FIR and Non-traceable Certificate From Respective Station House Officer of Police Department. Statement of Next Kin of Missing Person, Statement of Panchayathars, Statement of Persons Who Have Lastly Seen the Missing Person. Advertisement/newspaper Report of the Missing Person in Gazette in Tamil/Local Newspaper, Municipality/ Commune Panchayat Office, Ration Shop, and Police Station in the Vernacular Language."

"frequently_asked_questions": "Is there a provision for recovering the compensation amount if the missing fisherman returns? Yes, the compensation amount will be recovered by invoking an insurance bond if the missing fisherman returns.\n\nWhat is the role of the standing committee in the release of relief assistance? The standing committee recommends the release of the relief amount, and the Director of Fisheries and Fishermen Welfare acts on this recommendation.\n\nWhat happens if the missing person is not found, and the prescribed period lapses? The balance amount is released in favor of the next of kin (legal heir) after the prescribed 9-month period, assuming no further information is received.\n\nHow is the eligibility of the missing fisherman determined? The missing fisherman should have lost his/her life while fishing, be in the age group of 18-60, and not be a beneficiary of the old age pension scheme.\n\nCan the application form be submitted without the prescribed documents? No, the application form must be submitted with all mandatory documents, self-attested if required, to the concerned authority.\n\nIs there any specific procedure for the release of the balance 50% of the relief amount? The balance 50% is released to the next of kin (legal heir) after the prescribed 9-month period and is deposited in a joint account in their name.\n\nHow is doubt or interpretation issues regarding the scheme addressed? Matters of doubt or interpretation are referred to the Director of Fisheries and Fishermen Welfare, Puducherry, whose decision is final.\n\nWhat is the application deadline for families seeking relief assistance? The affected family (legal heir) must apply within 30 days from the date of the fisherman being reported missing.\n\nWhat does the term \"Fishermen\" encompass in the context of this scheme? \"Fishermen\" refers to individuals involved in fishing operations and allied activities in the Union territory of Puducherry.\n\nWhat is the definition of \"missing fishermen\" under the scheme? Missing fishermen are those reported by police and family members to be missing while fishing, treated as deceased for the purpose of the scheme.\n\nHow is the term \"family (legal heir)\" defined in the context of the scheme? It includes immediate family members such as husband/wife, children/step children, parents/widow daughter/sister, legal guardian of the minor, married daughters/widow daughter in law/widowed brothers.\n\nHow is the ₹ 1,00,000 relief assistance distributed to the family (legal heir) of the missing fisherman? The relief is disbursed in two installments of ₹

50,000 each, with the first installment released within 3 months, and the balance deposited in a joint account after the prescribed 9-month period.",

"title": "\"Input Assistance to Farmers for Taking up Fish Farming in Farm Ponds\" Component of the
\"Mukhyamantri Maschyajibi Kalyan Yojana\" Scheme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/mmky-iaftufffp>",

"details": "The \"Input Assistance to Farmers for Taking up Fish Farming in Farm Ponds\" Component of the \"Mukhyamantri Maschyajibi Kalyan Yojana\" Scheme was launched by the Fisheries & Animal Resources Development Department, Government of Odisha. The objective of this scheme is to increase the inland fish production, and to enhance the income of farmers in the State through aquaculture. Input assistance is provided to the farmers who have excavated farm ponds under MGNREGA for facilitating the production of fingerling and fish. The scheme is implemented by the Directorate of Fisheries through its field functionaries in Odisha.",

"objective": "Section not found",

"benefits": "One-day training and awareness programme will be conducted by the District Fisheries Officers for skill up-gradation of the beneficiaries. Type of Farm Pond with Unit Cost and Pattern of Assistance
The input assistance towards pisciculture on the unit cost of ₹4,00,000/- hectare shall be given to the farmer as a one-time support at 40% for General Category, and 60% for Scheduled Castes (SC)/ Scheduled Tribes (ST)/Women/Transgender/Person with Disability (PwD) Category of farmers.
Model 1
Specification of Farm Pond: 20m x 20m
Seed: 2400
Feed: 10800
Other Input: 2800
Unit Cost (₹): 16000
Subsidy Assistance (₹)
General (40%): 6400
SC/ST/Women/Transgender/PwD (60%): 9600
Model 2
Specification of Farm Pond: 15m x 15m
Seed: 1350
Feed: 6075
Other Input: 1575
Unit Cost (₹): 9000
Subsidy Assistance (₹)
General (40%): 3600
SC/ST/Women/Transgender/PwD (60%): 5400
Model 3
Specification of Farm Pond: 10m x 10m
Seed: 600
Feed: 2700
Other Input: 700
Unit Cost (₹): 4000
Subsidy Assistance (₹)
General (40%): 1600
SC/ST/Women/Transgender/PwD (60%): 2400
*Other Inputs include fertiliser, lime, pro/pre/grow biotics, Vit-min mix, disinfectant, medicines, castnet, etc.
NOTE 1: Farmers are free to stock more seed as per their choice for seed raising purpose.
NOTE 2: The assistance shall be limited to 0.5 acres of water spread area per beneficiary.",

"eligibility": "The applicant should be a resident of Odisha. The applicant must have a bank account in his/her name in Odisha. The farm pond should have been excavated by the applicant. The farm pond should have been excavated under the various Government schemes including Watershed Development Projects & MGNREGA through the Directorate of Soil Conservation & Watershed Development. The farm pond should have a minimum 5 feet water depth. The farm pond should have sufficient water retaining capacity for a minimum 5 months of culture period. While availing subsidy, the beneficiary family will be considered instead of individual member of the family.",

"exclusions": "The applicant family should not be provided with multiple benefits under one particular scheme. A family will not be eligible for subsidy under the same scheme if any of its members has got a subsidy during the last two years.",

"application_process": "OfflineStep 1: The applicant should take print of the prescribed format of the application form. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the Block Level Office. Step 4: Request a receipt or acknowledgement from the concerned authority to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable).",

"documents_required": "Aadhaar Card (photocopy). Identification & Residential Proof (Aadhaar card). A Mobile Number (Aadhaar linked Mandatory). First page of Bank Passbook (photocopy). Land Document. Caste Certificate. The certificate of identity as transgender person issued by the District Magistrate as per \"The Transgender persons (Protection of Rights) Act, 2019 will be accepted for transgender category. For differently abled persons the certificate of disability issued by certifying authority/ competent authority indicating 40% or more disability as per \"The Rights of Persons with Disabilities Act, 2016 will be acceptable.\""

"frequently_asked_questions": "How does the scheme ensure identification of farm ponds suitable for pisciculture, and who is responsible for providing the list at the block and district levels? The Assistant Soil Conservation Officer (ASCO) provides the list at the block level, and PD watershed at the District level circulates it to Assistant Fisheries Officers (AFOs) for verification. What is the role of the AFO in mobilizing beneficiaries, and how is the application process initiated for availing subsidized fish seed? The AFO, in coordination with the ASCO, mobilizes interested beneficiaries to collect the application form (Annexure-II) for availing subsidized fish seed under the scheme. How does the scheme determine the eligibility of farm ponds for assistance, and what are the specific criteria regarding water depth during the culture period? Eligibility is based on water retention capacity for a minimum 5-month period and feasibility for aquaculture. The selected farm ponds must have a minimum water depth of 5 feet during the culture period. What is the process after the AFO finalizes the list of applications, and how does the District Fisheries Officer (DFO) contribute to the scheme? The AFO finalizes the list of applications, recommends feasible farm ponds to the DFO, who issues a Go-ahead letter (Annexure-III) to the beneficiary for stocking of fingerlings. How are fingerlings procured, and what are the specific guidelines for the beneficiaries regarding their purchase? Fingerlings are procured by beneficiaries from Govt./OPDC managed fish seed farms or other private hatcheries/seed grower farms of the locality. Can district officials enhance their allocated targets, and what flexibility do they have in reallocating block targets? District officials can enhance their targets up to 25%, and they are free to reallocate block targets as per demand. How does the scheme facilitate credit linkage for beneficiaries, and what is the role of AFOs/DFOs in this aspect? AFOs/DFOs facilitate credit linkage from banks to beneficiaries for availing loans as per the requirement of the beneficiary in Bank Finance case. What role does the DFO play in maintaining a complete database, and where is it uploaded? The DFO uploads a complete database to the DSS portal to ensure comprehensive documentation of the scheme's implementation. What are the key components of the training and awareness program conducted by District Fisheries Officers for beneficiaries? District Fisheries Officers conduct a one-day training and awareness program for skill up-gradation of beneficiaries to enhance their understanding of the scheme. What is the timeline for the submission of applications, and who is responsible for the initial scrutinization and field feasibility report submission? Applications are submitted to the block level in July, and the initial scrutinization of applications and submission of the field feasibility report are responsibilities

of the beneficiary and AFO, respectively. When is the Go-Ahead issued to the beneficiary, and what is the basis for issuing it? The Go-Ahead is issued within 15 days of receiving the field verification report, ensuring the feasibility of pisciculture in the farm pond. What is the timeline for field inspection after stocking of fingerlings, and who is responsible for conducting this inspection? Field inspection occurs within 15 days of receiving intimation from the beneficiary, and AFO & DFO are responsible for the inspection regarding the completion of the stocking process."

Submit the unit registration form. Wait for registration approval. Application Process Step 1: Log in to the portal using registered credentials. Navigate to the \"Apply for Benefits\" section. Select the scheme component that you intend to apply for. Step 2: Fill in the prescribed application form with all mandatory fields. Upload all supporting documents as mentioned in the portal. Ensure file formats and file size

restrictions are followed as per the portal guidelines. Review all entered information for accuracy. Step 3: Upload documents in the specified format and size. Ensure all documents are clear and legible. Complete document verification checklist. Step 4: Review the complete application before submission. Apply online. *Note down the application reference number. Save a copy of the submitted application form. *Applicants are strongly encouraged to save a copy of the submitted application, confirmation message, and application reference number for future reference and tracking purposes. Verification Process Step 1: Application is automatically routed to the concerned bank. Bank verifies the amount of interest at 3%, borrower credentials, loan account classification as Standard, and interest servicing status. The Bank approves the application on the portal. Step 2: After verification, if claims are found in order, the Commissioner, Industries & Commerce Department forwards claims to the Finance Department. The Finance Department processes the claim for online reimbursement through Direct Benefit Transfer. Disbursement Process The Finance Department releases the subsidy amount directly to the beneficiary's bank account. Short Message Service alerts sent for funds disbursement. The beneficiary receives the Direct Benefit Transfer in a registered bank account. Application Status Tracking Log in to the portal to check application status. Track application progress through different stages of verification. Receive Short Message Service alerts throughout the process, including registration, fund release, etc. Important Deadlines Claim on completion of every financial year. *For Technical Support, please write to atisis.assam@gmail.com.",

"documents_required": "Working Capital Loan Sanction Letter Bank Statement showing Working Capital Loan details Interest Certificate from a Scheduled Commercial Bank or a Public Financial Institution Self-Attestation regarding non-availing of interest subsidy under any other scheme Loan Account Classification Certificate (confirming Non-Performing Asset status) Tea Plantation or Manufacturing Unit Registration Documents",

"frequently_asked_questions": "What types of tea plantation sizes are eligible to apply for the interest subvention benefit on working capital loans? Tea plantations of all sizes are eligible to apply for this benefit, with no minimum or maximum size restrictions specified. Can manufacturing units producing different varieties of tea beyond the traditional types qualify for this working capital interest subvention? Yes, manufacturing units producing Crush, Tear, Curl Tea, Orthodox Tea, or Specialty tea including Green tea, Oolong Tea, White tea, Yellow tea and Purple tea are all eligible. Is it mandatory for both the tea plantation and manufacturing facility to be located entirely within the state boundaries for eligibility? Yes, the applicant must be located entirely in Assam and must not have any part of the plantation or manufacturing facility located outside the State of Assam. What is the specific interest rate reduction provided on working capital loans under this financial assistance program? The scheme provides interest subvention of 3% per annum on Working Capital Loan taken from eligible financial institutions. What is the maximum financial benefit amount that can be claimed per unit annually under this working capital support scheme? The maximum claimable amount is ₹20,00,000/- per annum per unit or garden under this interest subvention component. Which specific financial years are covered under the current validity period of this working capital interest subvention scheme? The scheme covers financial years 2023-24, 2024-25, 2025-26, 2026-27, and 2027-28, extending till the end of Financial Year 2027-28. What types of banking institutions are acceptable for taking working capital loans to qualify for this interest subvention benefit? Applicants must have taken loans from a Scheduled Commercial Bank or a Public Financial Institution to be eligible for the interest subvention. What specific activities or purposes should the working capital loan be used for to qualify for this interest subvention? The Working Capital Loan must be taken for activities directly related to plantation or manufacturing of Tea to qualify for the benefit. What is the minimum timing requirement for working capital loan sanction or renewal to be eligible for claims in specific financial years? The Working

Capital must be sanctioned or renewed on or after 1st April of the financial year in which the claim is to be made. What loan account status is required to maintain eligibility for this interest subvention benefit throughout the claim period? The applicant must not have loan accounts declared as Non-Performing Asset as per Reserve Bank of India guidelines on the date of filing claim. Can applicants who have already received interest subsidies from other government schemes apply for this working capital interest subvention? No, applicants must not have availed any interest subsidy under any other scheme to be eligible for this benefit. When is the appropriate time to submit claims for reimbursement under this working capital interest subvention scheme? Claims can be submitted on completion of every financial year for reimbursement of the interest subvention amount.",

"title": "\"Reactivation Of Fisheries Cooperative Societies\" Component of the \"Mukhyamantri Maschyajibi Kalyan Yojana\" Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/mmky-rfcs",

"details": "The \"Reactivation Of Fisheries Cooperative Societies\" Component of the \"Mukhyamantri Maschayajibi Kalyan Yojana\" Scheme was launched by the Fisheries & Animal Resources Development Department, Government of Odisha. The objective of this scheme is to provide a one-time revolving fund of ₹2,00,000/- to each eligible Primary Fishermen Cooperative Society for working capital of the society and improvement of the socio-economic status of the members in the long run. The scheme shall be implemented by the Directorate of Fisheries through the respective District Fisheries Officer.",

"objective": "Section not found",

"benefits": "A one-time revolving fund of ₹2,00,000/-.",

"eligibility": "The applicant should be an active Primary Fisherman Cooperative Society (PFCS). The PFCS should have completed at least 1 year from the date of its registration under \"The Odisha Cooperative Societies Act-1962\". The PFCS should be in working condition. The PFCS should not have availed the revolving fund before. The PFCS should be conducting Committee of Management meetings and AGB meetings in time as per the OCS Act and Rules framed there under the Bylaws of the Society. The PFCS should have paid the Government lease value of the reservoir/ pond if taken on lease as per the Rules. The PFCS should be able to produce last year's audited balance sheets with Profit Loss accounts of the Society from AGCS-empowered CA firms/auditors.",

"exclusions": "Section not found",

"application_process": "OfflineThe scheme shall be advertised through the Departmental website, newspapers and wall posters in the District and Block Fisheries Offices across the state. Step 1: The interested PFCS should take print of the prescribed format of the application form. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the District Fisheries Officer of the concerned district. Step 4: Request a receipt or acknowledgement from the concerned authority to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable).",

"documents_required": "Passport-size photograph of the Secretary of PFCS. Society Registration Certificate. Resolution Copy of General Body meeting of PFCS. Last one-year Audited Balance Sheet and Profit Loss Account. Receipt of payment of lease value in case of reservoir-based PFCS/ Riverine PFCS/ Marine PFCS. Joint Passbook Bank Account Number with IFSC (President and Secretary). Joint savings account with DFO and its a/c number with IFSC code. Aadhar copy of the president and secretary of PFCS.",

"frequently_asked_questions": "Who is responsible for the implementation of the scheme, and through which agency? The scheme is implemented by the Directorate of Fisheries through the respective District Fisheries Officer. \n\nHow are PFCS selected under the scheme? PFCS applications are verified by ICS/SARCS, and the selected list is approved by the Collector-cum-District Magistrate or an authorized officer. The Director of Fisheries then sanctions and transfers funds to the DFO/ARCS Chilika for disbursement. \n\nWhat is the operational procedure for the fund once sanctioned? The fund is deposited in the Society's bank account and operated jointly by the President/Secretary of the society and the District Fisheries Officer-cum-ARCS of the concerned district. \n\nWhat activities can PFCS undertake using the revolving fund, as per the guidelines for implementation? PFCS can engage in activities such as raising fingerlings in captive nurseries, fish business, fish culture, purchase of nets, and repairing boats, subject to the approval of the Committee of Management. \n\nHow are credit support and loans provided to PFCS members? PFCS

members can apply for loans from the revolving fund for socio-economic development. Loans, up to ₹1.00 Lakh, are granted with an interest rate of 4% per annum, to be recovered within one year.

Who is responsible for monitoring and supervision of the scheme's implementation? The Inspector of Co-operative Societies (Fishery) and AFO-In Charge, along with District Fisheries Officers-cum-ARCS, ARCS Chilika Circle, and others, monitor the programme at various levels.

How does a Primary Fishermen Cooperative Society (PFCS) demonstrate compliance with the eligibility criterion related to the "Odisha Cooperative Societies Act-1962"? Eligibility requires the PFCS to have completed at least one year from its registration date under the specified cooperative societies act.

Why is the submission of the last one year audited balance sheets with Profit Loss accounts crucial for PFCS eligibility? It ensures financial transparency, and PFCS must provide audited financial statements from AGCS empanelled CA firms/auditors to demonstrate their financial soundness.

What role does the payment of the Government lease value play in determining PFCS eligibility? PFCS must have paid the Government lease value of the reservoir/pond if taken on lease as per rules, showcasing their compliance with lease obligations.

Why is the completion of Committee of Management and AGB meetings considered a vital eligibility criterion for PFCS? It demonstrates the PFCS's commitment to organizational governance, ensuring that necessary meetings are conducted as per the OCS Act and Bye-laws of the Society."

"documents_required": "7/12 Certificate (land ownership proof). Aadhaar Card. Bank Passbook or Cancelled Cheque.",

"frequently_asked_questions": "What is the objective of this scheme? The main objective of this scheme is to encourage fruit crop cultivation by providing 90% financial assistance to farmers for purchasing planting materials. Who is responsible for implementing this scheme? The Department of Agriculture, Farmers Welfare and Cooperation, Government of Gujarat, is responsible for implementing this scheme. Which farmers are eligible to apply for the scheme? Farmers residing in Gujarat who are engaged in fruit crop cultivation are eligible to apply for the scheme. What kind of financial assistance is provided under this scheme? The scheme provides a subsidy of up to 90% of the cost of approved planting materials for horticultural fruit crops. Are the subsidy amounts different for different fruit crops? Yes, the subsidy amounts vary depending on the crop, such as ₹32,000/ha for Mango, ₹22,000/ha for Chiku, and ₹20,000/ha for Pomegranate. What is the maximum cost allowed per sapling to be eligible for subsidy? Only planting materials costing up to ₹250/- per unit are eligible for subsidy under this scheme. Can a farmer purchase planting materials from any nursery? No, the planting materials must be purchased from nurseries accredited by the NHB, Agricultural Universities, or the Horticulture Department. Is tissue culture planting material covered under the scheme? Yes, tissue culture planting material is covered if it is purchased from DBT-approved labs or government-recognized institutions. Is this scheme available to farmers outside Gujarat? No, this scheme is only available to farmers who are residents of Gujarat. Does the scheme have any restrictions based on caste, income, or education? No, the scheme is open to all farmers regardless of their caste, income level, or educational background. How will the subsidy be disbursed to the farmer? The approved subsidy amount will be directly credited to the bank account of the eligible farmer after verification. How can an applicant apply for this scheme? Applicants can apply on the iKhedut portal to avail the benefits of the scheme. What documents are required to apply for the scheme? Applicants are required to submit an Aadhaar card, 7/12 land record, and a copy of their bank passbook or a cancelled cheque. Who should the applicant contact for help or more information about the scheme? The applicant should contact the nearest agriculture office or visit the iKhedut portal for more information.",

"title": "AGR-50 Scheme-Assistance To Purchase Tractors",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/agr50s-apt>",

"details": "The scheme “AGR-50 Scheme-Assistance to Purchase Tractors” was started by the Department of Agriculture, Farmers Welfare & Co-operation, Government of Gujarat in the year 2011-12. The scheme was implemented for the farmers to help in buying the tractor in the state. Further, the scheme has been started in the state, considering the tractor's importance, to increase farm mechanization in the state and the demand of farmers from the society. The cost of the tractor was different in the whole state. As a result, small-scale farmers who could not negotiate had to pay a higher price. In order to become available to all the farmers in the state at a price and competitive prices in the state, the model of the tractor companies has been empanelled from the year 2014-15. A tractor is an essential tool for expanding farm mechanization and increasing farm power availability. To adopt power-operated tools/implements farmers must have a tractor, so assistance is given to farmers for the purchase of tractor. This scheme is a 100% state-sponsored scheme.",

"objective": "Section not found",

"benefits": "1.\tThe financial assistance is given to farmers for the purchase of tractors as below:
a)\tUpto 40 PTO HP Model Tractors: 25% of expense or ₹45,000/-, whichever is less. b)\tAbove 40 PTO HP and up to 60 PTO HP Model Tractors: 25% of expense or ₹60,000/-, whichever is less.",

"eligibility": "The beneficiary should be a permanent resident of Gujarat State. Any farmer of Gujarat state is eligible under this scheme. The beneficiary farmer has to purchase the empaneled tractor model of the manufacturer included in the empanelment prepared for the purpose of prize discovery announced by the agriculture department from time to time for tractors from their authorized dealer.",

"title": "Agricultural Extension",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/ae>",

"details": "Extension Division endeavours towards successful implementation of Agricultural Extension activities. Through its various programmes, schemes and activities, Extension Division helps farmers to get information regarding scientific research and new knowledge in agricultural practices. It assists and encourages the State Governments in organizing, maintaining and operating professional Extension Services. Extension Division implements SMAE (Sub Mission on Agricultural Extension), a Sub Mission of Krishonnati Yojana. The popular ATMA Scheme which supports the State Governments in their extension

activities is also run by Extension Division. The Division also provides Information Support to farmers in their agricultural activities. For this, it coordinates with Prasar Bharati and All India Radio in the effective running of the DD Kisan channel and Krishi Vani programmes respectively. Kisan Call Centres have been established at 21 locations across the country covering all states and UTs where the farmers can call on a toll free number (1800-180-1551) and get information regarding their area of interest in agriculture. Extension Division also publishes four magazines – two each in Hindi and English whereby information regarding various aspects of Extension activities and new developments is provided.

Schemes of Extension Division

The Sub Mission on Agricultural Extension (SMAE) focuses on awareness creation and enhanced use of appropriate technologies in agriculture & allied sectors. It has four main components, namely:

- Support to State Extension Programmes for Extension Reforms
- Mass Media Support to Agricultural Extension
- Establishment of Agri-Clinic and Agri-Business Centres by Agriculture Graduates (ACABC).
- Extension Support to Central Institutions

The aforesaid components of Sub Mission on Agricultural Extension (SMAE) were run as separate schemes of the Extension Division. These were recently subsumed under the umbrella of SMAE.

Support to State Extension Programmes for Extension Reforms: As the name suggests, this scheme supports the state governments in their Extension Activities. It aims at making extension system farmers driven by way of new institutional arrangements for technology dissemination in the form of an Agricultural Technology Management Agency (ATMA) at the district level to operationalise the extension reforms. Funds are released to State Governments in accordance with the scheme guideline which is also dependent on the State Governments releasing their share of contribution.

Mass Media Support to Agricultural Extension : Doordarshan and All India Radio, Print Media, Kisan Mela, Kisan Call Centre, Common Services Center.

Establishment of Agri-Clinic and Agri-Business Centres by Agriculture Graduates (ACABC) : This Programme aims to tap the expertise available in the large pool of Agriculture graduates, And a 45 days specialized training is provided by selected institutes across the country.

Extension Support to Central Institutions This scheme aims towards capacity building of Extension functionaries and also, towards skill development of rural youth, farmers and farm women. The prominent institutions involved in this effort are – the Directorate of Extension (a subordinate office under the Extension Division), MANAGE, Hyderabad (an autonomous institute associated with Extension Division), four Extension Education Institutes (EELs) at the Regional level and the State Agricultural Management & Extension Training Institutes (SAMETIs) at the State level. The main programmes under the scheme are as under:

- Programmes for Capacity Building:**
 - Extension Education Institutes (EELs):** - Ministry of Agriculture & Farmers Welfare has established four Extension Education Institutes at Nilokheri (Haryana); Hyderabad (Telangana); Anand (Gujarat) and Jorhat (Assam). These EELs cater to the training needs of middle-level field extension functionaries working under agriculture and allied departments of States/UTs of respective regions. The programmatic activities of EELs include the organization of on-campus/off-campus training, workshops, conferences etc. in the areas of communication technology, extension methodology, training management, Agriculture Knowledge Information System (AKIS) and Information Technology.
 - Model Training Courses (MTCs):** - Ministry of Agriculture & Farmers Welfare has established four Extension Education Institutes at Nilokheri (Haryana); Hyderabad (Telangana); Anand (Gujarat) and Jorhat (Assam). These EELs cater to the training needs of middle-level field extension functionaries working under agriculture and allied departments of States/UTs of respective regions. The programmatic activities of EELs include the organization of on-campus/off-campus training, workshops, conferences etc. in the areas of communication technology, extension methodology, training management, Agriculture Knowledge Information System (AKIS) and Information Technology.
- Kisan Call Center (KCC)** The project aims to answer farmers' queries on a telephone call in their own dialect. Presently these call centres are working in 21 different locations covering all the States and UTs. A countrywide common eleven-digit Toll-Free Number 1800-180-1551 has been allotted for Kisan Call Center. This number is accessible through mobile phones and landlines of all telecom networks including private

service providers. Replies to the farmers' queries are available from 6:00 am to 10:00 pm on all seven days of the week. Kisan Call Center agents are known as Farm Tele Advisors (FTAs), who are graduates or above in agriculture or allied areas and possess excellent communication skills in their respective local languages. Queries which cannot be answered by FTAs are transferred to higher-level experts in call conferencing mode. These experts are subject matter specialists of State Agricultural Departments, ICAR & State Agricultural Universities. The restructured KCC has a number of unique features viz. 100% call recording; call barging; voice mail service; customized IVRs; call conferencing through the experts; playing state-specific advisories during call wait time; SMS to caller farmers giving a gist of answers given by FTAs and also, registration of farmers for receiving SMS from experts on the subject area provided by them for receiving regular updates on selected crops. Programmes for Skill Development: Skill Training of Rural Youth (STRY): - The component aims at training rural youths, rural artisans (blacksmiths, carpenters etc. designing/manufacturing farm implements) including farm women across the country. The training under this component focuses on specific vocational areas in agriculture & allied sectors. Both Public and Private/Non-Governmental Institutions including Vocational Training organisations, Youth Organisations (like Nehru Yuva Kendra) are actively involved in the implementation of this programme. Diploma in Agricultural Extension Services for Input Dealers (DAESI): - Agri-Input Dealers in the country are a prime source of farm information to the farming community, besides the supply of inputs and credit. However, the majority of these dealers do not have formal agricultural education. In order to build their technical competency in agriculture and to facilitate them to serve the farmers better and to act as Para-Extension professionals, a self-financed "One-year Diploma in Agricultural Extension Services for Input Dealers (DAESI) Program" has been launched during the year 2003 with a course fee of Rs.20000/- to the input dealers. The National Institute of Agricultural Extension Management (MANAGE) is the nodal agency to run this program.",

"objective": "Section not found",

"benefits": "Benefits Of The Scheme To supplement efforts of public extension by necessarily providing extension and other services to the farmers on a payment basis or free of cost as per the business model of agri-preneur, local needs and affordability of the target group of farmers. To support agricultural development To create gainful self-employment opportunities for unemployed agricultural graduates, agricultural diploma holders, intermediate in agriculture and biological science graduates, with PG in agri-related courses",

"eligibility": "Eligibility Criteria For Candidates The scheme is open to the following categories of candidates of the age group of 18 to 60 years. Graduates in agriculture and allied subjects like Horticulture, Sericulture, Dairy, Animal Husbandry, Fisheries, Home/ Community Sciences, Biotechnology, Agricultural Engineering, Forestry, Food Technology, Food Nutrition, and Dietetics, etc, from SAUs/ Central Agricultural Universities/ Universities and graduates in Environmental Science, Botany, Zoology and Chemistry recognized by ICAR/ UGC. Degrees in Agriculture and allied subjects offered by other agencies are also considered subject to the approval of the Department of Agriculture & Cooperation, Government of India on the recommendation of the State Government. Diploma (with at least 50% marks)/ Post Graduate Diploma holders in Agriculture and allied subjects (as in para 3.1) from State Agricultural Universities, State Agriculture and Allied Departments and the State Department of Technical Education. Diplomas in Agriculture and allied subjects offered by other agencies (autonomous bodies, UGC affiliated universities, etc.) are also considered subject to the approval of the Department of Agriculture & Cooperation, Government of India on the recommendation of the State Government. Post Graduation in Agriculture & allied subjects. Degree courses recognized by UGC have more than 60 percent of the course content in Agriculture and allied subjects 3.5. Diploma/ Post-graduate Diploma courses with more than 60 percent of

course content in Agriculture and allied subjects after B.Sc. in Biological Sciences from recognized colleges and universities, Agriculture-related courses at the intermediate (i.e. plus two) level, with at least 55% marks, The scheme covers full financial support for training and handholding, provision of loans, and credit-linked back-ended composite subsidy.",

"exclusions": "Section not found",

"application_process": "OnlineProcess of Selection of CandidatesCall for applications from eligible candidates: Advertisements in local newspapers will be issued under intimation to local employment exchanges separately by the NTI. The NTIs may also give publicity to the scheme through Doordarshan, AIR, Private Television and Radio channels, ATMs, Agricultural Universities, ICAR Institutions, KVKs, Banks, Agriculture Graduate Associations, Agri-Business Companies, Agriculture and allied departments, a network of trained/established Agri-preneurs, posters, leaflets etc. Besides, NTIs may adopt any innovative method for giving publicity about the scheme. Advertisements will be uploaded on the website of NTIs as well as MANAGE. MANAGE will provide credentials to NTIs for uploading the advertisements to the AC&ABC website (www.agriclinics.net).Applications for training will be accepted only through the online portal <https://acabcmis.gov.in/ApplicantReg.aspx>An individual eligible to receive the benefits under the scheme is required to furnish proof of possession of an Aadhaar Number or undergo Aadhaar registration. If an individual is eligible but do not possess an Aadhaar number she/he can get enrolled by visiting the Aadhaar enrolment centre. MANAGE, Hyderabad is required to provide enrolment facilities at a convenient location(s) in coordination with the Registrars of UIDAI or by becoming an UIDAI Registrar. The beneficiaries of the Agri-Clinics & Agri-Business Centres (AC&ABC) scheme may register their request for enrolment by giving their name, address, mobile number and other details. Till such time as Aadhaar is assigned to an individual, she/he can avail of the benefit of the scheme on the production of the following documents Aadhaar enrolment ID slip/ Copy of request for Aadhaar enrolment and Voter Identity Card/ PAN/ Passport/ Ration Card/ Employee Government ID/ Passbook of Bank or Post Office/ MGNREGS Card/ Kisan Photo Passport/ Driving Licences/ any other document as specified by State/ UT.Aadhaar details need to be linked through a web-based registration process. The assistance if given in cash, needs to be transferred to the bank account of the beneficiary and in case it is given in terms of kind through Companies, the intimation be conveyed as SMS to the beneficiary mobile phone with details of assistance. It should be ensured, that no eligible beneficiary suffers for want of Aadhaar and it would be the responsibility of the implementing agency to ensure that Aadhaar enrolment of such beneficiaries is carried out on priority.",

"documents_required": "List of DocumentsAadhar enrollment ID slip/ Copy of request for Aadhaar enrolment. Voter Identity Card.PAN.Passport.Ration Card.Employee Government ID.Passbook of Bank or Post Office. Driving Licences.Any other document as specified by State/ UT.",

"title": "Agricultural Skill Development Training Programme For Women Farmers And Farmers",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/asdtpwff>",

"details": "The scheme "Agricultural Skill Development Training Programme for Women Farmers and Farmers" was started by the Department of Agriculture, Farmers Welfare & Co-operation, Government of Gujarat. This Scheme is sanctioned under a gender audit programme for more productive varieties and a training-n-education programme for farmers. Nowadays, women have become very sensitive in all developing fields. Moreover, there is a significant role of women farmers in agricultural activities. So, the Government of Gujarat sanctioned a programme of \"Agricultural Skill Development Training Programme for Women Farmers\" in the year: 2012-13. Afterward in the year 2013-14, the government sanctioned this programme jointly.Under this programme, selected women farmers, male farmers, and youth have been trained-n-guided in agricultural and allied aspects of the scientific method. Moreover, they have informed

the developing scheme of the state and central levels. During the year 2018-19, this scheme has sanctioned on Date: 11-04-2018. The training activities of the same programme are as under: Training Activities : Pre-Seasonal Camp (Village Level) Institutional Training Course (Four Days) Training for Youth (Five Days) Sharing Followup Camps (Village Level) Krishimela (Krishi Stalls, Competition, Seminar) In State Educational Inspiration Study Tour (For 7 Days) Out of the Educational Inspiration Study Tour (For 10 Days) International Educational Inspiration Study Tour (For 10 Days) State-Level Sharing Workshop",

"objective": "Section not found",

"benefits": "Selected women farmers, male farmers, and youth have been trained-n-guided in agricultural and allied aspects of the scientific method. The latest information on agricultural aspects will be provided to the selected applicant under this scheme. The selected applicants have informed the developing scheme of the state and central levels.",

"eligibility": "The applicant should be a permanent resident of Gujarat State. The farm families of women farmers, male farmers, and youth are eligible to apply.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: To participate in the training, the applicant needs to visit the nearest Farmer Training Centre of the district or contact Village Level Worker (Gram Sevak) and request/collect an application form for the scheme. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized, and attach all the mandatory documents. Step 3: Submit the application form along with the documents to the concerned receiving authority. Step 4: After successful verification, the applicant may be eligible to take all the benefits under the scheme.",

"documents_required": "Government-approved photo ID i.e. Aadhaar Card, Voter ID Card Passport Size Photograph Caste certificate (If Applicable)",

"frequently_asked_questions": "Which department has launched this scheme? Agriculture, Farmers Welfare & Co-operation Department, Government of Gujarat When was this scheme started? This scheme was started in the year 2012-13. Who is eligible to get the benefits of the scheme? The farm families of women farmers, male farmers, and youth of Gujarat State are eligible to apply under the scheme. Can a general category applicant be eligible to apply under this scheme? "title": "Agriculture And Processed Foods Export Promotion Scheme Of APEDA For The 15th Finance Commission Cycle (2021-22 To 2025-26)",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/financial-assistance-scheme>",

"details": "The Financial Assistance Scheme (FAS) is an export promotion scheme run by APEDA. APEDA is an export promotion body under the Ministry of Commerce and Industry for the promotion of Agricultural and Processed Food Products. The scheme has been open and implemented for the period of 2021-22 to 2025-26. The scheme aims to facilitate the export of agri-products by providing assistance to exporters. It achieves its objective through the following: Understanding the several challenges faced by agri-exporters. Acknowledging the need for assistance to successfully navigate through these challenges and achieve the objectives of APEDA. Financial assistance is provided in three broad areas, namely: Development of Export Infrastructure Infrastructure, Quality Development and Market Development. The details of each scheme such as scheme name, launch date, ministry/dept. name, scope, objectives, salient features, target beneficiary, benefits, etc. are as follows: Development of Export Infrastructure: APEDA recognizes the importance of infrastructure for the growth of agro-industries and the export of agricultural products in the value chain. The scheme component covers both fresh produce and processed food products. The objective of the scheme is to reduce losses caused due to spoilage and to ensure quality production of agro products. To achieve this, it seeks to set up post-harvest handling facilities. Under this component, assistance is provided for the following: Infrastructure such as packhouse facilities with packing/grading lines Pre-cooling units with cold storage and refrigerated transportation etc. Cable system for handling crops like banana Common infrastructure facilities Pre-shipment treatment facilities such as irradiation, Vapour Heat Treatment (VHT), and Hot Water Dip Treatment (HWDT) for compliance with Phyto-Sanitary requirements of importing countries Infrastructure for processing facilities (process food sector) for addressing missing gaps which may include equipment like X-ray, Screening, Sortex, filth/metal detector, sensors, vibrators, or any new equipment or technology for food safety and quality requirements. Quality Development: To participate/engage in international trade, it is necessary to comply with the Food Safety requirements of different countries. Several importing countries demand adherence to stringent Maximum Residue Levels (MRLs). Some of the developed importing countries have set up MRLs at a very low level. For this, high to a ceiling of Rs. 600 lakhs. The funds shall be released against the bank guarantee. Quality Development Scheme: Implementation and certification of quality and food safety management systems, standardization, harmonization with international standards for adoption of global standards, and handheld devices for capturing farm-level peripheral coordinates for traceability systems. Beneficiaries: APEDA registered exporters are eligible to apply for assistance, Certification Bodies accredited under the National Program for Organic Production (NPOP), State Agencies, trade bodies, Chambers of Commerce, Government agencies, FPO, SHG, FPC, Cooperatives, and individual farmers and listed laboratories are eligible for assistance. Benefits: The assistance will be upto 50% of the total cost subject to a ceiling of Rs. 5 lakh and 20 lakh per certification. The assistance will also be applicable for the renewal of certifications. The 20 lakh are applicable as in the case of Procuring hand-held devices including the cost of software for capturing farm-level peripheral coordinates for traceability systems. This will include any electronic management system, software, blockchain, Artificial Intelligence (AI), or any other high-precision technology. Market Development: Beneficiaries: It includes APEDA registered exporters, trade delegations, promoters of GI products, Central/State Govt. agencies, Trade chambers, Indian missions abroad, etc. Benefits: The benefits

and their components would be decided and implemented by APEDA. As in the case of New Market / Product development through conducting feasibility studies. There are two criteria Assistance will be up to 50% of the total cost subject to a ceiling of Rs. 10 lakhs per study per beneficiary. Assistance will be up to 75% of the total cost subject to a ceiling of Rs. 10 lakhs per study per beneficiary if conducted by Trade Associations/Indian missions abroad/Central/State Govt. agencies/ exporters belonging to North - Eastern States, difficult areas namely Himalayan and landlocked states, Island Union Territories, SC/ST, and women beneficiaries. For activities initiated by APEDA, the funding shall be 100%As in the case of Assistance for trial shipment covering multimodal transport. Assistance will be up to 50% of the total cost subject to a ceiling of Rs. 10 lakhs as in the case of Registration of Brand / IPR outside India. Assistance will be upto50% of the total cost subject to a ceiling of Rs. 20 lakhs per beneficiary 100% in the case of APEDA.",

"objective": "Section not found",

"benefits": "Development of Export Infrastructure: Assistance for the Establishment of Processing and Supply Chain Infrastructure:Benefits: 1. The assistance will be up to 40% subject to a ceiling of ₹200 lakhs.2. The assistance will be up to 90% of the approved cost subject as in the case of assistance under 1(f), as per Operational Guidelines of APEDA.",

"eligibility": "1. APEDA registered Exporters are eligible to apply for assistance under 1(a)-(e) Central and state government institutions and public sector enterprises are eligible to apply for assistance under 1(f), as per Operational Guidelines of APEDA.2. Assistance will be applicable for all APEDA scheduled products.3. The date of submission of the online application in APEDA shall be considered as the date of receipt of the application for grant of In Principle Approval. The expenditure incurred prior to the date of submission of the online application in APEDA shall not be considered for assistance. However, any expenditure incurred after submission of the online application but before issuance of IPA shall not automatically become eligible for assistance and shall be subject to the final decision of APEDA taken in this regard.4. In the case of exporters belonging to North-Eastern states, difficult areas namely Himalayan and land-locked states, Island Union Territories, SC/ST, and women beneficiaries, the assistance will be up to 75% for all activities. However, overall financial ceiling limits in all cases shall remain the same.5. The following exporters shall be deemed to fall under the SC/ST category:a) In case of a proprietary concern, the proprietor shall be SC/ST.b) In the case of a partnership firm, the SC/ST partners shall be holding at least 51% shares in the unit.*c) In the case of private limited companies/Limited Liability Partnership (LLP)/Farmer Producer Companies (FPCs), at least 51% of shares shall be held by SC/ST directors/promoters.*(*The partner/director/promoter should hold at least 51% share in the unit for the preceding one year of application for financial assistance and the holdings of SC/ST partner/promoter/director shall remain at least 51% for the subsequent period of at least two years of reimbursement of the financial assistance. In this regard, an undertaking has to be submitted by the applicant.)6. The following exporters shall be deemed to fall under the Women Entrepreneur categorya) The concern should be in existence for at least one yearb) In case of a proprietary concern, the proprietor shall be a womanc) In the case of partnership firms/FPOs/FPCs/LLP/Private Limited companies, all the partners/directors/promoters shall be women.7. For organic products, the unit should have scope for processing under the NPOP requirements8. APEDA shall charge a processing fee as approved by the Department of Commerce (DoC), Ministry of Commerce and Industry, Government of India on the disbursed amount which is presently 5% + GST as applicable. The processing fee shall be deducted at the time of release of funds to the applicant.9. The assistance under the Financial Assistance Scheme of APEDA is available to register exporters or other organizations such as Central/State agencies, FPOs, etc. for APEDA Scheduled Products.10. The application should be accompanied by the following documents duly self-certified. It should be submitted physically within 30 days from the date of the online application otherwise, the application will be cancelled. 11. For the purchase of new equipment, quotation/ proforma invoice/ bills

should be obtained from a minimum of three Original Equipment Manufacturers (OEM) or their authorized distributor/ dealer of the equipment. The quotations shall be sought from a minimum of 3 suppliers. The applicant is free to place a work order at any of the three bidders however, APEDA's assistance shall be computed on the lowest quoted rate.12. In case of a feasibility study the quotation has to be sought from the reputed consulting firms having experience of 5 years in the relevant field.13. The quotations should clearly show the address, GSTN, TIN and PAN, product description with detailed specifications, validity date, and item-wise cost/unit and total amount. Technical brochure/literature/Pamphlet depicting equipment details in case of infrastructure/laboratory equipment/any other assets etc. with clear mention of the utility14. Wherever civil work is involved assistance by APEDA shall be restricted only to Technical Civil Work required for the project The cost estimate depicting the Bill of Quantity, rate/unit, and total amount duly certified by a Chartered Engineer or Civil Architect shall be submitted for civil work.15. The grant will be restricted only to the plant and machinery and technical civil work created after submission of the online application. The financial assistance towards the technical civil work component of the project shall be limited to a maximum of 25% of the total eligible financial assistance of that application. However, any expenditure incurred after the submission of the online application but before the issuance of IPA shall not automatically become eligible for assistance and shall be subject to the final decision of APEDA taken in this regard.16. The training program/schedule/calendar or prospectus of the institutions illustrated in Annexure 8 shall be submitted along with the application.17. The exporter shall submit online quarterly export performance from the assisted unit, on the APEDA website even if the export is nil.18. In-principle approval (IPA) of APEDA is required for all components of the scheme except for Lab testing charges as mentioned under sub-component 5.19. Subsequent to the issuance of the IPA, amendments in the same can be considered at the request of the applicant but within the validity of the IPA.20. The request for an extension of IPA may be considered by APEDA on a case-to-case basis on merits.21. APEDA reserves the right to get the projects appraised from an outside agency. In case the project is not found viable, the application shall not be considered. The grant of In-Principle Approval shall be based on eligible items and activities only and any expenditure on ineligible items or activity shall not be considered.22. APEDA reserves the right to intervene in the charges fixed by the agencies that are not commensurate with the services rendered to the exporters.23. The decision of APEDA relating to the admissibility of the claim shall be final and the mere filing of the application shall not provide any right to claim financial assistance24. Any change in ownership/management of the company shall be the responsibility of the exporter to get the same incorporated in the Registration cum Membership Certificate (RCMC) issued APEDA.25. Reimbursement of eligible assistance from APEDA will be back-ended, upon completion and submission of the claim by the applicant in accordance with the terms and conditions of the In-Principle Approval letter issued and subsequent physical verifications by APEDA.26. It is the responsibility of the applicant to file final claim documents complete in all respects well before the expiry of the original or extended validity, if any, of the In-Principle Approval letter. 27. If the applicant/beneficiary has more than one manufacturing unit at different locations, APEDA may consider assistance for each such separate unit. However, such units must be first incorporated into the IEC and APEDA RCMC.28. The Budgetary allocation to APEDA is given by the Department of Commerce. The actual allocation may vary from year to year. Disbursement of assistance is subject to actual budget allocation by the Government. Financial assistance is provided subject to the availability of the funds in APEDA and grants by the Government.29. Financial assistance is provided subject to continuation of the scheme. There shall be no claim by the applicant in carrying forward the application for financial assistance beyond the plan period (2021-26)30. The applicant has to comply with the requirement of Registration/license with the Food Safety and Standards Authority of India (FSSAI) and/or any other regulatory authorities.31. The beneficiary getting financial assistance under the Integrated pack-house, reefer van, cable car, or up-gradation of the facility should not sell his/her unit before five (5) years

of disbursement of financial assistance.32. Exporter should submit a declaration stating that no financial assistance has been availed from any state/center agency. If the application is also submitted to other state/center agencies, then details for it should be submitted in an online application.33. APEDA reserves the right to conduct pre-inspection of the unit and/or site of the applicant before putting up to the Technical Committee.34. The application will be summarily rejected in case it is found incomplete, unsatisfactory pre-inspection report, and not as per the guidelines prescribed.35. All matters of dispute arising out of the APEDA financial assistance scheme (FAS) shall be governed by Indian law and subject to Court jurisdiction in New Delhi only. Both parties shall make all efforts to resolve any dispute by way of reconciliation. In the event of any question, dispute, or difference arising under the Scheme in connection therewith remains unresolved, the same shall be referred to the Chairman, APEDA, and his decision shall be final.",

"exclusions": "1. The members who are not registered with APEDA are not eligible to apply for assistance under the scheme.",

"frequently_asked_questions": "What is APEDA ? The Agricultural and Processed Food Products Export Development Authority (APEDA) was established by the Government of India under the Agricultural and Processed Food Products Export Development Authority Act, 1985. The primary objective of APEDA is to undertake the development and promotion of the export of the following products.

- ni. Fruits, vegetables and their products,
- nii. Meat and meat products,
- niii. Poultry and poultry products,
- niv. Dairy products,
- nv. Confectionary, biscuits, and bakery products,
- nvi. Honey, jaggery and sugar products,
- nvii. Cocoa and its products, chocolates of all kinds,
- nviii. Alcoholic and non-alcoholic beverages,
- nix. Cereals and Cereal products,
- nx. Groundnuts, peanuts and walnuts,
- nxii. Pickles, chutneys and papads,
- nxiii. Floriculture and floriculture products,
- nxiv. Herbal and medicinal plants,
- nxv. Cashew kernels, cashew nut shell liquid, cardanol

The following specific objectives have been laid down in Section 10(2) of the APEDA Act:

- ni. The development of industries relating to the Scheduled products for export by way of providing financial assistance or otherwise for undertaking surveys and feasibility studies,
- nparticipation in the equity capital through joint ventures and other reliefs and subsidy
- nschemes;
- nii. the registration of persons as exporters of the Scheduled products on payment of such fees as may be prescribed;
- niii. The fixing of standards and specifications for the Scheduled products for the purposes of
- nexport;
- niv. the carrying out of inspection of meat and meat products in any slaughterhouse, processing,
- nplant, storage premises, conveyances, or other places where such products are kept or handled for the purpose of ensuring the quality of such products;
- nv. the improving of packaging of the Scheduled products;
- nvi. the improving of the marketing of the Scheduled products outside India;
- nvii. the promotion of export-oriented production and development of the Scheduled products;
- nviii. the collection of statistics from the owners of factories or establishments engaged in the
- nproduction, processing, packaging, marketing, or export of the Scheduled products or from
- nsuch other persons as may be prescribed on any matter relating to the Scheduled products;
- and the publication of the statistics so collected, or of any portions thereof or extracts there
- nfrom;
- nix. the training in various aspects of the industries connected with the Scheduled products;
- nx. such other matters as may be prescribed.

In addition to the above, APEDA has also been entrusted with the task of registration and protection of Intellectual Property rights in respect of 'Special Products' in India or Outside India. At present, the only 'Special Product', as listed in the Second Schedule to the APEDA Act, is Basmati Rice. After protracted efforts, APEDA was able to obtain GI registration for Basmati Rice in February 2016. APEDA is also the Secretariat for the National Programme for Organic Production, specifying the accreditation and certification programs for organic production. The organic certification programme covers all agricultural commodities including non-APEDA scheduled products. More than 10 lakh farmers are registered under the programme and the certification is a mandatory requirement for organic products exports.

What are the Scheme Components ?

The Financial Assistance Scheme (FAS) is an export promotion scheme run by APEDA. The

- nscheme aims to facilitate the export of agri-products by providing assistance to exporters. It
- nachieves its objective through the following:

1. Understanding the several challenges faced by agri-exporters.
2. Acknowledging the need for assistance to successfully navigate through these challenges and achieve the objectives of APEDA.

Financial assistance is provided in three broad areas, namely: Development of Export Infrastructure, Quality Development, and Market Development.

(i) Development of Export Infrastructure: APEDA recognizes the importance of infrastructure for the growth of agro-industries and the export of agricultural products in the value chain. The scheme component covers both fresh produce and processed food products. The objective of the scheme is to reduce losses caused due to spoilage and to ensure quality production of agro products. To achieve this, it seeks to set up post-harvest handling facilities. Under this component, assistance is provided for the following:

- na) Infrastructure such as packhouse facilities with

packing/grading lines Pre- cooling units with cold storage and refrigerated transportation, etc.) Cable system for handling crops like banana

(c) Common infrastructure facilities

(d) Pre-shipment treatment facilities such as irradiation, Vapour Heat Treatment (VHT), and Hot Water Dip Treatment (HWDT) for compliance with the Phyto-Sanitary requirements of importing countries

Infrastructure for processing facilities (process food sector) for addressing missing gaps which may include equipment like X-ray, Screening, Sortex, filth/metal detector, sensors, vibrators or any new equipment or technology for food safety and quality requirements

(ii) Quality Development: To participate/engage in international trade, it is necessary to comply with the Food Safety requirements of different countries. Several importing countries demand adherence to stringent Maximum Residue Levels (MRLs). Some of the developed importing countries have set up MRLs at a very low level. For this, high-precision equipment is required to be installed by the food testing labs. Under this component, assistance is provided to comply with the prescribed standards of importing countries. Assistance under this component covers the following:

(a) Installation of quality management systems,

(b) Laboratory testing equipment,

(c) Hand-held devices for capturing farm-level peripheral coordinates for traceability systems and testing of samples etc.

(d) Testing of water, soil, residues or pesticides, veterinary drugs, hormones, toxins, heavy metal, contaminants, etc.

(iii) Market Development: This component helps exporters achieve market access in new markets and helps sustain their presence in the existing markets. It covers structured marketing strategies for the export of food products, market intelligence for making informed decisions, international exposure, skill development, capacity building, and high-quality packaging. The assistance under this component covers the following:

(a) Participation in International trade fairs

(b) Exchange of trade delegations

(c) Organizing buyer-seller meets

(d) Developing packaging standards for new products and upgrading the existing standards

What are the general requirements and conditions (across all components)?

1. Assistance will be applicable for all APEDA scheduled products.
2. The date of submission of the online application in APEDA shall be considered as the date of receipt of an application for grant of principal approval. The expenditure incurred prior to the date of submission of the online application in APEDA shall not be considered for assistance. However, any expenditure incurred after submission of the online application but before issuance of IPA shall not automatically become eligible for assistance and shall be subject to the final decision of APEDA taken in this regard.
3. In the case of exporters belonging to North-Eastern states, difficult areas namely Himalayan and land-locked states, Island Union Territories, SC/ST, and women beneficiaries, the assistance will be up to 75% for all activities. However, overall financial ceiling limits in all cases shall remain the same.
4. The following exporters shall be deemed to fall under the SC/ST category:
 - (a) In case of proprietary concern, the proprietor shall be SC/ST
 - (b) In the case of a partnership firm, the SC/ST partners shall be holding at least 51% shares in the unit.
 - (c) In the case of private limited companies/Limited Liability Partnership (LLP)/Farmer Producer Companies (FPCs), at least 51% shares shall be held by SC/ST directors/promoters.

*The partner/director/promoter should hold at least 51% share in the unit for the preceding one year of application for financial assistance and the holdings of SC/ST partner/promoter/director shall remain at least 51% for the subsequent period of at least two years of reimbursement of the financial assistance. In this regard, an undertaking has to be submitted by the applicant.
5. The following exporters shall be deemed to fall under the Women Entrepreneur category:
 - (a) The concern should be in existence for at least one year
 - (b) In case of a proprietary concern, the proprietor shall be the woman
 - (c) In the case of partnership firms/FPOs/FPCs/LLP/Private Limited companies, all the partners/directors/promoters shall be women.
6. For organic products, the unit should have scope for processing under the NPOP requirements.
7. APEDA shall charge processing fee as approved by the Department of Commerce (DoC), Ministry of Commerce and Industry, Government of India on the disbursed amount which is presently 5% + GST as applicable. The processing fee shall be deducted at the time of release of funds to the applicant.
8. The assistance under the Financial Assistance Scheme of

APEDA is available to register exporters or other organizations such as Central/State agencies, FPOs, etc. for APEDA Scheduled Products.⁹ The application should be accompanied by the following documents duly self-certified. It should be submitted physically within 30 days from the date of the online application otherwise, the application will be cancelled.¹⁰ For purchase of new equipment, quotation/ proforma invoice/ bills should be obtained from minimum three Original Equipment Manufacturers (OEM) or their authorized distributors/ dealer of the equipment. The quotations shall be sought from a minimum of 3 suppliers. The applicant is free to place a work order at any of the three bidders however, APEDA's assistance shall be computed on the lowest quoted rate.¹¹ In case of a feasibility study the quotation has to be sought from the reputed consulting firms having experience of 5 years in the relevant field.¹² The quotations should clearly show the address, GSTN, TIN, and PAN, product description with detailed specifications, validity date, and item-wise cost/unit and total amount.

Technical brochure/literature/Pamphlet depicting equipment details in case of infrastructure/laboratory/equipment/any other assets etc. with clear mention of the utility¹³. Wherever civil work is involved assistance by APEDA shall be restricted only to Technical Civil Work required for the project. The cost estimate depicting the Bill of Quantity, rate/unit and total amount duly certified by a Chartered Engineer or Civil Architect shall be submitted for civil work.¹⁴ The grant will be restricted only to the plant and machinery and technical civil work created after submission of the online application. The financial assistance towards the technical civil work component of the project shall be limited to a maximum of 25% of the total eligible financial assistance of that application. However, any expenditure incurred after submission of the online application but before issuance of IPA shall not automatically become eligible for assistance and shall be subject to final decision of APEDA taken in this regard.¹⁵ Training program/schedule/calendar or prospectus of the institutions illustrated in the Annexure 8 shall be submitted along with the application.¹⁶ The exporter shall submit online quarterly export performance from the assisted unit, on APEDA website even if the export is nil.¹⁷ In-principle approval (IPA) of APEDA is required for all components of the scheme except for Lab testing charges as mentioned under sub-component 5.¹⁸ Subsequent to the issuance of the IPA, amendments in the same can be considered at the request of the applicant but within the validity of the IPA.¹⁹ The request for an extension of IPA may be considered by APEDA on a case-to-case basis on merits.²⁰ APEDA reserves the right to get the projects appraised from an outside agency. In case the project is not found viable, the application shall not be considered. The grant of In-Principle Approval shall be based on eligible items and activities only and any expenditure on ineligible items or activity shall not be considered.²¹ APEDA reserves the right to intervene in the charges fixed by the agencies that do not commensurate with the services rendered to the exporters.²² The decision of APEDA relating to the admissibility of the claim shall be final and the mere filing of the application shall not provide any right to claim financial assistance.²³ Any change in ownership/management of the company shall be the responsibility of the exporter to get the same incorporated in the Registration cum Membership Certificate (RCMC) issued APEDA.²⁴ Reimbursement of eligible assistance from APEDA will be back-ended, upon completion and submission of the claim by the applicant in accordance with the terms and conditions of the In-Principle Approval letter issued and subsequent physical verifications by APEDA.²⁵ It is the responsibility of the applicant to file final claim documents complete in all respects well before the expiry of the original or extended validity, if any, of the In-Principle Approval letter.²⁶ If the applicant/beneficiary has more than one manufacturing unit at different locations, APEDA may consider assistance for each such separate unit. However, such units must be first incorporated into the IEC and APEDA RCMC.²⁷ The Budgetary allocation to APEDA is given by the Department of Commerce. The actual allocation may vary from year to year. Disbursement of assistance is subject to actual budget allocation by the Government. Financial assistance is provided subject to availability of the funds in APEDA and grants by the Government.²⁸ Financial assistance is

provided subject to continuation of the scheme. There shall be no claim by the applicant in carrying forward the application for financial assistance beyond the plan period (2021-26)\n29. The applicant has to comply with the requirement of Registration/license with the Food Safety and Standards Authority of India (FSSAI) and/or any other regulatory authorities\n30. The beneficiary getting financial assistance under the Integrated pack-house, reefer van, cable car, or up-gradation of the facility should not sell his/her unit before five (5) years of disbursement of financial assistance.\n31. Exporter should submit a declaration stating that no financial assistance has been availed from any state/center agency. If the application is also submitted to other state/center agencies, then details for it should be submitted in an online application.\n32. APEDA reserves the right to conduct pre-inspection of the unit and/or site of the applicant\nbefore putting it up to the Technical Committee.\n33. The application will be summarily rejected in case it is found incomplete, unsatisfactory pre-inspection report, and not as per the guidelines prescribed.\n34. All matters of dispute arising out of the APEDA financial assistance scheme (FAS) shall be\ngoverned by Indian law and subject to Court jurisdiction in New Delhi only. Both parties\nshall make all efforts to resolve any dispute by way of reconciliation. In the event of any\nquestion, dispute, or difference arising under the Scheme in connection therewith remains\nunresolved, the same shall be referred to the Chairman, APEDA, and his decision shall be final.What is the procedure for filing of application and document requirements?I. A detailed proposal containing the company profile, nature of the project, existing infrastructure, proposed infrastructure, benefit from the proposed facility in terms of capacity increase / quality upgradation, existing and proposed process flow chart, intended market viability, etc. The cost of the project should be duly supported by Quotations (for equipment), Bills of quantity (for civil work), etc.\nii. It is mandatory for the applicant to file the application online for seeking financial assistance\nthrough the Submit FAS Application in the Schemes Menu given on the APEDA website\nwww.apeda.gov.in\niii. After successful submission of the online application a Track no. shall be generated through the system. The applicant has to submit a printout of the online application submitted and a copy of the electronic acknowledgment sheet bearing application Track No. along with the above-mentioned relevant documents within 30 days from the date of the online application. Failure to do so shall result in the automatic cancellation of the online application."

"title": "Agroforestry component under RKVY",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/agroforestry",

"details": "In 2023-24, the scheme was restructured as an Agroforestry component under Rashtriya Krishi Vikas Yojana (RKVY) and focusses on Quality Planting Material. Under the scheme, financial assistance is being provided to the beneficiaries for establishment of nurseries and raising of saplings. The scheme shall promote the setting up of new small, medium and hi-tech nurseries for producing Quality Planting Materials (QPM). The details of cost norms is as under:

S. No.	Intervention	Unit cost (upper limit)	Remarks
1	Establishment of new nurseries	a. Hi-tech (2 ha) Rs. 50 lakhs b. Big (1 ha) Rs. 60 lakhs c. Small (0.5 ha) Rs. 10 lakhs	100% assistance to government agencies for taking up the work on government land and 50% assistance to private agency / individual entrepreneur 100% assistance to government agencies for taking up the work on government land and 50% assistance to private agency / individual entrepreneur 100% assistance to government agencies for taking up the work on government land and 50% assistance to private agency / individual entrepreneur
2	Raising saplings in the existing nursery	Upto Rs. 5 lakh / nursery	100% assistance to government agencies and 50% back ended credit-linked assistance for private partners
3a.	Strengthening of existing tissue culture units	Rs. 20	100% assistance to government agencies and 50% back ended credit-linked assistance for private partners
b.	Establishment of tissue culture units	Rs. 200	100% assistance to government agencies and 50% back ended credit-linked assistance for private partners

Any other provisions shall be as per RKVY Guidelines. The key objectives of the scheme are as follows:

- To encourage and expand tree plantation in complementary and integrated manner with crops and livestock, to improve productivity, employment opportunities, income generation and livelihoods of rural households, especially the small farmers.
- To ensure availability of quality planting material like seeds, seedlings, clones, hybrids, improved varieties, etc.
- To popularise various Agroforestry practices/models suitable to different agro ecological regions and land use conditions.
- To create database, information and knowledge support in the area of agroforestry.
- To provide Research & Development (R&D), extension and capacity building support to agroforestry sector.
- To identify and catalyze linkages with traditional and emerging markets for the timber and non-timber products generated from agroforestry plantation on farmland including Bio-fuels, matchwood, plywood, silk, fiber, lac, beauty and wellness sector, handicrafts, construction, etc.
- To promote value addition and processing of agroforestry produce by creating collection and post-harvest facilities for additional income generation by farmers.
- To provide use of modern technology for monitoring and evaluation (M&E) on the impact of agroforestry in agro-ecology."

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits:

- 1) Adaptation to impact of climate change effects through microclimate moderation, conservation of natural resources and creation of an additional source of livelihood and income opportunities.
- 2) Enhancement in productivity, soil fertility improvement, soil conservation, nutrient cycling, microclimate improvement etc.
- 3) Enhanced carbon sequestration in farmlands as well as ecosystem services.
- 4) Sustainable availability of Quality Planting Material for agroforestry
- 5) Promote the setting up of new small, medium and hi-tech nurseries for producing Quality

Planting Materials (QPM) like seeds, seedlings, clones, and improved varieties to meet the requirement of farmers.",

"eligibility": "All benefits shall be provided through state-specific Annual Action Plan",

"exclusions": "Section not found",

"application_process": "OfflineAs per RKVY guidelinesStep 01: Proposals can be submitted to States. The State Government will examine the project proposal from the viewpoint of suitability to the priorities and objectives of the State and the general framework of RKVY.Step 02: If found suitable, the proposal will be forwarded to the State Level Sanctioning Committee (SLSC) chaired by Chief Secretary for consideration.Step 03: Based on the approval of the SLSC, the project will be rolled out after an agreement has been signed between the State Government and Project Promoter.",

"documents_required": "1)\tAadhaar number2)\tLand documents3)\tBank details4)\tPhotographsThe specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"frequently_asked_questions": "What is the core purpose of the scheme?Under the scheme, financial assistance is being provided to the beneficiaries for establishment of nurseries and raising of saplings. The scheme shall promote the setting up of new small, medium and hi-tech nurseries for producing Quality Planting Materials (QPM). How will Quality Planting Material be made available?QPM raised under the scheme shall be made available for farmers/SHGs.How will training / capacity building be ensured under the scheme?States can utilize up to 5% of the allocated funds for capacity building and training activities. The training activities, materials and report should be made publicly available for the benefit of all stakeholders. Individuals can contact nearest State Agriculture Officer for training.Which is the nodal agency in the scheme?State government shall be the nodal agency for providing technical support, capacity building, setting up of nurseries, production, and certification of QPM etc.Is there any maximum age limit for the applicant?There is no maximum age limit. however, the applicant should not be a minor.Does the scheme require plantation of any specific seeds in the nursery?No, QPM may be of multipurpose tree species, species having timber value, medicinal plants etc.Who is eligible for the scheme?All the farmers of the State & Union Territory are eligible to take the benefits of this scheme.Is there any application fee?No. The entire application process is completely free of cost.Which documents may be required for application?Aadhaar card, land documents, bank details, and photographs may be asked for application. The specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. For further details, contact nearest State Agriculture Officer.",

"title": "Amar Fasal Amar Gola",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/afag",

"details": "The West Bengal Government had announced a pilot project to provide financial assistance to marginal farmers of the State so that they can have their own storehouses and vending carts. A subsidy varying between Rs. 5,000 and Rs. 25,000 will be provided for the warehouses. Though there are 24 lakh small and marginal farmers in the State, only around 10,000 such farmers would be covered initially under two schemes. Chief Minister Mamata Banerjee has named the schemes as Amar Fasal, Amar Gola (My Crop, My Storehouse) and Amar Fasal Amar Gari (My crop, my vehicle). In the case of the AmarFasal Amar Gari project, the rate of subsidy would be Rs. 10,000 flat. This project will facilitate those farmers who wish to directly sell their products to end users. The subsidies would be directly credited to the bank accounts of those farmers who own Kisan Credit Cards.",

"objective": "Section not found",

"benefits": "The “Amar Fasal Amar Gola” scheme in West Bengal is aimed at providing financial assistance to farmers to help them purchase seeds, fertilizers, and other inputs needed for agriculture. The benefits of this scheme can be expected to include:Improved crop quality: By providing farmers with access to high-quality seeds and fertilizers, the scheme may help improve the quality of their crops, leading to better yields and higher income.Increased agricultural productivity: The scheme may help farmers increase the productivity of their land by providing them with the resources they need to maintain and improve it.Reduced financial burden: By providing financial assistance to farmers, the scheme may help reduce the financial burden associated with purchasing seeds, fertilizers, and other inputs, making it easier for them to invest in their farms.Increased profitability: By improving the quality and yield of their crops, farmers who participate in the scheme may be able to increase their profitability, which could lead to an overall improvement in their standard of living.",

"eligibility": "The eligibility criteria for the “Amar Fasal Amar Gola” scheme in West Bengal may vary depending on the specific implementation of the scheme by the state government. However, some of the common eligibility criteria for such schemes include:Residency: Farmers may be required to be residents of the state of West Bengal in order to be eligible for the scheme.Agricultural land ownership: Farmers may be required to own agricultural land in the state in order to be eligible for the scheme.Type of crop: The scheme may only be available for certain types of crops, such as food crops or cash crops.Size of landholding: The scheme may have specific requirements for the size of the landholding in order to be eligible for financial assistance.Previous participation: The scheme may have conditions regarding previous participation in other agricultural schemes.Income criteria: Farmers may be required to meet certain income criteria in order to be eligible for the scheme.It is recommended to contact the relevant authorities in the state of West Bengal, such as the Department of Agriculture or the Ministry of Agriculture, for a complete and up-to-date list of the eligibility criteria for the “Amar Fasal Amar Gola” scheme.",

"exclusions": "Section not found",

"application_process": "OfflineThe process of applying for the “Amar Fasal Amar Gola” scheme in West Bengal may vary depending on the specific implementation of the scheme by the state government. However, here are some general steps that may be involved in the application process:Eligibility check: Check if you meet the eligibility criteria for the scheme, such as residency, land ownership, type of crop, size of landholding, income criteria, etc.Obtain required documents: Gather the required documents, such as proof of residency, proof of land ownership, income statements, etc.Submit an application: Submit a completed application form, along with all the required documents, to the relevant authorities in the state of West Bengal, such as the Department of Agriculture or the Ministry of Agriculture.Review and approval: The authorities will review your application and supporting documents to determine if you are eligible for the scheme. If your application is approved, you will receive a notification of approval and instructions on

how to proceed with the next steps. It is recommended to check the official website of the state government of West Bengal or contact the relevant authorities directly for the most up-to-date information on the application process for the "Amar Fasal Amar Gola" scheme. Application Process: 1. Application forms to be collected from Panchayat office or Block office. 2. Candidates to fill all the details to complete the form and attach all required documents as specified. 3. Submit application form with required documents in Panchayat office or Block office. Note: The exact application process may vary, so it is advisable to check with the relevant authorities for the most accurate information.",

"documents_required": "1. Proof and details of land holding 2. Aadhar Card 3. Voter ID Card 4. Ration Card 5. Passport Size Photo 6. Residential Certificate 7. Kisan Credit Card 8. Bank Account Details linked with Kisan Credit Card",

"frequently_asked_questions": "What does the scheme provide for? In order to avoid fruits and vegetables from getting perished, this scheme has been introduced to provide monetary assistance for construction of warehouses and storage facilities. \n\nWhat kind of benefits can be availed through this scheme? This scheme can provide monetary benefit through usage of Kisan Credit Card. \n\nWhat are the objectives of the scheme? To empower farmers in the state. \n\nTo improve the livelihood of marginal farmers in the state. \n\nTo increase farmers' income. \n\nTo provide storage facilities to the farmers. \n\nTo provide vending carts so that the fruits and vegetables can be directly sold to the consumers. \n\nWhat exact benefits does this scheme provide? Subsidy for purchase of a vending cart \n\nSubsidy for constructing storage \n\nA subsidy of ₹ 10,000 flat will be provided for the purchase of a vending cart \n\nA subsidy of ₹5,000 – ₹25,000 will be provided for constructing storage warehouses \n\nCan this scheme be availed by everyone? No. There are two criteria to avail the scheme. \n\n1. Marginal Farmers in the state \n\n2. Farmers only from West Bengal \n\nCan the scheme be applied in online mode? No. It can be applied only through offline mode. \n\nWhere do you get the form to fill up? Application forms can be collected from the Panchayat office or block office. \n\nNote The exact application process may vary, so it is advisable to check with the relevant authorities for the most accurate information.",

"title": "Anshadayee Yojana Ke Antargat Gramin Sadak Nirman Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/ayagsny>",

"details": "The scheme \"Anshadayee Yojana ke Antargat Gramin Sadak Nirman Yojana\" by the Government of Uttarakhand aims to provide improved access and transportation for sugarcane farmers from their farms to sugarcane collection centres or mills. Under the scheme, the objective is to facilitate farmers in transporting sugarcane to the purchase centres and to ensure the availability of fresh sugarcane to the sugar mills.",

"objective": "Section not found",

"benefits": "Government Support: 75% of the expenditure on selected routes under the scheme is covered through government grants. Beneficiary Contribution: The remaining 25% of the expenditure is borne by the beneficiary organizations.",

"eligibility": "The applicant should be a resident of Uttarakhand. The applicant should be a sugarcane farmer or an institution involved in sugarcane development. The applicant should be associated with a sugarcane committee or sugar mill proposing road connectivity.",

"exclusions": "Section not found",

"application_process": "Offline To avail the benefits of this scheme, proposals for road selection are sent to the department after discussions with public representatives in Gram Sabha meetings at the village level. Thereafter, the proposal for road construction is sent to the concerned District Magistrates through the Assistant Sugarcane Commissioner. Only after approval from the District Magistrates, and with the availability of matching grants in Sugarcane Development Councils, 75 % of the expenditure on selected roads is borne by government grants and the remaining 25% by the Sugarcane Development Councils. The funds for this item will be released from the government level only after receiving the list of roads from the Assistant Sugarcane Commissioner level. Under the Special Component Plan and Tribal Sub-Plan, the selection of roads will be done under the standards issued by Social Welfare.",

"documents_required": "Possibility following document may be required: Identity and Residence Proof. Gram Sabha Resolution. Land Records (if applicable). Approval from the Sugarcane Development Council. Consent from Beneficiary Institutions. Bank Details and Project Map",

"frequently_asked_questions": "What is the main objective of the Anshadayee Yojana Ke Antargat Gramin Sadak Nirman Yojana? Under this scheme, farmers are provided connectivity to agricultural produce markets and sugar mills through road construction. The scheme focuses on creating better transportation links for rural areas to improve access to essential facilities. How are villages selected for road construction under this scheme and who is involved in the selection process? Village selection is done at the gram level within blocks through discussions with public representatives. This ensures community participation and local input in determining which roads are most needed for development. What is the funding structure for road construction under this scheme and what percentage does the state government contribute? The state government provides 75 % funding for selected roads through state grants. The remaining 25 % contribution comes from local institutional sources to complete the total project cost. What is the funding structure for road construction under this scheme and what percentage does the state government contribute? The state government provides 75 percent funding for selected roads through state grants. The remaining 25 percent contribution comes from local institutional sources to complete the total project cost. Where does the remaining 25 percent funding come from if the state provides 75 percent of the road construction cost? The remaining 25 percent of funding is provided by local institutions and organisations. This ensures shared responsibility between the state and local levels for rural road development projects. Which government department is responsible for providing grants to district administration under this scheme? The Rural

Development Department (Gramin Vikas Vibhag) is responsible for providing grants to concerned district administrations. This department channels the state assistance received under the national village planning program. How does the grant money flow from state level to the actual implementation level in districts? State assistance received under Rashtriya Gram Aayojan is provided by the Rural Development Department to district administrations. The district administration then forwards these grants to the concerned block development offices for implementation. What role do district administrations play in the implementation of this rural road construction scheme? District administrations receive grants from the Rural Development Department and forward them to block development offices. They serve as an intermediary level between state and block level implementation. Which office at the block level is responsible for receiving and managing the road construction grants? The Block Development Office receives grants from the district administration for road construction projects. This office manages the funds at the local implementation level. How are roads selected for construction once grants are sanctioned at the block level? Roads are selected at the block level when grants are sanctioned for construction. The selection process involves identifying priority roads that will benefit agricultural connectivity and rural development. What percentage of funding do public representatives receive from state assistance for village-level road projects? Public representatives receive grants for roads from state assistance at the village level, though the specific percentage is managed through the established funding structure. The administrative responsibility remains with the block development office. Where do public representatives get the opportunity to secure funding for village road construction projects? Public representatives can secure road construction funding from state assistance at the village level. This provides them with resources to address local connectivity needs within their constituencies. What makes this scheme specifically beneficial for agricultural communities in rural areas? The scheme targets connectivity to agricultural produce markets and sugar mills, directly addressing farmers' needs for market access. This focus helps improve agricultural income and reduces transportation challenges for rural farmers. How does the established standards requirement contribute to the success of road construction projects? Following established standards ensures consistent quality across all road construction projects under the scheme. This standardization helps maintain durability and effectiveness of the constructed roads for long-term community benefit.",

"title": "Arun Pig Development Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/apds",

"details": "The scheme "Arun Pig Development Scheme" was launched by the Department of Animal Husbandry, Veterinary & Dairy Development, Government of Arunachal Pradesh in the financial year 2019-20 with a focus on pig rearing. Among the livestock species, the pig finds an important place as it is being reared by socio-economically weaker sections of the society especially in the states like Arunachal Pradesh where most of people prefer non-veg cuisines with special attractions for Pork. The pig as compared to other livestock species has a great potential to contribute to a faster economic return to the farmers, because of certain inherent traits like high fecundity, better-feed conversion efficiency, early maturity, and short generation interval. Pig farming also requires small investments in buildings and equipment. Objective Genetic improvement of the indigenous pigs of Arunachal Pradesh for productivity enhancement by crossbreeding with the exotic breed(s) to a desired level of combination of exotic and local inheritance, Improvement of indigenous pig rearing by the rural people by selective breeding, Livelihood earning Maintenance of well-planned crossbred animals at farmers' field Expansion of piggery husbandry and support mechanism to propagate pig rearing in rural areas Ensure that the breeds introduced, and crossbreeds produced and propagated in the state are adapted to local environmental conditions and emerging climatic challenges, Strengthen support mechanisms and development of the sector in respect of feeding, housing, and health care besides value addition and marketing of the product with value chain development. Scientific rearing and motivation of farmers for integrated piggery farming. Important Features Seeing the low interest of the actual grass root level farmer for the credit link schemes and their poor success rate, a new venture for piggery development in the state through direct intervention by the Department of AHV&DD, GoAP in terms of upgradation of genetic resources, and other peripherals, a new and innovative scheme is proposed for Budget Announcement 2019-20 for sustainable development and poverty alleviation of Farmers through Pig Rearing in potential districts of Arunachal Pradesh. Livelihood earning, improvement of indigenous pig rearing by the rural people by selective breeding along with maintenance of well-planned crossbred animals at farmers' fields. Expansion of piggery husbandry and support mechanism to propagate pig rearing in rural areas. Ensure that the breeds introduced, and crossbreeds produced and propagated in the state are adapted to local environmental conditions and emerging climatic challenges."

"objective": "Section not found",

"benefits": "4750 farmers will be given piggery subsidy (25% beneficiary contribution and 75% government contribution). Piglets will be procured by the District Administration and handed over to the farmers after ensuring that a suitable sty was constructed by the selected farmer. The sty should accommodate 5 piglets with a scope to accommodate a further 15 nos. 5 pig entrepreneurs will be selected per district and each will be given an assistance of 15 piglets per unit @ ₹1.5 Lakh (govt. share)",

"eligibility": "1. The applicant should be a permanent resident of Arunachal Pradesh. 2. Pig-rearing individual farmers/ Self Help Groups (SHGs), ones identified by the District Pig Development Committee are eligible to apply under the scheme. 3. Preference would be given to women and genuinely poor farmers."

"exclusions": "Section not found",

"application_process": "OfflineStep 01: The applicant may contact nearest District Animal Husbandry and Veterinary Officer (DAHVO).Step 02: Applications in prescribed format are received from concerned Animal Husbandry and Veterinary Office.Step 03: The applicant must ensure that the filled information should be correct before submitting the application form to concerned department.",

"title": "Assistance for Installation of Sprinkler / Drip Micro Irrigation Systems",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/aispmis>",

"details": "The scheme "Assistance for Installation of Sprinkler / Drip Micro Irrigation Systems\" was launched by the Department of Agriculture and Farmer's Welfare, Union Territory of Puducherry. Through this scheme, the Marginal Farmers, Small farmers, Scheduled Caste/ Schedule Tribe Farmers, Women Farmers, Big Farmers and Institutions are provided with a subsidy on the total cost (or) ₹ 25,000/- per hectare whichever is less for the installation of Sprinkler / Drip Micro Irrigation Systems.",

"objective": "Section not found",

"benefits": "Subsidy of 90% of the total cost (or) ₹ 25,000/- per hectare whichever is less for Marginal Farmers, Small Farmers, Scheduled Caste/ Schedule Tribe and Women Farmers. Subsidy of 70% of the total cost (or) ₹ 25,000/- per hectare whichever is less for Big Farmers/ Institutions.*The beneficiaries so selected will be intimated individually if the farmer completes the work on their own fund, the subsidy amount will be released by an Electronic clearing system in the farmer's bank accounts.*If the farmer chooses manufacturers/ dealers, the subsidy amount will be released directly to the manufacturers/dealers' bank account after obtaining a satisfactory completion letter from the concerned farmer.",

"eligibility": "The applicant should be a Marginal Farmer/ Small farmer/ Scheduled Caste Farmer/ Schedule Tribe Farmer/ Women Farmer/ Big Farmers/ Institutions. The farmers should own cultivable agricultural land in the Union Territory of Puducherry along with own/leased tubewell with adequate water and pumping system. The farmers who have already availed the maximum subsidy amount during the past 10 years for the sprinkler irrigation system and the past 8 years for the drip irrigation systems are not eligible. The farmers who have already installed micro irrigation system under this component and availed part of the maximum subsidy amount to install a micro-irrigation system during the past 10 years / 8 years in the additional area will be considered and they will be paid the balance amount duly deducting the already noted assistance from the maximum subsidy amount. The land in which the installation of the micro

irrigation system under this component, the period of 10 years for the sprinkler irrigation system and 8 years for the drip irrigation system will not be considered even if ownership has been changed. Farmers who have availed of sprinkler irrigation systems earlier are also eligible for drip irrigation systems and vice-versa, if the farmer opts to cultivate for intercrop for 3 years.",

"exclusions": "Section not found",

"application_process": "OfflineOnlineThe advertisement inviting applications will be published in leading local Tamil Dailies in Puducherry and Karaikal regions and through All India Radio. Step 1: The interested applicant should visit (during office hours) the concerned office and request the hard copy of the prescribed format of the application form from the respective Uzhavar Udhaviyagams or from the concerned authority: Puducherry: Office of the Hydrogeologist-II, State Ground Water Unit & Soil Conservation, Thattanchavady, Puducherry-9. Karaikal: Office of the Additional Director of Agriculture, Karaikal. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form and the documents to the aforementioned authority. Step 4: On receipt of the application, necessary entries will be made in the application receipt register and a unique seniority number will be assigned to the applicant for identifying each applicant which shall be used for all further references and also as acknowledgement for the receipt of the application will be issued to the applicant.",

"documents_required": "A Revenue Certificate in the prescribed format issued by an authority not below the rank of Deputy Tahsildar of the Revenue Department. Photocopy of the Field Measurement Book (FMB) sketch of the land consented for the installation of micro irrigation system, electricity policy card of the tubewell used for irrigation, First-page bearing name, address and account number and last transaction page of Bank passbook. Farmers belonging to Scheduled Caste/Scheduled Tribes should enclose the Caste Certificate issued by an authority not below the rank of Deputy Tahsildar of the Revenue Department for claiming preference.",

"frequently_asked_questions": "What is the maximum subsidy amount provided per hectare under this scheme? The maximum subsidy amount is ₹25,000 per hectare, or 90% of the total cost for Marginal, Small, Scheduled Caste/Schedule Tribe, and Women Farmers, and 70% for Big Farmers/Institutions. \n\n\nIs there a specific duration for which the land should be owned for eligibility? Farmers must own cultivable land in the Union Territory of Puducherry to be eligible for the scheme, with no specific duration mentioned. \n\n\nCan farmers who previously availed subsidies apply for additional areas under this scheme? Farmers who installed micro-irrigation systems in the past 10 or 8 years can apply for additional areas, and the balance amount will be paid after deducting the previously noted assistance. \n\n\nHow is the subsidy amount released to manufacturers/dealers if chosen by the farmer? If farmers choose manufacturers/dealers, the subsidy amount is released directly to their bank account after obtaining a satisfactory completion letter from the concerned farmer. \n\n\n\nCan farmers choose between completing the work independently or involving manufacturers/dealers? Yes, farmers have the option to either complete the work on their own or involve manufacturers/dealers, with the subsidy amount released accordingly. \n\n\nAre farmers eligible for the scheme if they have previously installed micro irrigation systems? Farmers who have installed micro irrigation systems in the past 10 years for sprinkler systems or 8 years for drip systems are eligible, with the balance subsidy amount paid after deducting any previously received assistance. \n\n\nWhat preference documentation is required for Scheduled Caste/Scheduled Tribe farmers? Farmers from Scheduled Caste/Scheduled Tribe backgrounds should enclose a Caste Certificate issued by an authority not below the rank of Deputy Tahsildar of the Revenue Department for claiming preference. \n\n\nWhich documents are mandatory for farmers applying for this irrigation scheme? Farmers

need a Revenue Certificate, Field Measurement Book (FMB) sketch, electricity policy card of the tubewell, and bank passbook photocopies, including the first page with personal details and the last transaction page.

What is the time frame considered for ownership changes in the land under this scheme?The period of 10 years for sprinkler irrigation and 8 years for drip irrigation is not considered for ownership changes in the land where Micro Irrigation systems are installed.

Can farmers who previously received subsidies for sprinkler irrigation also apply for drip irrigation?Yes, farmers who availed sprinkler irrigation subsidies earlier are eligible for drip irrigation systems, and vice versa, provided they cultivate intercrop for three years.

How is the subsidy amount released to the beneficiaries, and what conditions apply?The subsidy amount is released through an Electronic clearing system. If farmers complete the work independently, the subsidy goes to their bank accounts. If manufacturers/dealers are chosen, the subsidy is released to their bank account upon satisfactory completion.

What percentage of the total cost is subsidized for Big Farmers and Institutions under this scheme?Big Farmers and Institutions are eligible for a 70% subsidy or ₹25,000 per hectare, whichever is less, for the installation of Sprinkler/Drip Micro Irrigation Systems."

"title": "Assistance for Power Driven Chaff Cutter Scheme under Integrated Fodder Development Scheme (General Category)",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/apdccsifdsgc>",

"details": "The scheme “Assistance for Power Driven Chaff Cutter Scheme under Integrated Fodder Development Scheme (General Category)” is implemented by the Directorate of Animal Husbandry, Agriculture, Farmers Welfare and Co-operation Department, Government of Gujarat. Under this scheme, financial assistance is given to dairy farmers belonging to the General Caste category on purchase of electric powered chaff cutters. By using power driven chaff cutter, dairy farmers can reduce wastage of green and dry fodder which is economically important for their profitable dairy farming.",

"objective": "Section not found",

"benefits": "Under the scheme, financial assistance up to 75% of the purchase cost of powered chaff cutter or ₹18,000/-, whichever is less, is given to beneficiaries belonging to General category. Note: The amount of assistance will be deposited in bank account of the beneficiary.",

"eligibility": "The beneficiary should be a permanent resident of Gujarat. The beneficiary should belong to the General Caste category. The beneficiary should have a minimum of five (5) animals of his/her own.",

"exclusions": "Section not found",

"application_process": "OnlineStep 01: The applicant may visit and apply online at I-Khedut Portal: <https://ikhedut.gujarat.gov.in> Step 02: On the home page, click on ‘Schemes’ and then click on ‘Animal Husbandry Schemes’. Step 03: Now select the scheme, click on the ‘Apply’ button and an application page will open. Step 04: Click on “Apply New” button and submit a new application. Step 05: Click on the “Update Application” button to add corrections to the application. Step 06: Once the application is done, confirm it. Step 07: Take a print out of the confirmed application. Step 08: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Note: After sanctioning application through I-Khedut Portal, beneficiary has to purchase Chaff Cutter from government approved empanelled vendor and has to produce the bill for claim submission of subsidy.",

"documents_required": "1. Identity proof of the applicant i.e. Aadhaar Card 2. Proof of residence 3. Proof of possessing necessary animals 4. Bank account details of beneficiary 5. Any other documents as required",

"frequently_asked_questions": "What are the benefits of this scheme? Eligible beneficiaries can receive financial assistance covering up to 75% of the purchase cost of a powered chaff cutter or ₹18,000/-, whichever is lower. How is the financial assistance provided? The amount of assistance will be directly deposited into the bank account of the beneficiary. Who is eligible for this scheme? Eligible beneficiaries must be permanent residents of Gujarat and belong to the General Caste category. What is the minimum requirement for the number of animals owned by the beneficiary? Beneficiaries must possess a minimum of five (5) animals of their own to qualify for the scheme. How can one apply for this scheme? Applicants can apply online through the I-Khedut Portal at <https://ikhedut.gujarat.gov.in/>. How is the subsidy claimed after purchasing the chaff cutter? After purchasing the chaff cutter from a government-approved empanelled vendor, beneficiaries need to produce the bill for claim submission of the subsidy.",

Bank Account Details of the Society. No Objection Certificate (NOC) from Related Authorities (if applicable). Resolution Copy of Society for Installation of Irrigation Setup. Electricity Connection Certificate or Application Copy (if applicable). Any other documents as required.",

"frequently_asked_questions": "What is the objective of the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\"? The objective of the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\" is to enhance agricultural productivity in tribal regions by supporting the formation and functioning of irrigation co-operative societies through the provision of financial assistance for the installation of electric pumps and motors on wells and agar creeks. Who is eligible to apply under the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\"? The scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\" is open exclusively to registered co-operative societies formed

by farmers belonging to Scheduled Tribe (ST) communities who are residing in the tribal areas of Gujarat. What kind of financial support is provided under the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\"? Under the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\", financial assistance is provided specifically for establishing water distribution infrastructure, such as the installation of electric pumps and motors on wells or agricultural creeks, aimed at enhancing irrigation for agricultural purposes. What is the geographical coverage of the scheme? The \"Assistance to Co-operative Irrigation Societies (Tribal Area)\" scheme is applicable across the entire state of Gujarat and can be availed by any qualifying cooperative irrigation society within the state. Can societies from non-tribal areas apply for benefits under the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\"? Societies that are not located in the officially designated tribal areas of Gujarat are not eligible to apply for benefits under the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\", as the scheme is specifically targeted at supporting tribal region development. Which department is responsible for the implementation of the scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\"? The scheme \"Assistance to Co-operative Irrigation Societies (Tribal Area)\" is implemented by the District Registrar Office functioning under the Agriculture and Co-operation Department of the Government of Gujarat. Where should the application be submitted? The application for this scheme should be submitted to the District Registrar's Office. Is there any preference or reservation for specific groups under this scheme? The Scheme is applicable to the Scheduled Tribe (ST) category.",

"title": "Assistance to General Farmers for Installation of Submersible / Centrifugal Motor Pumpsets With Accessories",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/agfiscmpwa>",

"details": "The scheme \"Assistance to General Farmers for Installation of Submersible / Centrifugal Motor Pumpsets With Accessories\" was launched by the Department of Agriculture and Farmer's Welfare, Union Territory of Puducherry. Through this scheme, the farmers from the General Category are provided with a

grant of 65% subsidy towards the installation of suitable Submersible / Centrifugal motor pump sets with accessories, subject to a maximum of ₹50,000/- per tubewell per individual.",

"objective": "Section not found",

"benefits": "65% subsidy towards the installation of suitable Submersible / Centrifugal motor pump sets with accessories, subject to a maximum of ₹50,000/- per tubewell per individual. The subsidy amount shall be released through the Electronic Clearing System (ECS) if the applicant has undertaken the construction with his/her funds. In case, he/she has availed himself/herself loan from the Nationalized Bank / Co-operative Bank towards the construction of the tubewell, the subsidy amount shall be remitted to the Bank against the loan account of the beneficiary.",

"eligibility": "The applicant should be from the General Category. The applicant should be a farmer in the Union Territory of Puducherry. The tubewell in which the submersible/centrifugal motor pump sets is going to be erect and should have been registered in Pondicherry Ground Water Authority, Puducherry. The applicant should hold a minimum of 1.5 acres of land under the command area of the tubewell to be constructed and the applicant should have ownership of the land at least for 2 years and should have a clear ownership title deed in his/her name. The eligible land holding of 1.5 acres should be in favour of the applicant farmer or in favour of the spouse or favour of the member of a joint/undivided family. The farmers who have already availed themselves of the subsidy for the said purpose within 5 years are not entitled to any benefit under this scheme. The applicant should not convert the lands for a maximum period of 10 years from the date of construction of the tubewell/filter point to any purpose other than agriculture and should execute a bond accordingly.",

"exclusions": "Section not found",

"application_process": "OfflineOnlineStep 1: The applicant must obtain the mandatory PERMIT for the construction of a new / replacement tubewell from the Pondicherry Ground Water Authority, Puducherry. Step 2: The applicant of the Puducherry region should approach the concerned office towards the construction of the tubewell by deploying departmental machinery. The applicants who want to construct the tubewell through private machinery should approach the concerned office to get NOC. Step 3: After obtaining NOC, the farmer has to construct a tubewell by deploying private machinery which is registered with Pondicherry Ground Water Authority, Puducherry. Inspection will be conducted by the Agricultural Officer (Engg.) concerned at the time of the construction of the tubewell to ascertain the details of pipes and other materials used. Step 4: After successful completion of the tubewell/filter point construction work under departmental supervision, the interested applicant should visit (during office hours) the concerned office and request the hard copy of the prescribed format of the application form from the concerned authority: Puducherry: Office of the Hydrogeologist-II, State Ground Water Unit & Soil Conservation, Thattanchavady, Puducherry-9. Karaikal: Office of the Additional Director of Agriculture, Karaikal. Step 5: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 6: Submit the duly filled and signed application form and the documents to the aforementioned authority. Step 7: On receipt of the application, necessary entries will be made in the application receipt register and a unique seniority number will be assigned to the applicant for identifying each applicant which shall be used for all further references and also as acknowledgement for the receipt of the application will be issued to the applicant. *The application should be submitted within 90 days from the date of completion of the tubewell/filter point construction work.",

"documents_required": "The certificate for the ownership of the land issued by an officer, not below the rank of Deputy Tahsildar. The copy of the Registration certificate, Permit and Energisation Certificate issued by the Pondicherry Ground Water Authority, Puducherry. Original bills for the expenses incurred towards the construction of the tubewell (or) in case of those who have availed themselves of a Bank loan, attested copy of the original bills, and certificate from the Bank to that effect. Copy of the Aadhaar card, Farmers Identity Card, and Bank passbook front page. *Upon selection, the beneficiaries should submit an affidavit signed before a Notary Public to the effect that the above-said land is under his / her possession, he/she will not sell, mortgage or transfer the lands to any other person for 10 years and that he/she will not convert the land for any other purpose other than agriculture and in case if he/she is found to have not abided by the terms, he/she will be liable for such course of legal action by the Government for breach of any of the conditions of the schemes besides facing recovery/cancellation of subsidy.",

"frequently_asked_questions": "What action can be taken if the applicant breaches the conditions of the scheme? If the applicant breaches the conditions, legal action may be taken by the government, including recovery/cancellation of subsidy, as mentioned in the affidavit.\n\n\n\n\n\n\nHow is the unique seniority number assigned to the applicant used? The unique seniority number serves as identification for each applicant in all further references and serves as acknowledgment for the receipt of the application.\n\n\nWithin how many days should the application be submitted from the date of completion of the work? The application should be submitted within 90 days from the date of completion of the tubewell construction work.\n\n\nWhere will advertisements inviting applications be published? Advertisements will be published in local leading Tamil dailies.\n\n\nWhat restriction is placed on the conversion of lands after the construction of the tubewell? The applicant should not convert the lands for a maximum period of 10 years for any purpose other than agriculture and must execute a bond accordingly.\n\n\nCan farmers who have availed the subsidy for the same purpose within 5 years apply for this scheme? No, farmers who have already availed the subsidy within 5 years are not entitled to benefits under this scheme.\n\n\nHow long should the applicant have ownership of the land to be eligible for the scheme? The applicant should have ownership of the land for at least 2 years and possess a clear ownership title deed in their name.\n\n\nWhat is the mode of subsidy release if the applicant has availed a loan from a Nationalized Bank or Co-operative Bank? The subsidy amount is remitted directly to the bank against the loan account of the beneficiary.\n\n\nWhat is the maximum subsidy provided under the scheme for each tubewell per individual? The scheme provides a 65% subsidy, with a maximum limit of ₹50,000 per tubewell per individual.\n\n\nWhat type of bond should the applicant execute regarding the land use? The applicant should execute a bond affirming not to convert the land for any purpose other than agriculture for a period of 10 years.\n\n\nIs there any specified timeframe for the applicant's possession of the land? The applicant should possess the land for at least 2 years to be eligible for the scheme.\n\n\nCan applicants from any category apply for the scheme, or is it limited to a specific category? The scheme is specifically for applicants from the General Category in the Union Territory of Puducherry.",

"title": "Assistance to Scheduled Caste Farmers for Sinking Tubewell",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/ascfst",

"details": "The scheme "Assistance to Scheduled Caste Farmers for Sinking Tubewell" was launched by the Department of Agriculture and Farmer's Welfare, Union Territory of Puducherry. Through this scheme, the farmers from the Scheduled Caste Category are provided with a grant of 90% subsidy towards the construction of tubewell/filter point in Puducherry subject to a maximum of ₹1,80,000 per tubewell/filter point per individual.",

"objective": "Section not found",

"benefits": "Grant of 90% subsidy to General Farmers towards construction of tubewell/filter point in the Union Territory of Puducherry subject to a maximum of ₹1,80,000 per tubewell/filter point per individual.*The total cost incurred towards the construction of the tubewell shall be taken into account for the calculation of the subsidy.",

"eligibility": "The applicant should belong to the Scheduled Caste Community. The applicant should be an Indian National and native of the Union Territory of Puducherry by birth or by continuous residence for the past 5 years.The applicant must obtain the necessary permit to sink a new/replacement tubewell/filter point from Pondicherry Ground Water Authority, Puducherry.The tubewell/Filter point should have been constructed through a departmental power rig/hand bore set or should have been constructed with a No Objection Certificate of the Agriculture Department for engaging private drilling machinery registered with Pondicherry Ground Water Authority under departmental supervision.The applicant should hold a minimum of 1.5 acres of land under the command area of the tubewell/filter point to be constructed.The applicant should have ownership of the land for at least 2 years and a clear ownership title deed in his/her name.The eligible land holding of 1.5 acres should be in favour of the applicant farmer, spouse, or a member of the joint/undivided family.Farmers who have already availed themselves of the subsidy for the same purpose within 5 years are not entitled to any benefit under this scheme.The casing pipes should have a BIS certificate and should have been purchased from an authorized dealer/M/s.PASIC Ltd.The brand of pipes is left to the choice of the applicant but pipes should be BIS certified and should have been purchased either from PASIC or from the list of authorized dealers.The applicant should not convert the lands for a minimum period of 10 years from the date of construction of the tubewell/filter point to any purpose other than agriculture and should execute a bond accordingly.",

"exclusions": "Section not found",

"application_process": "OfflineOnlineStep 1: The applicant must obtain the mandatory PERMIT for the construction of a new / replacement tubewell from the Pondicherry Ground Water Authority, Puducherry.Step 2: The applicant of the Puducherry region should approach the concerned office towards the construction of the tubewell by deploying departmental machinery. The applicants who want to construct the tubewell through private machinery should approach the concerned office to get NOC.Step 3: After obtaining NOC, the farmer has to construct a tubewell by deploying private machinery which is registered with Pondicherry Ground Water Authority, Puducherry. Inspection will be conducted by the Agricultural Officer (Engg.) concerned at the time of the construction of the tubewell to ascertain the details of pipes and other materials used. Step 4: After successful completion of the tubewell/filter point construction work under departmental supervision, the interested applicant should visit (during office hours) the concerned office and request the hard copy of the prescribed format of the application form from the concerned authority:Puducherry: Office of the Hydrogeologist-II, State Ground Water Unit & Soil Conservation, Thattanchavady, Puducherry-9.Karaikal: Office of the Additional Director of Agriculture, Karaikal.Step 5: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required).Step 6: Submit the duly filled and signed application form and the documents to the aforementioned authority.Step 7: On receipt of the application, necessary entries will be made in the application receipt register and a unique seniority number will be assigned to the applicant for identifying each applicant which shall be used for all further references and also as acknowledgement for the receipt of the application will be issued to the applicant. *The application should be submitted within 90 days from the date of completion of the tubewell/filter point construction work.",

"documents_required": "Nationality, Nativity, and Caste certificate issued by an officer, not below the rank of Deputy Tahsildar. The certificate for land ownership issued by an officer, not below the rank of Deputy Tahsildar. A copy of the PERMIT obtained from the Pondicherry Ground Water Authority, Puducherry, for sinking a New/Replacement tubewell/filter point. The Registration Certificate for the tubewell/filter point, issued by Pondicherry Ground Water Authority, Puducherry. In the case of a new service connection, provide a copy of the energization letter obtained from the Pondicherry Ground Water Authority, Puducherry. If the tubewell/filter point was constructed using private machinery, submit (i) a copy of the NOC issued by the competent authority and (ii) a copy of the License for the private machinery issued by the Pondicherry Ground Water Authority, Puducherry. Original bills for the expenses incurred in the construction of the tubewell/filter point. In the case of those who have availed themselves of a Bank loan, provide an attested copy of the original bills and a certificate from the Bank to that effect. Include a copy of the Aadhaar card, Farmers Identity Card, and the front page of the Bank passbook.",

"frequently_asked_questions": "When should the application be submitted? The application should be submitted within 90 days from the date of completing the tubewell/filter point construction work.\n\nWhat is the inspection process during tubewell construction? An inspection by the Agricultural Officer (Engg.) is conducted to verify details of pipes and materials used during the construction.\n\nWhere should Puducherry region applicants approach for tubewell construction under departmental supervision? Applicants in Puducherry should approach the Office of the Hydrogeologist-II, State Ground Water Unit & Soil Conservation, Thattanchavady.\n\nHow long is the minimum period during which the land cannot be converted for purposes other than agriculture? The applicant must not convert the land for a minimum period of 10 years from the date of tubewell construction and must execute a bond accordingly.\n\nWhat certification is required for casing pipes used in the tubewell construction? Casing pipes should have a BIS certificate and should be purchased from an authorized dealer or M/s. PASIC Ltd.\n\nWhat is the minimum landholding requirement for applicants? Applicants should hold a minimum of 1.5 acres of land under the command area of the tubewell, owned for at least 2 years, with a clear title deed.\n\nCan farmers who have availed themselves of the subsidy for the same purpose within 5 years apply for benefits under this scheme? No, farmers who have already availed themselves of the subsidy for the same purpose within 5 years are not eligible for benefits.\n\nWhat permits are required for sinking a new/replacement tubewell/filter point under this scheme? Applicants must obtain a permit from Pondicherry Ground Water Authority and adhere to the conditions set by the Agriculture Department.\n\nWhat percentage of subsidy is granted to Farmers for the construction of tubewell/filter point in Puducherry? Farmers receive a subsidy of 90% towards the construction of tubewell/filter point in Puducherry. Can applicants choose any brand of pipes for tubewell construction? Applicants have the freedom to choose the brand of pipes, but they must be BIS certified and purchased from either PASIC or authorized dealers.\n\nWhat is the minimum land ownership requirement for applicants? Applicants should hold a minimum of 1.5 acres of land under the command area of the tubewell, and the land should be owned for at least 2 years with a clear ownership title deed.\n\nCan the tubewell/filter point be constructed using private drilling machinery, and if so, what conditions apply? The tubewell/filter point can be constructed using private drilling machinery with a No Objection Certificate from the Agriculture Department and registration with Pondicherry Ground Water Authority under departmental supervision.",

"title": "Atma Nirbhar Krishi Yojana",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/anky",

"details": "Atma Nirbhar Krishi Yojana (ANKY) is an ambitious scheme launched by the Chief Minister of Arunachal Pradesh with the aim of promoting self-reliance in the agriculture sector. Under this scheme, farmers are provided with financial assistance and support for various agricultural activities. The scheme focuses on scientific land terracing, doubling cropping, farm mechanization, and apiculture among other activities. Farmers can avail loans of up to Rs. 1.60 lakhs without collateral to invest in these activities. The implementation of the scheme is overseen by a state-level committee headed by the Chief Minister. Various banks participate in providing loans under this scheme, enabling farmers to access financial resources easily.",

"objective": "Section not found",

"benefits": "Financial assistance for agricultural activities: The scheme provides financial support to farmers for activities like scientific land terracing, doubling cropping, farm mechanization, and apiculture. Loan without collateral: Farmers can avail loans up to Rs. 1.60 lakhs without the need for collateral, facilitating access to financial resources. Enhanced productivity: By implementing modern farming techniques and practices, farmers can improve their productivity and income. Empowerment of farmers: The scheme empowers farmers by providing them with financial resources and technical assistance to enhance their agricultural practices. Promotes self-reliance: ANKY aims to make farmers self-reliant by enabling them to invest in various agricultural activities and reduce dependence on external factors. Encourages diversified cropping: The scheme promotes the cultivation of different crops, including fruits like apple, kiwi, orange, areca nut, walnut, and persimmon, leading to diversification and increased income for farmers. Support for women in agriculture: ANKY provides a platform for women farmers and members of self-help groups to access financial resources and contribute to the agricultural sector.",

"eligibility": "The applicant must be a resident of Arunachal Pradesh. The farmer should possess the necessary land for agricultural activities. Women farmers and members of self-help groups are also eligible to apply under the scheme. The applicant must have a viable plan or proposal for the proposed agricultural activities. Farmers must meet the specific criteria set by participating banks for loan eligibility.",

"exclusions": "Non-agricultural activities: The scheme focuses specifically on agricultural activities and may not cover non-agricultural ventures. Ineligible crops: Certain crops or activities may not be covered under the scheme's purview. Farmers should refer to the official guidelines for a comprehensive list of eligible crops and activities. Non-compliance: Farmers who fail to meet the eligibility criteria or follow the prescribed guidelines may be excluded from the scheme's benefits",

"application_process": "OfflineStep 1: Visit the official website of the respective scheme or visit the nearest Agriculture/Horticulture Department office.Step 2: Obtain the application form for the desired scheme.Step 3: Fill in the application form with accurate details and attach the required documents.Step 4: Submit the completed application form along with the necessary documents to the concerned Agriculture/Horticulture Department office.Step 5: The application will be verified by the department officials.Step 6: Upon successful verification, the loan amount or subsidy, as applicable, will be disbursed to the farmer's bank account.",

"documents_required": "Proof of identity (Aadhaar card, voter ID card, PAN card, etc.)Proof of address (ration card, utility bill, driving license, etc.)Land documents (ownership proof or lease agreement)Bank account detailsPassport-size photographsIncome certificateCaste certificate (if applicable)Self-help group registration certificate (for Atmanirbhar Bagwani Yojana)Any other specific documents mentioned in the application form or scheme guidelines.",

"frequently_asked_questions": "Can farmers avail the benefits of both the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana simultaneouslyYes, eligible farmers can avail the benefits of both the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana simultaneously. These schemes are designed to support and uplift the agricultural and horticultural sectors, and farmers can take advantage of the benefits offered by both schemes to enhance their farming practices and improve their income.Is there any age limit for farmers to apply for these schemes?There is no specific age limit mentioned for farmers to apply for the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana. However, farmers must fulfill the eligibility criteria specified by the respective schemes, which may include criteria related to land ownership or lease, income, and agricultural/horticultural activities.Can farmers from all districts of Arunachal Pradesh apply for these schemes?Yes, farmers from all districts of Arunachal Pradesh are eligible to apply for the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana. These schemes are aimed at benefiting farmers across the state and promoting agricultural and horticultural activities in Arunachal Pradesh.Are tenant farmers eligible to apply for the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana?Yes, tenant farmers who have valid lease agreements or tenancy documents can be eligible to apply for the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana. The specific eligibility criteria for tenant farmersHow can farmers apply for these schemes?Farmers can apply for the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana by visiting the official website of the respective scheme or the nearest Agriculture/Horticulture Department office. They need to fill out the application form, attach the required documents, and submit them to the concerned authorities for verification.Can farmers receive subsidies and loans simultaneously under these schemes?Yes, farmers can avail subsidies and loans simultaneously under the Atmanirbhar Krishi Yojana and Atmanirbhar Bagwani Yojana. "title": "Beej Swalamban Yojna",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/bsyrj",

"details": "The main objective of starting the Mukhyamantri Beej Swavalamban Yojana is to provide up to 50% subsidy by the Agriculture Department for providing seeds to the small and marginal general farmers of the state. Apart from this, free mini kits are to be provided to the farmers living below the poverty line. So that the farmers of the state take steps towards prosperity and self-reliance by producing seeds in their fields. And they can be encouraged to produce seeds for use in their farm. By getting the benefit of this scheme, farmers will be able to produce good crops at low cost. Due to this their economic condition will also increase. This scheme of state funds was started as a pilot project in the Kota, Bhilwara, and Udaipur agriculture blocks of the state. By expanding the scheme from the year 2018-19, the scheme is being implemented in all the blocks of the state. Under the plan:- Selection of crop:- Seed production program of notified varieties of jowar, soyabean, groundnut, moong, moth, and urad in the Kharif season and wheat, barley, and gram crops of less than 10 years duration in the Rabi season. Formation of farmers group:- Under the scheme, a group is formed by selecting farmers who are progressive and interested in the cultivation of a particular crop. Selection of 30 to 50 farmers in each group, by whom the area sown of that crop would be generally 50 to 100 hectares. Selection of seed producer members in the group:- As per requirement, 2-4 seed-producing farmers are selected from the farmer group by the group itself. The rest of the group will be those farmers who will use the above-produced seeds for sowing in the coming year. Free seed distribution:- Provision to make available the desired base/certified seeds (Stage-I) free of cost to the seed-producing farmers of each farmer group. Training and Rogging for seed production:- There is a provision to spend Rs.30/- per farmer and a maximum of Rs.1500/- per training on one-day training of a group. Three one-day training programs are organized to give complete information about the seed production process to the farmers of the group. Payment to be made to farmers for Rogging (Rs.1000/- /Hect.) DBT/RTGS to the concerned seed producer is done on the account of the farmer.",

"objective": "Section not found",

"benefits": "The seeds produced by the group of farmers will be used by the rest of the farmers for production in the next year.",

"title": "Bhavantar Bharpai Yojana",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/bvby",

"details": "The scheme "Bhavantar Bharpai Yojana", implemented by the Department of Horticulture, Government of Haryana, aims to protect horticultural farmers from market price fluctuations and compensate them if they receive low prices for their produce in the market. Objectives: To reduce the financial risk for farmers during periods of low market prices for vegetables and fruits by ensuring a protected price. To encourage diversification in agriculture by supporting horticultural farmers. Crops covered under the scheme: 21 Crops: Ladyfinger, Chilli, Bottle Gourd, Bitter Gourd, Cabbage, Radish, Tomato, Onion, Potato, Cauliflower, Carrot, Peas, Capsicum, Brinjal, Turmeric, Garlic, Mango, Kinnow, Guava, Litchi, Plum",

"objective": "Section not found",

"benefits": "To make vegetable growers risk free. To fix protected price for the crops (Ladyfinger, Chilli, Bottle Gourd, Bitter Gourd, Cabbage, Radish, Tomato, Onion, Potato, Cauliflower, Carrot, Peas, Capsicum, Brinjal, Turmeric, Garlic, Mango, Kinnow, Guava, Litchi, Plum) In case of selling of fruits/vegetables at lower prices in the market within the prescribed period, the difference in price upto the protected price will be compensated by the Government to the registered farmers. Note: The incentive amount will be released into the Aadhar linked bank account of the farmer.",

"eligibility": "The applicant should be a landowner, lessee, or tenant farmer in Haryana. The farmer should cultivate one of the 21 listed crops. Note 1: Registration on the Meri Fasal, Mera Byora portal during the

sowing period is mandatory. Note 2: The land and crop details must be certified by the Horticulture Department.",

"exclusions": "Section not found",

"application_process": "Online Step 1: Farmers should register themselves on the Meri Fasal, Mera Byora Portal during the sowing period. It is mandatory for the farmer to avail the benefits under this scheme. Step 2: On the homepage, click the link for \"Farmer Registration (Kisan Panjikaran)\". Step 3: Go through the guidelines and click on \"Proceed for Registration\". Step 4: Complete the form by entering all the required details accurately. Step 5: After verifying the entered details, click on \"Submit for Registration\". Upon successful registration, the farmer will receive a username and password for portal access. Note 1: Free registration of producer. Note 2: Registration will be open only during the stipulated period. Note 3: Registration facility will be available at Sarva Seva Kendra/e-Disha Kendra/ Marketing Board/Horticulture Department/ Agriculture Department and Internet Kiosk. Steps to Make Claims and Check Status: Login to e-Kharid Portal: Visit the e-Kharid login page, enter your username, password, and the captcha code. Access the Dashboard: Once logged in, farmers can make claims and track the status of their applications or complaints. J-Form - Sale Voucher: To receive compensation under the scheme: Sale on J-Form will be mandatory for Incentive. The \"J-Form,\" a sale voucher, must be obtained upon selling the produce. After sale on J-Form, the sales details will be uploaded on BBY e-portal (<http://www.bby.hortharyana.gov.in/>), for which facility will be available in the office of each concerned Market Committee. Incentives will be payable on sale at J-Farm and the determined production per acre (whichever is less) as per the scheme guidelines. Incentive will be payable by multiplying the difference in price. The average daily wholesale price will be determined based on the daily prices of the Mandis identified by the Mandi Board as per the standards and guidelines of the scheme.",

"documents_required": "Identity Proof i.e. Aadhaar Card Proof of land ownership or lease agreement (for tenant farmers) Registration proof from the Meri Fasal, Mera Byora portal J-Form for the sale of produce Bank account details linked with Aadhaar Any other documents if required",

"frequently_asked_questions": "What is the Bhavantar Bharpayee Yojana (BBY)? BBY is a unique scheme by the Haryana Government to compensate horticulture producers when they receive lower prices for their produce in the market. It aims to reduce the risk of price volatility and encourage crop diversification among farmers. Which crops are covered under the scheme? The scheme covers 21 crops: Okra (Bhindi), Chili, Bottle Gourd (Lauki), Bitter Gourd (Karela), Cabbage (Patta Gobhi), Radish (Mooli), Tomato, Onion, Potato, Cauliflower (Phool Gobhi), Carrot (Gajar), Pea (Matar), Capsicum (Shimla Mirch), Brinjal (Baingan), Turmeric (Haldi), Garlic (Lahsun), Mango (Aam), Kinnow, Guava (Amrud), Litchi, and Ber. What is the primary objective of the scheme? The main objectives are to mitigate the risk of low prices during the sale of vegetables and fruits by providing compensation up to a protected price and to encourage farmers to diversify their crops. Who is eligible to benefit from the scheme? Landowners, lessees, or tenant farmers cultivating the specified crops are eligible to benefit from the scheme. Is registration mandatory to avail benefits under the scheme? Yes, farmers must register on the \"Meri Fasal, Mera Byora\" portal during the sowing period to avail benefits under the scheme. Where can farmers register for the scheme? Registration facilities are available at Saral Kendras, e-Disha Kendras, Marketing Board offices, Horticulture Department offices, Agriculture Department offices, and internet kiosks. Who verifies the registered crop area? The Horticulture Department verifies the crop area registered by the farmers. Is there any fee for registration under the BBY? No, the registration for the scheme is free of cost. When is the registration period open for the BBY? Registration is open only during the specified period, which is announced by the authorities. Farmers should register within this timeframe to be eligible for benefits. Is it mandatory to sell produce through 'J-

Forms' to avail benefits?Yes, to avail benefits under the scheme, it is mandatory to sell the produce through 'J-Forms'.Where can farmers upload their sales details under the scheme?After selling their produce using 'J-Forms', farmers can upload their sales details on the BBY e-portal (www.bby.hortharyana.gov.in). Facilities for this are available at the respective Market Committee offices.How is the compensation calculated under the scheme?If the wholesale price of the produce during the sale period is less than the protected price, the government compensates the difference to the registered farmers. The compensation is based on the quantity sold through 'J-Forms' and the per-acre production determined as per the scheme's guidelines.How is the average daily wholesale price determined?The average daily wholesale price is determined based on the daily prices from designated mandis by the Mandi Board, following the scheme's standards and guidelines.How is the compensation amount disbursed to farmers?The compensation amount is directly credited to the farmer's Aadhaar-linked bank account."

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/fafiskc>",

"details": "The scheme \"COP-34 Financial Assistance to Farmer for Interest Subvention (Kishan Credit Card Interest Asst.)\" introduced by the Agriculture, Farmers Welfare and Cooperation Department, Gujarat, aims to support farmers by offering a 4% interest subvention on crop loans up to ₹3 lakh, provided the loan is repaid on time. This assistance helps farmers reduce their financial burden, improve crop yield, and enhance their income. It also encourages responsible financial practices among farmers.",

"objective": "Section not found",

"benefits": "Name of Component\tStandard of AssistanceMinimum Time Limit (in Year) for Reclaiming BenefitsCOP-34, Financial assistance to farmer for Interest Subvention4% interest subvention on timely repayment of crop loan taken by farmers up to ₹3,00,000/-only once in a financial year",

"eligibility": "The applicant must be a farmer.The farmer should have taken a short-term crop loan during the Kharif season (1st April to 30th September) from any of the following:Primary Agricultural Credit Cooperative SocietyDistrict Central Cooperative BankNationalized BankGramin BankPrivate BankThe farmer should have repaid the loan on time.",

"exclusions": "Section not found",

"application_process": "OfflineThe bank from which the crop loan has been availed by the farmer has to submit the integrated interest subvention proposal of its area of operation to the Registrar, Co-operative Societies, Gujarat State, Gandhinagar.",

"documents_required": "Kisan Credit Card (KCC) loan documents.Proof of timely repayment.Farmer's identity proof (Aadhaar card, etc.).Land ownership or cultivation document.Any other documents as required.",

"frequently_asked_questions": "What is the objective of this scheme?The scheme provides financial assistance to farmers in the form of a 4% interest subvention on timely repayment of crop loans taken during the Kharif season.Who can avail the benefits of this scheme?Farmers who have taken short-term crop loans during the Kharif season and have repaid them on time through eligible banks can avail the

benefits of this scheme. What is the maximum loan amount eligible under this scheme? Under this scheme, crop loans of up to ₹3,00,000/- are eligible for a 4% interest subvention. Which banks are considered eligible for availing this scheme? Loans taken from Primary Agricultural Credit Cooperative Societies, District Central Cooperative Banks, Nationalized Banks, Gramin Banks, and Private Banks are eligible under this scheme. Can a farmer apply for the scheme directly? No, the farmer cannot apply directly. The bank through which the crop loan was taken submits the interest subvention proposal on behalf of the farmer. How often can a farmer receive the benefit of this scheme? A farmer can avail the benefit of the scheme only once in a financial year. Is the scheme applicable for loans taken during the Rabi season? No, the scheme is only applicable for short-term crop loans taken during the Kharif season, i.e., from 1st April to 30th September. What type of loan is covered under this scheme? The scheme covers short-term crop loans taken for agricultural purposes. Is the subvention given as a direct benefit transfer to the farmer's account? The interest subvention is generally adjusted or credited as per the process managed by the lending bank, based on government guidelines. Where can a farmer get more information about this scheme? A farmer can contact their respective bank or reach out to the Registrar, Co-operative Societies, Gujarat State, for more details about the scheme."

"title": "Capital Subsidy Scheme for Setting Up Solar Plant in Milk Cooperatives in Gujarat State (Tribal Area)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/csssspg",

"details": "The \"Scheme of Capital Assistance for Setting Up Solar Plants in Milk Cooperative Societies in the State of Gujarat (Tribal Areas)\" by the Department of Agriculture, Farmers Welfare and Cooperation, Government of Gujarat aims to promote renewable energy and reduce electricity expenses. Through this scheme, a 75% subsidy is provided for setting up solar plants (1KW to 40KW) in milk cooperative societies in tribal areas.",

"objective": "Section not found",

"benefits": "Financial Assistance: 75% subsidy on capital cost for installation of solar systems ranging from 1KW to 40KW.",

"eligibility": "A registered milk cooperative society located in the tribal areas of Gujarat shall be eligible under this scheme. The society must extensively use electricity for milk collection, cooling, and processing. The society must be willing to install a solar power plant with a capacity between 1KW and 40KW.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: Collect the plain paper application form from the District Registrar's office. Step 2: Fill in all required details in the application form and attach the necessary documents. Step 3: Submit the completed application to the District Registrar.",

"documents_required": "Copy of Society Registration Certificate. Proof of electricity usage (bills or related documents). Details of proposed solar plant (capacity, cost estimate). Bank account details of the cooperative society. Any other documents as required.",

"frequently_asked_questions": "What is the main purpose of the \"Scheme of Capital Assistance for Setting Up Solar Plants in Milk Cooperative Societies in the State of Gujarat (Tribal Areas)\"? The main purpose of the scheme is to financially support milk cooperative societies in tribal areas by subsidizing the cost of setting up solar power plants, thereby promoting renewable energy and reducing operational electricity costs. Who is eligible to apply for this scheme? Only registered milk cooperative societies located in the tribal areas of Gujarat are eligible to apply for this scheme. What type of financial assistance is provided under this scheme? Under this scheme, eligible cooperative societies are provided a subsidy of 75% on the capital cost for setting up solar power plants with a capacity between 1KW and 40KW. Which government department is responsible for implementing this scheme? The Department of Agriculture, Farmers Welfare and Cooperation, Government of Gujarat, is responsible for implementing this scheme. Where can an applicant obtain the application form for this scheme? The application form for the scheme can be obtained from the office of the District Registrar. Is there any fee charged for the application form? No, there is no cost associated with obtaining the application form; it is available free of charge. What is the permissible range of solar plant capacity under the scheme? The scheme allows for the installation of solar power plants with a capacity ranging from 1 kilowatt (KW) to 40 kilowatts (KW). Does the scheme cover the full cost of installing a solar plant? No, the scheme covers only 75% of the capital cost; the remaining 25% must be borne by the cooperative society. How should the completed application be submitted? The completed application must be submitted on plain paper along with the required documents to the District Registrar. Whom should applicants contact for more information or assistance regarding the scheme? Applicants should contact the District Registrar office in their respective areas for detailed information, clarification, or assistance related to the scheme.",

Step-3: In the next page select the "Type of Applicant" and enter the "DBT Registration Number of Kisan". Click on "Get details". Step-4: Fill in the required details i.e. Address, Land Details, etc, and upload documents. Step-5: Confirm the checkbox and then click on "Submit". Step-6: An "Application Number" will be generated. Keep this for future reference. Step-7: Printout of the filled in application also can be taken using the Print option."

"documents_required": "For DBT Registration Process: Aadhaar Details (Should be linked with mobile number). Passport Size Photo. Farmer details. Land information. Bank account. For the Online Application of the Scheme: Passport Size Photo. Land-ownership/ revenue receipt (If applicable). Any other document (if required). Note: If the applicant's name is not clear in the land-ownership/ revenue receipt, it will be mandatory to attach the genealogy along with the land-ownership/ revenue receipt."

"frequently_asked_questions": "What is the objective of "Chai Vikas Yojana"? The objective of "Chai Vikas Yojana" is to promote tea cultivation and enhance productivity in the selected districts of Bihar. Which districts are covered under the scheme? The scheme covers the districts of Kishanganj, Araria, Supaul, Purnia, and Katihar. Who is eligible to apply for "Chai Vikas Yojana"? Farmers with a minimum land area of 2 acres, cultivating tea in the specified districts and meeting the minimum landholding requirements are eligible to apply for the scheme. How is the planting material subsidy provided under the scheme? The planting material subsidy is provided in two installments: 75% of the cost is paid in the first year, and 25% is paid in the second year if 90% of the plants from the previous year's plantation survive. What are the minimum landholding requirements for availing subsidies? The minimum landholding requirements vary depending on the equipment: A minimum of 2 acres is required for pruning machines, mechanical harvesters, and plucking shears. A minimum of 10 acres is required for leaf carriage vehicles. A minimum of 5 acres is required for leaf collection sheds. What is the maximum subsidy available for a pruning machine? Farmers are eligible for a subsidy of 50% of the actual cost or ₹60,000/-, whichever is less, for purchasing a pruning machine. Are beneficiaries of new area expansion eligible for mechanized organ subsidies? Beneficiaries of new area expansion under "Chai Vikas Yojana" are not eligible for mechanized organ subsidies. What is the survival rate condition for receiving the second installment of the planting material subsidy? To receive the second installment of the planting material subsidy, at least 90% of the

plants from the previous year must survive.\n\nHow many plucking shears can a farmer receive subsidies for?A farmer can receive subsidies for a maximum of 20 plucking shears under the scheme.\n\nWhat is the maximum subsidy available for a mechanical harvester?The maximum subsidy available for a mechanical harvester is 50% of the actual cost or ₹50,000, whichever is less.\n\nDoes the scheme provide subsidies for managing existing tea plantations?Yes, the scheme provides subsidies for various horticultural machines to manage existing tea plantations.\n\nWhat is the maximum subsidy provided for leaf carriage vehicles?Farmers cultivating tea on a minimum of 10 acres can receive a subsidy of 50% of the cost or ₹7,50,000, whichever is less, for leaf carriage vehicles.\n\nWhat is the benefit provided for leaf collection sheds under the scheme?The scheme provides a subsidy of 50% of the actual cost or ₹37,500, whichever is less, for constructing leaf collection sheds for farmers cultivating tea on at least 5 acres.\n\nWhat specific benefits does the scheme offer to small-scale tea farmers?Small-scale tea farmers cultivating a minimum of 2 acres are eligible for subsidies on affordable equipment like plucking shears, pruning machines, and mechanical harvesters.",

"title": "Chief Minister Floriculture Mission",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/cmfm>",

"details": "Prevalence of suitable agro climate has led to natural occurrence of a large number of flowering species in Assam having aesthetic value and horticultural importance. Existence of an ornamental garden is a tradition and characteristic feature of every household in Assam. From time immemorial, the State has been endowed with a rich diversity of flowering annuals and perennials, bulbous ornamental, amazing creepers, ferns and foliage and awesome orchids. In orchid alone, Assam is credited with the natural occurrence of 191 splendid species having diversified forms and wide colour range. Contrary to the potential and scope of commercialization, the State floriculture even till today, is largely confined to household garden as a part of hobby horticulture. The number of commercial pockets can be counted on fingers. Although, the State floriculture sector has shown some amount of growth under the impact of government sponsored development projects like HMNEH, the net position of the State in the National Floriculture Map is yet to be visible. Today, Assam registers an area of 1800 ha under total floriculture which is less than 1% of the total area under floriculture in the country and 7.8% of the total area under floriculture in the neighboring West Bengal. It is further observed that even the neighboring states like West Bengal has a pride position in terms of area and production of flower crops eventually finding its way to the markets in Assam. Today, the incoming flower basket from West Bengal has virtually captured the State's flower market primarily due to low internal production and lack of consistency in supply as per desired volumes. According to unofficial estimates, the annual inflow of flowers to the State's flower market hovers around Rs. 7-8 crores paying out outflow of State's revenue in substantial quantum. It is now well accepted that in order to sustain agriculture as a profitable venture, due attention must be paid to selection of high value crop options that fetch higher return on investment per unit area. It has been an established

fact that as a potential component of horticultural sector, the floriculture based enterprises can provide significantly higher net return to farmers compared to other agricultural production options due to their higher market prices resulting from uniqueness, diversified uses and fascination on part of higher income group.",

"objective": "Section not found",

"benefits": "Govt. will provide planting materials, required quantity of shade net and one garden tool kit as Govt. share. The beneficiaries will have to erect the bamboo/steel structure themselves under observation of departmental officers as beneficiary's share. The cost of bed preparation, fertilizer etc. will have to be borne by the beneficiaries. Departmental officers will provide complete technical support to the beneficiaries. For the year 2015- 16 cultivation of Gerbera under Shade net house with tissue cultured planting materials is proposed to be taken up covering an area of 200 sqm. per unit area.",

"eligibility": "The component will be implemented in rural and urban areas. The beneficiaries should be of small and marginal category. Women SHGs and unemployed youths should get preference. The beneficiaries should have their own land in their premises or rented land on long term lease. Modern cultivation technology will be disseminated by the concerned departmental officers through training and skill teaching. One beneficiary can avail only one unit of 200 sqm. Proper representation from SC and ST farmers should be ensured. Beneficiary selection will be finalized by the District Level Beneficiaries Selection Committee through wide publicity in mass media. The District Level Beneficiaries Selection Committee will monitor the program time to time and DAO/DNO will report the progress of work to HQ every fortnight.",

"exclusions": "Section not found",

"frequently_asked_questions": "What About Floriculture Mission? A farm based income generating enterprise having high potential to earn foreign exchange and generate employment for rural and urban youths. When was horticulture mission launched? National Horticulture Mission (NHM) is an Indian horticulture Scheme promoted by Government of India. It was launched under the 10th five-year plan in the year 2005-06. Who is the Father of floriculture? Marigowda (Maragowdanahalli Hombegowda marigowda) is also known as Father of Horticulture in India. Who is the father of floriculture in India? Being the doyen of horticulture, Dr. Chadha is aptly referred to as the 'Father of Modern Horticulture'. Which state is first in floriculture? Karnataka is the leader in floriculture, accounting for 75% of India's total flower production. Who is the full form of CSIR? The Council of Scientific & Industrial Research (CSIR), known for its cutting edge R&D knowledge base in diverse S&T areas, is a contemporary R&D organization.",

"title": "Chief Minister Sustainable Agriculture Irrigation Scheme - Magel Tyala Shettale (Individual Farm Pond)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/chief-minister-sustainable-agriculture-irrigation-scheme",

"details": "Chief Minister Sustainable Agriculture Irrigation Scheme-Magel Tyala Shettale (Individual Farm Pond) has been launched by Ministry of Agriculture, Animal Husbandry, Dairy Development & Fisheries Department, Maharashtra State in the year 2022-23 (vide G.R. Dated 29 th June, 2022)Under this scheme subsidy payable to individual farmer is minimum Rs.14433/- and maximum Rs.75000/- depending on the size of the farm pond.Out of total area, 82 percent area of agriculture land in the state is rainfed and is dependent on rainfall. Water stress due to uneven distribution of rains and periodic interruptions in rains leads to large reduction in crop production. Sometimes crops are also destroyed. Farm ponds, in such situation plays an important role in providing protective irrigation and reduces crop losses substantially. Considering this matter, Chief Minister Sustainable Agriculture Irrigation Scheme-Individual Farm Pond has been sanctioned by the Maharashtra State Govt. vide G.R. Dated 29th June,2022.The scheme is implemented in all districts of the state. Under this scheme the subsidy payable to individual farmer is minimum Rs 14433/- and maximum Rs 75000/- depending on the size of the farm pond. Farmers should hold at least 0.20 ha land in Kokan region, while it is 0.40 ha limit for rest of the Maharashtra. Online applications are invited from farmers under Maha-DBT portal. The scheme is implemented by selecting the beneficiaries online through Maha-DBT portal.After completion of the farm pond, the subsidy payable under the scheme is credited through the PFMS system to theAadhaar number linked bank account of the farmer. The farm ponds are of two types one being with inlet outlet and the other without inlet and outlet type.The implementation of the component \"Magel TyalaShettale\" under Chief Minister Sustainable Agriculture Irrigation Scheme was approved videGovernment Circular dated April 25,2023. The name \"Chhatrapati Shivaji Maharaj Krishi Yojana\" was given vide GR. dated 18th October 2023.",

"objective": "Section not found",

"benefits": "1) Financial Assistance is given to farmers.2)The subsidy payable to an individual farmer minimum Rs.14433/- and maximum Rs.75000/- depending on the size of the farm pond.",

"eligibility": "1) Farmer should hold at least (Minimum) 0.20 ha. land and Kokan region, while it is 0.40 ha. limit for rest of Maharashtra.2) The applicant farmers land will have to be technically suitable for digging farm pond. So that the runoff rainwater can be stored in the farm pond through natural flow and recharge will be possible. In case of farm ponds without inlet and outlet there should be a natural source from where extra runoff during rainy season can be lifted and stored in farm pond.3) Before applying for farm pond, the applicant farmers should not have availed the subsidy for farm pond, community tank or bodi in paddy bunding or any Government Scheme.",

"exclusions": "Farmers who have availed the subsidy for farm pond, community tank or bodi in paddy bunding under any Government Scheme previously is not eligible for subsidy again.",

"application_process": "OnlineStep 01: Farmer RegistrationStep 02: Select user type and complete Aadhar authentication.Step 03: Profile completion (Mobile number, Address details, Land & land holding information)Step 04: Apply for Individual Farm Pond (a) select scheme Chief Minister Sustainable Agriculture Irrigation Scheme (b) Select farm pond type (with inlet outlet or without inlet outlet) (c) Select farm pond size. <https://mahadbt.maharashtra.gov.in/>",

"title": "Chief Minister's Krishi Rinn Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/cmkrj>",

"details": "The Chief Minister's Krishi Rinn Yojana (CMKRY) is a scheme initiated by the Government of Arunachal Pradesh to support farmers by providing them with zero-interest crop loans. Under this scheme, the government offers an interest subvention of 4% on crop loans or Kisan Credit Card limits up to Rs. 3.00 lakhs, sanctioned by all banks during the current financial year. This interest subvention is provided over and above the subvention given by the Government of India to banks and farmers per the policy circular issued by RBI/NABARD. Additionally, farmers who promptly repay their short-term production credit (crop loan) within one year of disbursement or withdrawal can avail themselves of an interest relief of 3% per annum. In other words, farmers who take loans up to Rs. 3.00 lakhs and make timely repayments are eligible for the zero-interest credit facility. NABARD acts as the channel partner for reimbursement to banks regarding the interest subvention amount of this scheme. The state government also issues a notification wherein a certificate of the cultivated area and crops being grown is issued by the Circle Officer, which is considered a valid document by banks for issuing Kisan Credit Cards to farmers. Salient Features: The farmer will get interest subvention of 4% on crop loan / KCC limit upto Rs. 3 lakh. The farmers can take loans from any bank within the state during the current financial year. If the farmer make their loan payment on time they will also get interest relief of 3% per annum on their crop loan. The government will not provide any relief for the production of perennial food crop and plantation crop. The farmers will be selected separately through district and concerned bank wise. Objective of this scheme: To provide a facility of crop loans at zero interest rates for farmers in the state.",

"objective": "Section not found",

"benefits": "Benefits Kisan Credit Card and card limit up to ₹3.00 lakh as loan, sanctioned by all banks to all farmers of the state during the current financial year. Interest subvention of 4% on crop loan, over and above the subvention given by the Government of India. In effect, farmers making timely repayments can avail ₹3.00 lakh of the loan with access to an interest credit facility. Zero-interest crop loans provide financial relief to farmers and reduce their burden of interest payments. Easy access to formal credit through banking channels promotes financial inclusion for farmers. The scheme sets a target to cover 7500 farmers under crop loans, contributing to the state's agricultural development.",

"eligibility": "Eligible Beneficiary/Group Farmers cultivating short-term crops in Arunachal Pradesh. Farmers who hold Kisan Credit Cards or avail themselves of crop production loans from commercial banks, APRB, and APSCAB Ltd are eligible for the scheme. The farmers should have a good repayment track record and promptly repay their short-term production credit (crop loan) within one year. The scheme is available for crop loans or Kisan Credit Card limits up to Rs. 3.00 lakhs. The farmers must fulfill the eligibility criteria and documentation requirements set by the banks. The scheme is open to both small and marginal farmers as well as large farmers in the state.",

"exclusions": "The scheme does not apply to the production of perennial food crops or plantation crops. Farmers engaged in the production of excluded crops mentioned above are not eligible for zero-interest credit under this scheme. Non-farmers or individuals who are not actively engaged in agricultural activities are not eligible for the benefits of CMKRY.",

"application_process": "Offline According to the scheme, prospective farmers will obtain a Land Holding certificate from the concerned CO/EAC/BDO/SDO/ ADC/DC office. The loan application will be forwarded through Circle Officer who will certify that the applicants own Land. Benefits under the scheme will be extended to farmers availing KCC. The applicant may apply for the scheme in any Bank. Fill out the application form with accurate and complete details. Attach the necessary documents as specified by the bank, including identification proof, land ownership documents, income certificates, etc. Submit the completed application form and supporting documents to the bank. The bank will review the application, assess the eligibility, and process the loan request. Upon approval, The loan amount will be disbursed to the farmer's account.",

"documents_required": "Documents Required Land holding certificate issued by the local Gaon Buras (GBs) Notification from the state govt. wherein a certificate of area and crop being cultivated issued by Circle Officer to be accepted as valid documents by bank. Aadhar seeded bank account details. Aadhar Card. Other requirements by the bank against loan formalities",

"frequently_asked_questions": "Who is eligible for the Chief Minister's Krishi Rinn Yojana? Farmers in the state of Arunachal Pradesh who hold Kisan Credit Cards or avail themselves of crop production loans from commercial banks, APRB, and APSCAB Ltd are eligible for the scheme. What is the maximum loan limit under this scheme? The maximum loan limit under the Chief Minister's Krishi Rinn Yojana is Rs. 3.00 lakhs. How much interest subvention is provided by the government? The government provides an interest subvention of 4% on crop loans or Kisan Credit Card limits up to Rs. 3.00 lakhs, in addition to the subvention given by the Government of India. How can farmers avail themselves of the zero-interest credit facility? Farmers who take loans up to Rs. 3.00 lakhs and promptly repay their short-term production credit within one year are eligible for zero-interest credit facility. \n\n\nWhat crops are excluded from this scheme? The production of perennial food crops and plantation crops are excluded from the Chief Minister's Krishi Rinn Yojana. Can farmers from all districts of Arunachal Pradesh apply for this scheme? Yes, farmers from all districts of Arunachal Pradesh can apply for the Chief Minister's Krishi Rinn Yojana. Is NABARD involved in the implementation of this scheme? Yes, NABARD acts as the channel partner for reimbursement to banks regarding the interest subvention amount.",

"title": "Chief Minister's Agriculture Mechanisation Programme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/cmamp",

"details": "Raising Govt. assistance in consideration of the high cost of Farm Machineries shall be a boon in the entire farm operation in the state as more than 70% population is directly dependent on agriculture. Considering this, the existing Farm Mechanisation Programme (under implementation jointly by the Govt. of India and State Govt.) is renamed into CM's Agriculture Mechanisation Programme, which was approved by raising the State share subsidy against the distribution of Farm Machineries. Objective: To promote mechanization with the law of farm availability. To provide hiring services for various agriculture Machinery/ Implements of post-harvest technology (PHY) equipment applied for different operations. To expand mechanized activities during cropping seasons in large areas, especially in small and marginal land holdings. To introduce improved, newly developed agriculture implements and machines in crop production. To attain food and farm income security with the enhancement of area under different food and cash crops and transition from obsolete farm practices into technology-based improved farming operations. Important Features: District Agriculture Development Society (DADS) is authorized to select the beneficiaries as per Chief Minister's Sashakt Kisan Yojana-CM SKY. Records of CHC are to be maintained with details of hiring charges by the beneficiary and should be authenticated by District Agriculture Officer. All Custom Hiring Centers (CHCs) should be Geo-tagged and registered in the portal of the Monitoring & Training division of the Government of India. Every beneficiary will have to contribute ₹6.00 lakh per CHC. The subsidy is to be paid only at the source to the dealer of the company.",

"objective": "Section not found",

"title": "Chief Minister's White Revolutions Scheme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/cmwsr>",

"details": "The CMWRS was approved in the 2018-19 budget announcement with a total outlay of ₹750.00 lakh. It aims to create a cooperative model of 200 dairy farmers in Pasighat, Rupa, Tezu, Chowkham, and Roing as milk production hubs. The scheme provides a minimum support price for milk procurement and strengthens the milk plant at Karsingsa and Rupa. The scheme also supports vermicompost facilities through 200 farmers to promote organic farming and the Green India campaign. The implementation of the scheme is through the department of Animal Husbandry, Veterinary & Dairy Development with tie-ups with the Apex Bank and NABARD. Selection of farmers, formation of District Dairy Appraisal Committee (DDAC), and selection of beneficiaries on a cluster basis by the District Dairy Development Committee have already been formulated. The scheme helps in poverty alleviation, economic upliftment, minimizes human migration, ensures the health of the farmers through supplement milk production, and enhances organic agricultural/horticultural productivity.",

"objective": "Section not found",

"benefits": "a. Capital subsidy of 50% up to ₹3.00 lakh for a minimum unit of 2 cows through the Apex bankb. Farmers given Kisan Credit Cards for working capital loan up to ₹3.00 lakh per farmer covering feed requirement for 3 months, insurance, vaccines & veterinary aidc. State government ensures 4% interest subsidy through NABARD to Apex Bank to make these loans available at 0% interest rate to dairy farmersd. 25% top-up subsidy will be provided for cold storage, transportation, bulk coolers, etc., for successful dairy societies and above 33% subsidy under DEDS (Dairy Entrepreneurship Development Scheme) of the Government of Indiae. Two kinds of support extended to beneficiaries: One dairy subsidy scheme with 5 cows and special assistance for dairy entrepreneurship generation with 15 cowsf. Logistical funds distributed to farmer accounts by Direct Transferg. Progressive entrepreneurs selected and assisted by giving 9 no. of milk cows and 6 nos. of heifer",

"eligibility": "a. The dairy farmers of Arunachal Pradesh are eligible for the scheme as selected by the District Dairy Development Committee.b. The preference will be given to women and genuinely poor.c. The beneficiaries will be selected on a cluster basis by the District Dairy Development Committee.d. The scheme provides a minimum support price for milk procurement.e. The beneficiaries will receive a capital subsidy of 50% up to ₹3.00 lakh for a minimum unit of 2 cows through the Apex bank.",

"exclusions": "a. The scheme is not applicable to dairy farmers outside the five potential districts of Arunachal Pradesh.b. Only 200 dairy farmers can be a part of the cooperative model for milk production hubs.c. Individuals who are not dairy farmers cannot apply for the scheme.",

"application_process": "OfflineStep 1: Obtain the Application FormContact the District Animal Husbandry and Veterinary Officer (DAHVO) or the designated department responsible for the scheme to obtain the application form for the Chief Minister's White Revolutions Scheme.Step 2: Fill in the Application FormCarefully fill in the application form with accurate information. Ensure that all the required fields are completed as per the prescribed format.Step 3: Gather Required DocumentsCollect the necessary documents for submission along with the application form. The required documents typically include:Aadhar Card: To establish the identity of the applicant.BPL Card: To determine the eligibility of the applicant as a genuinely poor individual.Step 4: Attach Supporting DocumentsIf there are any additional supporting documents required as per the guidelines of the scheme, ensure they are properly attached to the application form. These documents may vary based on specific requirements or preferences set by the District Dairy Development Committee.Step 5: Submit the ApplicationOnce the application form and supporting documents are complete, submit them to the designated authority or the District Animal Husbandry and Veterinary Officer (DAHVO). "title": "Cluster Nutritional Kitchen Garden Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/cnkgs",

"details": "The Cluster Nutritional Kitchen Garden Scheme (CNKGS) aims to empower marginal farmers and the general public by promoting the cultivation of vegetables and the rearing of livestock within their own households. The scheme seeks to enhance self-sufficiency and improve nutritional requirements by enabling individuals to grow their own fresh and healthy produce. This initiative will be implemented at the district level under the guidance of the respective MLAs (Members of Legislative Assembly) and Deputy Commissioners.",

"objective": "Section not found",

"benefits": "Reduced dependence on other states for vegetables and livestock.Improved self-sufficiency and availability of fresh and nutritious produce.Increased dietary diversity and improved nutritional intake.Generation of additional income through surplus produce.Promotion of sustainable farming practices and agro-ecological techniques.Enhancement of food security at the household level.Empowerment of marginalized farmers and the general public through skill development and entrepreneurship opportunities.",

"eligibility": "Resident of Arunachal Pradesh: Applicants must be permanent residents of Arunachal Pradesh, possessing valid residential proof such as ration card, electricity bill, or driving license.Marginal Farmers: The scheme is open to marginal farmers who own or lease small areas of agricultural land suitable for kitchen gardening. Land ownership documents or lease agreements may be required as proof.General Public: Individuals from the general public who are interested in establishing a kitchen garden and meet the eligibility criteria are also eligible to apply for the scheme.Availability of Space: Applicants must have sufficient space within their premises to establish a kitchen garden. Adequate land or open space is necessary for growing vegetables and rearing livestock.Commitment and Capability: Eligible individuals should demonstrate the commitment and capability to maintain and sustain the kitchen garden. This includes dedicating time and effort for regular care, watering, and management of the garden.",

"exclusions": "Large-scale commercial farmers who already have established farming operations.Individuals residing in urban areas without adequate space for kitchen gardening.Those who do not have the necessary time, resources, or interest in maintaining a kitchen garden.",

"application_process": "OfflineStep 1: Contact District Authority: Interested individuals should contact the respective district authority, such as the office of the MLA or the Deputy Commissioner, to express their intention to participate in the Cluster Nutritional Kitchen Garden Scheme.Step 2: Obtain Application Form: The district authority will provide the applicants with the necessary application form and guidelines for the scheme. Applicants should carefully fill out the form with accurate information.Step 3: Submission of Application: The completed application form, along with the required documents, should be submitted to

the designated authority within the specified timeline. The applicants may need to make multiple copies of the application form and documents for record-keeping.",

"documents_required": "Proof of Identity: Valid identity proof documents such as Aadhaar card, voter ID, or PAN card.Proof of Residence: Documents verifying the residential address, such as ration card, electricity bill, or driving license.Land Ownership Documents or Lease Agreement: If the applicant owns the land, relevant land ownership documents should be provided. If the land is on lease, a lease agreement may be required.Bank Account Details: Information regarding the applicant's bank account, including the account number and IFSC code, for financial transactions related to the scheme.Any Other Documents: The district authority may specify additional documents during the application process, if deemed necessary for verification purposes.",

"frequently_asked_questions": "What is the purpose of the Cluster Nutritional Kitchen Garden Scheme?The scheme aims to promote self-sufficiency and improve nutritional needs by encouraging the establishment of kitchen gardens.Can individuals from any state apply for the scheme?No, the scheme is specifically for residents of Arunachal Pradesh.Are there any restrictions on the size of the land for kitchen gardening?The scheme is open to marginal farmers with small areas of agricultural land suitable for kitchen gardening. Adequate space is necessary for growing vegetables and rearing livestock.How will the scheme help in reducing dependence on other states?By promoting the cultivation of vegetables and rearing of livestock within households, the scheme aims to reduce the need to rely on other states for the supply of these food items.Are there any training or support programs provided under the scheme?The scheme may provide training and support programs to eligible individuals to enhance their knowledge and skills in kitchen gardening.Will the scheme provide financial assistance for setting up the kitchen garden?The availability of financial assistance may vary. Applicants should inquire with the district authority regarding any financial provisions under the scheme.Can urban residents participate in the scheme?Urban residents may participate if they have sufficient space within their premises for establishing a kitchen garden.",

"title": "Coconut Palm Insurance Scheme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/cpis>",

"details": "The 'Coconut Palm Insurance Scheme (CPIS)' is being implemented by the Coconut Development Board, Ministry of Agriculture and Farmers Welfare, Government of India, with the objective

of insuring coconut palms against natural calamities, climatic risks, pests, diseases, and other perils. Under this scheme, all healthy nut-bearing coconut palms in the age group of 4 years to 60 years in a contiguous area (mono/mixed) can be insured against natural perils leading to death/loss of palm/becoming unproductive. The scheme is being implemented in all coconut-growing States through Agriculture Insurance Company and implementing State Governments. Objectives: Assist coconut growers in insuring coconut palms, against natural and other perils. Provide timely relief to farmers, who suffer income loss due to sudden death of palms. Minimize risk and encourage replanting and rejuvenation to make coconut farming remunerative. Applicability: The CPIS will be applicable to all healthy nuts bearing coconut palms; grown as mono or intercropped; on bunds farms or homestead and to all varieties of coconut, including Tall, Dwarf and Hybrids. Since, Dwarf and Hybrids begin to yield fruit from 4th year of planting, this variety of coconut palms in age range of 4-60 year will be covered under the scheme, but Tall variety coconut palms will be eligible for coverage for age range of 7-60 year. Unhealthy and senile palms will be excluded from coverage. Risks covered: The scheme covers following perils leading to death/loss of palm or palm becoming un-productive: Storm, hailstorm, cyclone typhoon, tornado, heavy rains. Flood and inundation. Pest and diseases of widespread nature causing, irreparable damages to palm. Accidental fire, including forest fire and bush fire, lightening. Earthquake, landslide and tsunami. Severe drought and consequential total loss. States & Areas Covered: This insurance scheme will be implemented in the selected districts of all the States/UTs, growing coconut palms. All bearing and healthy palms will be insured, in a contiguous area, by farmer/grower and every effort will be made by CDB, to get all bearing and healthy palms insured, in cluster villages of district(s).",

"objective": "Section not found",

"benefits": "Sum Insured & Premium: Under this scheme, 50% of the premium is borne by the Board and balance is shared between the State Government and Farmers @ 25% each, as below:

Age group of Palms	Premium per plant/year	Board's Share (50%)	State Govt. Share (25%)	Farmer's Share (25%)	Sum insured per palm
4-15 years	₹94.50	₹47.25	₹23.62	₹23.62	₹900/-
16-60 years	₹1473.50	₹736.75	₹368.37	₹368.37	₹1750/-

Premium Subsidy: Of amount under above, 50% will be paid by Coconut Development Board (CDB) and 25% by State Government concerned and balance 25% will be paid by farmer/grower. In case, the State government does not agree to bear 25% share of premium, farmers/growers, will be required to pay 50% of premium, if interested in insurance scheme. In case some planters/growers' association wishes to bear the premium on behalf of planters/growers, such associations may do so if they have 'insurable interest'. In any case, the planters/ growers shall have to bear a minimum of 10% premium. Premium subsidy amount (50% by CDB and 25% by participating States) will be released to Insurance Company in advance based on estimates, which will be replenished / adjusted on quarter/year basis. Insurance Term: A policy can be issued for a maximum period of three years for which rebate in premium @ 7.5% for two year policy and 12.5% for three year policy will be provided to the planters/growers. Effort will be made to ensure that all eligible farmers/growers join the scheme by 31st March of year. However, those farmers/growers who do not join the scheme by 31st March may join the scheme subsequently, and in which case risk is covered from 1st day of succeeding month. Contingency Insured: This insurance policy pays for total loss of palm on account of happening of perils insured leading to death of insured palm or its becoming unproductive. In case, death of palm is not immediate, payment of sum insured will be payable on production of certificate from Coconut Development Board (CDB)/Agriculture / Horticulture Department justifying cause for declaring palm unproductive. A palm can be declared 'unproductive' only when further growth / rejuvenation of palm is removed / possible after the same damaged by peril(s) insured, provided palm is removed / felled by insured. In case farmer / grower wishes to retain unproductive palm as it is (without felling), salvage value of

50% of sum insured will be deducted from claim. In any case, loss of palm will have to be established to, occurrence of peril insured.",

"eligibility": "Eligibility criteria:As per the Scheme, individual farmers/growers offering at least 5 healthy nuts-bearing palms for insurance in specified age groups, (4-60 years for dwarf, hybrid, and 7-60 years for tall) contiguous area/plots will be eligible for insurance.Note 01: Insurance is for individual palms and not area-based.Note 02: Partial insurance of the plantation is not allowed.Note 03: A minimum of 5 healthy nut-bearing palms is the criterion to come under the insurance scheme.Scope of cover:The scheme will cover all healthy palms within the insurable age group in areas/districts selected for implementation of the scheme. Partial insurance of plantations in contiguous areas is not allowed. Insurance coverage is from the 4th/7th year to the 60th year, and split into two age groups i.e. 4-15 years and 16-60 years, for fixing premium and sum insured.Self-declaration of age group by insured farmer/grower in insurance proposal will be acceptable. Insurance Company may get the insured palms verified for authenticity, at any time before expiry of the policy period or payment of the claim. Insurance becomes void in the event of a wrong declaration of age or any material fact by the insured, concerning insurance.Franchise:The claim is assessed only if a number of palms damaged, due to perils insured are in a contiguous area is more than the palms lost as shown for different slabs:Sl. No.No. of Insured Palms in a contiguous areaFranchise (Palms lost) 1< 30 1231-100 23>100 3Waiting period:Loss/death of palms, within 30 days from inception of insurance, sum insured is not payable under the scheme, but this condition is not applicable in case of renewal of insurance, without time gap.",

"exclusions": "No claims shall be payable under the scheme if the palm is lost due to operation of peril insured is within the 'Franchise' clause. Under this policy, the insurer will not be liable for any payment for any expenses incurred by the insured in connection with or in respect to loss other than on account of perils insured. The insurance does not cover the following events, in so far as they are applicable, keeping in view the scope of insurance coverage:Loss by Theft, War, Invasion, Civil War. Rebellion, Revolution, Insurrection, Mutiny, Lockout, Malicious Damage, Conspiracy, Military/Usurped Power, Civil Commotion, Confiscation, Requisition/Destruction/damage by order of any Government de-jure/de-facto/by any public/municipal/local authority, including damage due to power transmission.Nuclear reaction, nuclear radiation or radioactive contamination.Impact damage due to aircraft or other falling objectsWilful negligence of the insured and anyone acting on his behalf.Damage caused by human, bird or any animal action.Improper maintenance of palms.Palm becoming unhealthy & senile.Natural mortality of the palm; uprooting of palm traceable to chiselling of roots.",

"application_process": "OfflineApplication Process: Farmers/growers desiring insurance may directly contact representatives/authorized agents of the Insurance Company or may contact the nearest office of the Agriculture/Horticulture Department. Premium will be paid by farmer/grower, net off premium subsidy, through cash, cheque/bank draft, drawn in favour of Insurance Company.Claim assessment & settlement procedure:Loss of insured palms will be intimated by insured farmers to the insurance company within 15 (fifteen) days from the occurrence of peril, with all relevant details.The claims may also be intimated through concerned State Government Call Centers until the Implementing Agency (i.e. insurance company) sees up its own call centre. Loss assessment certification is required to be furnished by the Coconut Development Board (CDB)/Agriculture/Horticulture Department/State Agriculture University (SAU), as authorized by the insurance company for each district, justifying cause for loss of palm, within 15 days from the intimation of loss.The insurance company, at its discretion may send its representative to assess loss jointly with the agency designated to certify loss.The insurance company will release the claim to the insured farmer/grower within one month from the date, all relevant certified details of the claim are received in their office. Release of the claim amount, however, is subject to receiving a premium subsidy

from both CDB and the concerned State. Insurance ceases to operate once a full claim is paid. Personal Accident cover for climbers registered with CDB/State government may be arranged with the public sector general insurance companies. The sum insured and the premium will be negotiated depending on the likely number of climbers to be insured."

"documents_required": "Farmer/Grower who needs to insure his palms should submit the following documents, as the case may be: Identity proof of farmer Proposal forms along with premium amount (Preferably DD) Proof of land record / Plantation or a certificate issued by revenue authorities to Agri. Dept. / CDB / Horticulture Department, depending upon the practice in a State Declaration by a farmer that only healthy palms are insured. A rough sketch of the plantation with the land identification number of each plot and the number of palms therein, the palms should preferably be numbered. Bank account details Other documents as required by the board",

"frequently_asked_questions": "What is the 'Coconut Palm Insurance Scheme (CPIS)'? The Coconut Palm Insurance Scheme is a program initiated by the Coconut Development Board, Ministry of Agriculture and Farmers Welfare, Government of India. It aims to provide insurance coverage to coconut palms against natural calamities, climatic risks, pests, diseases, and other perils. What are the objectives of this scheme? • Assist coconut growers in insuring coconut palms, against natural and other perils. • Provide timely relief to farmers, who suffer income loss due to sudden death of palms. • Minimize risk and encourage replanting and rejuvenation to make coconut farming remunerative. Who is eligible for coverage under CPIS? All healthy nut-bearing coconut palms in the age group of 4 to 60 years, whether grown as mono or intercropped, on bunds farms or homestead, and of all varieties including Tall, Dwarf, and Hybrids are eligible for coverage. Unhealthy and senile palms will be excluded. How is the age range determined for coverage? For Dwarf and Hybrid varieties, coverage begins from the 4th year of planting, while Tall variety coconut palms are eligible for coverage from the 7th year onwards, up to the age of 60 years. Which areas and states are covered under the scheme? • This insurance scheme will be implemented in the selected districts of all the States/UTs, growing coconut palms. • All bearing and healthy palms will be insured, in a contiguous area, by farmer/grower and every effort will be made by CDB, to get all bearing and healthy palms insured, in cluster villages of district(s). How is this scheme implemented? The scheme is implemented through the Agriculture Insurance Company and collaborating State Governments in all coconut-growing states. Every effort is made by the Coconut Development Board to encourage farmers in cluster villages to insure all bearing and healthy palms in their respective districts. How is the premium for CPIS determined? The premium for CPIS is subsidized to make it accessible for farmers. The Coconut Development Board (CDB) contributes 50%, the State Government covers 25%, and the remaining 25% is the responsibility of the farmer or grower. In certain cases, if the State government does not agree to bear its share, the farmer may need to pay 50%. Is there any premium subsidy provided to farmers? Yes, there is a premium subsidy. The CDB and participating State Governments provide a subsidy amounting to 75% of the premium. The subsidy is released to the Insurance Company in advance based on estimates and is replenished/adjusted on a quarter/yearly basis. Is there a waiting period for coverage under CPIS? Yes, there is a waiting period of 30 days from the inception of insurance during which loss or death of palms is not payable. However, this condition is not applicable for renewals without a time gap. What happens if a farmer wishes to retain an unproductive palm without felling it? If a farmer/grower chooses to retain an unproductive palm without felling it, a salvage value of 50% of the sum insured will be deducted from the claim. Loss of the palm must be established through evidence of the occurrence of the insured peril. Who is eligible to enroll in the Scheme? Individual farmers or growers offering a minimum of 5 healthy nut-bearing palms falling within the specified age group are eligible for insurance. For Dwarf and Hybrid varieties, the age group is 4-60 years, and for Tall varieties, it is 7-60 years. Is the insurance based on individual palms or

the entire plantation area?The insurance under CPIS is for individual palms and is not area-based. Each eligible palm must be individually insured.Can a farmer opt for partial insurance of their coconut plantation?No, partial insurance of the plantation is not allowed under the CPIS. The entire contiguous area or plot with a minimum of 5 healthy nut-bearing palms must be covered under the scheme.How is the age group determined for insurance coverage?The insured farmer or grower can self-declare the age group of the palms in the insurance proposal. However, the Insurance Company has the authority to verify the age of the insured palms at any time before the policy expires or a claim is paid. The insurance becomes void in case of a wrong declaration of age or any material fact by the insured regarding the insurance.How can a farmer/grower apply under the scheme?Farmers/growers desiring insurance may directly contact representatives/authorized agents of Insurance Company or may contact nearest office of Agriculture/Horticulture Department. Premium will be paid by farmer/grower, net off premium subsidy, through cash, cheque/bank draft, drawn in favour of Insurance Company.",

"details": "The scheme \"Coffee Development Programme in North Eastern Region: Consolidation of Coffee\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. This scheme aims to increase the productivity of the existing coffee holdings by gap filling or rejuvenation, followed by improved cultivation methods such as application of compost, bush management, shade management, pest and disease control, etc.",

"objective": "Section not found",

"benefits": "Unit Cost: ₹60,000 per hectare.Scale of Subsidy: 50% of the Unit Cost, which is ₹30,000 per hectare.Release of SubsidyThe subsidy will be released in two installments:1st installment: 60% of the unit cost.2nd installment: 40% of the unit cost.Mode of PaymentThe Joint Director (Extn.) / Deputy Director (Extn.), after confirming the admissibility of the claim, will release the 1st and 2nd installments of the eligible subsidy amount to the grower's bank account through EFT/RTGS/NEFT.",

"eligibility": "1. The applicant must be a tribal grower.2. The applicant's area is ineligible for subsidy if it received consolidation subsidy during the XII Plan period.3. The applicant's land records must be in their name.4. The applicant should provide land records or a certified possession certificate.5. The applicant must procure seed material for gap filling or consolidation exclusively from the Coffee Board.",

"exclusions": "Section not found",

"application_process": "OfflineClaiming 1st InstallmentStep 1: The interested grower should take print of the prescribed format of the application form.Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory

documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the concerned Extension Office of the Coffee Board after completion of planting. Step 4: The concerned SLO/JLO Office shall scrutinize the documents, carry out field inspection, furnish the inspection report, and forward the claim along with enclosures with recommendations either for sanction/rejection of the claim or justification for releasing the 1st installment. Claiming 2nd Installment Step 1: The interested grower should take print of the prescribed format of the application form. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the concerned Extension Office of the Coffee Board during the 2nd year of planting, after filling the vacancies. Step 4: The concerned SLO/JLO Office will scrutinize the documents, carry out field inspection, furnish the inspection report, and forward the claim along with enclosures with recommendations either for sanction/rejection of the claim or justification for releasing the 2nd installment.",

"documents_required": "For Claiming the 1st Installment Application and Self Declaration duly filled in and signed by the Applicant/s (in duplicate) in the prescribed format. Proof of photo identity of the applicant/s, such as a copy of the Driving License, Ration Card, Election Photo Identity Card (EPIC) issued by the Election Commission, Aadhaar Card, Passport, or PAN Card, etc. Proof of Land Ownership. Bank Account details, including account number, bank name, branch, and IFSC code. For Claiming the 2nd Installment Application and Self Declaration duly filled in and signed by the Applicant/s (in duplicate) in the prescribed format.",

"frequently_asked_questions": "What is the time frame for submitting the application to claim the 2nd installment of subsidy? The application for the 2nd installment should be submitted during the 2nd year of vacancy filling. How is the subsidy calculated for different coffee growers based on their land area? The subsidy is calculated as 50% of the unit cost (₹30,000 per hectare) for each eligible grower. What are the acceptable forms of photo identity for the subsidy application? Acceptable forms include a copy of the Driving License, Ration Card, Election Photo Identity Card (EPIC), Aadhaar Card, Passport, or PAN Card. Can you clarify the procedure for releasing the 1st and 2nd installments of subsidy to the grower's bank account? The Joint Director (Extn.) / Deputy Director (Extn.) releases these installments through EFT/RTGS/NEFT after confirming claim admissibility. How does the SLO/JLO Office contribute to the subsidy claim process? SLO/JLO Offices conduct field inspections, provide inspection reports, and offer recommendations for subsidy claims. What is the role of the Extension Office of the Coffee Board in the subsidy claim process? The Extension Office handles document submission, scrutiny, and recommendation for subsidy claims. Can you explain the role of the Village Authority, State Government Authority, or Competent Authority in verifying land records? These authorities are responsible for certifying the possession of land records by the beneficiary. What are the consequences for applicants providing incorrect information for subsidy benefits? Applicants providing incorrect information may face legal action for recovery with applicable interest. How does the Coffee Board handle applicants resorting to unethical practices? Applicants resorting to unethical practices like offering rewards or coercing officials may face summary rejection or legal action for subsidy recovery. What happens if funds are not available in a particular year for eligible subsidy release? The release of eligible subsidy is subject to fund availability during that specific year. What documents are required to claim the 2nd installment of subsidy? The same documents as for the 1st installment are needed, including an application, proof of identity, land ownership, and bank account details. How is the subsidy released to the coffee growers? The subsidy is released in two installments, with the 1st installment being 60% of the unit cost and the 2nd installment being 40% of the unit cost. What specific conditions disqualify land areas for subsidy during the MTF period? Land that has already received consolidation subsidy during the XII Plan period is ineligible for subsidy in the MTF period.",

"frequently_asked_questions": "Can you provide more information about the geographical scope of this scheme and the regions in which it operates?The \"Coffee Development Programme in North Eastern Region\" focuses on facilitating afforestation in Jhum lands in the North Eastern Region and assisting tribal communities in establishing a permanent settlement.\n\n\nAre there any particular objectives or strategies in place to promote afforestation in Jhum lands as part of this program?The primary objective of this scheme is to facilitate afforestation in Jhum lands and support tribal communities in establishing a permanent settlement. The scheme may have specific strategies to achieve afforestation goals.\n\nWhat safeguards are in place to ensure that funds are allocated fairly and that the scheme is administered in a transparent and accountable manner?The Coffee Board ensures that funds are distributed fairly and transparently to eligible beneficiaries, operating within the constraints of the funds allocated for that specific year. This process is characterized by accountability and transparency in line with the scheme's objectives.\n\nCan you elaborate on the role of the Coffee Board in the implementation of this scheme and its responsibilities in overseeing the execution and subsidy disbursement process?The Coffee Board plays a crucial role in implementing the scheme. It is responsible for overseeing the execution of the program, approving applications, and disbursing subsidies to eligible beneficiaries, ensuring that the scheme's objectives are met effectively.\n\nIs there a specific format or template for applicants to use when completing the application, and what does this format entail?Applicants are required to use the prescribed format for the application, which outlines the necessary fields and details they need to provide when submitting their application.\n\nWhat measures are in place to maintain fairness and integrity in the application and subsidy process, and how does the Coffee Board address attempts to influence this process?The Coffee Board enforces strict measures to maintain the integrity of the application and subsidy process. It rejects applications from individuals who attempt to influence the process through offers, rewards, gifts, or coercion, whether directly or indirectly. Additionally, legal action is initiated against those who wilfully furnish incorrect information, engage in misrepresentation, or suppress information to obtain subsidy benefits.\n\nIs there flexibility in the terms and conditions of this scheme, and under what circumstances might they be amended?Yes, the Coffee Board retains the authority to amend or modify the terms and conditions of the scheme as it deems necessary for the efficient execution of the program and the fulfillment of its objectives. Any changes are intended to ensure that the scheme operates effectively.\n\nCould you clarify the Coffee Board's approach to managing funds for this scheme and how it impacts the release of subsidies?The availability of funds in a given year plays a vital role in determining the release of eligible subsidy amounts. The scheme operates within the constraints of the funds allocated for that specific year, impacting the disbursement process.\n\nHow does the Coffee Board oversee the release of subsidies to growers, and what role do its Extension Offices play in this process?The Coffee Board plays a critical role in overseeing the subsidy disbursement process. The Extension Offices, along with Joint Directors and Deputy Directors, verify the eligibility of claims, inspect the plantations, and facilitate the release of subsidies to the growers.\n\nCan you detail the mandatory documents required when claiming the second installment, and why are they significant?The documents needed to claim the second installment are similar to those for the first installment and include the duly filled application and self-

declaration, proof of photo identity, proof of land ownership, and bank account details. These documents are essential for validating eligibility and ensuring transparency in the subsidy disbursement process.

Are there any specific conditions regarding the second installment, and how does the Coffee Board assess the eligibility for this part of the subsidy? The Coffee Board evaluates eligibility for the second installment based on the documents submitted and field inspections carried out by concerned authorities. The scheme outlines specific conditions and criteria for this assessment.

What steps are involved in the claiming of the second installment of the subsidy, and when can growers initiate this process? To claim the second installment, growers should also follow a four-step process. They need to complete the prescribed application form, attach the required documents, and submit it to the Extension Office during the second year of planting after filling the vacancies.

Could you outline the documents required for claiming the first installment of the subsidy and their significance? Documents necessary for claiming the first installment include the duly filled application and self-declaration, proof of photo identity of the applicant, proof of land ownership, and bank account details. These documents play a crucial role in verifying eligibility and facilitating the subsidy disbursement process.

Can you explain the process for beneficiaries to claim the first installment of the subsidy? To claim the first installment, interested growers should follow a four-step process. First, they must obtain the prescribed application form. Then, they should complete the application form, attach mandatory documents, and submit it to the relevant Extension Office of the Coffee Board after planting.

How is the subsidy released to beneficiaries, and in how many installments? The subsidy is disbursed in two installments. The first installment covers 60% of the unit cost, and the second installment covers the remaining 40%.

What is the unit cost allocated for this program, and how does the subsidy factor into it? The unit cost for this program is ₹1,00,000 per hectare, and the subsidy covers 50% of this unit cost, which amounts to ₹50,000 per hectare.

Is there a specific requirement regarding where the seed material should be procured from, and if so, what is it? The seed material should be procured exclusively from the Coffee Board as specified by this scheme.

What are the eligibility criteria for individuals or groups seeking to benefit from this program, particularly in terms of tribal growers? Tribal growers are eligible for this scheme, provided that the area is suitable for coffee cultivation, the land records are in the beneficiary's name, and the beneficiary furnishes duly certified land records or possession certificates from relevant authorities.

Can you provide a comprehensive overview of the "Coffee Development Programme in North Eastern Region," specifically focusing on its goals and objectives? The "Coffee Development Programme in North Eastern Region" is part of the larger "Integrated Coffee Development Project" and primarily aims to facilitate afforestation in Jhum lands while helping tribal communities establish a permanent settlement.",

This scheme aims to facilitate the improvement of the quality of coffee produced by growers by encouraging them to establish infrastructure for quality enhancement and obtain certification for their coffees, enabling them to earn better returns. This involves three main activities: supply of pulpers, construction of cement drying yards, and eco-certification of coffee holdings.",

"objective": "Section not found",

"benefits": "Unit Cost and Scale of SubsidySize of the Holding: Up to 2 hectares.Dimension of the Unit: 10 feet x 10 feet or (100 square feet).Unit Cost: ₹15,000/-Rate of Subsidy: 75% of unit cost.Size of the Holding: 2 hectares and above.Dimension of the Unit: 20 feet x 20 feet or (400 square feet).Unit Cost: ₹45,000/-Rate of Subsidy: 75% of unit cost.",

"eligibility": "The applicant should be a tribal grower.The applicant should not have availed of the benefits during the XII plan.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: Submission of Required DocumentsThe beneficiary/applicant must submit the application in the prescribed format along with the necessary documents for availing of the subsidy.Step 2: Document Scrutiny and Field InspectionThe Extension Officer will scrutinize the submitted documents. A field inspection will be conducted to verify the information.Step 3: Application ForwardingThe Extension Officer will forward the application along with the verification report to the concerned Joint Director (Extension)/Deputy Director (Extension).Step 4: Scrutiny by Joint Director/Deputy DirectorThe Joint Director (Extension)/Deputy Director (Extension) will scrutinize the application and verification report.Step 5: Subsidy ReleaseAfter scrutiny and satisfaction about the admissibility of the claim, the Joint Director (Extension)/Deputy Director (Extension) will release the applicable subsidy to the beneficiary through electronic fund transfer (EFT).",

"documents_required": "Application in the prescribed format (in duplicate).Copy of photo identity cards like Aadhaar (Unique Identification), Ration card, Passport, Election Photo Identity Card (EPIC), or Driving license, etc.Work completion report and expenditure statement by the applicant.Copy of the Bank Pass Book with account details.NOTE 1: The land records should be in the name of the beneficiary.NOTE 2: The applicant should furnish the land records/possession certificate duly certified by the Village Authority/State Government Authority/Competent Authority.",

"frequently_asked_questions": "Can you elaborate on the specific dimensions for the cement drying yards mentioned in the scheme?The dimensions are either 10 feet x 10 feet for holdings up to 2 hectares or 20 feet x 20 feet for holdings of 2 hectares and above, providing clarity for infrastructure development.What measures are in place to prevent misuse of subsidy funds?The scheme emphasizes ethical conduct, and any attempts at coercion, bribery, or misinformation in obtaining subsidies lead to rejection and legal consequences.\n\nHow is subsidy release facilitated, and what is the mode of fund transfer?After scrutiny, the Joint Director/Deputy Director releases the subsidy through electronic fund transfer (EFT), ensuring a transparent and efficient disbursement process.\n\nWhat is the role of the Joint Director/Deputy Director in the scrutiny process?They scrutinize the application and verification report to ensure compliance with the scheme's guidelines before releasing the subsidy.\n\nCan the scheme be availed multiple times by the

same applicant?No, applicants are ineligible if they have availed benefits during the XII plan, ensuring fair distribution of resources and opportunities.

How is the field inspection conducted, and what aspects does it cover?The Extension Officer conducts a field inspection to verify information submitted by the beneficiary. It includes on-site examination of infrastructure and project-related details.

What actions can lead to the rejection of applications, and what measures are taken against misconduct?Applications offering rewards, gifts, coercion, or providing incorrect information may be rejected. Legal action, including recovery with interest, is initiated against those obtaining subsidy benefits through misconduct.

How are land records verified, and what is the role of the Village Authority/State Government Authority/Competent Authority?Land records/possession certificates must be duly certified by the Village Authority/State Government Authority/Competent Authority to verify the applicant's eligibility.

What documents are required for availing the subsidy?Applicants need to submit the prescribed application, photo identity cards, work completion report, expenditure statement, and a copy of the Bank Pass Book with account details. Land records and possession certificates are also mandatory.

Could you provide details on the unit cost and subsidy rates based on the size of the holding?For holdings up to 2 hectares, the unit cost is ₹15,000/- with a 75% subsidy. For holdings of 2 hectares and above, the unit cost is ₹45,000/- with a 75% subsidy.

What is the eligibility criterion for applicants under this scheme?Applicants must be tribal growers and should not have availed of the benefits during the XII plan.

Could you elaborate on the objectives of the scheme regarding the improvement of coffee quality?The scheme aims to enhance coffee quality by encouraging growers to establish infrastructure for quality enhancement, including activities such as supply of pulpers, construction of cement drying yards, and eco-certification of coffee holdings.

Who administers the "Coffee Development Programme in North Eastern Region" scheme, and what is its broader framework?The scheme is administered by the Coffee Board under the Department of Commerce, Ministry of Commerce and Industry. It is a sub-component of the "Integrated Coffee Development Project" during the Medium Term Framework (MTF) period."

Step 1: Beneficiary Identification and Application
The Extension Officer identifies the beneficiary/applicant and obtains the application for procurement & supply of the baby pulper in the prescribed format (in duplicate). This process includes submitting land records and 25% of the unit cost.
Step 2: Procurement Details
If baby pulpers are procured and supplied by the State Government/Other Agencies, the Extension Officer collects beneficiary details along with 25% of the unit cost of the pulper.
Step 3: Beneficiary List Compilation
The Extension Officer compiles a list of identified beneficiaries and submits it to the concerned Deputy Director (Extn.), who consolidates the regional requirements and forwards them to the Joint Director (Extn.), Guwahati.
Step 4: Tendering Process
The Joint Director (Extension), Guwahati completes the tendering process, adhering to all official formalities.
Step 5: Financial Sanction and Order Placement
After the tendering process, the Joint Director (Extension), Guwahati obtains financial sanction from the Competent Authority and places the order with the accepted manufacturer. The condition is set for the manufacturer to supply the pulpers to the growers by October.
Step 6: Machinery Inspection and Payment
Extension Officers conduct inspections of the machinery at the growers' fields. They then submit the physical verification report to the concerned Deputy Director (Extn.)/Joint Director (Extn.), Guwahati, to effect the suppliers' payment.",

"documents_required": "Proof of Grower's Registration. Land records/possession certificate duly certified by the Village Authority/State Government Authority/Competent Authority. NOTE: The land records should be in the name of the beneficiary.",

"frequently_asked_questions": "What is the role of the Village Authority in certifying land records? The Village Authority certifies the land records or possession certificate required for the application process. What actions are taken against applicants resorting to coercion or providing false information? Applications engaging in coercion or furnishing false information face rejection, and legal action is initiated for subsidy recovery with applicable interest. Can beneficiaries apply for more than one unit under this scheme? No, each eligible tribal grower is entitled to only one unit. How does the scheme support growers in obtaining better returns? By encouraging the establishment of infrastructure for quality enhancement and obtaining certification, enabling growers to earn better returns for their coffee. What is the stipulated timeframe for the submission of applications and acceptance for eligible subsidies? The release of eligible subsidy depends on fund availability during a specific year, and there is no automatic entitlement upon application submission. Could you explain the role of the Deputy Director (Extn.) in the beneficiary list compilation? The Deputy Director consolidates regional requirements, reviewing the list compiled by Extension Officers before forwarding it to the Joint Director (Extn.), Guwahati. How are Extension Officers involved in the scheme's implementation after the tendering process? They conduct machinery inspections at growers' fields and submit physical verification reports for payment processing. What is the significance of the condition for manufacturers to supply pulpers by October? It ensures timely delivery of pulpers to growers, enhancing the effectiveness of the scheme. How is the

financial sanction obtained after the tendering process?The Joint Director (Extension), Guwahati, secures financial sanction from the Competent Authority to proceed with the order placement.Can you provide details on the amendment to the scheme?The Coffee Board reserves the right to amend terms and conditions based on fund availability, and applications resorting to coercion or providing false information will be rejected with legal consequences.What documents are required during the application process?Proof of Grower's Registration and certified land records/possession certificate in the beneficiary's name.What is the role of the Joint Director (Extension), Guwahati, in the scheme implementation?The Joint Director completes the tendering process, obtains financial sanction, and places orders with manufacturers for pulpers to be supplied by October.How is the procurement of baby pulpers handled?If procured by the State Government/Other Agencies, the Extension Officer collects beneficiary details and 25% of the unit cost.What is the unit cost for the baby pulper, and how much subsidy is provided?The unit cost is the actual cost or ₹16,000 per unit, with a subsidy covering 75% of the unit cost.",

"title": "Coffee Development Programme in North Eastern Region: Quality Upgradation / Certification: Support for Eco-Certification / Organic Certification",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/cdpnerqucsecoc>",

"details": "The scheme \"Coffee Development Programme in North Eastern Region: Quality Upgradation / Certification: Support for Eco-Certification / Organic Certification\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. This scheme aims to encourage coffee growers to improve quality for higher returns and improve access to high-value specialty markets through the production of eco-certified coffees. An allied objective of this scheme is to encourage small growers to form groups/collectives for taking up eco-certification that will facilitate the creation of common facilities in the future.",

"objective": "Section not found",

"benefits": "Scale of SubsidyFor Organic Certification: 75% of the certification cost spread over 3 years or the Conversion period, whichever is less during the MTF period.For Other Eco-Certifications: 75% of the certification cost for one year during the MTF period.NOTE: This incentive is provided only as backend support for those who obtain certification of their estates. However, in the case of organic certification, the costs incurred towards certification during in-conversion period are also eligible for support.",

"eligibility": "The applicants should be SHGs/collectives of tribal growers who obtain certification of their plantations for various sustainability and quality standards.The applicant can access support only for certification of estates as per Organic, Fair Trade, Rainforest Alliance, UTZ Certified, Bird friendly/Shade grown coffee standards, or any other certification programs equivalent to the above programs.The applicant

claiming support for Eco/organic certification should have been certified as per the National Programme for Organic Production (NPOP) standards, even if they are certified as per various international standards like EU Regulation, NOP (National Organic Programme of USA), JAS (Japanese Agriculture Standards), etc. The applicant should obtain the Certificate only from the Certification Agencies accredited by the respective Certification Programmes during the MTF period.",

"exclusions": "Section not found",

"application_process": "Offline Procedure for Claiming Subsidy
Step 1: Certification Completion and Documentation After obtaining certification by the accredited certification body/agency, the SHG/growers' group of tribal growers shall submit the following documents to the concerned office of the JLO/SLO of the Coffee Board.
Step 2: Submission to Coffee Board Office The concerned JLO/SLO will scrutinize the documents, carry out field inspection for verification of books and records.
Step 3: Review and Verification The JLO/SLO shall forward the claim along with the Physical Verification Report and other relevant records to the concerned Deputy Director (Extn.)/Joint Director (Extn.).
Step 4: Approval and Subsidy Disbursement The Deputy Director (Extn.)/Joint Director (Extn.) after scrutinizing the claim and records and on confirmation about the admissibility of the claim in all respects will release the subsidy amount to the beneficiary.",

"documents_required": "Application in the prescribed format (in duplicate). Certificate of incorporation/registration, memorandum of article of association/society as Grower Collective/SHG/Cooperative issued by the authority concerned and Complete list/details of members of the organization. Copy of the certificate issued by the Accredited Certification Agency. Original invoice towards the cost of certification. Copy of the Bank Pass Book containing the details of account number, name of the Bank, branch, IFSC code, etc.",

"frequently_asked_questions": "What specific eco-certifications are eligible for support under the \"Coffee Development Programme in North Eastern Region\"? The scheme supports certifications such as Organic, Fair Trade, Rainforest Alliance, UTZ Certified, and equivalent programs, ensuring adherence to specific sustainability standards. Could a collective of tribal growers apply for this scheme individually without forming a group or collective? The scheme necessitates tribal growers to form SHGs or collectives to access support, aiming to promote common facilities and sustainability among growers. Regarding the subsidy for organic certification, what is the period over which the 75% subsidy is distributed? The subsidy for organic certification, set at 75% of the cost, is allocated over three years or the conversion period, whichever is shorter, within the MTF period. Are applicants pursuing Eco/organic certification obliged to adhere to specific national standards? Yes, applicants must obtain certification in accordance with NPOP standards, even if they hold certifications from international standards like EU Regulation, NOP, JAS, etc. What constitutes the documentary requisites for availing this subsidy? Essential documents include prescribed application formats, proof of incorporation/registration, details of members, certification from an accredited agency, original certification cost invoice, and bank account particulars. What are the steps involved in claiming the subsidy after certification? Submission of requisite documents to the Coffee Board, followed by scrutiny, field inspection, review, and approval by designated authorities culminates in the disbursement of the subsidy. Is there a provision for amending the scheme's terms during its execution? The Coffee Board retains the authority to amend or modify terms and conditions as deemed necessary for effective execution and scheme objectives without prior notice. What actions may result in rejection of an application or legal consequences for applicants? Offering rewards, gifts, or coercive measures to influence the subsidy process or furnishing incorrect information may lead to rejection or legal actions against applicants. How does the Coffee Board ensure fund availability for releasing subsidies? Availability of funds

during a specific year determines the release of eligible subsidies to applicants under this scheme. Can small growers access this scheme without engaging in eco-certification? Small growers are encouraged to partake in eco-certification to access support, fostering quality improvements and entry into high-value markets. What measures ensure adherence to the stipulated certification programs? Certification must be obtained only from agencies accredited by the respective programs, ensuring compliance with specified sustainability and quality standards. Are there specific requirements for the formation of SHGs or collectives? The SHGs or collectives should comprise tribal growers and obtain certification for sustainability and quality standards to be eligible for support. Could applicants avail themselves of the subsidy for certifications not explicitly mentioned in the scheme? Support is limited to certifications meeting or equivalent to the specified Organic, Fair Trade, Rainforest Alliance, UTZ Certified, or similar programs outlined in the scheme. What constitutes "backend support" in the context of obtaining certification? The scheme offers backend support by subsidizing a portion of the certification costs for estates, promoting sustainable practices among growers. Is the 75% subsidy for organic certification subject to any specific conditions? The subsidy is contingent upon the certification period, covering three years or the conversion period, whichever is shorter, during the MTF period. What actions by applicants might lead to immediate rejection of their applications? Attempts to influence the subsidy process through offers, coercion, or providing incorrect information may result in the rejection of applications."

"title": "Coffee Development Programme in North Eastern Region: Support for Group Nurseries",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/cdpnersgn",

"details": "The scheme \"Coffee Development Programme in North Eastern Region: Support for Group Nurseries\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. This scheme aims to provide growers with high-quality coffee seedlings to ensure the proper establishment of plantations.",

"objective": "Section not found",

"benefits": "Each coffee seedling is eligible for a support of ₹5.",

"eligibility": "The applicant should be Self-Help Groups (SHGs) or collectives of tribal growers. The applicant should have procured the seed material for the coffee nursery exclusively from the Coffee Board.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: Initiation by the Extension OfficerThe Extension Officers of the Coffee Board will motivate a group of tribal growers in each of the localities/villages to raise a coffee nursery on a community basis. This caters to the requirement of seedlings for annual expansion and consolidation

programs.

Step 2: Location and Seedling SelectionThe groups themselves decide on the nursery's location and the number of seedlings to be raised. This decision is made in consultation with the Extension Officer of the Coffee Board, considering factors like water availability and other essential resources required for a healthy nursery.

Step 3: Group ResponsibilitiesThe group takes the responsibility of motivating their members to participate in raising the nursery and distributing the seedlings among the members.

Step 4: Cost Estimation and ControlThe concerned Extension Officer estimates the cost involved in raising the group nurseries. It is ensured that the cost of raising each healthy coffee seedling does not exceed ₹5, inclusive of input and labor costs.

Step 5: Proposal Submission and ConsolidationThe Extension Officer submits a proposal containing details of the number of seedlings to be raised and the associated expenditure to the Deputy Director (E). The Deputy Director consolidates the requirements for his region and submits them to the Joint Director (E) in Guwahati, along with recommendations.

Step 6: Regional Consolidation and RecommendationsThe Joint Director (E) consolidates the overall requirements for the North Eastern Region (NER) and submits the proposal, along with recommendations, to the Director of Research.

Step 7: Scrutiny and SanctionThe Director of Research scrutinizes the proposal and submits it to the Head Office in Bengaluru, along with recommendations for sanction.

Step 8: Phased Funding ReleaseAfter sanction, the concerned Joint Director (Extn.) or Deputy Director (E) releases the approved amount in a phased manner at different stages of raising the nurseries.",

"documents_required": "The proposal containing details of the number of seedlings. The associated expenditure.",

"frequently_asked_questions": "How is the support for each coffee seedling calculated? Each coffee seedling is eligible for a support of ₹5, regardless of its actual cost. Is there a specific time frame for raising the group nurseries? The scheme does not specify a particular time frame for raising the group nurseries; it focuses on the quality and cost control of the seedlings. What happens if the proposed number of seedlings differs from the actual number raised? Any variations between the proposed number and the actual number raised are addressed during the cost estimation and control stage. How is the proposal consolidated at the regional level? The Deputy Director consolidates the requirements for his region and submits them to the Joint Director (E) in Guwahati. Is there a maximum or minimum number of coffee seedlings that a group can raise? The scheme does not specify a maximum or minimum number of coffee seedlings that a group can raise. Can you provide more information about the annual expansion and consolidation programs mentioned in the Extension Officer's Motivation step? These programs are designed to cater to the requirement of seedlings for expanding and consolidating coffee plantations. What is the role of the Director of Research in the proposal process? The Director of Research scrutinizes the proposal and submits it to the Head Office in Bengaluru, along with recommendations for sanction. What documents are required for application? The required documents include a proposal containing details of the number of seedlings and the associated expenditure. How do groups decide on the nursery's location and the number of seedlings to be raised? The groups decide in consultation with the Extension Officer, considering factors like water availability and other essential resources. What is the primary goal of this scheme? The primary aim of this scheme is to provide high-quality coffee seedlings to ensure the proper establishment of plantations. Which department oversees this scheme? This scheme is administered by the Coffee Board, which falls under the Department of Commerce, Ministry of Commerce and Industry.",

This scheme aims to improve the productivity and quality of coffee by facilitating the creation of infrastructure for water augmentation for irrigation and wet processing of coffee.",

"objective": "Section not found",

"benefits": "Subsidy DetailsThe eligible subsidy for water harvesting structures and sprinkler units is 75% of the unit cost, capped at a maximum ceiling of ₹1,25,000 for all related activities combined.For below-ground water storage tanks, the subsidy is based on the lower value between dimension and unit cost applicable to the size of the holding.For above-ground water storage tanks, the subsidy is based on the lower value between the actual cost or the unit cost applicable to the below-ground water tank.Subsidy AvailabilityGrowers can claim subsidies for water harvesting structures and irrigation equipment either simultaneously or at different times.Unit Cost and Subsidy for Water Harvesting StructuresSize of HoldingDimension of Water Harvesting StructureTotal Unit Cost (₹)Subsidy AmountUp to 2 Ha.30' x 30' x 10' (9000 Cft.)43,000.0075% of Unit Cost2 Ha to 4 Ha & above43' x 43' x 10' (18490 Cft.)89,000.0075% of Unit CostUnit Cost and Subsidy for Sprinkler/Drip UnitSize of HoldingTotal Unit Cost (₹)Subsidy AmountUp to 1.00 Ha.₹60,000₹75% of the Unit Cost1.00 to 2.00 Ha. & above₹1,20,000₹75% of the Unit Cost",

"eligibility": "The applicant must be a tribal grower.The applicant should not have received a subsidy for Water Augmentation during the XII plan period.The land records must be in the beneficiary's name.These records should be certified by the Village Authority/State Government/Competent Authority.Eligible ActivitiesInstallation of the water storage tank, open well, and irrigation equipment (sprinkler/drip) to enhance production, productivity, and quality.Location SpecificationsWater storage tank construction can be above or below ground level.Water augmentation structures must be on the estate or within its vicinity.",

"exclusions": "Section not found",

"application_process": "OfflineProcedure for Claiming SubsidyStep 1: Submission of Required DocumentsThe beneficiary/applicant submits the necessary documents in the prescribed format after completing the relevant activity.Step 2: Document Scrutiny and Field InspectionThe Extension Officer examines the submitted documents and conducts a field inspection. They forward the application, physical verification report, and all relevant documents to the concerned Joint Director (Extension) or Deputy Director (Extension), either recommending eligible subsidy release or rejection.Step 3: Review and Recommendation by Joint Director / Deputy DirectorThe Joint Director (Extension) or Deputy Director (Extension) thoroughly scrutinizes the documents, ensuring the admissibility of the claim. They determine and approve the applicable subsidy.Step 4: Release of SubsidyUpon satisfying the claim's admissibility, the

Joint Director (Extension) or Deputy Director (Extension) facilitates the release of the eligible subsidy to the beneficiary through Electronic Fund Transfer (EFT).",

"documents_required": "Application in the prescribed format (in duplicate). Invoice / Bill (original) with TIN No. in case of Sprinkler/Drip Equipment. Work completion report and expenditure statement signed by the applicant.",

"frequently_asked_questions": "What's the precise focus of the \"Coffee Development Programme in North Eastern Region: Water Augmentation\" scheme by the Coffee Board? The scheme concentrates on enhancing coffee quality and productivity by creating infrastructure for water augmentation, aiding irrigation, and wet coffee processing.\n\nCould you clarify the specific eligibility criteria for applicants under this scheme? Eligibility involves being a tribal grower without prior Water Augmentation subsidies during the XII plan period and possessing land records certified by Village/State Authorities.\n\nWhat activities are deemed eligible for subsidy under this scheme? Installing water storage tanks, open wells, and irrigation equipment like sprinklers or drip systems to boost coffee production and quality qualify for subsidies.\n\nWhat's the subsidy percentage available for water harvesting structures and sprinkler units? The subsidy is set at 75% of the unit cost, capped at a maximum of ₹1.25 lakh for all related activities combined.\n\nCan you explain the construction specifics for water storage tanks in this scheme? Water storage tanks can be constructed either above or below ground level, with different subsidy considerations based on the type of tank.\n\nWhat are the specifications for the location of water augmentation structures under this scheme? Water augmentation structures should be situated on the estate or within its vicinity to qualify for the subsidies.\n\nIs it possible for growers to claim subsidies for water harvesting structures and irrigation equipment at different times? Yes, growers have the option to claim subsidies for these structures and equipment either simultaneously or at different times.\n\nCould you outline the documents required for claiming the subsidy? The required documents include an application in duplicate, the original invoice/bill with TIN No. for sprinkler/drip equipment, and a work completion report signed by the applicant.\n\nWhat considerations are there for amendments to this scheme? The acceptance of an application doesn't assure subsidy approval due to fund availability, and the Coffee Board holds the right to modify terms for efficient execution.\n\nWhat consequences exist for applicants involved in bribery or misleading practices? Applicants engaged in such malpractices face rejection, potential legal action for recovery, and strict consequences under the scheme's terms and conditions.\n\nHow is the subsidy amount calculated for water storage tanks, specifically the above-ground and below-ground constructions? For below-ground tanks, subsidies are based on the lower value between dimension and unit cost, while for above-ground tanks, it's the lower value between actual cost and the unit cost applicable to below-ground tanks.\n\nWhat's the role of the Extension Officer in the subsidy claiming process? The Extension Officer scrutinizes documents, conducts field inspections, and forwards application reports and verification to the Joint Director (Extension) or Deputy Director for subsidy approval or rejection.\n\nWhat actions lead to the release of the eligible subsidy to the beneficiary? Upon fulfilling the claim's admissibility, the Joint Director or Deputy Director facilitates the subsidy release to the beneficiary through Electronic Fund Transfer (EFT).",

Through this scheme, a subsidy is provided to the local bodies such as Municipalities and Village Panchayat in the State of Goa for the construction of fish markets. The applications are accepted only in offline mode.",

"objective": "Section not found",

"benefits": "For Panchayats/Municipalities with an Annual Income of up to ₹2,00,000: 100% Subsidy, Limited to ₹5,00,000.For Panchayats/Municipalities with an Annual Income Above ₹2,00,000: 75% Subsidy, Limited to ₹5,00,000.",

"eligibility": "The applicant should be a local body such as a Municipality or a Village Panchayat in the State of Goa.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: The interested applicant should request the prescribed format of the application form from the department.Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required).Step 3: Submit the duly filled and signed application form along with the documents to the concerned authority at the Department of Fisheries, Dayanand Bandodkar Marg, Patto Colony, Panaji Goa - 403 521, or to the official posted at BDO Office/ Sub-Offices of the Department of Fisheries.Grievance RedressalAny dissatisfaction or complaint about any service or its standards can be registered with the Department's Grievance Redressal Officer. The grievance can also be lodged on the link dir-fish.goa@nic.in. All complaints will be acknowledged by us and final action taken will be communicated within 30 days.",

"documents_required": "1. Panchayat/Municipality Resolution.2. Land Documents Complete in All Respects.3. Estimates Duly Approved by Public Works Department (PWD).4. Site Plan Duly Approved by Respective Authority.5. Annual Income Certificate of Municipality/Village Panchayat.",

"frequently_asked_questions": "Are there any specific criteria or considerations for the estimates of the construction project that need approval from the Public Works Department (PWD)?The estimates of the construction project need approval from the Public Works Department (PWD). \n\n\n\n\nWhat are the responsibilities of the Grievance Redressal Officer regarding complaints or dissatisfaction with the services provided under the \"Construction of Fish Markets\" scheme?The Grievance Redressal Officer is responsible

for addressing and resolving complaints or dissatisfaction with the services provided under the scheme. All complaints will be acknowledged, and appropriate actions will be taken.

Could you clarify if the 100% subsidy for Panchayats/Municipalities with an annual income below ₹2,00,000 is subject to any additional conditions or limitations? There are no additional conditions or limitations mentioned for the 100% subsidy, which is limited to ₹5,00,000 for Panchayats/Municipalities with an annual income below ₹2,00,000.

What is the process for addressing grievances related to the "Construction of Fish Markets" scheme, and how long does it typically take for the department to communicate the final action taken? Grievances can be registered with the Department's Grievance Redressal Officer via dir-fish.goa@nic.in. All complaints will be acknowledged, and the final action taken will be communicated within 30 days.

Can you elaborate on the mandatory documents required for the "Construction of Fish Markets" scheme, particularly the specifics of the Panchayat/Municipality Resolution? The mandatory documents include a Panchayat/Municipality Resolution, land documents complete in all respects, estimates duly approved by the Public Works Department (PWD), a site plan duly approved by the respective authority, and the annual income certificate of the Municipality/Village Panchayat.

Is there a provision for an extension of the application deadline for the scheme, considering there is no specified deadline mentioned? No, there is no provision for an extension as the scheme does not have a specified deadline for applications.

Could you specify the exact location where the interested applicant should submit the filled application form and documents for the "Construction of Fish Markets" scheme? The applicant should submit the filled application form and documents to the Directorate of Fisheries, Dayanand Bandodkar Marg, Panaji Goa, or to the official posted at BDO Office/ Sub-Offices of the Directorate of Fisheries.

What is the maximum subsidy provided for the construction of fish markets for Panchayats/Municipalities with an annual income below ₹2,00,000? For Panchayats/Municipalities with an annual income below ₹2,00,000, the scheme offers a 100% subsidy, limited to ₹5,00,000.

Is there a provision for a grace period or extension for local bodies facing challenges in fulfilling the eligibility criteria for the "Construction of Fish Markets" scheme? No, there is no provision for a grace period or extension. Local bodies must meet the eligibility criteria to qualify for the scheme.

In case of a discrepancy in the information provided in the application form for the "Construction of Fish Markets" scheme, how is it addressed during the approval process? Any discrepancy in the information provided should be resolved by the applicant before submission. The Department may reject applications with inconsistent or inaccurate details.

Is there a dedicated helpline or contact point for applicants facing challenges during the application process of the "Construction of Fish Markets" scheme? Applicants facing challenges during the application process can reach out for assistance using the contact details provided on the Department's website: <https://fisheries.goa.gov.in/contact-us-2/#>

What are the consequences if an applicant fails to provide any mandatory documents listed for the "Construction of Fish Markets" scheme? Failure to provide any mandatory documents, including the Panchayat/Municipality Resolution and approved estimates, may lead to the rejection of the application."

"link": "<https://www.myscheme.gov.in/schemes/ifpcsiha>",

"details": "The Scheme \"Construction of Ideal Fish Pond Scheme in Hilly Areas\" was launched by the Department of Fisheries, Government of Uttarakhand. The scheme aims to promote sustainable fish production by utilizing water resources effectively in hilly regions through cluster-based pond development. Under this scheme, financial support of up to 50% of the cost is provided for the construction of ponds and first-year investments such as fish fingerlings and feed to all caste categories in hilly areas. It also includes free technical assistance, optional free training, and marketing support through departmental platforms like Uttarafish.",

"objective": "Section not found",

"benefits": "Subsidy for Pond Construction:Individual beneficiaries: Up to ₹2,50,000/- for pond capacity up to 500 cubic meters.Committee/Group/Mahasandh/Federation/Mangal Dal: Up to ₹5,00,000/- for pond capacity up to 1,000 cubic meters.Subsidy for First-Year Inputs:50% subsidy for purchasing fish fingerlings and feed.Technical Assistance:Free technical guidance for high-growth fish species.Optional free training in fishery operations.Marketing Support:Option to sell fish independently or via \"Uttarafish\", a state-supported fish marketing platform.Cluster Requirement:A minimum of 10 ponds must be constructed in one location, either by an individual or by a group.Self-Financing/Loan ProvisionThe remaining 50% investment is to be made by the beneficiary through personal funds or bank loans.NOTE: The subsidy is paid to the beneficiary's account through DBT.Applicants can avail grants either individually or through registered groups and cooperatives, with additional funding covered through self-investment or bank loans.",

"eligibility": "The applicant should be a permanent resident of Uttarakhand.The applicant should belong to any caste category and reside in a hilly region of the state.The applicant should be involved in fish production or be interested in starting it.The applicant should have access to a reliable water supply source.The applicant should have own land or leased land for construction of fish pond.The applicant can apply individually or as part of a committee, group, cooperative, federation, or Mangal Dal.The applicant should ensure the construction of a minimum of 10 ponds at one place(either individually or jointly).",

"exclusions": "Section not found",

"application_process": "OfflineOnlineApplication Process:Step 1: The interested applicant should visit (during office hours) the Assistant Director Fisheries/District Fisheries In-Charge at the district level and request a hard copy of the prescribed format of the application form from the staff exclusively entrusted to

issue and collect filled-in applications. Step 2: In the application form, fill in all the mandatory fields and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the Assistant Director Fisheries/District Fisheries In-charge at the district level. Post-application Process: Step 1: A fisheries inspector/field officer conducts a site survey and prepares a proposal in collaboration with the applicant. Step 2: The proposal is reviewed and approved by the concerned district fisheries officer. Step 3: Pond construction is carried out under the supervision of field personnel. Technical assistance is provided throughout. Step 4: On completion, based on the work completion certificate, the subsidy is released via DBT. In case of loans, subsidy is disbursed through the bank. Note: If the applicant lacks 50% of the required funds, a loan can be availed from nearby cooperative or commercial banks. Department-provided proposals are submitted to the bank for loan approval.",

"documents_required": "Applicant Photo Aadhaar Card Permanent Residence Certificate Caste Certificate Khasra-Khatauni of Land (Land Ownership Document) Bank Account Details/Copy of Front Page of Bank Passbook Mobile Number Photo Of construction Site Group Registration Certificate (in case of group application) Land Availability Certificate (if land is not owned by the applicant but is accessible)",

"frequently_asked_questions": "Who can apply for this scheme? The permanent resident of Uttarakhand living in hilly areas interested in fish farming. Is there any caste restriction? No, people from all caste categories are eligible. How many ponds are required? At least 10 ponds must be built at a single location. Can one person build all 10 ponds? Yes, one person or a group can build all 10 ponds. Is training provided under this scheme? Yes, free training is provided by the department. How is the subsidy disbursed? Through Direct Benefit Transfer (DBT), post-completion of construction. What documents are needed for group applications? Group registration certificate and land availability certificate, in addition to standard documents. How long does the approval process take? Depends on the district-level survey and document verification timelines. Can I sell fish in the open market? Yes, or you may sell through the government platform "UttaraFish". What if I don't have land? If applying through a group with shared land access, land ownership is not mandatory.",

"title": "Credit Linked Subsidy Scheme for Rural Entrepreneurs to set up Custom Hiring Centres (CHC) of Farm Machinery",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/chc",

"details": "“Credit Linked Subsidy Scheme for Rural Entrepreneurs to set up Custom Hiring Centres (CHC) of Farm Machinery” under the Farm Mechanization Umbrella Scheme, was launched on 22nd October 2014, by the Agriculture Department, Government of West Bengal with the purpose to provide opportunity to rural entrepreneurs for setting up of Custom Hiring Centres to enable the farmers to hire different high end farm machinery from them at a reasonable rate with the objective of rural employment, enhanced productivity and risk mitigation during calamities. Area of Operation: The scheme is applicable uniformly throughout the State, except Kolkata district. Choice of Machinery: List of Machinery/implements that can be selected for CHC s furnished in Annexure-V (Page No. 38). List of available models of different farm machinery registered in Matirkatha portal with their indicative price will be published by the SPMT before starting of online application of the beneficiary so that the applicant can choose at least four types of Machinery / implements and maximum 2 (Two) nos. of tractors in a particular type from that list. The list is indicative but not exhaustive, any suitable farm machinery not included in the list may also be included in the project as per latest SMAM guideline supportive to local situation with the approval of SPMT. For any non-listed machinery, latest SMAM guidelines will be followed for arriving at subsidy portion of that particular machinery with the approval of SPMT.",

"objective": "Section not found",

"benefits": "Pattern Of Assistance: The maximum subsidy will be limited to 40% of the Total Financial Outlay (TFO) (TFO = indicative cost of machinery including transportation + AMC for 3 years + cost of open shed + insurance for 1 year). Minimum TFO would be ₹20,00,000/- and the maximum would be as per SMAM Guideline and SPMT recommendation. An individual entrepreneur shall avail subsidy amounting ₹16,00,000/- or 40% of the TFO whichever is less to set up CHC. The maximum amount allowed for the cost of open shed for machinery will be limited to 5% of the TFO and total ancillary cost (other than machinery) should not exceed 10% of TFO. An individual entrepreneur shall avail subsidy amounting ₹16,00,000/- or 40% of the TFO whichever is less. Note: The applicant will have to deposit margin money of a minimum amount of 25% of TFO to the financing bank before release of subsidy by the DDA (Admn.) to the Bank and remaining amount will be bank loan. No machine/equipment will be procured by the Government. The Government will only release subsidy as back ended subsidy against procurement by the beneficiaries as per

their choice under CHC with Bank Loan. The subsidy will be released through DBT mode to the concerned bank branch to subsidy reserve fund/loan account for CHC. The subsidy will only be applicable for purchase of farm machinery/equipment from the approved Farm machinery Manufacturers and Dealers as enlisted in the Departmental portal. A beneficiary or his/her spouse will not be eligible to apply afresh before completion of 4(four) years from release of the last subsidy for CHC scheme from the State under this Guidelines. The subsidy will be provided from SDS and different CSS like RKVY- Cafeteria, SMAM, NFSM(Pulse/Rice/Nutri Cereals), TRFA (Pulse/Coarse Cereals), NMEO for implementation of CHC.",

"eligibility": "Individual farmers registered under Krishak Bandhu (New) Scheme. Or, Groups like SKUS/PACS/FPO/FPC/FIG/SHG duly graded /LAMPS etc. approved/recognized by any Govt. Institutions/Departments are eligible to set up CHC. The project cost/Total Financial Outlay (TFO) should be between minimum ₹20,00,000/-to maximum as per SMAM Guideline and SPMT recommendation. The applicant should have sufficient land under his possession (own land/leased/hired) for setting up the CHC. The land in question must belong to "commercial or bastu or viti" category. The age of the beneficiary should be minimum 18 years at the time of application.",

"exclusions": "A beneficiary or his/her spouse will not be eligible to apply afresh before completion of 4(four) years from release last subsidy for any type of machinery under any Farm Mechanization scheme(FSSM, OTA-SFI, FMB/FMH & CHC) from the State under this Guidelines. An employee/retired employee of State Government, Statutory Bodies, Government Undertakings, Panchayats, Municipal Corporations/Municipalities, Local Bodies, Government Aided Educational Institutions etc. is not eligible.",

"application_process": "OnlineRegistration Process: Step 01: Visit the official FMS portal and click on "New Registration". Step 02: Fill in all the mandatory details in "Applicant Registration" form. Step 03: Verify all the details and click on "Sign Up". Application Process: Step 01: Visit the official FMS portal and click on "Log in". Step 02: Enter Voter Card no, Password and select Season then click on "Log In". Step 03: Fill in all the mandatory details in the application form. Step 04: After successful submission of online application, hard copies of print out of the application with acknowledgement receipt, recent passport size photograph and other prescribed documents (self-attest, if required) will have to be submitted to the office of the Deputy Director of Agriculture of the concerned District within the stipulated period. Step 05: The applicant will get one time edit option in the specified field after submission of application through online mode but before submission of hard copy to the office of the Deputy Director of Agriculture of the concerned District. No edit option will be allowed once hard copy is submitted. Step 06: The serial number generated in the online application to be referred in all cases. Helpline Desk: 8336957298 (10.00 am to 6.00 pm) Note: Online application of beneficiary farmers/entrepreneurs will have to be done in Matirkatha/ FMS portal after due advertisement in leading dailies, Departmental website.",

"documents_required": "Proforma Application Form, properly filled in, Proof of Citizenship (EPIC), Krishak Bandhu ID No (Visit here to Check your Krishak Bandhu ID), Copy of AADHAAR card, PAN Card, Self-authenticated photocopy of updated bank pass-book, (Savings Bank/ Current Account in the same branch where subsidy will be transferred and kept under "lock-in" in SRF Account). Title Deed/ROR (Records of Right) /Lease Certificate/Rent Receipt of land, Detailed project report, Quotations, Vetted plan & estimate for shade of CHC etc., Resolution of the organization regarding authorization of signatory in the application.",

"frequently_asked_questions": "What is the objective of the scheme?" "One Time Assistance to Small and Marginal Farmers for Purchase of Small Farm Implements (OTA-SFI)" by the Agriculture Department, Government of West Bengal aims to aid the farmers in procuring manually operated small farm implements necessary for agricultural operations. \n\nWhich department has launched this scheme? Department Of Agriculture, Government of West Bengal has launched this scheme. \n\nWho is eligible to apply under this

scheme? Individual farmers registered under Krishak Bandhu (Natun) Scheme.\nOr,\nGroups like SKUS/PACS/FPO/FPC/FIG/SHG duly graded /LAMPS etc approved/recognized by any Govt. Institution/Departments.\n\nHow to avail the benefits of the scheme?Bonafide farmers can apply online in Matirkatha/ FMS portal after due advertisement in leading dailies, Departmental website: https://wbfmts.matirkatha.net/applicants/sign_up . After successful submission of online application, hard copies of print out of the application with acknowledgement receipt, recent passport size photograph and other prescribed documents (self-attest, if required) will have to be submitted to the office of the Deputy Director of Agriculture of the concerned District within the stipulated period.What is the mode of selection of beneficiaries?Computerized lottery/random selection (GP wise) of valid applications will be done for preparation of priority list by the DLSC with the help of the IT Personnel engaged for software maintenance to give equal opportunity to all the applicants within the GP. \n\nIs there any fee or charges to apply for this scheme?No, there are no charges to apply for this scheme.\n\nIs there any age restriction?The age of the beneficiary should be minimum 18 years at the time of application.\n\nIs there any priority for female applicants?No.\n\nIs there any income criteria for the farmers to be eligible for this scheme?No, there is no specific income criteria for the farmers to be eligible for this scheme.\n\nWhether an employee/retired employee of State Government/Statutory Bodies/Government Undertakings are eligible to apply?No, an employee/retired employee of State Government/Statutory Bodies/Government Undertakings are not eligible to apply.How will the subsidy be released to the beneficiary?Disbursement should be done through NEFT/ RTGS/ Cheques by the Bank directly to the dealer/ supplier/manufacturers as per quotation/ estimate chosen by the entrepreneur for CHC & which is received by the Bank from the DDA(Admn.)'s office as per approval of DLSC.What is the pattern of assistance?The maximum subsidy will be limited to 40% of the Total Financial Outlay(TFO) which will be provided to the beneficiary."

"title": "Crop Cluster Development Programme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/ccdp>",

"details": "The Crop Cluster Development Programme (CCDP) in Baagwani Villages is a comprehensive scheme focused on the development of backward and forward integration in horticulture farming. The program aims to enhance farmer socio-economic security, achieve nutritional security, establish transparent institutional delivery mechanisms, generate rural employment, increase horticultural crop area and productivity, and develop organized marketing of horticultural products. It addresses the challenges faced by small farmers in selling to modern markets, such as supermarkets and large retailers, by promoting the collectivization of produce through farmer groups and educating them about modern technologies. The CCDP emphasizes the need for a coordinated supply chain, including aggregation of produce, market linkages, access to quality inputs and agro-services, and post-harvest management infrastructure. By

facilitating access to fair and remunerative markets and ensuring adherence to global standards, the program aims to achieve the goals of quality, quantity, and seamless delivery.",

"objective": "Section not found",

"benefits": "Improved access to inputs and services for farmersIncreased farmers' income and socio-economic securityPromotion of sustainable agriculture-based livelihoodsEnhancement of market linkages and organized marketing of horticultural productsReduction of post-harvest lossesCreation of employment opportunities in rural areasIncrease in horticultural crop area, productivity, and production",

"eligibility": "Only Farmer Producer Organizations (FPOs) registered under the Companies Act in Haryana are eligible to submit project proposals and avail assistance under the scheme.FPOs must have a minimum of 150 shareholders with a financial strength of at least Rs. 10.00 lakh in their bank account.The FPOs should have an area of at least 500 acres under horticulture crops, although this requirement may be flexible based on the project's viability.FPOs must have a business plan with backward and forward linkages of their produce.Disputed FPOs or those not meeting the eligibility criteria mentioned above will not be considered eligible.",

"exclusions": "Projects not proposed by Farmer Producer Organizations (FPOs) registered under the Companies ActFPOs with less than 150 shareholders and inadequate financial strengthFPOs with disputed status or unresolved legal issues",

"application_process": "OfflineStep 1: Preparation of Project ProposalFPOs interested in the CCDP scheme should prepare a comprehensive project proposal according to the guidelines provided.The project proposal should include details such as the FPO's background, objectives, implementation plan, financial projections, and expected outcomes.Step 2: Document CompilationGather all the necessary documents required for the application, which may include:Completed project proposal formRegistration certificate of the FPO under the Companies ActList of Directors and applicants of the FPOBusiness plan with backward and forward linkages of the produceFinancial statements and bank account details of the FPOLand ownership or lease documentsAny other documents specified in the application guidelinesStep 3: Submission of ApplicationSubmit the project proposal and all the required documents to the designated authority responsible for accepting CCDP applications.Ensure that all the information provided is accurate and complete.Step 4: Application ReviewThe submitted project proposal will undergo a thorough review by the relevant authorities to assess its feasibility, alignment with scheme objectives, and adherence to eligibility criteria.The authorities may also evaluate the financial viability and potential impact of the proposed project.Step 5: Approval and Assistance AllocationIf the project proposal meets the necessary criteria and is approved, the FPO will receive a formal approval letter specifying the allocated assistance amount.The assistance may be provided in the form of subsidies or credit-linked support, as per the scheme guidelines.Step 6: Project ImplementationOnce the assistance is allocated, the FPO can proceed with implementing the project as outlined in the approved proposal.It is crucial to adhere to the timelines, milestones, and guidelines provided during the implementation phase.Step 7: Assistance DisbursementThe allocated assistance will be disbursed in multiple installments based on the progress of the project.The release of assistance may be contingent upon meeting certain milestones, expenditure requirements, and physical progress of the project.Step 8: Monitoring and EvaluationThe implemented project will be monitored and evaluated by the authorities to ensure compliance with the scheme guidelines and assess the impact of the assistance provided.Regular reporting and documentation may be required to track the project's progress and outcomes.",

"documents_required": "Completed project proposal form
Registration certificate of the FPO under the Companies Act
List of Directors and applicants of the FPO
Business plan with backward and forward linkages of the produce
Financial statements and bank account details of the FPO
Land ownership or lease documents
Any other documents specified in the application guidelines",

"frequently_asked_questions": "What is the objective of the CCDP?
The CCDP aims to strengthen sustainable agriculture-based livelihoods, improve farmer socio-economic security, promote organized marketing of horticultural products, and increase productivity and income of horticulture farmers.
Who is eligible to apply for assistance under the CCDP?
Only Farmer Producer Organizations (FPOs) registered under the Companies Act in Haryana are eligible to submit project proposals and avail assistance under the scheme.
What are the benefits of the CCDP for farmers?
The benefits of the CCDP include improved access to inputs and services, increased income, promotion of sustainable livelihoods, enhanced market linkages, reduced post-harvest losses, creation of employment opportunities, and increased horticultural crop area and productivity.
What are the exclusions under the CCDP?
The CCDP excludes projects not proposed by eligible FPOs, FPOs with inadequate financial strength or a disputed status, and those not meeting the minimum shareholder and horticulture crop area requirements.
What documents are required for the CCDP application?
The required documents may include a completed project proposal form, FPO registration certificate, list of Directors and applicants, business plan, financial statements, bank account details, and land ownership or lease documents.
What is the assistance pattern under the CCDP?
The assistance ranges from 70% to 90% of the eligible project cost for various components, such as collection centers, primary processing centers, packing and packaging materials, allied activities, e-platforms, and retail outlets.
How is the assistance disbursed?
The assistance is released in three installments of 25%, 40%, and 35% based on the progress of the project, utilization of previous installments, achievement of physical milestones, and completion of the project.",

Interest-free loan up to ₹5,00,000/- for Self-Help Groups. Interest Rate Structure (for loans disbursed from the date of the order): No. Interest Rate From the Government of India (for timely repayment) Financial Burden Borne by State Government (for timely repayment) To be borne by Farmers (for timely repayment) 1 Short-term loan up to ₹1,00,000/- 7% 3% 4% Zero 2 Medium-term loan up to ₹1,60,000/- 11% Zero 11% Zero Medium-term loan above ₹1,60,000/- up to ₹3,00,000/- 11% Zero 9% Zero 3 Loan to Self-Help Groups up to ₹5,00,000/- 11% Zero 11% Zero Note: For medium-term loans exceeding ₹1,60,000/- under Deendayal Upadhyay Sahakarita Kisan Kalyan Yojana (DDU SKKY), disbursed through cooperative bank branches, the interest rate between the bank and the member will be 9.00%. Conditions/Aspects/Criteria Associated with Benefits: The reimbursement of the difference between the normal interest rate and the scheme's interest rate will be made by NABARD and the Uttarakhand Government. This facility (interest subsidy) is to be provided only to those farmers who have repaid their loans in a timely manner. Mode of Disbursement: The interest subsidy will be transferred to the accounts of farmers and Self-Help Groups.",

"eligibility": "The applicant should be a general, small, marginal, or Below Poverty Line (BPL) farmer. The applicant should be a member of the farmer's family. The applicant can be a Self-Help Group (SHG). The applicant's status as a small, marginal, or BPL farmer will be determined based on certificates or criteria issued by agencies determined or declared by the state government.",

"exclusions": "Section not found",

"application_process": "Offline The application will be submitted by the applicant at the cooperative societies or a bank branch. Note: Thereafter, beneficiaries will be selected by the Block Level Committee. Selected applicants shall be provided loan through the concerned Primary Agricultural Credit Society (PACS) or District Cooperative Bank (DCB) Branch.",

"documents_required": "Certificate/Criteria from State Government Determined/Declared Agency (for Small, Marginal, and BPL Farmer Identification). Bank Savings Account Details (in a District Cooperative Bank). Aadhaar Card (for Aadhaar seeding with bank account). Complete Records for 06 Months (for Self-Help Groups). Activity Assessment (for Self-Help Groups). Cash Credit Limit (CCL), Loan Repayment Status, and Utilisation Details (for Self-Help Groups, if previously benefited from CCL). Cash Credit Limit (CCL) Account Transfer Details (for Self-Help Groups, if the CCL account is in a nationalised bank). Utilisation Certificate (after Medium-Term Loan distribution). Insurance Document for Purchased Animals (for medium-term loans).",

"frequently_asked_questions": "What is the primary objective of this scheme? The primary objective is to provide economic facilities to farmers, aiming to double their agricultural production income, and to make the loan distribution scheme beneficial under the state government's plan to double farmers' income. Does the scheme have any goals related to rural development and employment? Yes, it seeks to check migration from rural areas of the state, create employment opportunities, and provide self-employment opportunities

to farmers to improve their livelihoods. Who are the main beneficiaries targeted by this scheme? The main beneficiaries are general, small, marginal, and Below Poverty Line (BPL) farmers and their family members, as well as Self-Help Groups (SHGs). Which agencies are responsible for the implementation of this scheme? The scheme is implemented by Cooperative Societies, District Cooperative Banks, and State Cooperative Banks. What is the maximum interest-free loan amount for individuals engaged in agricultural activities? Individuals engaged in agricultural activities can receive an interest-free loan of up to ₹1,00,000. What is the maximum interest-free loan amount for individuals involved in non-agricultural activities? For non-agricultural activities, an individual can receive an interest-free loan of up to ₹3,00,000. Could you list some of the non-agricultural activities covered by the scheme? Non-agricultural activities covered include animal husbandry, medicinal plant production, aromatic plants, spice production, dairy business, fisheries, poultry, mushroom production, flower production, horticulture, agricultural processing, agricultural mechanisation, organic farming, off-season vegetable production, and poly-house. What is the maximum interest-free loan amount available for Self-Help Groups (SHGs)? Self-Help Groups (SHGs) can avail a maximum interest-free loan of up to ₹5,00,000. When does the scheme become effective for loan disbursements? The scheme becomes effective for loan disbursements from the date of the government order's issuance. What is the interest rate for medium-term loans exceeding ₹1,60,000 disbursed through cooperative bank branches? For medium-term loans exceeding ₹1,60,000 disbursed through cooperative bank branches, the interest rate between the bank and the member will be 9.00%. Who is responsible for obtaining the Utilization Certificate after medium-term loan distribution? The Secretary, Multipurpose Primary Agricultural Credit Society (PACS) / Branch Manager, is responsible for obtaining the Utilization Certificate after medium-term loan distribution. Under what condition are interest-free loans permissible if the beneficiary is part of other government schemes? Interest-free loans are permissible if the beneficiary's share in other state government or central government (other departments) agricultural and allied schemes is less than ₹1,00,000. Is it necessary for farmers to open a specific type of bank account for this scheme? Yes, all covered farmers must open a savings account in the nearest branch of the District Cooperative Bank for this scheme. What is the definition of a 'small farmer' under this scheme? A 'small farmer' is defined as a farmer who possesses up to 5 acres of unirrigated land or up to 2.50 acres of irrigated land. How is a 'marginal farmer' defined for this scheme? A 'marginal farmer' is defined as a farmer who possesses up to 2.50 acres of unirrigated land or up to 1.25 acres of irrigated land. Who identifies a 'Below Poverty Line (BPL) family' for the purpose of this scheme? A 'Below Poverty Line (BPL) family' is identified as a farmer member who has been issued a certificate after selection under the guidelines of the Government of India. Is there a limit to how many members from one family can benefit from this scheme? No, only one member from a general, small, marginal, or BPL farmer's family will be given the benefit of this scheme. How long must an SHG's bank savings account be operational to qualify for the scheme? An SHG's bank savings account must have been operational for at least 06 months to qualify for the scheme."

"title": "Development Support for Coffee in Traditional Areas: Eco-certification of Coffee",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/dsctaecc>",

"details": "The scheme \"Development Support for Coffee in Traditional Areas: Eco-certification of Coffee\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. The objective of this scheme is to encourage coffee growers to access high-value specialty markets through production of eco-certified coffees so as to realize higher returns by adhering to a set of standards which help in communication of quality, traceability, social, environmental and financial conditions surrounding the production of coffee.",

"objective": "Section not found",

"benefits": "Extent of Support/ Subsidy Certification Support: 50% of the certification cost, subject to a maximum of ₹50,000 (Rupees 50,000) per individual grower/grower groups. In the case of Organic certification, spread over a period of 3 years or the conversion period, whichever is less; in the case of other certificates, one year, during the Mission for Integrated Development of Horticulture (MIDH) period. Additional Support for SC/ST Community: Individual coffee growers belonging to the Scheduled Caste/Scheduled Tribe (SC/ST) community with a coffee holding size of up to 4.00 hectares are eligible for an additional 10% of the certification cost, subject to a maximum of ₹55,000 (Rupees 55,000) per grower during the MIDH period.",

"eligibility": "Individual Growers: Individual growers owning up to 10 hectares of coffee holding and groups of small growers (SHGs, collectives) who obtain certification of their plantations for various sustainability and quality standards are eligible. Subsidy Limit: A grower who has availed subsidy under one activity/component is not eligible to avail subsidy for the same activity/component during the Mission for Integrated Development of Horticulture (MIDH) period unless new beneficiaries are covered. Certification Support: Support is available for certification of estates as per Organic, Fair Trade, Rainforest Alliance, UTZ Certified, Bird Friendly/Shade Grown coffee standards, or any other certification programs equivalent to the above programs. Organic Certification: Those claiming support for organic certification should have been certified as per the National Programme for Organic Production (NPOP) standards, even if they are certified as per various international standards like EU Regulation, NOP (National Organic Program of USA), JAS (Japanese Agriculture Standards), etc. Certification Agencies: The certificate should be obtained only from the Certification Agencies accredited by the respective Certification Programs. Non-Traditional Areas: Non-tribal coffee growers in Non-Traditional Areas with coffee holding sizes of up to 10 hectares are also eligible.",

"exclusions": "Section not found",

"application_process": "Offline Procedure for Claiming Subsidy Step 1: Application Submission: After obtaining certification from an accredited certification body/agency, the grower/grower groups must submit their application along with a copy of the certificate and other relevant documents to the concerned jurisdictional Coffee Board office during the same financial year as the completion of the activity, as far as possible. Step 2: Document Scrutiny: The concerned office will scrutinize the documents and conduct field inspections to verify books and records. Step 3: Forwarding the Claim: The Joint Liaison Officer (JLO) / State Liaison Officer (SLO) shall forward the claim along with the Physical Verification Report and other relevant records to the concerned Deputy Director (Extn). Step 4: Subsidy Release: The Deputy Director (Extn.), after scrutinizing the claim and records and confirming the admissibility of the claim in all respects, will release the subsidy amount to the beneficiary's bank account through National Electronic Funds Transfer (NEFT). NOTE: This incentive provides backend support only to those who obtain certification for their estates. "documents_required": "For Claiming Subsidy Application Application in the prescribed format (in duplicate). Proof of Identity and Registration Proof of identity of the grower/registration certificate in the case of the growers' group. Certification Documents Copy of the certificate issued by the accredited Certification Agency. Land Ownership Documents Any of the following: Copy of Patta/Khatha Extract along

with Record of Rights (RTC) for all Survey Numbers having coffee in possession of the applicant/applicants in respect of Karnataka. Copy of Land Possession Certificate issued from the competent Revenue authority (Atalji Kendra) / Central Record Center (CRC) along with RTCs for all Survey Numbers having multiple names in the RTCs of the applicant/applicants in respect of Kodagu District in Karnataka. Copy of Chitta & Adangal of the applicant/applicants in respect of Tamil Nadu. Copy of Land Possession Certificate of the applicant/applicants issued by the competent Revenue authority of Kerala. In case the applicant is a GPA holder, provide an attested copy of the registered GPA. Attested Documents An attested copy of the Certificate issued by the accredited Certification Agency. Original invoice/bill towards the cost of certification/proof of payment of certification costs. Copy of the Bank Pass Book containing the details, such as the name of the account holder, account number, name of the bank, branch, IFSC code, etc., preferably Aadhaar seeded. In case the applicant is a GPA holder, provide an attested copy of the registered GPA. In case of SC/ST category grower applying individually, provide a caste/community certificate issued by the competent authority.",

"frequently_asked_questions": "What is the process for claiming the subsidy? After obtaining certification from an accredited agency, growers must submit their application, certificate copy, and relevant documents to the Coffee Board office in the same financial year as the activity's completion. Is this support available to non-tribal coffee growers in Non-Traditional Areas? Yes, non-tribal coffee growers in Non-Traditional Areas with coffee holdings of up to 10 hectares are also eligible for this support. Where should certification be obtained? Certificates should only be obtained from Certification Agencies accredited by the respective Certification Programs. What are the criteria for organic certification? Growers seeking support for organic certification should have been certified as per the National Programme for Organic Production (NPOP) standards. What types of certification are supported? This support covers certification standards such as Organic, Fair Trade, Rainforest Alliance, UTZ Certified, Bird Friendly/Shade Grown coffee, and any equivalent certification programs. Can a grower avail the same subsidy for multiple activities/components? No, a grower cannot avail the same subsidy for one activity/component during the Mission for Integrated Development of Horticulture (MIDH) period unless new beneficiaries are included. Who is eligible for this support? Individual growers with coffee holdings of up to 10 hectares and small grower groups (SHGs, collectives) obtaining certification for sustainability and quality standards are eligible. Are there any special provisions for SC/ST community growers? Yes, individual coffee growers from the Scheduled Caste/Scheduled Tribe (SC/ST) community with holdings up to 4.00 hectares can receive an additional 10% of the certification cost, up to ₹55,000 during the Mission for Integrated Development of Horticulture (MIDH) period. How much support is provided for certification costs? Certification support covers 50% of the certification cost, with a maximum of ₹50,000 per individual grower or grower groups. For organic certification, this support is distributed over three years or the conversion period. What is the primary goal of the \"Development Support for Coffee in Traditional Areas: Eco-certification of Coffee\" scheme? This scheme aims to encourage coffee growers to access high-value specialty markets by producing eco-certified coffees, adhering to quality, traceability, social, environmental, and financial standards. What documents are required to claim the subsidy? Documents include the application, proof of identity/registration, certification documents, land ownership documents, attested certification certificate, original invoice/bill, bank passbook copy, and, if applicable, a GPA holder's attested copy and SC/ST community certificate. What's the procedure for claiming the subsidy? After obtaining certification from an accredited agency, growers must submit their application, certificate copy, and relevant documents to the Coffee Board office in the same financial year as the activity's completion. Can non-tribal coffee growers in Non-Traditional Areas apply? Yes, non-tribal coffee growers in Non-Traditional Areas with holdings up to 10 hectares are eligible for this support. Where should growers obtain certification? Certificates should be obtained only from Certification Agencies accredited by the respective Certification Programs. Is there additional support for SC/ST community growers? Yes,

individual coffee growers from the Scheduled Caste/Scheduled Tribe (SC/ST) community with holdings up to 4.00 hectares can receive an extra 10% of the certification cost, up to ₹55,000 during the MIDH period. Is there a limit to availing subsidies? Yes, a grower can't avail the same subsidy for one activity/component during the Mission for Integrated Development of Horticulture (MIDH) period unless new beneficiaries are covered. What support or subsidy is available for certification? Certification support covers 50% of the certification cost, with a maximum of ₹50,000 per individual grower/grower groups. For organic certification, it's spread over three years or the conversion period, while for other certificates, it's for one year during the Mission for Integrated Development of Horticulture (MIDH) period. What types of certification are supported? Support is available for certification in various standards like Organic, Fair Trade, Rainforest Alliance, UTZ Certified, Bird Friendly/Shade Grown coffee, or any other equivalent certification programs."

"title": "Development Support for Coffee in Traditional Areas: Replantation",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/dsctar>",

"details": "The scheme \"Development Support for Coffee in Traditional Areas: Replantation\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. The objective of this scheme is to improve the production and productivity of coffee plantations by encouraging replantation of old/senile and unproductive plantations with high-yielding, disease-tolerant coffee varieties.",

"objective": "Section not found",

"benefits": "Unit Cost for Arabica: ₹ 2,75,000/- per ha Unit Cost for Robusta: ₹ 2,00,000/- per ha. Scale of Subsidy: 40% of the unit cost Coffee growers belonging to the SC/ST community with a coffee holding size of up to 4.00 Ha are eligible for additional support of 10% of the unit cost. Release of Subsidy Instalments In the case of Clean Replanting: 1st Instalment: 70% of the Applicable Unit Cost. 2nd Instalment: 30% of the Applicable Unit Cost. In the case of Replantation by Interlining Method: 1st Instalment: 30% of the Applicable Unit Cost. 2nd Instalment: 70% of the Applicable Unit Cost.",

"eligibility": "Only Small growers with coffee holding sizes of up to 10 Ha. are eligible. Applicable for replantation of existing old/senile and low-productive Arabica and Robusta coffee plantations; aged 25 years in the case of Arabica, 40 years in the case of Robusta and 15 years in the case of Arabica dwarfs by adopting either clean replanting or interlining in the existing blocks. In the case of inter-planting of Arabica in Robusta adopting clean replanting, the subsidy will be given only to Robusta which is the main crop. When interlined in the old blocks, the old/unproductive plants should preferably be removed after one harvest and under no circumstances beyond two harvests i.e., for instance, if interlining is done in August-September 2017, the old plants should preferably be uprooted after harvesting the standing crop by

December 2017 to March 2018 or after harvesting the second crop by December 2018 to March 2019. This would ensure that the newly interlined plants would not suffer too much root competition and receive adequate sunlight for vigorous growth. In Arabica zones with an elevation of 1000 metres above MSL, the old Arabica coffee blocks should be replanted with disease-tolerant, high-yielding Arabica varieties only. In other areas, with an elevation of less than 1000 meters above MSL, which is suitable for both Arabica and Robusta cultivation, the existing Arabica blocks replanted with Robusta material are eligible. In states like Tamil Nadu, if coffee is grown along with intercrops like pepper, orange, banana etc., and the land documents indicate the extent of each crop separately, in such a situation, the subsidy will be based on the actual extent of the area replanted with coffee or based on the maximum extent of land mentioned in the land documents, including other intercrops, whichever is less. As far as possible, the growers should adopt appropriate planting designs that are suitable for the mechanization of farm operations. In the case of estates that adopt such a modified planting design amenable to mechanization, the subsidy will be considered for the entire area of replanting and not based on the plant population.",

"exclusions": "A grower who has availed subsidy under one activity/component is not eligible to avail subsidy for the same activity/component during the MTF period until new beneficiaries are covered. Arabica replaced with Robusta material at a higher elevation of more than 1000 metres is not eligible for support.",

"application_process": "Online Procedure for Claiming Subsidy
Step 1: Obtaining Technical Feasibility Report (TFR) The applicant/s shall submit the application online and also in the prescribed format along with necessary documents to their jurisdictional Coffee Board Office before taking up the activity. The concerned office will scrutinize the documents, carry out a field inspection and issue a Technical Feasibility Report to the grower for taking up replantation activity or otherwise. The activity taken up before issuing TFR is not eligible for claiming subsidy.
Step 2: Claiming 1st Instalment of Subsidy The applicant/s shall submit the claim in the prescribed format along with relevant documents during the same financial year of replanting as far as possible. The concerned office will scrutinize the documents, carry out a field inspection, prepare a physical verification report with full details of the activity and forward the claim statement along with relevant records to the concerned Deputy Director (Extn.). The Deputy Director (Extn.) after scrutinizing the claim and records and confirming the admissibility of the claim in all respects will release the 1st instalment of the replantation subsidy amount to the bank account of the applicant through EFT/RTGS/NEFT.
Step-3: Claiming 2nd Instalment of Subsidy
Clean Replanting Method The applicant shall submit the claim for 2nd instalment of subsidy in the prescribed format (in duplicate) along with relevant documents at the jurisdictional Coffee Board office during the second year of replanting / financial year, after filling up vacancies and attending to necessary aftercare measures. The JLO/SLO shall recommend for release of 2nd instalment to the concerned DDE after ensuring satisfactory maintenance of the area and vacancy filling. The Deputy Director (Extn.) after scrutinizing the claim and records and confirming the admissibility of the claim, will release the 2nd instalment of subsidy amount to the bank account of the applicant through EFT/RTGS/NEFT.
Replanting by Interlining Method The applicant shall submit the claim for 2nd instalment of subsidy in the prescribed format (in duplicate) along with relevant documents at the jurisdictional Coffee Board office after harvesting a maximum of 2 crops from the old plants and after complete removal of the old plants. The JLO/SLO shall recommend for release of 2nd instalment to the concerned DDE after ensuring the complete removal of old plants and satisfactory maintenance of the area and vacancy filling. The Deputy Director (Extn.) after scrutinizing the claim and records and confirming the admissibility of the claim, will release the 2nd instalment of subsidy amount to the bank account of the applicant through EFT/RTGS/NEFT.

The plant count in each block along with the number of rows/columns should be recorded.Expenditure statementStep 3: Claiming 2nd Instalment of SubsidyClaim Statement in the Prescribed Format (in Duplicate).Expenditure Statement",

"frequently_asked_questions": "How much is the unit cost for Arabica and Robusta under this scheme?The unit cost for Arabica is ₹2,75,000 per hectare, and for Robusta, it is ₹2,00,000 per hectare.What percentage of subsidy is provided to coffee growers under this scheme?Coffee growers are eligible for a 40% subsidy of the unit cost.Are there any special provisions for SC/ST community coffee growers?Yes, SC/ST community coffee growers with holdings up to 4.00 hectares are eligible for an additional 10% support of the unit cost.How is the subsidy released for clean replanting?For clean replanting, the first instalment is 70% of the applicable unit cost, and the second instalment is 30% of the applicable unit cost.What is the subsidy release process for replantation by interlining method?In the case of replantation by interlining, the first instalment is 30% of the applicable unit cost, and the second instalment is 70% of the applicable unit cost.What are the age criteria for coffee plants that can be replanted under this scheme?Arabica plants aged 25 years, Robusta plants aged 40 years, and Arabica dwarfs aged 15 years can be replanted.Is there a specific requirement for the removal of old plants in the case of interlining?Old and unproductive plants should preferably be removed after one harvest but not beyond two harvests to ensure vigorous growth of the newly interlined plants.Does the choice of coffee variety depend on the elevation of the plantation?Yes, in Arabica zones with an elevation of 1000 meters above MSL, only disease-tolerant, high-yielding Arabica varieties should be replanted. In other areas, both Arabica and Robusta can be replanted.What is the subsidy calculation for coffee grown with intercrops like pepper and banana?The subsidy is based on the actual extent of the area replanted with coffee or the maximum extent mentioned in the land documents, including other intercrops, whichever is less.Are there any recommendations for planting designs?Growers are encouraged to adopt planting designs suitable for mechanization. Modified planting designs amenable to mechanization can be considered for the entire area of replanting.Are there any exclusions for those who have previously received subsidies?A grower who has availed subsidy for one activity/component cannot avail subsidy for the same activity/component during the MTF period until new beneficiaries are covered.What is the exclusion related to Arabica replaced with Robusta?Arabica replaced with Robusta at a higher elevation of more than 1000 meters is not eligible for

support. When can a grower claim the first instalment of the subsidy? The first instalment can be claimed during the same financial year of replanting as far as possible. What documents are required for claiming the first instalment of the subsidy? The required documents include a claim statement, a sketch of the replanted area, and an expenditure statement."

"title": "Development Support for Coffee in Traditional Areas: Support to Small Growers' Collectives/ SHGs/ Cooperatives for Coffee Marketing",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/dsctassgcscm>",

"details": "The scheme \"Development Support for Coffee in Traditional Areas: Support to Small Growers' Collectives/ SHGs/ Cooperatives for Coffee Marketing\" is a Sub-Component of the Scheme \"Integrated Coffee Development Project During the Medium Term Framework (MTF) Period: Development Support to Stakeholders\" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. The objective of the scheme is to extend support to small and tiny growers, incentivizing them to form collectives/ Self Help Groups/ Cooperatives, thus encouraging them to take up marketing of coffee produced on a community-based approach through suitable financial incentives. This way, they will not only be able to improve the quality of coffee but also realize better value for their coffees. It is expected to provide a mechanism for better price realization for the group, arising out of both the improvement of quality as well as collective bargaining.",

"objective": "Section not found",

"benefits": "Scale of Subsidy: ₹4.00 per kg of Clean Coffee.",

"eligibility": "1. The applicant should belong to Small Growers' Collectives / Self Help Groups (SHGs) / Co-operatives in traditional coffee-growing states. 2. The applicant should engage in coffee marketing, in clean coffee (green bean) form only, in the name of Small Growers' collectives / SHGs / Co-operatives. This can be accomplished through: i) Utilizing recognized public auction platforms like the Indian Coffee Trade Association (ICTA). ii) Direct export by the organization. iii) Utilizing recognized Commodity Exchanges wherein physical delivery of coffee takes place. 3. The applicant who has availed subsidy under one activity/component is not eligible to avail subsidy for the same activity/component during the Mission for Integrated Development of Horticulture (MIDH) period unless new beneficiaries are covered.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: Furnishing the Claim After the marketing of coffee, the small growers' collectives/ SHGs/ Cooperatives should furnish the claim for reimbursement in the prescribed application along with the proofs/supportive documents. Step 2: Submission of Application The application for subsidy should be submitted to the concerned Deputy Director (Extension) during the same financial year of completion of the activity as far as possible. Step 3: Scrutiny and Forwarding The Deputy Director (Extn.) of respective regions will scrutinize the application and forward it to the Deputy Director (Market Research) at Coffee Board, Head Office, Bengaluru for approval by the competent authority. Disbursement of Subsidy The subsidy is disbursed only after the sale of coffee is completed by small growers'

collectives/SHGs/Cooperatives. The subsidy shall be released to the individual members (of the small growers' collectives/SHGs/Cooperatives mentioned in the sale note issued by the auctioneers/commodity exchange) directly to their bank account through National Electronic Funds Transfer (NEFT) in cases where the application is complete in all respects."

"documents_required": "Application in the prescribed format (Duplicate). Certificate of incorporation/registration, memorandum of the article of association/society as Growers' Collective/SHG/Cooperative issued by the authority concerned. Complete list/details of members of the organization as per Annexure 1. Along with each subsidy claim, the application should be accompanied by the details of the member-wise coffee sold. Certificate from the Growers' Collective/SHG/Cooperative stating that the concerned grower is a member of the organization. Certificate from the concerned state Government commercial tax department (VAT registration certificate) wherever applicable. Additional Documents (based on the method of coffee marketing) A. In the Case of Coffee Marketed Through the Auction Platform/Commodity Exchange Registration certificate as a member of ICTA/other recognized marketing auction platform (one-time). Proof of coffee sold - Attested copy of sale note issued by the auctioneers concerned to the growers' collectives/SHGs/Cooperatives. B. In Case of Coffee Exported Directly Export permit having Customs endorsement. ICO certificate of origin having customs endorsement. Bill of Lading (BL)."

"frequently_asked_questions": "Can a grower who has availed subsidy under one activity/component claim subsidy for the same activity/component again during the Mission for Integrated Development of Horticulture (MIDH) period? No, a grower who has availed subsidy under one activity/component is not eligible to claim subsidy for the same activity/component during the MIDH period unless new beneficiaries are covered.\n\nWhat additional documents are required for coffee exported directly? For coffee exported directly, additional documents include an export permit with Customs endorsement, ICO certificate of origin with customs endorsement, and the Bill of Lading (BL).\n\nWhat additional documents are necessary for coffee marketing through auction platforms or commodity exchanges? For coffee marketed through auction platforms or commodity exchanges, additional documents include a registration certificate as a member of ICTA or other recognized marketing auction platform, and proof of coffee sold, attested by the auctioneers.\n\nWhat are the mandatory documents required for claiming the subsidy? The required documents include the application in the prescribed format, certificate of incorporation/registration, complete member details, member-wise coffee sales details, and certificates indicating membership in the Growers' Collective/SHG/Cooperative and VAT registration certificate from the state Government commercial tax department where applicable.\n\nWhen is the subsidy disbursed to the individual members of small growers' collectives/SHGs/Cooperatives? The subsidy is disbursed only after the sale of coffee is completed by small growers' collectives/SHGs/Cooperatives, and it is released directly to the individual members' bank accounts through National Electronic Funds Transfer (NEFT) in cases where the application is complete in all respects.\n\nWhat is the procedure for claiming subsidy under this scheme? Small growers' collectives/SHGs/Cooperatives should furnish their claim for reimbursement along with supporting documents after marketing their coffee. The application for subsidy should be submitted to the concerned Deputy Director (Extension) during the same financial year of completing the activity.\n\nHow much subsidy is provided per kilogram of clean coffee under this scheme? The subsidy is ₹4.00 per kilogram of clean coffee.\n\nWhat are the acceptable methods of marketing coffee under this scheme? Coffee marketing should be carried out either through recognized public auction platforms like the Indian Coffee Trade Association (ICTA), direct export by the organization, or through recognized Commodity Exchanges with physical delivery of coffee.\n\nWho is eligible to benefit from the 'Development Support for Coffee in Traditional Areas: Support to Small Growers' Collectives/SHGs/Cooperatives for Coffee

Marketing\" scheme?All Small Growers' Collectives, Self Help Groups (SHGs), and Cooperatives in traditional coffee-growing states are eligible.\n\nWhat is the objective of the scheme \"Development Support for Coffee in Traditional Areas: Support to Small Growers' Collectives/ SHGs/ Cooperatives for Coffee Marketing\"?The scheme aims to support small and tiny coffee growers in forming collectives, Self Help Groups (SHGs), or cooperatives, thus encouraging them to engage in the marketing of coffee produced through a community-based approach, with financial incentives to improve coffee quality and enhance its value.\n\nAre there any special provisions for Scheduled Caste/Scheduled Tribe (SC/ST) community growers?Yes, SC/ST community growers with smaller holdings can receive additional support during the MIDH period.\n\nWhat is the role of the Coffee Board in implementing this scheme?The Coffee Board oversees the approval and disbursement of subsidies to eligible growers.\n\nHow can a small grower ensure eligibility for this scheme?Small growers should market coffee in the name of their collectives/SHGs/Cooperatives through recognized channels.\n\nCan you explain the importance of recognized public auction platforms?Recognized auction platforms provide a transparent and efficient way to sell coffee and realize better prices.\n\nCan individuals benefit from this scheme, or does it require collective action?Both individual small growers and collectives/SHGs/Cooperatives can benefit from this scheme.\n\nIs this scheme applicable to non-traditional coffee-growing areas?This scheme is primarily aimed at traditional coffee-growing states.\n\nWhat is the Mission for Integrated Development of Horticulture (MIDH) period?The MIDH period is the timeframe during which the subsidy cannot be availed again for the same activity/component by growers who have already received it.\n\nHow can small growers realize better value for their coffee through this scheme?They can achieve better value by marketing coffee on a community-based approach and through financial incentives.\n\nWhat is the significance of forming collectives or SHGs for coffee marketing?Forming collectives or SHGs helps small growers improve coffee quality and realize better prices through collective bargaining.\n\nWhat documents are required if coffee is exported directly?For direct export, documents such as an export permit, ICO certificate of origin, and Bill of Lading are needed.",

"title": "Distribution Of Tractor Unit Under CMSGUY",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/dtu-cmsguy",

"details": "The \"Distribution of Tractor Unit\" Scheme is a Component under the Umbrella Scheme of \"Chief Minister Samagra Gramya Unnayan Yojna (CMSGUY)\" by the Govt. of Assam. CMSGUY is a village development scheme launched by Hon'ble Chief Minister Sarbananda Sonowal on 5th February 2017 in Guwahati. The scheme is being implemented in a mega mission mode in all villages of Assam. CMSGUY will be implemented through a saturation model by covering each revenue village through focused interventions in direct economic activities, logistic support including market linkages, and community support. The main objective of the \"Distribution of Tractor Unit\" scheme is to revive the agricultural sector and help in doubling the farmer's income by 2022. Under the new revised tractor scheme, the government will provide one tractor along with some necessary accessories in each revenue village at subsidized rates. The state govt. will distribute approx 10,109 tractors in the first phase. This tractor distribution scheme will cover all 26,000 villages of the entire state in a phase-wise manner. A group of 8-10 people who are actual adult farmers can apply to this scheme. The state govt. has allotted ₹ 1,000 Crore for the successful implementation of this scheme.",

"objective": "Section not found",

"benefits": "Provision of Subsidy: 70% subsidy will be provided to the selected groups on the price of the tractor, and its accessories including implements (as opted by the beneficiary group) subject to a maximum of ₹ 5,50,000. 20% of the total price will be a bank loan. 10% of the total price will be the beneficiary share. Provided that subsidy will be admissible on the lowest price of the tractor in the Govt. notified list of tractors for the category (HP range) concerned. Similarly, the lowest approved prices of implements, if and as opted, will be applicable for subsidy on implements. The group will provide tractors to the farmers on a rental basis. Tractor Unit: Each tractor unit shall consist of one tractor (35 to 50 HP) with standard accessories and Matching Implements (as opted by beneficiary group) as follows - Standard Accessories (1 Set): a) Trailering Hook; Matching Implements (Optional): a) Rotavator (1) Standard Accessories (1 Set): b) Stabilizer Assembly; Matching Implements (Optional): b) Disc Harrow (1) Standard Accessories (1 Set): c) Hitch Assembly; Matching Implements (Optional): c) Cultivator (1) Standard Accessories (1 Set): d) Hood; Matching Implements (Optional): d) Trailer (1) Standard Accessories (1 Set): e) Tool kit; Matching Implements (Optional): e) Cage Wheel (1 Pair) Choice of the Applicant Groups: All the applicant groups who have already applied for the tractor unit will be required to furnish their choice as under: a) Whether they will avail bank finance for the beneficiary share: Yes/No. b) Name of the brand and model out of the list notified by the State Govt. c) Names of the implements out of the 5 (five) implements. (NOTE: The applicant group is free to choose all/any/none of the implements. The subsidy at the rate of 70% will be available to the applicant group on the total cost of the tractor unit so opted subject to a maximum of ₹ 5,50,000.) Duration of Service: The group shall be liable to provide tractor units (fully or partially as per the need of the farmer) to the farmers of the village on a rental basis for a minimum period of five years at a reasonable rate which may be fixed by the District Level Committee (DLC).",

"eligibility": "A group of 8-10 members who are the actual adult farmers of the same village. The group should have a common bank account and will apply jointly with the signatures of each member on the application form preferably along with particulars of land and crops cultivated. The applicant group should not have more than one member from one family. NOTE: The scheme benefits cannot be availed by individuals.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: The applicant needs to get the application form from the District Agriculture Officer and fill in all the mandatory fields of the scheme application form in a prescribed format. The specified proofs are to be submitted along with the CMSGUY application form. After completing, attach the mandatory (self-attested) documents along with the application form. The concerned official will process the request further. Step 2: The DAO will present applications received from the farmer's groups before the DLC. The beneficiary groups already selected by the DLC need not be re-selected. Step 3: The DLC will select one eligible group in each village having a deposit of at least 10% of the total price of the tractor unit in the bank account of the group in the branch concerned if bank finance is opted for. The DLC will select one eligible group in each village provided that the selected group should have a deposit of beneficiary share (total price of the tractor unit minus admissible subsidy) in the bank account of the group in the branch concerned if the bank finance/ loan is not opted for. Step 4: The Member Secretary will notify the names of the selected groups. Step 5: The Bank branch will directly transfer the amount of subsidy to the group of beneficiary farmers' accounts on completion of the period of hypothecation. NOTE: A group must have a common bank account and will apply jointly with the signatures of each member on the application form preferably along with particulars of land and crops cultivated.",

"documents_required": "Aadhar Card of all members of the Group Residential Certificate of all members of the Group Identity Card of all members of the Group PAN Card of all members of the Group Voter ID Cards of all members of the Group Group's Bank Account Passbook and Bank Statement KCC of Members (if any) Power of Attorney for Authorized Signatory in the form of an Affidavit Proof of Land Holding of all members of the Group Caste Certificate (if applicable) of all members of the Group",

"frequently_asked_questions": "What Is The Full Form Of CMSGUY? The full form of CMSGUY is \"Chief Minister Samagra Gramya Unnayan Yojna\". When Was CMSGUY Launched? CMSGUY was launched on 5th February 2017. Who Launched CMSGUY Scheme? CMSGUY is a village development scheme that was launched by Hon'ble Chief Minister Sarbananda Sonowal. What Is The Scope Of This Scheme? The scheme is being implemented in a mega mission mode in all villages of Assam. What Are The Objectives Of The \"Distribution Of Tractor Unit\" Component Of CMSGUY? The main objective of the \"Distribution of Tractor Unit\" scheme is to revive the agricultural sector and help in doubling the farmer's income by 2022. How Many Tractors Are Estimated For Distribution In The First Phase? The state govt. will distribute approx 10,109 tractors in the first phase. How Many Funds Have Been Allotted By The State Government For This Scheme? The state govt. has allotted ₹ 1,000 Crore for the successful implementation of this scheme. Can An Individual Person Apply To This Scheme? No, only a group of 8-10 people who are actual adult farmers can apply to this scheme. What Percentage Of The Subsidy Shall Be Provided By The Government? 70% subsidy will be provided to the selected groups on the price of the tractor, and its accessories including implements (as opted by the beneficiary group) subject to a maximum of ₹ 5,50,000. 20% of the total price will be a bank loan. 10% of the total price will be the beneficiary share. What Shall Be The Duration Of The Service? The group shall be liable to provide tractor units (fully or partially as per the need of the farmer) to the farmers of the village on a rental basis for a minimum period of five years at a reasonable rate which may be fixed by the District Level Committee (DLC). What Percentage Of The Total Price Shall Be In The Form Of Bank Loan? 20% of the total price will be a bank loan. What Percentage Of The Total Price Shall Be In The Form Of Beneficiary Share? 10% of the total price will be the beneficiary share. Is There An Upper Ceiling To The 70% Subsidy Provided By The Government? Yes, the 70% subsidy will be provided subject to a maximum of ₹ 5,50,000. What Choices Will The Applicant Group Have For Purchase Of The Tractor? All the applicant groups who have already applied for the tractor unit will be required to furnish their choice as under: \na) Whether they will avail bank finance for the beneficiary share: Yes/No. \nb) Name of the brand and model out of the

list notified by the State Govt. \nc) Names of the implements out of the 5 (five) implements. Where Can I Find The Link To The Scheme Guidelines? The Scheme Guidelines can be found at this link - \nhttps://mmscmsguy.assam.gov.in/sites/default/files/swf_utility_folder/departments/mmscmsguy_webcomindia_org_oid_2/menu/document/Revised%20Guidelines%2019.04.2018.pdf Where Can I Find The Link To The Application Form? The Application Form can be found at this link - \nhttps://mmscmsguy.assam.gov.in/sites/default/files/swf_utility_folder/departments/mmscmsguy_webcomindia_org_oid_2/menu/document/revised-application-format.pdf What Documents Are Required Mandatorily In Order To Apply To This Scheme? The following documents are mandatorily required - \n• Aadhar Card of all members of the Group \n• Residential Certificate of all members of the Group \n• Identity Card of all members of the Group \n• PAN Card of all members of the Group \n• Voter ID Cards of all members of the Group \n• Group's Bank Account Passbook and Bank Statement \n• KCC of Members (if any) \n• Power of Attorney for Authorized Signatory in the form of an Affidavit \n• Proof of Land Holding of all members of the Group \n• Caste Certificate (if applicable) of all members of the Group Can A Group On Five Farmers Apply To This Scheme? No, only a group of 8-10 members who are the actual adult farmers of the same village can apply. Can The Group Have More Than One Member From One Family? No, the applicant group should not have more than one member from one family. Are The Group Members Required To Provide The Details Of The Land And Crops Cultivated? Yes, the group members are required to provide the details of the land and crops cultivated. Can I Apply Online For This Scheme? No, CMSGUY only accepts offline applications.",

"documents_required": "Copy of residence proof (barcoded ration card/ Electricity bill/bank passbook with address). Copy of government-issued photo identification (Aadhar card/Voter ID/Driving License/Kisan Credit Card). Caste certificate (for SC/ST category only). Copy of bank passbook or cancelled cheque. Copy of loan Sanctioned letter. Land-related documents: Land ownership proof, 7/12 extract, 8A extract, or lease agreement for land. Applicant's self-declaration form.",

"frequently_asked_questions": "What is the objective of the \"Establishment of 50 Milch Animals Dairy Unit\" scheme? The \"Establishment of 50 Milch Animals Dairy Unit\" scheme has been implemented to encourage the breeding and rearing of Gir and Kankrej cows while creating self-employment opportunities in rural areas. Who is eligible to apply for this scheme? Any livestock owner who plans to establish a new dairy farm with 50 Gir or Kankrej cows is eligible to apply for the scheme. What financial assistance does the scheme provide? The scheme provides a 7.5% interest subsidy for up to 5 years, financial support for shed construction, animal insurance, and subsidies for essential dairy equipment like electric chaff cutters, fogger systems, and milking machines. Can an applicant who already owns a dairy farm apply for this scheme? No,

the scheme is intended for setting up new dairy farms and does not provide assistance for renovating or expanding existing dairy farms. Is it mandatory for applicants to purchase 50 dairy animals? Yes, purchasing 50 Gir or Kankrej cows is a mandatory requirement to qualify for the benefits of the scheme. What is the maximum financial assistance available for shed construction? The scheme provides a subsidy of up to 50% of the actual expenditure, with a maximum limit of ₹5.00 lakh for shed construction. How much subsidy is provided for animal insurance under this scheme? A 75% subsidy on the premium for three years is provided, up to a maximum amount of ₹1,80,000. From where the applicant need to get the loan approval? Applicants must obtain a loan from a Reserve Bank-recognized institution or bank to qualify for the scheme's financial assistance. Can an applicant receive a subsidy only for purchasing equipment under this scheme? No, the scheme mandates that applicants must avail of benefits for livestock purchase, dairy farm establishment, and insurance. Equipment subsidies are also provided. What is the process for applying for the scheme? The applicant must first secure a loan for purchasing 50 dairy animals and then apply online through the I-khedut portal by submitting the required documents.",

"title": "Establishment of Entrepreneur for Breed Development in Small Ruminant Sector (Sheep and Goat Farming)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/eebdsrs",

"details": "Launched in the Financial Year 2014-15, the scheme \"National Livestock Mission\" by the Department of Animal Husbandry & Dairying, Ministry of Fisheries, Animal Husbandry and Dairying, aims towards employment generation, entrepreneurship development, increase in per animal productivity and thus targeting increased production of meat, goat milk, egg and wool. The excess production will help in the export earnings after meeting the domestic demands. The concept of the NLM Scheme is to develop the entrepreneur in order to create the forward and backward linkage for the produce available in the unorganized sector and to link with the organized sector. \"Establishment of Entrepreneur for Breed Development in Small Ruminant Sector (Sheep and Goat Farming)\" is a component of the \"Sub-mission on Breed Development of Livestock and Poultry\" scheme of the National Livestock Mission. The objectives of this component are: To develop entrepreneurs in the small ruminant sector. To develop a sustainable business model on sheep-goat. To incentivize individual entrepreneurs, FPOs, FCOs, SHGs, JLGs, and Section 8 companies for the development of an integrated rural sheep-goat production system. Conversion of the small ruminant sector from unorganised sector to organised sector through promotion of entrepreneurship & investment and creation of forward & backward linkages. Spreading awareness about scientific rearing practices, nutrition, disease prevention etc. Promotion of stall feeding model of sheep and goat rearing. The Entrepreneurs / Eligible Entities can establish sheep and goat breeding unit with a minimum of 500 females and 25 males. The sheep and goat unit to be established with the High Genetic Variety used for producing Goat milk, meat and fine wool quality. The breed of sheep and goat can be selected from the list provided with this guideline or in consultation with the State Government.",

"objective": "Section not found",

"title": "Establishment of Poultry Valley (Poultry Farming)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/kgsuk",

"details": "The scheme \"Establishment of Poultry Valley\" was launched by the Animal Husbandry Department, Government of Uttarakhand, with the aim of promoting poultry farming for self-reliance and income generation among farmers. Under this scheme, poultry farmers are supported in rearing 750 chicks annually in three phases. Each year, 500 one-day-old chicks will be provided to farmers by the Animal Husbandry Department from the State Sector Budget through Multipurpose Primary Agricultural Credit Societies (MPACS), while the remaining 250 chicks will be arranged by the farmer. The scheme also supports farmers by providing interest-free loans for the construction of poultry sheds and the rearing of chicks.",

"objective": "Section not found",

"benefits": "Each farmer will rear 750 chicks in 3 phases annually. The Animal Husbandry Department will provide 500 one-day-old chicks through MPACS from the state sector budget, and the farmer will bear the cost of the remaining 250 chicks. The Cooperative Department will provide interest-free loans for the construction of poultry sheds and for the care and rearing of the chicks.",

"eligibility": "The applicant should be a native of Uttarakhand. The applicant should be a member of a Multi-Purpose Agricultural Cooperative Society (MPACS). The applicant should be a farmer interested in poultry farming. The applicant should not have any loan or borrowing from any bank or Multi-Purpose Primary Agricultural Credit Society (MPACS). The beneficiary should not be a defaulter of any government or private institution. The applicant should be eligible to take a loan under the Deendayal Upadhyaya Krishi Kalyan Yojana. The applicant should have their own land or a registered lease/patta land. The applicant

should be able to arrange for the remaining 250 chicks on their own. Priority will be given to women beneficiaries.",

"exclusions": "The applicant should not be a defaulter from any bank or cooperative institution.",

"application_process": "Offline To avail the benefits under this scheme, the applicant may visit the nearest office of the Cooperation Department or the office of the Veterinary Officer, along with all the relevant documents. Note: The beneficiary will have to apply through the cooperative department and the veterinary officer.",

"documents_required": "Aadhaar Card Bank Account Details Land/lease related documents Affidavit/certificate of not being a defaulter from any bank Any other documents if required",

"frequently_asked_questions": "How many chicks will a farmer rear under this scheme? Each farmer will rear 750 chicks annually in three phases. How are the chicks provided to the farmers? The Animal Husbandry Department will provide 500 one-day-old chicks annually through MPACS, while the remaining 250 chicks must be arranged by the farmer. What financial support does the scheme offer to farmers? The scheme provides interest-free loans for the construction of poultry sheds and the rearing of chicks. Who can avail of the benefits of scheme? Farmers who are members of MPACS and are interested in poultry farming can avail the benefits. Is there any priority for women applicants? Yes, priority will be given to women beneficiaries. How is the poultry farming process supported under this scheme? The Animal Husbandry Department provides chicks, while the Cooperative Department supports farmers with interest-free loans for shed construction and chick care. Where can I apply for the scheme? You can visit the nearest office of the Cooperation Department or the office of the Veterinary Officer to apply. Can a farmer apply without land ownership? No, the applicant must have their own land or a registered lease/patta land to be eligible for the scheme. Can I apply if I have a loan from a bank or MPACS? No, the applicant should not have any loan or borrowing from any bank or MPACS. How can I get the loan for constructing poultry sheds? The loan for constructing poultry sheds is provided by the Cooperative Department as an interest-free loan. Will the scheme provide any training for poultry farming? No.",

"title": "Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/flsgdpsug>",

"details": "The scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\" by the Agriculture and Co-operation Department, Government of Gujarat, aims to financially strengthen district and taluka-level cooperative purchase and sale unions across the state. The scheme is designed to help such unions undertake critical infrastructure projects, including purchasing, processing, grading, cleaning, packaging, storage, branding, and marketing of agricultural produce, which ultimately benefits the farmers with improved services and higher financial returns.",

"objective": "Section not found",

"benefits": "Financial Assistance: Provides crucial capital assistance for the construction of large-sized godowns. Infrastructure Development: Supports the development of essential infrastructure for agricultural activities like processing, grading, cleaning, washing, shortening, packaging, and branding. Enhanced Marketing Capabilities: Enables unions to strengthen their marketing and selling capabilities, potentially leading to better prices for farmers' produce. Increased Financial Strength for Unions: Aims to make District and Taluka Purchase-Sale Unions more financially robust and self-reliant. Improved Services for Farmers: Facilitates the provision of better quality services to farmers through stronger unions and improved facilities.",

"eligibility": "Cooperative institutions operating at the taluka or district level within the state of Gujarat are eligible under this scheme. The institution should be registered under the appropriate cooperative society laws. The institution should have plans for setting up or expanding facilities like storage godowns, processing units, grading and packaging infrastructure, or branding and marketing systems.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: The interested applicant should prepare the application on plain paper. Step 2: In the application form, provide all the mandatory details, and attach copies of all the mandatory documents (self-attested, if required). Step 3: Submit the duly filled and signed application form along with the supporting documents to the District Registrar's Office. Step 4: Request a receipt or acknowledgement from the concerned authority to whom the application has been submitted.",

"documents_required": "Registration Certificate of the Cooperative Society. Project Proposal Detailing Infrastructure Plans (including godowns, processing, packaging, branding, or marketing). Financial Estimates and Cost Breakdown of Proposed Project. Resolution Copy from the Managing Committee Supporting the Proposal. Bank Account Details of the Society. Identity Proof of the Authorised Signatory. Land Ownership or Lease Documents for Project Site (if applicable). Utilisation Certificate for Any Previous Government Assistance (if applicable). Any other documents as required.",

"frequently_asked_questions": "What is the primary aim of the scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\"? The scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\" aims to financially empower cooperative buying and selling unions at the taluka and district levels across Gujarat by supporting them in developing agricultural infrastructure such as storage godowns, grading units, packaging facilities, and marketing and branding services. Who is eligible to apply for the scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\"? Only cooperative institutions that are formally registered and functioning at the taluka or district level within the state of Gujarat are eligible to apply for the scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\". Is this scheme meant for individual farmers? The scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\" is not designed for individual farmers, as it exclusively caters to registered cooperative societies involved in agricultural trade and services. What types of projects are supported under this scheme? The scheme supports a wide range of infrastructure projects including the construction and expansion of storage godowns, facilities for cleaning, grading, washing, packaging, branding, and marketing, all of which are intended to enhance agricultural trade services provided by cooperatives. Which department oversees the implementation of this scheme? The Agriculture and Co-operation Department under the Government of Gujarat is responsible for overseeing and administering the scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale Union (General)\". What kind of financial assistance is provided through this scheme? Under the scheme \"Facilitation of Large Size Godowns in APMC and Taluka-District Purchase Sale

Union (General)\", financial assistance is provided to cover the costs of developing or upgrading agricultural infrastructure, although the exact amount is determined based on the project proposal and subject to administrative approval. What is the application procedure for availing the benefits under this scheme? To apply for the scheme, eligible cooperative societies must submit a written application on plain paper to the concerned District Registrar along with all necessary supporting documents as outlined in the scheme guidelines. How much time does it usually take to process the application and release funds? The processing time for applications under the scheme may vary depending on the completeness of the submitted documents and the administrative review process carried out by the District Registrar and other competent authorities."

"details": "Launched in 2013, the scheme \"Fair Recreational Activity and Non-Competitive Involvement in Sports Urban Connect Scheme (F.R.A.N.C.I.S Urban Connect Scheme)\" by the Department of Urban Development, Government of Goa aims to provide safe play areas for healthy recreation and sports to urban communities. Assistance is provided to develop safe play areas in urban spaces, benefiting local municipal bodies, schools, colleges, registered sports clubs, and registered housing societies, etc. The scheme is implemented by the Goa State Urban Development Agency (GSUDA), which acts as the nodal agency. The scheme operates within the provisions of the Integrated Development of Major Towns Scheme (IDMT).",

"objective": "Section not found",

"benefits": "Development of safe play areas for healthy recreation and sports. Provision of facilities such as walking tracks, volleyball courts, basketball courts, athletics tracks, football fields, hockey fields, artificial rock climbing walls, and tennis courts. Additional amenities like changing rooms, toilet blocks, storage spaces, illumination, and mild steel fencing. Funding assistance up to ₹3,00,00,000/- for A-Class Municipal Councils/Corporations, up to ₹2,50,00,000/- for B-Class Municipal Councils, and up to ₹1,00,00,000/- for C-Class Municipal Councils. Encouragement of corporate sponsorships and public-private partnership (PPP) models for future sustainability. Free access to non-formal facilities and affordable pay-and-play schemes. Availability of coaching facilities and linkages with local sports associations."

"eligibility": "The following entities owning land not less than 2,000 square meters within the Municipal jurisdiction shall be eligible for the benefit under this scheme: (a) Local Municipal body; (b) Schools, colleges, or such other institutions; (c) Registered Sports Clubs; (d) Registered Housing Societies; (e) Other Registered bodies espousing the cause of Physical fitness and Sport: Provided that an applicant whose land falls in any of the peripheral Panchayat jurisdiction may be considered eligible."

"exclusions": "Section not found",

"application_process": "OfflineStep 1: Submission of ApplicationFill out the Application Form (Annexure 1) with all required details, including the proposed facilities, justification, and business plan. Submit the completed application form to the Nodal Agency (Goa State Urban Development Agency) along with any supporting documents.Step 3: Scrutiny and ApprovalThe Director of the Department of Urban Development will appoint a scrutiny committee to review the application.The scrutiny committee will recommend the case to the Nodal Officer, who, in consultation with the Chairman of the Nodal Agency, will approve the application for benefits under the scheme.Step 4: Signing the Memorandum of Understanding (M.O.U.)Once approved, the beneficiary must sign an M.O.U. with the Nodal Agency, outlining the terms and conditions for the development and maintenance of the facilities.Step 5: Implementation and MonitoringThe Nodal Agency will draw up a feasibility report, design, build, and transfer the facilities to the beneficiary.*The beneficiary will be responsible for maintaining and operating the facilities, with periodic community impact studies conducted by the Nodal Agency.",

"documents_required": "Any documents as required by the Nodal Agency to verify the information provided in the application form (Annexure 1): Registration Details, Location With Survey Numbers, Area of Land, Land Ownership Status, Business Plan, Management Structure, Operational Details.*Upon approval of the application, the beneficiary must sign a Memorandum of Understanding (M.O.U.) (Annexure 2) with the Nodal Agency, outlining the terms and conditions for the development and maintenance of the facilities.",

"frequently_asked_questions": "What is the minimum land area requirement for an entity to be eligible for assistance under this urban recreation scheme?An entity must own land not less than 2000 square meters within Municipal jurisdiction to be eligible for benefits under the scheme.How can a school or college that owns land in a peripheral Panchayat jurisdiction qualify for the urban recreation assistance?An applicant whose land falls in any of the peripheral Panchayat jurisdiction may be considered eligible, even if it's outside municipal limits.What sporting facilities can be developed on the available land under this urban development initiative?Permissible activities include walking track, volleyball court, basketball court, athletics track of 200 meters, football field (30x40m), hockey field (40x20m), artificial rock climbing wall, and tennis court. Dimensions may vary based on land availability.What additional support facilities are permitted to be constructed alongside the sports infrastructure?Additional facilities permitted include changing rooms for men and women, toilet blocks, storage space for equipment, illumination, and mild steel fencing, along with other requirements deemed essential by the Nodal Officer.What preference is given to football facilities in terms of surface quality?Football gets preference for FIFA approved synthetic turfs to maintain focus on the official sports of Goa.What special considerations are given for athletics and hockey surfaces?If the Nodal Agency determines scope exists, they may consider laying IAAF and FIH approved synthetic surfaces for Athletics and Hockey.What are the different funding limits available based on municipal council classification?A Class Municipal Councils/Corporation can receive up to Rs. 3.0 crores, B Class up to Rs. 2.5 crores, and C Class up to Rs. 1 crore.What is the duration of the agreement that beneficiaries must maintain the facilities after creation?The MoU between parties shall be effective for five years from execution, during which the beneficiary cannot alter/dismantle/dispose of any assets created.What are the operational requirements regarding public access to the facilities once developed?Beneficiaries must provide generally free access to non-formal facilities and implement affordable pay-and-play schemes for other facilities.How should an applicant demonstrate financial sustainability in their proposal?Applicants must submit a self-contained business plan establishing project sustainability, including meeting operations and maintenance costs.What coaching-related commitments must be made by the applicant organization?The organization must ensure availability of coaching facilities and demonstrate their ability to deploy coaches and support staff.What partnerships are applicants required to establish for facility management?Applicants must establish linkages with respective local Sports

Associations and may pursue business partnerships to enhance financial viability. What information must be provided about existing sports infrastructure in the application? Applicants must provide details of discipline-wise infrastructure owned, managed, and operated by them, along with details of existing sports facilities. How should an applicant justify the community impact of their proposed facility? They must explain the impact of proposed infrastructure on community development and identification of new talent in their application. What management information must be included in the application? Applicants must provide details of their management structure for operations of both existing and proposed facilities. If you own land within municipal jurisdiction, can you operate the facility purely for commercial purposes? No, the sports facilities created/upgraded under the MoU may only be used for specified purposes on a non-commercial basis. Are educational institutions eligible to apply for this urban sports infrastructure assistance? Yes, schools, colleges, and other educational institutions owning the required land within Municipal jurisdiction are eligible beneficiaries.",

"frequently_asked_questions": "How often can traditional fishermen avail themselves of the subsidy, and is there a limit on the number of times they can apply? Fishermen can avail the subsidy every five years, and there is no specified limit on the number of times they can apply within the scheme's guidelines. Could you provide details about the Grievance Redressal mechanism for this scheme? Any dissatisfaction or complaint can be registered with the Grievance Redressal Officer at dir-fish.goa@nic.in. All complaints will be acknowledged, and final actions will be communicated within 30 days. How is the subsidy amount calculated under this scheme? Eligible traditional fishermen can receive a subsidy of 50% of the actual cost, limited to ₹50,000, for the purchase of Singel Net/ Small Rampon Net and its accessories. What is the significance of the Inspection Report in the application process? The Inspection Report, conducted by Fisheries officials, ensures compliance with the scheme's guidelines. It includes details about the fishing canoe, nets, life-saving equipment, and overall status. Can you provide information about the contact details for lodging grievances related to the scheme? Grievances can be registered with the Departments Grievance Redressal Officer or through email at dir-fish.goa@nic.in. How is the actual cost determined for the purchase of Singel Net/Small Rampon Net and its accessories? The actual cost is determined by the market price of the fishing equipment, and the subsidy is 50% of this cost, up to a maximum of ₹50,000. Can you clarify the role of the Directorate of Fisheries in the application process? The Directorate of Fisheries, located in Panaji, Goa, is the authority responsible for processing applications, conducting inspections, and facilitating the implementation of the subsidy scheme. Could you elaborate on the term \"traditional fishermen\" and how

it is defined in the context of this subsidy scheme?Traditional fishermen, as defined by the scheme, are those either born into a fishing family or engaged in fishing as their profession, emphasizing the scheme's focus on supporting the traditional fishing community.Where Can I Find The Link To The Scheme Guidelines?You can access the comprehensive Scheme Guidelines, which provide intricate details and instructions, at the following web address: <https://fisheries.goa.gov.in/schemes-services/> Where Can I Find The Link To The Application Form?To initiate the application process, you can obtain the official Application Form by visiting this specific webpage: <https://fisheries.goa.gov.in/wp-content/uploads/2023/01/Gill-Net-Application-Forms.pdf> Is There Any Application Fee?No, applicants can rest assured that the entire application process is entirely free of cost. There are no fees associated with applying for this scheme.Is There Any Compensation For The Delay In The Disbursal Of The Scheme Benefits?The guidelines do not mention any provision for compensation in the event of delayed disbursement of scheme benefits. Applicants should note that compensation for delays is not part of the scheme's framework.Can Applicants From The Neighboring States Also Apply To This Scheme?Unfortunately, this scheme is exclusively available to permanent residents of the state. Applicants from neighboring states, among others, are not eligible to apply.Is It Mandatory to Have a Bank Account for This Scheme?Yes, possession of a valid bank account is a mandatory requirement.",

"frequently_asked_questions": "When as the Integrated Sheep Development Scheme (ISDS) launched? Integrated Sheep Development Scheme (ISDS) was launched in the year 2020-21 Which department launched the ISDS Scheme? The ISDS scheme was launched by the Sheep Husbandry Department of the J&K Government. Under what activities shall the support be provided? The support shall be available for the following activities - \n\n Establishment of Sheep/goat units under participatory mode comprising 10 ewes/does\n\n Establishment of Sheep/goat units on subsidy mode (20-200 ewes/does)\n\n Establishment of shearing units Who is eligible to apply to this scheme? The beneficiary can be an Individual / Group of Individuals / Self Help Groups / Cooperative Societies / FPOs, etc. \n\n Efforts will be made to cover 20% SC/ST and 10% women beneficiaries. Till which year will the scheme guidelines be in force? The Guidelines Will Be In Force Till 31st March 2023 Or Replaced By A New Set Of Guidelines Whichever Is Earlier. Is there an earmarking for SC/ST And Women applicants? Efforts will be made to cover

20% SC/ST and 10% women beneficiaries. What benefits are provided under Subsidy Mode? Subsidy Mode: Selected beneficiaries shall be entitled to a 50% subsidy for the establishment of sheep/goat units of 20-200 ewes/does. What shall be the pattern of assistance under the Establishment Of Sheep/Goat Units? Pattern of Assistance under Establishment Of Sheep/Goat Units (25 Sheep/Goat Per Unit): 50% of the unit cost as total eligible subsidy with a ceiling of ₹ 1,00,000 whichever is less per unit (25 sheep/goat) and a maximum subsidy ceiling of ₹ 8,00,000 for 8 Sheep/Goat units (each unit comprising 25 sheep/goats) Who is eligible to apply to this scheme? Eligibility of Beneficiary: Any Individual / Group of Individuals / Self Help Group / Cooperative Society / Farmers Producer Organization. What Are The Various Methods To Keep The Unshorn Wool Clean? Avoid over crowding, and timely dipping, the shed must be clean and hygienic, you can also use some specific shampoos which can be brought from the market. To whom should the application be sent? Interested beneficiaries shall submit their applications in the format "Annexure B" to their respective District Sheep Husbandry Officer (DSHO) along with a self-attested copy of the required documents. How Much Land Is Required To Start A 25 EWEs Sheep Unit? 8 sq. ft. per animal, it is the accurate space required per animal, so for 25 EWEs, you may need 200 sq. ft. shed. In addition to this if you have more land, it is more advantageous as far as feeding or grazing area is concerned. How Will The Department Provide Logistic Support Or Medical Support? Our employees will assist you in choosing the best breed by taking in view the genotypic and phenotypic characters, selection of hybrid breed, wool qualities, length of legs, scrotal girth, our technical experts can say which breed is best for your start up and will help you in choosing those breeds. We also give you medicines on subsidized rates and all the services are being provided at your door step, free of cost breeding cover is being provided by the department by providing you a Hybrid Ram of Superior Quality. How Many Times An Animal Is To Be Sheared In A Year? Two times in a year, pre-migration and post-migration from Highland Pastures. Is It Necessary To Send The Livestock To Highland Pastures During Summer? Yes, it is important to send your livestock to Highland Pastures, the sheep is an animal which is Heat Stress Prone, so it is very difficult for such an animal to remain in plains during high temperature. It gets its favorable temperature only in Highland Pastures. Also there is enough availability of Nutrition's grasses on Highland Pastures. There are also some grasses which are Anti Parasitic and thus help the livestock to remain free from some parasitic diseases. Another most benefit of Highland Pastures is that you don't need to put any expenses on feeding of animals at Highland Pastures."

"link": "<https://www.myscheme.gov.in/schemes/kkt>",

"details": "The Taarbandi Scheme for Fields was launched on July 21, 2017, under the auspices of the Agriculture Department of the Rajasthan government. The primary objective of this scheme is to safeguard farmers' crops from damage caused by stray animals. Many farmers face crop losses due to the intrusion of such animals into their unfenced fields, particularly those who lack the financial means to secure their land. To address this issue, the Rajasthan Taarbandi Scheme was introduced, offering financial assistance to farmers across the state for the installation of fencing around their fields. This initiative aims to enable farmers to protect their crops effectively by erecting barbed wire enclosures around their fields. Priority Scheduled Caste 17.83 percent, Scheduled Caste 13.48 percent, Women category farmers will be given priority for 30.0 percent participation.",

"objective": "Section not found",

"benefits": "Subsidy amount: Small and marginal farmers: 60% of the total cost, capped at ₹48,000/-. Other farmers: 50% of the total cost, capped at ₹40,000/-. Community application (group of 10+ farmers with min. 5 hectares collectively): 70% of the total cost, capped at ₹56,000/- per farmer .Land covered: Up to 400 meters of fencing per farmer.",

"eligibility": "This scheme is available to all categories of farmers. For individual farmers and farmer groups, the applicant must possess a minimum of 1.5 hectares of land at a single location. In Scheduled Tribe areas, a minimum of 0.5 hectares of land at one location is required. For community applications, a group comprising 10 or more farmers must collectively own a minimum of 5 hectares of land. Additionally, the boundaries of the group's land must fall within the specified perimeter.",

"title": "Kisan Credit Card",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/kcc>",

"details": "The KCC Scheme was introduced with the objective of providing adequate and timely credit to the farmers for their agricultural operations. The Government of India provides interest subvention of 2% and Prompt Repayment Incentive of 3% to the farmers, thus making the credit available at a very subsidized rate of 4% per annum. The scheme was further extended for the investment credit requirement of farmers viz. allied and non-farm activities in the year 2004 and further revisited in 2012 by a working Group under the Chairmanship of Shri T. M. Bhasin, CMD, Indian Bank with a view to simplify the scheme and facilitate issue of Electronic Kisan Credit Cards. The scheme provides broad guidelines to banks for operationalizing the KCC scheme. Implementing banks will have the discretion to adopt the same to suit institution/location-specific requirements. Objective / Purpose The Kisan Credit Card scheme aims at providing adequate and timely credit support from the banking system under a single window with the flexible and simplified procedures to the farmers for their cultivation and other needs as indicated below : To meet the short term credit requirements for the cultivation of crops; Post-harvest expenses; Produce marketing loan; Consumption requirements of farmer household; Working capital for maintenance of farm assets and activities allied to agriculture; Investment credit requirement for agriculture and allied activities Type of Card A magnetic stripe card with PIN (Personal Identification Number) with an ISO IIN (International Standards Organization International Identification Number) to enable access to all banks ATMs and micro ATMs In cases where the Banks would want to utilize the centralized biometric authentication infrastructure of the UIDAI (Aadhaar authentication), debit cards with magnetic stripe and PIN with ISO IIN with biometric authentication of UIDAI can be provided. Debit Cards with magnetic stripes and only biometric authentication can also be provided depending on the customer base of the bank. Till such time, UIDAI becomes widespread, if the banks want to get started without inter-operability using their existing centralized bio metric infrastructure, banks may do so. Banks may choose to issue EMV (Europay, MasterCard and VISA, a global standard for the interoperation of integrated circuit cards) and RUPAY compliant chip cards with magnetic stripe and pin with ISO IIN. Further, biometric authentication and smart cards may follow the common open standards prescribed by IDRBT and IBA. This will enable them to transact seamlessly with input dealers and also enable them to have the sales proceeds credited to their accounts when they sell their output at mandies, procurement centres, etc Delivery Channels : The following delivery channels shall be put in place to start with so that the Kisan Credit Card is used by the farmers to effectively transact their operations in their KCC account. Withdrawal through ATMs / Micro

ATMWithdrawal through BCs using smart cards.PoS machine through input dealersMobile Banking with IMPS capabilities / IVRAadhaar enabled Cards",

"objective": "Section not found",

"benefits": "Fixation of credit limit/Loan amountThe short-term limit to arrive for the first year: For farmers raising a single crop in a year: Scale of finance for the crop (as decided by District Level Technical Committee) x Extent of area cultivated + 10% of limit towards post-harvest / household/consumption requirements + 20% of limit towards repairs and maintenance expenses of farm assets + crop insurance, PAIS & asset insurance.Limit for second & subsequent year: First-year limit for crop cultivation purposes arrived at as above plus 10% of the limit towards cost escalation/increase in the scale of finance for every successive year (2nd, 3rd, 4th and 5th year) and estimated Term loan component for the tenure of Kisan Credit Card, i.e., five years.For farmers raising more than one crop in a year, the limit is to be fixed as above depending upon the crops cultivated as per the proposed cropping pattern for the first year and an additional 10% of the limit towards cost escalation/increase in the scale of finance for every successive year (2nd, 3rd, 4th and 5th year). It is assumed that the farmer adopts the same cropping pattern for the remaining four years also. In case the cropping pattern adopted by the farmer is changed in the subsequent year, the limit may be reworked. Term loans for investments towards land development, minor irrigation, purchase of farm equipment and allied agricultural activities. The banks may fix the quantum of credit for the term and working capital limit for agricultural and allied activities, etc., based on the unit cost of the asset/s proposed to be acquired by the farmer, the allied activities already being undertaken on the farm, the bank's judgment on repayment capacity vis-a-vis total loan burden devolving on the farmer, including existing loan obligations.The long-term loan limit is based on the proposed investments during the five-year period and the bank's perception of the repaying capacity of the farmer Maximum Permissible Limit: The short-term loan limit arrived for the 5th year plus the estimated long-term loan requirement will be the Maximum Permissible Limit (MPL) and treated as the Kisan Credit Card Limit.Fixation of Sub-limits for other than Marginal Farmers: Short-term loans and term loans are governed by different interest rates. Besides, at present, short-term crop loans are covered under Interest Subvention Scheme/ Prompt Repayment Incentive scheme. Further, repayment schedules and norms are different for short-term and term loans. Hence, in order to have operational and accounting convenience, the card limit is to be bifurcated into separate sub-limits for short-term cash credit limit cum savings account and term loans. The drawing limit for short-term cash credit should be fixed based on the cropping pattern and the amounts for crop production, repairs and maintenance of farm assets and consumption may be allowed to be drawn at the convenience of the farmer. In case the revision of the scale of finance for any year by the district-level committee exceeds the notional hike of 10% contemplated while fixing the five-year limit, a revised drawable limit may be fixed and the farmer is advised about the same. In case such revisions require the card limit itself to be enhanced (4th or 5th year), the same may be done and the farmer be so advised. For term loans, instalments may be allowed to be withdrawn based on the nature of the investment and the repayment schedule drawn as per the economic life of the proposed investments. It is to be ensured that at any point in time, the total liability should be within the drawing limit of the concerned year. Wherever the card limit/liability so arrived warrants additional security, the banks may take suitable collateral as per their policy.",

"eligibility": "EligibilityFarmers - individual/joint borrowers who are owner cultivators;Tenant farmers, oral lessees & share croppers;Self Help Groups (SHGs) or Joint Liability Groups (JLGs) of farmers including tenant farmers, share croppers etc",

Jan Aadhaar : Enter the Jan Aadhaar number, click on the 'Next' button, Select your name, the name of the head of the family and all the other members and Click on the 'Send OTP' button. Enter the 'OTP' and Click on the 'Verify OTP' button to Complete the registration. Google : Enter the Gmail ID, click on the 'Next' button, Enter the password. A new link appear on screen, now click on the new SSO link. SSO id will appear on the screen, now create the password. Enter Mobile number, click on registration. Step-5: Submit. ApplyStep-1: Applicant have to visit the official portal. Step-2: After login, dashboard will open. Step-3: Click on " RAJ-KISAN " option. Step-4: In "\"Farmer\"", click on "\"Application Entry Request\"". Step-5: Enter the "\"Bhamashah ID\"" or "\"Janaadhaar ID\"" and search. Step-6: Select the person name and scheme name. Step-7: Complete the Aadhaar Authentication and click on Get details. Step-8: Provide the required details. - Pensioner Details. - Bank Details. - Disability Details. - Verification Details. - Upload Documents. Step-9: Submit. When the coupon code is issued to the farmer, license holder Hamal/Palledar/Tulara is provided by the concerned farmer to the Kaleva operator, after the coupon code is verified on the operator's system, the concerned person is provided food at a concessional rate of ₹ 5/-.",

"documents_required": "Identification Proof Farmers coming to the market premises to sell agricultural commodities are issued a maximum of 02 food coupons on each incoming entry card issued at the market gate and 01 food coupon at a concessional rate is issued to license holder Hamal/Palledar/Tulara on the license number. The validity of the coupon issued to the concerned is till 24 hours.",

"frequently_asked_questions": "What is the objective of the scheme? The Kisan Kaleva Yojana is a scheme introduced by the Rajasthan Government to provide subsidized meals to farmers and their assistants at vegetable market premises. Who is eligible to benefit from the Kisan Kaleva Yojana? Farmers and their assistants who come to sell crops at vegetable market premises are eligible to benefit from this scheme. How does the scheme work? The scheme offers food at concessional rates through coupons, allowing registered farmers and their assistants to avail a plate of food for a nominal price. What is the maximum price for food under the Kisan Kaleva Yojana? The maximum price for food is fixed at ₹ 40, with ₹35 subsidized by the market committee and ₹ 5 contributed by the farmer and laborer. Will farmers get different types of food in winter and summer? Yes, vegetables and jaggery will be available as per season. How long will the food coupon be valid? The food coupon will be valid for 24 hours. How has the Kisan Kaleva Yojana benefited agricultural communities in Rajasthan? The scheme has provided significant relief to farmers and their assistants by reducing their expenses on meals and ensuring they have access to

essential food items during their work hours. Any education qualification required for the scheme? There is no qualification requirement for this scheme. Is there any criteria related to caste in this scheme? No, there are no cast criteria in this scheme."

1 Seed drill/seed cum fertilizer drill 20 B.H.P. With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the price or maximum ₹15,000-₹28,000 whichever is less. 40 percent of the price or maximum ₹12,000-₹22,400, whichever is less.
2 Disc Plough/Disc Harrow 20 B.H.P. (Brake Horse Power) With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the value or maximum ₹20,000-₹50,000 whichever is less 40 percent of the price or maximum ₹16,000-₹40,000, whichever is less
3 Rotavator 20 B.H.P. With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the price or maximum ₹42,000-₹50,400. Whichever is less 40 percent of the price or maximum ₹34,000-₹40,300, whichever is less.
4 Multi crop thresher 20 B.H.P. With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the value or maximum ₹30,000-₹1,00,000. whichever is less. 40 percent of the value or maximum ₹25,000-₹80,000, whichever is less.
5 Ridge Furrow Planter/ Multi Crop Planter/ Tractor Operated Ripper 20 B.H.P. With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the value or maximum ₹30,000-₹75,000. Whichever is less 40 percent of the price or maximum ₹24,000-₹60,000, whichever is less.
6 Chisel plow 20 B.H.P. With a capacity of less than 35 B.H.P. to a capacity of more than 50 percent of the price or maximum ₹10,000-₹20,000. Whichever is less 40 percent of the price or maximum ₹8,000-₹16,000, whichever is lower. The limit of maximum grant on agricultural equipment mentioned above is the BHP of their tractor/power tiller/power driven equipment. Based on capacity. Note- Subsidy on all other approved agricultural machinery will be payable as per the provisions of Sub Mission on Agricultural Mechanization (SMAM). NFSM (Wheat and Pulses) Under the scheme, SMAM on agricultural equipment like Rotavator/Turbo Seeder, Multicrop Thresher, Seed Drill/Seed cum Fertilizer Drill, Disc Harrow/Disc Plow etc. The grant is payable as per the provisions of the scheme.",

"eligibility": "Own agricultural land in his/her own name. In case of undivided family, the applicant's name must be in the revenue record. For tractor-operated agricultural implements, the tractor must be registered in the applicant's name. Not have received a grant for the same type of agricultural implement in the last three years. Not have received a grant for more than 3 different types of agricultural implements in a financial year.",

"exclusions": "Section not found",

"application_process": "OnlineRegistrationStep-1: Applicant have to visit the official portal. Step-2: Click on the option 'Register'. Step-3: Then you will be redirected to the SSO registration page. The registration page will appear with the following options. CitizenStep-4: Choose the either one option from the Jan Aadhaar Or Google to process further. Jan Aadhaar : Enter the Jan Aadhaar number, click on the 'Next' button, Select your name, the name of the head of the family and all the other members and Click on the 'Send OTP' button. Enter the 'OTP' and Click on the 'Verify OTP' button to Complete the registration. Google : Enter the Gmail ID, click on the 'Next' button, Enter the password. A new link appear on screen, now click on new SSO link. SSO id will appear on screen, now create the password. Enter Mobile number, click on registration. Step-5: Complete the registration process. ApplyStep-1: Applicant have to visit the official portal. Step-2: After login, dashboard will open. Step-3: Click on " RAJ-KISAN " option. Step-4: In "Citizen", click on "Application Entry Request". Step-5: Enter the "Bhamashah Family ID" or "Jan Aadhaar" and search. Step-6: Select the person name and scheme name. Step-7: Complete the Aadhaar Authentication and click on Get details. Step-8: Provide the required details. - Pensioner Details. - Bank Details. - Disability Details. - Verification Details. - Upload Documents. Step-9: Submit.",

"documents_required": "Aadhar Card / Jan Aadhar Card, Caste certificate, Copy of tractor registration certificate (R.C.) (mandatory for tractor-driven equipment).",

"frequently_asked_questions": "What is the objective of the scheme? Krishri Yantr Yojana is a government scheme aimed at providing financial assistance to farmers for the purchase of agricultural machinery and equipment. Who is eligible to benefit from Krishri Yantr Yojana? Small and marginal farmers, as well as other categories of farmers, may be eligible to benefit from this scheme. What types of agricultural machinery are covered under Krishri Yantr Yojana? In this scheme covers a wide range of agricultural machinery and equipment, including tractors, tillers, harvesters, pumps, sprayers, and other farm implements. How does Krishri Yantr Yojana work? Under the scheme, eligible farmers receive financial assistance or subsidies to purchase agricultural machinery. The amount of assistance provided and the application process may vary depending on the state or region. What are the benefits to the farmers? Farmers access modern agricultural technologies and equipment, leading to increased efficiency, productivity, and profitability in farming operations. How can i apply for this scheme? The farmer will be able to apply himself or by visiting the nearest e-Mitra centre. How do I know if a field in the application form is mandatory? "Fields marked with an asterisk (*) are mandatory." Is there a subsidy provided under Krishri Yantr Yojana? The subsidy amount may vary depending on the type of equipment and other factors. Who Can Get The Benefits Of The Scheme? Farmers will get the benefits.",

"title": "Krishonnati Yojana - Sub Mission On Seed And Planting Material (SMSP)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/ky-smssp",

"details": "The scheme \"Sub Mission on Seed and Planting Material (SMSP)\" is a centrally sponsored scheme under the umbrella scheme of \"Green Revolution – Krishonnati Yojana\". \"Green Revolution – Krishonnati Yojana\" is an Umbrella Scheme for the agriculture sector that has been implemented since 2016-17 by clubbing several schemes/missions under one umbrella scheme. The Umbrella scheme comprises 11 Schemes/Missions. These schemes look to develop the agriculture and allied sector holistically and scientifically to increase the income of farmers by enhancing production, productivity, and better returns on produce. The Sub-Mission on Seeds and Planting Material (SMSP) aims to increase the production of certified / quality seed, increase SRR, upgrade the quality of farm-saved seeds, strengthen the seed multiplication chain, promote new technologies and methodologies in seed production, processing, testing, etc., to strengthen and modernizing infrastructure for seed production, storage, certification, and quality, etc. Objectives of SMSP - Increasing production of certified/ quality seed Increasing Seed Replacement rate (SRR) more particularly to achieve higher SRR in crops like paddy, gram, groundnut, cotton, etc. as recommended by the Consultative Group of the Ministry of Agriculture Upgrading the quality of farm-saved seeds with a specific objective to cover 60,000 villages and produce 100 lakh quintals of seed each year through farmers' participatory seed production. Creation of Seed Infrastructure facilities in the Public Sector. Encouraging seed treatment, particularly for farm-saved seed. Strengthening the seed multiplication chain through assistance to the public and private sectors. Popularizing new varieties to encourage varietal replacement. Promoting new technologies and methodologies in seed production, processing, testing, etc. Strengthening and modernizing infrastructure for seed production, storage, certification, and quality control particularly to ensure compliance with the provisions of the Seeds Bill 2004/ISTA standards, and OECD certification. Facilitating the movement of seed from India in international trade and increasing its share to 10% by 2020 as envisaged in the new policy on seed development. Assisting and supporting public and private seed-producing organizations in the seed sector and encouraging partnerships. Ensuring availability of seed in contingent situations. Facilitating the dissemination of seed-related information through information, education, and communication. To provide an effective system for the protection of plant varieties, the rights of farmers as well as plant breeders and to encourage the development of new varieties of plants, through PPVFRA. Components of SMSP - 1. Strengthening for Seed Quality Control 2. Strengthening of Grow Out Test(GOT) facilities 3. Support to seed certification agencies 4. Seed Village Programme 5. Certified seed production through seed villages 6. Seed Processing Facilities 7. Seed Storage Facilities 8. Transport subsidy on the movement of Seed to North Eastern States etc. 9. National Seed Reserve 10. Application of Biotechnology in agriculture 11. Public Private Partnership in the seed sector 12. Assistance for boosting seed production in the Private Sector 13. Support to Sub-Mission Director and Survey / Studies 14. Protection of Plant Varieties and Farmer's Rights Authority (PPVFRA)",

"objective": "Section not found",

"benefits": "Intervention: Strengthening for Seed Quality Control Pattern of Funding: 100% GOI share, except a new sub-component with 75:25 Centre:State share Rate of Assistance: (i) Seed Testing Laboratories Equipment for Seed Testing Laboratories: Assistance for Rs.60 lakh per laboratory will be available for laboratory equipment. Details of equipment and estimated cost for handling approximately 10,000 samples per year in a laboratory is given in Annexure-II. Renovation of Seed Testing Laboratory: Rs. 20.00 lakh available for renovation of a seed testing laboratory with the capacity of 10,000 seed samples with area of 250 Sqm. Equipment for DNA Finger Printing / Varietal Purity - Testing Laboratory: Assistance

for Rs.70 lakh will be available for the DNA fingerprinting facility at one notified seed testing laboratory. Specialized seed health testing units: Assistance for Rs. 55.00 lakh will be available to establish/strengthen one specialized seed health testing laboratory. Payment of ISTA fee: Financial assistance of Rs.15 lakh will be available to the maximum 5 Seed Testing Laboratories functioning under NSRTC, State Government/Union Territories, Seeds Corporations, and Seed Certification Agencies to obtain/run the membership of the International Seed Testing Association (ISTA).

(ii) Strengthening of Seed Law Enforcement: Assistance for reimbursement of seed sample cost @ Rs. 10.00 lakh is available. (75% centre : 25 % State)

(iii) Support to the National Seed Research and Training Center: Financial assistance of Rs. 12.00 crore will be provided to NSRTC for salary wages, maintenance of facilities and other routine activities, and administrative expenditures for 3 years. Development of Centralized Seed Certification Portal at NSRTC: Financial Assistance will be provided for the development of software and hardware @Rs. 20.00 lakh per State Seed Certification Agency Centralized Seed Certification Portal at NSRTC for giving linkage to the 25 SSC.

(iv) Training and workshop: Financial assistance of Rs.2.00 lakh will be available for training on seed-related activities viz. training of 25 persons for 5 days training course.

(v) Strengthening of Central Seed Committee and Central Seed Certification Board: Financial assistance of Rs..10.00 lakh per year is available for TA / DA for non-official members of CSC & CSCB and its sub-committees.

Intervention: Strengthening of Grow Out Test (GOT) Facilities

Pattern of Funding: 100% GOI

Rate of Assistance: (i) Grow-out Test Farm: Financial assistance of Rs.50.00 lakhs for strengthening of 5 hectares of GOT farm. (ii) Green House facility: An assistance of Rs.10 lakh will be available for the establishment of a Green House facility for eligible organizations.

Intervention: Support to Seed Certification Agencies

Pattern of Funding: 25% GOI : 75% State

Rate of Assistance: (i) Salary for the Staff: Rs.50.00 lakh, per agency, per year. will be available for staff who are involved in seed management; field inspection; sampling; analysis; monitoring; evaluation, certification, and pre and post-harvesting supervision, etc. (ii) Travelling allowance: 25% of the total cost of traveling allowance is subject to a maximum limit of Rs. 10.00 lakh per agency to conduct of inspection, analysis and certification activities, the mobility of staff through jeep and motorcycle is proposed based on one for every 800 hectares and 400 hectares respectively.

(iii) Office Automation & Communication Facility: Financial assistance will be available to each seed certification agency for supporting Office automation & Communication facility up to Rs.50.00 lakh per SCA.

Intervention: Seed Treatment

Pattern of Funding: 75% GOI : 25% State

Rate of Assistance: Financial assistance will be available up to 75% of the cost as a subsidy for the cost of seed treatment @ Rs.100.00 per quintal of seeds with maximum central assistance for one agency per year will be Rs.20 lakh.

Intervention: Promotion of Seed Export

Pattern of Funding: 100% GOI

Rate of Assistance: (i) Assistance freight charges from seed store/ware house to port of exit @30% of the actual cost subject to maximum of Rs.3.00 lakh per beneficiary (20 units). (ii) Assistance to exporter/producer/growers for set up of seed conditioning unit for conditioning the seeds for export including controlled storage unit @40% of the actual cost subject to maximum of Rs.10.00 lakh per beneficiary (19 units). (iii) Up-gradation of Seed Testing Laboratory upto the ISTA Standard to issue the orange certificate for international seed trade @25% of the actual cost subject to maximum of Rs.5.00 lakh per beneficiary (10 laboratories).

Intervention: Support for R&D, Contract Research and Acquisition of New Varietal Products

Pattern of Funding: 60% GOI : 40% State

Rate of Assistance: Assistance of 60% subject to a maximum of Rs.1.15 crore will be provided to prepare a project for the acquisition of a new varietal project, technology Contract Research, setting up of an R&D Unit, etc. The beneficiary institute has to provide a detailed financial backup of the remaining 40% of the project.

Intervention: Strengthening of Seed Farms

Pattern of Funding: 75% GOI : 25% State

Rate of Assistance: 75% financial assistance restricted to approved project cost to a maximum limit of Rs.80.21 lakh including State share will be provided by GOI to implementing agencies for each farm which comprises - (i) Financial assistance of Rs.5.00 lakh will be provided for the renovation of Staff Quarters including office building etc. for each farm. (ii) Financial

assistance of Rs.3.00 lakh will be provided for repairing of internal roads etc. for each farm. (iii) Financial assistance of a total of Rs.11.00 lakh will be provided for repair, purchase of farm machinery & equipment, etc. as per cost norms for each farm (iv) Financial assistance of a total of Rs.3.00 lakh will be provided for the construction of farm machinery & equipment etc. sheds on each farm (v) Financial assistance of a total of Rs.3.65 lakh will be provided for the construction /repairing of the threshing floor @ Rs.730/sq. meter to a maximum of 500 sqm. for each farm.(vi) Financial assistance of a total of Rs.14.00 lakh will be provided for the establishment of a Seed Processing Plant with 200 MT capacity including Building (Rs.9.80 lakh), approach road (Rs. 2.20 lakh), Drainage (Rs.2.20 lakh).(vii) Financial assistance of a total of Rs.7.56 lakh will be provided for Seed Processing Machinery/supporting equipment etc. for each Farm.(viii) Financial assistance of a total of Rs.10.50 lakh will be provided for Prefabricated/or another type of Seed Storage Godown of 200 MT capacity for each Farm. (ix) Financial assistance of Rs.5.00 lakh for the development of irrigation facilities will be provided under - a) Shallow tube well (70-80 feet) Rs.1.50 lakh (b) Medium tube well(40 meter) Rs.3.00 lakh (c) Deep tube well(75 meter) Rs.3.90 lakh (x) assistance of a total of Rs.7.50 lakh maximum will be provided for Irrigation underground HDPs Pipeline etc. for each farm. (xi) Financial assistance for Drip & Sprinkler Irrigation facilities will be provided as per NMMI or actual, whichever is less upto a maximum of Rs.10.00 lakhs. Intervention: Seed VillagePattern of Funding: 100% GOIRate of Assistance:(i) Distribution of Seeds: 50% assistance will be provided for the distribution of foundation / certified seeds required for a 1-acre area per farmer for cereal crops. (ii) Financial assistance @ 60% cost of foundation/ certified seeds of pulses, oilseeds, Green Manure & Fodder crops, etc. required for a 1-acre area per farmer will be provided. (iii) Financial assistance of Rs.15000 per group (50-150 farmers in each group) will be provided for farmers' training on seed production and post-harvest seed technology (Rs.0.15 lakh).(iv) Financial assistance for treating seeds produced in the Seed Village will be available @ 3500 per seed treating drum of 20 kg capacity and Rs. 5000 per drum of 40 kg capacity. (v) To encourage farmers to develop storage capacity of appropriate quality, financial assistance will be given to farmers for purchasing Seed Storage bins. The rate of assistance will be as under:@33% for SC/ST farmers for 10 QTLs. capacity Rs.1500@33% for SC/ST farmers for 20 QTLs. capacity Rs.3000@25% for General farmers for 10 QTLs. capacity Rs.1000 @25% for General farmers for 20 QTLs. capacity Rs.2000Intervention: Certified Seed Production through Seed Villages Pattern of Funding: 75% GOI : 25% StateRate of Assistance: (i) 75% financial assistance will be provided for foundation/certified seeds required for 1 acre per farmer for pulses, oilseeds, fodder, and green manure crops. (ii) Financial assistance @50% of seed certification charges actual or maximum of Rs.600/ha whichever is less. (Rs.0.60 lakh for 100ha. area) (iii) Financial assistance @ Rs.15000 per group (of 50-150 farmers in each group) will be provided for farmers' training on seed production and post-harvest seed technology will be provided. (iv) Assistance to establish seed processing and prefabricated or another type of seed storage godowns 150 sqm. @ Rs.10000 per sqm. to process and store 200 Mt capacity will be available for each seed village (v) Financial assistance of Rs.7.56 lakh will be provided for seed processing machinery and supporting equipment. Intervention: Seed Processing Plant Pattern of Funding: 100% GOIRate of Assistance: (i) Financial assistance will be provided to modular design of 1000 MT and higher annual capacity seed processing capacity plants (wheat basis) @ Rs. 37.80 lakh and so on.(ii) Financial assistance for construction of the building required for the Seed processing plant and other supporting structures @ Rs. 32.70 lakh and so on.Intervention: Seed StoragePattern of Funding: 100% GOI Rate of Assistance:(i) Financial assistance towards the cost of construction for various types of seed storage godowns including pallets/ racks, covers, sprays, dusters, etc. required for the safe storage of seeds will be provided as per the details annexed. (ii) Financial assistance for the modernization of existing Asbestos Sheet stores / ventilated flat roof stores dehumidified or air-conditioned and dehumidified stores will be provided at a differential cost @ Rs. 6500 per sqm. and Rs. 10500 per sqm. respectively. Financial Assistance @ Rs. 4000/- sqm. will also be provided for the modernization of dehumidified storage to the

level of air-conditioned and dehumidified stores. Intervention: Transport Subsidy Pattern of Funding: 100% GOI Rate of Assistance: (i) 100% difference between road and Rail transportation charges will be reimbursed to the implementing States/ Agencies for the Movement of Seeds produced outside the States and moved to these identified States' Capital/district headquarter. (ii) Actual cost restricted to a maximum limit of Rs.120 per QTLs. whichever is less for movement of seeds transported within the State from States Capitals / District Head Quarters to sales outlets /sale counters will be reimbursed to the identified States. Intervention: Assistance for Maintenance of Breeder Seed Pattern of Funding: 75% GOI : 25% State Rate of Assistance: Financial assistance @ Rs. 99.98 lakh (Recurring and non-recurring) will be provided for the maintenance breeding of nucleus seeds for further multiplication of breeder seeds of various agricultural crops. Intervention: National Seed Reserve Pattern of Funding: 100% GOI Rate of Assistance: (i) Cost of Seeds (Revolving Fund): Financial assistance @ 100% of the total procurement value of foundation and certified seeds will be given to the participating organizations in the form of revolving funds. (ii) Maintenance Cost: Maintenance costs pertaining to Processing charges, cost of packing material, labor costs involved in the packing, and cost of certification will be provided to the implementing agency up to Rs.300 per QTL. and handling costs up to Rs.200 per QTL. subject to the actual cost incurred by implementing agencies. (iii) Cost of Seed Storage Infrastructure:- Financial assistance will be provided in the enlarged proportion based on the criteria fixed/ specified in the guidelines - Particulars: Ventilated Flat Roof Stores Capacity (in M.T.): 1000 Size (in sq.m.): 700 Rate (in Rs./sq.m.): 7500 Total Cost (in Lakhs): 52 • Electrification- @ 5% of the cost of Rs. 52.50 lakh incurred on seed storage infrastructure for one location = Rs. 2.62 lakh • Compound wall & internal roads - @ 5% of the cost of Seed Storage infrastructure for one location i.e., = Rs. 2.62 lakh (iv) Cost of material handling equipment: Financial assistance will be provided @ Rs. 50 per QTLs to the implementing agency for purchasing material handling equipment. (v) Assistance for purchase of Machinery, plant building, receiving shed, and drying platform: The maximum assistance to the implementing agencies will be given for the purchase of machinery upto the capacity of 3000 tonnes per annum at the place where NSR has been maintained. Item: Equipment & Machinery Cost (Rs. in Lakhs) Capacity of 1000 tonnes per annum: 37.80 Capacity of 2000 tonnes per annum: 43.00 Capacity of 3000 tonnes per annum: 61.00 Item: Size in sqm. @ Rs. 7000/sqm. Capacity of 1000 tonnes per annum: 450 Capacity of 2000 tonnes per annum: 525 Capacity of 3000 tonnes per annum: 700 Item: Plant building cost (Rs. in Lakh) Capacity of 1000 tonnes per annum: 31.50 Capacity of 2000 tonnes per annum: 36.75 Capacity of 3000 tonnes per annum: 49.00 Item: Size in sqm. @ Rs. 1200/sq.m. Capacity of 1000 tonnes per annum: 100 Capacity of 2000 tonnes per annum: 200 Capacity of 3000 tonnes per annum: 300 Item: Drying Platform Cost (Rs. in Lakh) Capacity of 1000 tonnes per annum: 1.20 Capacity of 2000 tonnes per annum: 2.40 Capacity of 3000 tonnes per annum: 3.60 Item: TOTAL Capacity of 1000 tonnes per annum: 70.50 Capacity of 2000 tonnes per annum: 82.15 Capacity of 3000 tonnes per annum: 113.60 (vi) Cost of services outsourced for fumigation, spraying, maintenance of dust free environment staking, de-staking and other operations involving labour:- Maximum assistance upto Rs. 10 per qtl or actual amount incurred (whichever is less) would be provided to the implementing agencies every year on the qty of seeds maintained by the implementing agency. (vii) Cost of condemnation/unfit seeds: 10% qty of targeted quantity for the National Seed Reserve may be allowed under cost of condemnation. "The procurement value of the seeds of 10% of reserved quantity or maintained quantity (x) - the value of seeds sold as commercial grain after condemnation (Y) = reimbursable amount would be (x-y)" (viii) Cost of Computerization: The lump sum financial assistance on the basis of the requirement of Implementing agency would be provided to maintain the information on crop-wise, and variety-wise quantity maintained by the implementing agencies under NSR against the quantity allotted by GOI. Intervention: Application of Bio-Technology in Agriculture Pattern of Funding: 100% GOI Rate of Assistance: Financial Assistance up to Rs. 2.50 crores for the establishment of a new Tissue Culture Unit and financial assistance up to Rs. 20 lakh for rehabilitation /strengthening of the old

tissue culture lab as per the item given in the details in the Scheme. Intervention: Public-Private Partnership in Seed Sector Pattern of Funding: 50% GOI : 50% State Rate of Assistance: The credit linked @ 50% of the cost of the project subject to a maximum of Rs.50.00 lakh per beneficiary will be provided. Intervention: Assistance for Boosting Seed Production in Private Sector Pattern of Funding: 100% GOI Rate of Assistance: a) Credit-linked back-ended subsidy is enhanced @ 40% of the capital cost of the project in general areas and 50% in case of hilly and scheduled areas subject to an upper limit of Rs 150 lakhs per project b) Assistance will also be available for R&D. c) With subsidy as proposed, a Committee will be set up by the Department to recommend cases and monitor progress under the Scheme. d) An agency will be selected and designated by the Mission as the nodal agency subject to the overall control of the Committee. 2% of the total fund utilized under the component will be allowed as administrative charges for the agency. e) Efforts will be made to popularize the Scheme and 2% of the annual allocation will be allowed as cost for the same. Intervention: Support to Sub-Mission Director and Survey / Studies Pattern of Funding: 100% GOI Rate of Assistance: Hiring of consultants @ Rs. 70,000/- (max) along with supporting staff and surveys/studies conducted for smooth/effective implementation of the SMSP. Intervention: PPV&FRA Pattern of Funding: 100% GOI Rate of Assistance: Funds have been allocated for the PPV&FRA to undertake day-to-day activities and mandated works under PPVFR Act.",

"eligibility": "The applicant must be a Small or Marginal Farmer.",

"exclusions": "Section not found",

"application_process": "Offline Bona fide farmers can apply to the District Agriculture Officer of the concerned districts/ Agriculture Development Officer of C&RD Block/ Agriculture Circle, by submitting copies of the required documents.",

"documents_required": "Copy of farmer B1 khasra / loan book Aadhaar Number Copy of the Bank Passbook",

"frequently_asked_questions": "What is the pattern of funding for seed storage facilities, and what costs are covered? Seed storage facilities receive 100% GOI funding, including the cost of construction, electrification, compound walls, and handling equipment. What is the pattern of funding for support to R&D and contract research under SMSP? It involves 60% funding from the GOI and 40% from the state for eligible projects. What assistance is available for seed treatment under SMSP, and what's the pattern of funding? Financial assistance of up to 75% is provided for seed treatment, with a 25% state share and 75% from the GOI. Can you explain the components of SMSP related to seed quality control? These components involve strengthening seed quality control, grow-out test facilities, support for seed certification agencies, and more. What is the role of SMSP in facilitating the international trade of seeds? SMSP aims to increase India's share in international seed trade to 10% by 2020, as per the new seed development policy. Can you explain the benefits of the National Seed Reserve under SMSP? The National Seed Reserve involves financial assistance for seed procurement, maintenance costs, and storage infrastructure, ensuring seed availability in times of need. What is the financial assistance for the application of biotechnology in agriculture under SMSP? SMSP provides financial assistance of up to Rs. 2.50 crores for the establishment of new Tissue Culture Units and up to Rs. 20 lakhs for the rehabilitation of old tissue culture labs. What assistance is provided for boosting seed production in the private sector under SMSP? The private sector can access credit-linked back-ended subsidies, which can be up to 40% of the capital cost in general areas and 50% in hilly and scheduled areas. What is the role of PPV&FRA under SMSP, and how is it funded? PPV&FRA undertakes activities mandated under the PPVFR Act and is fully funded by the GOI. Who is eligible to benefit from the Krishonnati Yojana - Sub Mission On Seed And Planting Material (SMSP)? Small and marginal farmers are eligible to participate in the SMSP. What is the application process for farmers to access SMSP

benefits?Farmers can apply offline by submitting copies of required documents to the District Agriculture Officer or Agriculture Development Officer.What documents are needed for farmers to apply for SMSP benefits?Required documents include copies of the farmer's B1 khasra/loan book, Aadhaar number, and a copy of the bank passbook.Are there any income or production-related eligibility criteria for farmers to access SMSP benefits?The primary eligibility criteria are based on landholding size, not income or production levels."

"title": "Krushak Assistance For Livelihood And Income Augmentation",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/kalia",

"details": "Financing agriculture and insuring the cultivators is essential to eradicate poverty and to boost shared prosperity of the state. Through the implementation of Krushak Assistance for Livelihood and Income Augmentation - KALIA Scheme, the State Government aims to lend farmers with an all inclusive and flexible support system, ensuring accelerated agricultural prosperity. At the heart of a progressive scheme like KALIA lies the motivation to empower the farmers of the state with finance options that will enable the growth and development of agriculture in Odisha. Enhancement of the accessibility to suitable financial services will further ensure agricultural productivity and increase income among farmers, particularly the small and marginal land holders. Amounting to over 10,000 crore the scheme has been tailored to relieve the debt ridden farmers from the debt trap, keeping a pragmatic vision to directly attack poverty by providing financial assistance to the vulnerable agriculture households, landless labourers as well as marginal cultivators of the state. Proposed by the Government of Odisha, KALIA scheme brings under its umbrella 92% of cultivators of the state and almost all needy landless cultivators, who can avail the benefits of this scheme through Direct Benefit Transfer Mode."

"objective": "Section not found",

"benefits": "Financial Assistance of Rs.12,500/- will be provided to each landless Agricultural Household for Agricultural allied activities like for small goat rearing unit, mini-layer unit, duckery units, fishery kits for fisherman, mushroom cultivation and bee-keeping, etc. This will particularly benefit to SC & ST population of our State. Vulnerable cultivators/landless agricultural laborers will get financial assistance of Rs. 10,000/- per family per year to enable them to take care of their sustenance. The vulnerable cultivator/landless Agricultural Laborers who are in old age, having disability/ disease and are vulnerable for any other

reason Life insurance cover of Rs. 2.00 lakh at a very nominal premium of Rs.330/- will be provided to all savings bank account holder of age between 18-50 years. Government of Odisha will bear farmers' share of annual premium of Rs.165/-. Personal accident cover of Rs.2.00 lakh at a very nominal annual premium of Rs.12/- for all savings bank account holder aged between 18-50 years. Out of Rs.12/- towards premium, Rs.6/- is the farmers' share, which will be borne by the Govt. of Odisha. In respect of the above beneficiary whose age is between 51-70 years, the entire amount of Rs.12/- towards annual premium will be borne by Govt. of Odisha. Vulnerable landless laborers, cultivators, share croppers and agricultural families identified by Gram Panchayats will be provided with cop loans up to Rs 50,000 made available at 0% interest. "title": "Krushi Mahotsav",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/km",

"details": "Detailed Some of the key features of the Krishi Mahotsav Yojana Gujarat are: Soil Health Card: The government provides soil health cards to farmers to help them understand the nutrient status of their soil and take appropriate measures to improve soil fertility. Subsidized Inputs: The government provides subsidies on various agricultural inputs such as seeds, fertilizers, and pesticides to encourage farmers to use quality inputs and increase their crop yields. Training and Extension Services: The government provides training and extension services to farmers to help them adopt modern and scientific farming practices and improve their productivity. Agricultural Infrastructure Development: The government invests in the development of agricultural infrastructure such as irrigation facilities, rural roads, and markets to improve farmers' access to inputs and markets. Crop Insurance: The government provides crop insurance to farmers to protect them from crop losses due to natural calamities, pests, and diseases. Financial Assistance: The government provides financial assistance to farmers for the purchase of farm machinery and equipment, as well as for the development of farm infrastructure. The Krishi Mahotsav Yojana Gujarat is implemented through various activities and programs such as farmer meetings, soil testing, crop demonstrations, and training programs. The government also encourages farmers to adopt sustainable agricultural practices such as organic farming and use of renewable energy sources. The Krishi Mahotsav Yojana Gujarat has played a significant role in transforming the agricultural landscape of the state and has improved the livelihoods of farmers by increasing their crop yields and incomes.",

"objective": "Section not found",

"benefits": "Benefits Agriculture Scientists and officers are provided guidance to farmers about Scientific farming, Organic farming, Farm mechanization, Micro Irrigation, Crop Value addition and Agriculture related information as well as provided knowledge of Government Schemes. In addition, to provide free kit distribution to small farmers during Krushi Mahotsav.",

"eligibility": "Eligibility All farmers and Female farmers of the state. The scheme is available to all farmers in the state of Gujarat. There are no restrictions based on caste, religion, or gender. Farmers who are interested in learning about the latest agricultural practices and improving their crop yields are encouraged to participate.",

"exclusions": "Exclusions Individuals or entities that are not involved in farming or agriculture. Individuals or entities that do not hold any agricultural land. Farmers who do not have a valid Aadhaar Card or have an Aadhaar Card that is not linked to their bank account. Farmers who have defaulted on loans from banks or cooperative societies. Farmers who have been found guilty of any criminal offence related to agriculture or farming.",

"application_process": "Offline Application Process Farmers do not need to apply separately for the scheme. The camps are organized at the district and taluka levels, and farmers can visit the camps to participate in the scheme. Farmers can visit the camps organized by the government at the district and taluka levels. At the camps, experts and officials will provide education and training on modern farming techniques, and free inputs like seeds, fertilizers, and pesticides will be distributed to the farmers.",

"documents_required": "List of the required documents No documents are required. Land documents (to get more specific information about your farm).",

"frequently_asked_questions": "What are the benefits of participating in the Krishi Mahotsav Yojana? The scheme provides education and training on various aspects of agriculture and modern farming techniques, and the distribution of free inputs like seeds, fertilizers, and pesticides. This can help farmers improve their yields, reduce costs, and increase their income. How does the scheme help farmers in improving their yields?

The scheme provides education and training on the latest agricultural practices, which can help farmers adopt more efficient and effective farming techniques. The distribution of free inputs like seeds, fertilizers, and pesticides can also improve the quality and quantity of crops.

Does the scheme help farmers reduce their costs? Yes, the distribution of free inputs like seeds, fertilizers, and pesticides can help farmers reduce their costs. By providing these inputs for free, the scheme aims to make farming more affordable for farmers.

Can participating in the scheme help farmers increase their income? Yes, by improving their yields and reducing costs, farmers can increase their income. The scheme aims to help farmers adopt more efficient and effective farming techniques, which can increase productivity and profitability.

Does the scheme provide any financial assistance to farmers? No, the scheme does not provide any direct financial assistance to farmers. However, by providing education and training on modern farming techniques and distributing free inputs like seeds, fertilizers, and pesticides, the scheme aims to indirectly help farmers increase their income.

Are there any other benefits of participating in the scheme? Yes, by participating in the scheme, farmers can also connect with experts and other farmers in their community, which can help them learn from each other and share knowledge and experiences. The scheme also provides a platform for farmers to raise their concerns and get their questions answered by experts.

Who is eligible for the Krishi Mahotsav Yojana? The scheme is available to all farmers in the state of Gujarat.

Are there any restrictions based on caste, religion, or gender? No, there are no restrictions based on caste, religion, or gender. The scheme is available to all farmers in the state.

Is there any age limit for farmers to participate in the scheme? No, there is no age limit for farmers to participate in the scheme.

Do farmers need to have any specific type of land to participate in the scheme? No, there are no restrictions on the type of land that farmers need to have to participate in the scheme.

What documents do farmers need to bring to participate in the scheme? While there are no specific documents required, farmers are encouraged to bring their land documents or any other relevant agricultural documents with them to the camps.

Do farmers need to pay any fees to participate in the scheme? No, there are no fees or charges for farmers to participate in the scheme.

Is there any preference given to small or marginal farmers? No, there is no preference given to any specific category of farmers. The scheme is available to all farmers in the state of Gujarat.

How can farmers apply for the Krishi Mahotsav Yojana? Farmers do not need to apply separately for the scheme. The camps are organized at the district and taluka levels, and farmers can visit the camps to participate in the scheme.

Is there any application fee or registration fee to participate in the scheme? No, there is no application fee or registration fee to participate in the scheme.

What is the process for participating in the scheme? Farmers can visit the camps organized by the government at the district and taluka levels. At the camps, experts and officials will provide education and training on modern farming techniques, and free inputs like seeds, fertilizers, and pesticides will be distributed to the farmers.

Is there any deadline to participate in the scheme? The scheme is ongoing, and there is no deadline to participate. However, farmers are encouraged to attend the camps when they are organized in their district or taluka.

Can farmers participate in the scheme more than once? Yes, farmers can participate in the scheme as many times as they want. The scheme is ongoing and is available to all farmers in the state of Gujarat.

What should farmers bring with them to the camps? While there are no specific documents required, farmers are encouraged to bring their land documents or any other relevant agricultural documents with them to the camps. This can help officials verify the land ownership and other details, which can help in the effective implementation of the scheme."

"title": "Krushy Aranya Protsaha Yojane (kapy)",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/kapy",

"details": "The Karnataka Forest Department launched the 'Krushy Aranya Protsaha Yojane (KAPY)' program in 2011-12 to encourage farmers and the general public to increase forest and tree cover. The program provides subsidized seedlings to farmers for planting on their lands. Farmers are paid an incentive of Rs 35 for every surviving seedling at the end of the first year, Rs 40 after the completion of the second year, and Rs 50 after the completion of the third year. This is done to encourage the farmers to nurture the seedlings for at least three years. The amount of money provided as an incentive (Rs 125/- per seedling) more than compensates the cost incurred by the farmer in procuring and planting the seedling. The incentive is quite substantial when the farmer plants more seedlings. In addition to the financial incentive, the farmers are entitled to get handsome returns from the grown-up trees in the form of fruits, seeds, fodder, firewood, pole, timber, and other useful products.",

"objective": "Section not found",

"benefits": "Increased forest and tree cover: The main benefit of the Krushi Aranya Protsaha Yojane (KAPY) scheme is the promotion of the cooperation of farmers and the general public in the task of increasing forest and tree cover. Subsidized seedlings: Under the scheme, farmers are provided seedlings at subsidized rates from the nearest nurseries of the Forest Department for planting in their lands. Monetary incentive: The farmers are paid an amount of Rs 35 as an incentive for every surviving seedling at the end of the first year, Rs 40 for the second year, and Rs 50 for the third year. Encourages nurturing: The incentive is given to encourage the farmer not only to plant the seedlings but also to nurture them at least for three years. Compensates cost: The total amount of money provided (Rs 125/- per seedling) more than compensates the cost incurred by the farmer in procuring and planting the seedling. Restriction on ineligible species: The scheme has restrictions on ineligible tree species, which helps promote the planting of appropriate tree species and prevents the proliferation of invasive species.",

"eligibility": "This scheme is open to farmers belonging to all communities. Applicant must have Pahani of the land where planting is being proposed. Registration should be done before the commencement of the rainy season (by the end of May). The following species of trees are not eligible for payment of incentive amount- Eucalyptus, Acacia, Silver Oak (if planted in coffee estate), Casuarina, Cassia siamea (Seemetangadi), Gliricidia, Sesbania, Erythrina, Rubber, Subabul, Coconut, Arecanut, Orange, all types of citrus species and grafted mango. The following documents are required while applying for this scheme - Copy of Aadhaar Card, Passport-sized photograph of the applicant, Pahani of the land where planting is being proposed, Hand-sketch of the land, Details of seedlings (species, number of seedlings, size of poly-bags, etc.), Details of the applicant's bank account.",

"exclusions": "The following species of trees are not eligible for payment of incentive amount- Eucalyptus, Acacia, Silver Oak (if planted in coffee estate), Casuarina, Cassia siamea (Seemetangadi), Gliricidia, Sesbania, Erythrina, Rubber, Subabul, Coconut, Arecanut, Orange, all types of citrus species, and grafted mango.",

"application_process": "Offline Step 01: Visit the nearest Range Forest Office and obtain the prescribed Application Form. Step 02: Fill out the application form with the following details- name, address, and passport-sized photograph of the applicant, Pahani of the land where planting is being proposed, Hand-sketch of the land, Details of seedlings (species, number of seedlings, size of poly-bags, etc.), and Details of the applicant's bank account. Step 03: Submit the application form along with a registration fee of Rs

10.Step 04: Once registered, the applicant should visit the nearby nursery to obtain the seedlings. The seedlings are available at subsidized rates as follows- Re 1/- for each seedling in poly-bags of size 5"x8" and 6"x9", Rs 3/- for each seedling in poly-bags of size 8"x12", and Rs 5/- for each seedling in poly-bag of size 10"x16" and 14"x 20". The farmer can choose the appropriate size of the poly-bag based on the seedling species and size.",

"frequently_asked_questions": "What is 'MMKY-Financial Assistance for New Boat, Engine, and Net' Scheme? The MMKY-Financial Assistance for New Boat, Engine, and Net Scheme is a part of the Mukhyamantri Maschya Jibi Kalyan Yojana (MMKY) initiated by the Fisheries & Animal Resources Development Department, Government of Odisha. The scheme aims to increase the marine fish production and to enhance the incomes and livelihoods of the marine fishers. What are the key objectives of the scheme? The primary objectives of the scheme include: \n• \tTo support the Coastal communities by provision of new wooden/FRP Boat, Engine and purchase of new fishing net. \n• \tTo increase the marine fish production in the state. \n• \tTo increase the income and to improve the welfare of coastal communities

in the State. Who implements the Scheme? The scheme shall be implemented by the Additional Fisheries Officers (Marine)/District Fisheries Officer (B&T), Balugaon for marine fishing in the coastal districts of Odisha. What is the area of operation for the scheme? The Scheme operates in the coastal districts of Odisha. Can an individual receive financial assistance for more than one unit under the Scheme? No, financial assistance is limited to one unit, which includes a boat with engine and net, per individual beneficiary. Is the procurement of a fishing boat mandatory under the scheme? Yes, the procurement of a fishing boat is mandatory under the MMKY-Financial Assistance Scheme. What is the subsidy percentage under the scheme, and does it vary for different categories? The back-ended subsidy is limited to 60% for SC/ST/Women/PWD/Transgender beneficiaries and 40% for the General category. How will the subsidy amount be disbursed to the beneficiaries? The subsidy amount will be released directly to the Aadhaar linked Bank Account of the beneficiary. Who is eligible to benefit from the Scheme? To be eligible for the scheme, the beneficiary must meet the following criteria: \n1. Be a resident of Odisha. \n2. Possess identity and residential proof, including an Aadhaar Card. \n3. Have a bank account in their name in the State of Odisha. \n4. Possess a QR-coded Aadhaar Card. Can beneficiaries outside Odisha avail themselves of the Scheme? No, beneficiaries must be residents of Odisha to be eligible for the scheme. Can a beneficiary who received financial assistance for a boat or engine within the last five years still apply for the scheme? No, the beneficiary should not have received any financial assistance from the Government /any Agency towards the purchase of any new boat/engine in the last 5 Years (the beneficiary should not have availed of subsidy after 1st April 2018) and net in the last 3 Years (the beneficiary should not have availed subsidy after 1st April 2020). How is the term \"beneficiary family\" defined under the eligibility criteria? While availing subsidy, beneficiary family will be considered instead of individual member of family. One beneficiary family should not be provided with multiple benefits under one particular scheme. A family will not be eligible for subsidy under the same scheme if any of its members has got subsidy during last three years. How can an applicant apply under the scheme? The fishermen interested to avail of the subsidy shall apply Go-Sugam Portal through a registration process submitting requisite documents. In case the difficulty is encountered in online mode, he/she can submit the application in offline mode through the AFO ME unit in the prescribed format (Annexure--I) to the respective Additional Fisheries Officers (Marine) / DFO (B&T), Balugaon.",

"frequently_asked_questions": "What is 'MMKY-New Tank Excavation Under Brackish Water Aquaculture' Scheme? The 'MMKY-New Tank Excavation Under Brackish Water Aquaculture' scheme aims to encourage brackish water aquaculture among farmers and entrepreneurs in coastal districts of Odisha, under the Mukhyamantri Maschayajibi Kalyan Yojana (MMKY).What are the main objectives of the scheme?The primary objectives of the scheme include:\n1. Enhancing brackish water shrimp and fish production in the state.\n2. Improving the livelihoods and income of coastal communities through the promotion of brackish water aquaculture.\n3. Increasing shrimp/fish exports from the State.Where is the scheme implemented?The scheme operates in the coastal districts of Odisha, following the provisions of the Coastal Aquaculture Authority Act (CAA) - 2005 and Amendment Act- 2023, CAA Rules- 2005, and Amendment Rules-2022.Who can benefit from the MMKY-New Tank Excavation scheme?Farmers and entrepreneurs in the coastal districts of Odisha are the primary beneficiaries of the scheme. How is the subsidy calculated for beneficiaries under the scheme?The subsidy is calculated and released based on the actual cost incurred by the beneficiary, subject to the maximum subsidy as specified under the scheme.What is the percentage of subsidy assistance provided to different beneficiary categories?Subsidy assistance is granted at a rate of 40% on the actual cost of implementation for the General Category beneficiaries. For Scheduled Castes (SC), Scheduled Tribes (ST), Women, and Transgender categories, the subsidy assistance is higher at 60%. However, it's important to note that for PMMSY funds, the Transgender/PwD category shall not be considered for subsidy assistance.How will the scheme be financed?The scheme will be implemented through a combination of bank finance and self-finance. Why is training and skill development emphasized under the scheme?Training and skill development are essential components to generate awareness, disseminate farming technology, and attract stakeholders to the benefits of the scheme. How will beneficiaries receive training under the scheme?The Directorate of Fisheries may organize training programs at reputed institutions like CIFA/BWTC/FTI. Alternatively, training tasks may be entrusted to

District/Zonal levels, along with fund provisions. Who is eligible to participate in the scheme? To be eligible for the scheme, the beneficiary should be a resident of Odisha and must possess identity and residential proof, including an Aadhaar Card. What land requirements are necessary for eligibility? The beneficiary must have requisite land free from all encumbrances to qualify for the scheme. Is there a limit on the water spread area for eligibility? Yes, a beneficiary who has not availed assistance under this component is eligible for a subsidy for a maximum of up to 2.00 Ha water spread area. Can a beneficiary who has previously received a subsidy avail further benefits under the scheme? Yes, a beneficiary who has availed a similar subsidy earlier for excavation of Brackish water ponds under different schemes of the Government of India or the State Government for less than 2.00 Ha water spread area is eligible to avail further subsidy for the balance area, with an overall maximum limit of up to 2.00 Ha under the scheme. How is the eligibility of a family determined while availing subsidy? While availing subsidy, the beneficiary family will be considered instead of individual members of the family. One beneficiary family should not receive multiple benefits under one particular scheme. A family will not be eligible for subsidy under the same scheme if any of its members has received subsidy during the last three years. What is the preference given for the selection of beneficiaries? Preference will be given for the selection of beneficiaries in cluster mode. How can an applicant apply under the scheme? Interested persons shall apply for registration of new brackish water farms through Go-Sugam portal. In case of difficulty in applying through Go-Sugam portal the hard copy of CAA Form No. I (Annexure-V) for fresh registration along with the Scheme application form (Annexure-I) to be submitted to the AFO for processing and digitalization of the proposal.",

"title": "Maintenance Of Pregnant Desi Indigenous Cows Ration For BPL Families",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pregnant-desiindigenous-cows-ration>",

"details": "The Department of Animal Husbandry, Government of Himachal Pradesh had introduced a scheme named \"Maintenance of Pregnant Desi/Indigenous Cows Ration for BPL families of all Categories of livestock farmers\" with the help of which a balanced ration of 3 kg per day for up to two cows or buffaloes for three months during the last trimester of pregnancy to BPL families shall be provided. The government and beneficiary share the cost of the ration on a 50:50 basis, and the cost of feed depends on approved rates. This scheme may serve about 6.5 Lakh cows and buffaloes become pregnant every year in the state. This scheme may help BPL families and all categories of livestock farmers in the state to maintain a balanced and nutritious diet for pregnant Desi/Indigenous cows in the State. Maintaining a proper and balanced ration for pregnant Desi/Indigenous cows is crucial for the health of cows and the growth and development of calves. Providing a nutritious and balanced diet can also help reduce the risk of health complications during and after pregnancy. Objectives: Increase in milk production thereby providing more economic gains to the farmers. To reduce the inter-calving period which will ultimately result in more calves and higher milk production. To improve the health of pregnant cows so that their full milk production potential can be realized after parturition. To ensure the birth of healthy calves free of diseases and malnutrition so that they grow to become higher-producing animals. As the incentive is being given to Desi/Indigenous cows the farmers can be motivated to rear such animals.",

"objective": "Section not found",

"benefits": "Benefits: The scheme for maintenance of pregnant Desi/Indigenous cows ration for BPL families of all categories of livestock farmers in Himachal Pradesh can have a significant impact on the health and livelihoods of farmers, as well as the overall development of the region. This scheme in Himachal Pradesh can have several benefits, such as: Improved cow health: A balanced and nutritious diet for pregnant cows can improve their health and reduce the risk of health complications during and after pregnancy. Improved calf growth and development: A well-fed pregnant cow can provide better nutrition to the growing calf, leading to better growth and development. Increased milk production: Adequate nutrition can improve the milk production of the cow, leading to increased income for the farmer. Better breed quality: The scheme can also include provisions for breed improvement, leading to better quality Desi/Indigenous cows that can provide better milk yield and meat quality. Employment generation: The scheme can create employment opportunities in the feed and fodder development sector, leading to better

livelihoods for farmers.Reduced poverty: The scheme can help BPL families and all categories of livestock farmers to improve their income and reduce poverty.Improved food security: Improved milk production and better quality meat can contribute to better food security in the region.Expected Outcome:After feeding a balanced ration during the last trimester of pregnancy, milk production increased by 2 ltr/day.With the assumption that during lactation of 300 days, the farmer will market this milk at @ 30/ltr, his income will increase by Rs.18000/year (Approx.).",

"eligibility": "Livestock owners belonging to BPL families of all categories rearing Desi/Indigenous/crossbred cows.The subsidy will be provided to each BPL family of all categories maximum upto two Desi/Indigenous cows and their crosses.",

"exclusions": "Non-eligibility of non-BPL families: The scheme may only be applicable to BPL families, and non-BPL families may not be eligible for the benefits of the scheme.Non-compliance with guidelines: Farmers who do not comply with the guidelines and regulations of the scheme may not be eligible for benefits.",

"application_process": "OnlineVisit the official website of the department of the Animal Husbandry, Government of Himachal Pradesh, which implements the specific scheme.The applicant may read the complete guidelines of the scheme for \"maintenance of pregnant Desi/Indigenous cows ration for BPL families of all categories of livestock farmers\" and if found eligible, may scroll down and click on the checkbox \"I agree with the terms & Conditions\" and click \"Proceed\" button.Once Proceed, online application form open.Fill the application form, upload the documents such as proof of BPL status, land documents, and bank account details and click Submit. Submit the application form and documents to the concerned department or authority.Check the status & Follow up with the concerned department to track the status of the application.Note:It is important for farmers to keep a copy of the application form and documents submitted for future reference. Additionally, farmers should ensure that they comply with the guidelines and regulations of the scheme to ensure that they are eligible for the benefits of the scheme.During the application form, the applicant can enter maximum 2 in the section \"Number of Cow\" and shall be required to enter the \"Ear Tag Number\" of each cow.",

"documents_required": "Copy of Aadhaar card.Copy of Bank Passbook.Number of Cow along with their Ear Tag Number.Copy of BPL certificate. Copy of Pregnancy certificate.Copy of Income certificate.Copy of Residence proof. Other relevant documents as listed by the department from time to time.",

"frequently_asked_questions": "Who is eligible for the scheme?BPL families of all categories of livestock farmers in Himachal Pradesh who own pregnant Desi/Indigenous cows are eligible for the scheme.What is the purpose of the scheme?The purpose of the scheme is to provide appropriate ration and guidance for the proper maintenance of pregnant Desi/Indigenous cows to ensure their good health.How can I apply for the scheme?Farmers can apply for the scheme by filling out the Online application form and submitting it along with the required documents to the concerned department website.Who implements the scheme?The Animal Husbandry Department of the Government of Himachal Pradesh implements the scheme.",

"title": "Maintenance Of Pregnant Desi/Indigenous Cow/Buffalo Ration Scheme For BPL Families Belonging To Scheduled Caste (SC) Category",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/mpdicbrsfsc",

"details": "The scheme 'Maintenance of Pregnant Desi/Indigenous Cow/Buffalo Ration Scheme for BPL families belonging to Scheduled Caste (SC) category' had been launched by the Department of Animal Husbandry, Government of Himachal Pradesh with the aim to provide a 50% subsidy on a balanced ration for pregnant cows or buffalo during the last trimester of pregnancy. Under this scheme, balanced ration @ 3kg/day/cow or buffalo for maximum of two animals for three months during the last trimester of pregnancy at 50% subsidy of BPL families belonging to the Scheduled Caste category may be provided. Objectives: Increase in milk production thereby providing more economic gains to the farmers. To reduce the inter-calving period which will ultimately result in more calves and higher milk production. To improve the health of pregnant cows & buffaloes so that their full milk production potential can be realized after parturition. To ensure the birth of healthy calves free of diseases and malnutrition so that they grow to become higher-producing animals. As the incentive is being given to Desi/Indigenous cows and buffaloes, the farmers can be motivated to rear such animals. Assumptions: A balanced ration will be provided @ 3kg/day/cow for three months (last trimester of pregnancy). The cost will be shared by the Government and beneficiary on a 50:50 basis. The cost of feed will depend upon the tender/approved rates.",

"objective": "Section not found",

"benefits": "Ration: 3 kg of balanced ration per day for a maximum of two animals for three months. Milk production: Milk production increases by 2 liters per day after feeding the ration. Income: If the farmer sells the milk at 30 rupees per liter during the 300-day lactation period, their income may increase by approximately 18,000 rupees per year.",

"eligibility": "The beneficiary should be a permanent resident of Himachal Pradesh. Livestock owners belonging to BPL of Scheduled Caste category families rearing Desi/Indigenous/crossbred cows or buffaloes are eligible under the scheme. The subsidy will be provided to each BPL of Scheduled Caste category families for a maximum of up to two Desi/Indigenous cows/their crosses or buffaloes.",

"exclusions": "Section not found",

"application_process": "Online Visit the official website of the department of the Animal Husbandry, Government of Himachal Pradesh, which implements the specific scheme. The applicant may read the complete guidelines of the scheme for 'Maintenance of Pregnant Desi/Indigenous Cow/Buffalo Ration Scheme for BPL families belonging to Scheduled Caste category' and if found eligible, may scroll down and click on the checkbox 'I agree with the terms & Conditions' and click 'Proceed' button. Once Proceed, online application form open. Fill the application form, upload the documents such as proof of BPL status, land documents, and bank account details and click Submit. Submit the application form and documents to the concerned department or authority. Check the status & Follow up with the concerned department to track the status of the application. Note: It is important for farmers to keep a copy of the application form and documents submitted for future reference. Additionally, farmers should ensure that they comply with the guidelines and regulations of the scheme to ensure that they are eligible for the benefits of the scheme. During the application form, the applicant can enter maximum 2 in the section 'No. of Animal' and shall be required to enter the 'Kind of Animal' and 'Ear Tag Number' of each cow.",

"documents_required": "Copy of Aadhaar card.Copy of Bank Passbook.Number of animals along with their Ear Tag Number.Copy of BPL certificate. Copy of Pregnancy certificate.Copy of Income certificate.Copy of Residence proof. Other relevant documents as listed by the department from time to time.Note: Files size should be less than or equal to 200 KB and must be in pdf or jpg.",

"frequently_asked_questions": "What is the objective of the scheme?The objective of this scheme is to (1) Increase milk production thereby providing more economic gains to the farmers. (2) Reduce the inter-calving period which will ultimately result in more calves and higher milk production (3) Improve the health of pregnant cows & buffaloes so that their full milk production potential can be realized after parturition. (4) Ensure the birth of healthy calves free of diseases and malnutrition so that they grow to become higher-producing animals (5) Motivate the farmers to rear such animals.By which department was this scheme launched?Department of Animal Husbandry, Government of Himachal PradeshWho is eligible under this scheme?Livestock owners belonging to BPL of Scheduled Caste category families rearing Desi/ Indigenous/ crossbred cows or buffaloes are eligible to apply under the scheme.At what rate will the balanced ration be provided to the eligible beneficiary?Families belonging to BPL of Scheduled Caste category rearing Desi/Indigenous cows or buffaloes will be provided a balanced ration @ 3kg/day/cow or buffalo.For how many animals will the balanced ration be provided?The balanced ration will be provided for a maximum of up to two Desi/Indigenous cows/their crosses or buffaloes.For how many months will the balanced ration be provided for the animals?The balanced ration will be provided for three months during the last trimester of pregnancy.How much will subsidy be provided to each eligible beneficiary under the scheme?The balanced ration will be provided at a 50% subsidy to the eligible beneficiary.What is the ratio of cost shared by the Government and beneficiary under this scheme?The cost will be shared by the Govt. and beneficiary on a 50:50 basis.On which factor the cost feed will depend?The cost of feed will depend upon the tender/approved rates.What is the outcome of this scheme?After feeding a balanced ration during the last trimester of pregnancy, milk production increased by 2 liters/day.How can I apply under the scheme?The beneficiary may apply online mode.

"eligibility": "The applicant should be a permanent resident of Odisha. The applicant should possess identity and residential proof including an Aadhar card. The applicant should have a bank account in his/her name in the State of Odisha. The applicant should have requisite land free from all encumbrances. The pond area must be between 0.2 to 2.00 hectares with a minimum water depth of 6 feet. Previous beneficiaries of similar subsidies are eligible for additional subsidies up to a total of 2 hectares.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: The interested applicant should visit (during office hours) the office of the District Fisheries Officer/Assistant Fisheries Officer and request the hard copy of the prescribed format of the application form from the staff exclusively entrusted to issue and collect filled-in applications. OR The interested applicant should take print of the prescribed format (Annexure-II) of the application form. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the Assistant Fisheries Officer. Step 4: Request a receipt or acknowledgment from the Assistant Fisheries Officer to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable).",

"documents_required": "Passport-size Photo. Land Document. Aadhaar Card. Passbook Photograph (1st page). Caste Certificate for Affirmative Action.",

"frequently_asked_questions": "Who is eligible to apply for this scheme? Permanent residents of Odisha with necessary identity and residential proof, a bank account in Odisha, and requisite land free from encumbrances are eligible. Can previous beneficiaries of similar schemes apply for this scheme? Yes, previous beneficiaries can apply, but the subsidy will be limited to a maximum of 2 hectares, including the area covered earlier. What percentage of subsidy is provided under this scheme? 40% subsidy is provided to the General category and 50% to SC/ST/Women categories. \n\n How is the subsidy released to the beneficiaries? The subsidy is released in two installments: 50% after completion of the tank excavation work and the remaining 50% after stocking advanced sized fingerlings. What details must be included in the self-contained proposal? The proposal must include techno-economical details, anticipated direct and indirect employment generation, estimated fish production, project timeline, and source of finance. \n\n What is the role of the District Fisheries Officer (DFO) in the scheme? The DFO is responsible for communicating annual targets, releasing subsidies, and ensuring the transparent selection of beneficiaries. How are beneficiaries selected for the scheme? Beneficiaries are selected through a transparent process by the District Fisheries Officer, with preference given to ST/SC applicants. \n\n What is the process for verifying the land records of applicants? The DFO must ensure the AADHAR number of the beneficiaries and the land records to prevent

multiple benefits. What happens if an applicant's land is leased? The lease period/agreement must not be less than 7 years from the date of submission of the proposal, and the registered lease document must be included. What is the procedure for receiving the subsidy? The subsidy is transferred to the beneficiary's bank account through DBT in two installments, with detailed specifications provided by the Director of Fisheries.",

"title": "Meghalaya Agriculture Response Vehicle Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/marvs",

"details": "The scheme 'Meghalaya Agriculture Response Vehicle Scheme' was launched by the Department of Agriculture & Farmers' Welfare, Government of Meghalaya, aims to provide 50% financial aid to buy commercial vehicles by 200 selected beneficiaries for agriculture transport. These vehicles will help the community involved in agriculture and allied sectors to transport their agricultural products and raw materials. The scheme also focuses on the economic upliftment of farmers by providing them with transportation at a competitive cost. Objectives: To increase the profitability of farmers by providing access to the market by supporting them with a mobility solution. To provide a mobility solution to various registered farmer's associations which will increase aggregation and their market reach. To lower the transportation cost for farmers by introducing agriculture response vehicles for farmers at each CD Block of the State. To encourage individual entrepreneurship among the rural community by supporting them to buy commercial vehicles thereby creating livelihood opportunities.",

"objective": "Section not found",

"benefits": "The following benefits are provided under the scheme: 200 agriculture transport vehicles to be distributed across Meghalaya for individual entrepreneurs and any registered farmer's organizations with 50% financial aid. Vehicles will be pre-fitted with GPS devices. Farmers will have access to more vehicles dedicated to agriculture transportation services. The Project Management Unit will help in the connection between the farmers and agriculture response vehicles when demand arises. Financing Plan: Financing of the vehicles to the selected beneficiaries of the scheme shall be done through any branch of Meghalaya Rural Bank (MRB). The bank will sanction 50% of the on-road vehicle cost of the beneficiary in the form of a term loan. Rate of interest and repayment schedule: Prevailing rate of interest shall be charged by the bank and the repayment schedule will be 5 years. MRB will keep the rate of interest as fixed for the complete loan term. Quantum and Nature of Financial Assistance: a) Down payment Support: 1. Total down payment will be 50% of the on-road cost of the vehicle. Out of which, the Agriculture Department, Government of Meghalaya shall pay 90%. And the remaining 10% shall be paid by the beneficiary. b) EMI support: 2. To reduce the burden of the operational cost on the beneficiaries in the first two years of his business, the Agriculture Department, GoM will support the beneficiary by paying: 85% of the EMI in the first 6 months 45% of the EMI for 7-12 months 35% of the EMI for 13-24 months. 3. For the rest of the EMIs after 24 months, the beneficiary shall bear 100% of the EMI/month. 4. Overall, EMI support from the government is 20% of the

total EMI to be paid.5. The maximum support from the government shall be based on the value of the selected models mentioned above.If the beneficiary selects a model which has a lower value than the selected model, support shall be 50% of the value of that model.If the beneficiary selects a model which has a higher value than the selected model, the beneficiary shall bear the extra cost associated with it.6. The vehicle shall be fitted with a GPS tracking device which will be included in the on-road price of the vehicle.",

"eligibility": "Individual applicants:Individuals who are permanent residents of Meghalaya and are above 18 years and below 58 years of age are eligible for the scheme.The applicant must have a valid commercial driving license before buying the vehicle from the dealer.The applicant must provide valid government ID proof with an address such as Aadhaar Card, Voter ID, and Passport, etc.The applicant should not be a defaulter at any financial institution.Any registered farmer's association:Any association of farmers involved with agricultural products and legally registered with the government of Meghalaya such as Cooperatives, Farmer Producer Companies (FPC), Farmer Producer Organisation (FPO), etc. are eligible to apply for the scheme.The association of farmers must provide an Incorporation Certificate or a registration certificate whichever is applicable.The Association of farmers should not be a defaulter at any financial institution.",

"exclusions": "Section not found",

"application_process": "OfflineOnlineStep 01: Physical forms can be collected from the office of the District Agriculture Offices.Step 02: If the applicant is filling the form physically, he/she will need to hand over the required documents to the District Agriculture Office at the Block office.Notes:Every detail in the form must be carefully filled.Self-attested required documents must be enclosed along with the form.Documents enclosed are to be marked correctly in the form.Completed form along with the attached documents must be submitted to District Agriculture Officer' or 'District Horticulture Officer' of the concerned district.Incomplete applications will be rejected.",

"documents_required": "As proof of eligibility, the applicants are required to provide proof of their eligibility for the scheme by submitting the required documents mentioned below:For Individual Applicant:A valid government photo identity with an address such as Aadhaar Card, Voter ID, Passport, etc.PAN card, if applicableA valid commercial driving licenseA copy of the front page of the savings account passbook, if applicableDuly filled form, Annexure-1Any Registered Farmer's Association:Incorporation Certificate for cooperativesRegistration Certificate for companiesGST certificate, if applicablePAN card, if applicableBank account statement for the last 6 months, if applicableDuly filled form, Annexure-2",

"frequently_asked_questions": "What is the objective of the scheme?The objective of the scheme is to provide Small Commercial Vehicles and pickups at each CD Block across Meghalaya with 50% financial aid from the Government of Meghalaya.Which department has launched this scheme?Department of Agriculture & Farmers' Welfare, Government of Meghalaya Who are the beneficiaries under this scheme?Any registered farmer's association and Individual entrepreneurs are the beneficiaries under this scheme.What is the percentage of financial aid provided to the beneficiary?50%.How many agriculture transport will be distributed across the state?200.Which bank will be the financial agency?Financing of the vehicles to the selected beneficiaries of the scheme shall be done through any branch of Meghalaya Rural Bank (MRB).What will be the repayment tenure?5 years.How to apply for this scheme?The physical forms can be collected from the office of the District Agriculture Offices and after filling it, will need to hand over along with required documents to the District Agriculture Office at the Block office.",

"title": "Mission on Integrated Development of Horticulture- NHM and HMNEH",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/midh>",

"details": "MIDH covers horticulture items such as, fruits, vegetables, root & tuber crops, mushrooms, spices, flowers, aromatic plants, coconut, cashew, cocoa and bamboo. It is a Centrally-Sponsored Scheme covering all states and UTs. MIDH also provides technical advice and administrative support to State Governments/ State Horticulture Missions (SHMs) for the other horticulture related activities. Area of Operation & Funding pattern: S. No. Sub-scheme Area of Operation Funding pattern 1 National Horticulture Mission (NHM) All states and Union territories except NE and Himalayan states/UTs 60:40 2 Horticulture Mission for North-East & Himalayan States (HMNEH) NE and Himalayan states/UTs 90:10 National Horticulture Mission (NHM) was launched in the year 2005-06 and aims at the holistic development of the horticulture sector by ensuring forward and backward linkage through a cluster approach with the active participation of all stakeholders. Major interventions under NHM include, supply of quality planting material through establishment of nurseries and tissue culture units, production and productivity improvement programmes through area expansion and rejuvenation, technology promotion, technology dissemination, human resource development, creation of infrastructure for post harvest management and marketing in consonance with the comparative advantages of each State/region and their diverse agro-climatic conditions. Horticulture Mission for North East and Himalayan States (HMNEH) aims to achieve overall development of Horticulture in NE and Himalayan states. The mission covers all NE States including Sikkim and three Himalayan states of Jammu & Kashmir, Himachal Pradesh and Uttarakhand. Executive Committee of MIDH decides the annual outlay to various implementing agencies (SHMs and NLAs). Accordingly, implementing agencies submit an Annual Action Plan (AAP) for the approval supported with data/write up on outcome of past interventions and also covering the details of various interventions proposed to be taken up during the current financial year. While finalizing the AAPs, due attention is paid for earmarking specific targets for Scheduled Caste, Scheduled Tribe and women beneficiaries. As an inbuilt provision under MIDH scheme, higher rates of subsidy have been envisaged for taking up activities like creation of infrastructure for post-harvest management and marketing of horticulture produce along with area expansion by beneficiaries in the North Eastern States, Himalayan States, Tribal Sub Plan areas, Andaman & Nicobar and Lakshadweep Islands. The key objectives of the Mission are as follows: • Promote holistic growth of horticulture sector, including bamboo and coconut through area based regionally differentiated strategies, which includes research, technology promotion, extension, post-harvest management, processing and marketing, in consonance with comparative advantage of each State/region and its diverse agro-climatic features • Encourage aggregation of farmers into farmer groups like FIGs/FPOs and FPCs to bring economy of scale and scope. • Enhance horticulture production, augment farmers, income and strengthen nutritional security; • Improve productivity by way of quality germplasm, planting material and water use efficiency through Micro Irrigation. • Support skill development and create employment generation opportunities for rural youth in horticulture and post-harvest management, especially in the cold chain sector. Under MIDH, financial assistance is provided for following major interventions/activities: • Setting up of nurseries, tissue culture units for production of quality seed and planting material. • Area expansion i.e. Establishment of new orchards and gardens for fruits, vegetables, and flowers. • Rejuvenation of unproductive, old, and senile orchards. • Protected cultivation, i.e. poly-house, green-house, etc, to improve the productivity & grow off season high value vegetables and flowers. • Organic farming and certification. • Creation of water resources structures and watershed management. • Beekeeping for pollination. • Horticulture Mechanization. • Creation of Post-Harvest Management and Marketing infrastructure.",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits:1)\tIncrease in productivity of crops through diversification, from traditional crops to plantations, orchards, vineyards, flowers, vegetable gardens and bamboo plantations; and extension of appropriate technology to farmers.2)\tPromotion of R&D technologies for cultivation, production, post-harvest management and processing with special focus on cold chain infrastructure for extending the shelf life of perishables3)\tImprovement in post harvest management, processing for value addition and marketing infrastructure."

"eligibility": "All farmers / registered societies / state governments are eligible for the scheme",

"exclusions": "Section not found",

"application_process": "OfflineStep 01: Interested beneficiary can get in touch with District Horticulture Officer / Block Horticulture Officer to apply for the scheme. Step 02: District Horticulture Officer / Block Horticulture Officer will submit applicant's details and project plan to State Horticulture Mission.Step 03: State Horticulture Mission will finalise the entrepreneur's proposals received from the District Horticulture Mission Step 04: Applicant's proposal will be appraised based on MIDH's guidelines Step 05: If approved, financial assistance will be released to beneficiary",

"documents_required": "1)\tAadhaar number2)\tLand documents3)\tCaste certificate4)\tBank details5)\tPhotographsThe specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted."

"frequently_asked_questions": "Can a beneficiary avail assistance for similar activity from two sub schemes of MIDH, like for cold storage?No. As a general principle subsidy assistance for similar activity cannot be availed from two different schemes. Moreover, there is distinct demarcation of crops and cut off level for availing assistance under different sub schemes of MIDH. In the case of cold storages, assistance will be available under NHM, HMNEH schemes for storage capacity upto 5000 MT and for cold storages above 5000 MT NHB would provide the assistance.What is the pattern of Assistance under MIDH for organizing Seminars, Workshops and other HRD activities?Provision exists under MIDH for organizing seminars, conferences, workshops, exhibitions, Kisan Melas, horticulture shows etc for creating awareness among farmers. Assistance is provided for organizing event at international level @100% of the cost to the maximum of Rs. 7.50 lakh per event of 4 days. At national level, assistance is provided @ 100% of cost to the maximum of Rs 5.00 lakh per event of two days, at State level, assistance is provided @ 100% of cost to the maximum of Rs 3.00 lakh per event of two days and at district level, assistance is provided @ 100% of cost to the maximum of Rs 2.00 lakh per event of two days.Can a beneficiary avail assistance for different crops, say mango, bamboo and coconut through different sub schemes?Yes, however, application will have to be submitted to the concerned nodal agencies.What is the pattern of Assistance under MIDH for promoting Women Farmers in Horticulture?All categories of farmers, including women beneficiaries, are covered under MIDH. As per directives of Planning Commission, implementing agencies viz. State Horticulture Missions have been directed to ensure that at least 30% of annual budget allocation is earmarked for women beneficiaries/ farmers. Activities such as floriculture including protected cultivation of flowers, mushroom production and beekeeping are some of the activities which are attractive to women farmers. Besides, under training and capacity building on horticulture, women beneficiaries are also covered.Can a nursery be set up in less than one hectare?No. NHM scheme envisages a minimum area of one hectare for setting up a viable nursery to produce quality planting material.Can a beneficiary with more than 4ha land apply for NHM?No, for NHM and HMNEH, beneficiary must have less than 4 ha land.Can I apply for the scheme online?In some states, beneficiary can apply online. Please check respective state website for application link and processWhat documents are required for application?Aadhaar number, land

documents, caste certificate, bank account details, and photographs may be required for the application. The specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"title": "Mukhayamantri Saur Swarojgar Yojna",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/mssy",

"details": "Details In the Himalayan belt of northern India, Uttarakhand ("State") is a state that is known for its natural beauty, religious significance, and some of India's richest forests and biodiversity. However, this natural heritage would be at risk due to the increasing impact of global warming and climate change. The state recognises the urgent need to act on climate change by reducing dependence on fossil fuels and adopting cleaner forms of energy that lead to energy security and inclusive growth of its economy. All such small entrepreneurs, who require less capital to run their businesses, will be provided with a minimum formality of Rs. Collateral free loan facility up to 50,000 will be made available. Industry, service, business and primary sector activities, including agriculture, horticulture, animal husbandry, poultry, fisheries, meat processing/sale up to Rs. Projects up to Rs 50,000 will be financed through banks. Collateral security will not be taken on the sanctioned loan. The scheme will be publicized through various information mediums and motivation camps will be organized at the district level to adopt self-employment through the District Industry Center. Micro businessmen/entrepreneurs will be given all kinds of information and every possible help/guidance for the operation/re-operation of enterprises/businesses in these camps. District Lead Bank Officer and Block Development Officer will also cooperate in this work. Objective The main objectives of the scheme are as follows:-To ensure availability of term loans/working capital loans/combination loans to small businessmen/entrepreneurs in rural and urban areas and migrants who have returned to the state due to Covid-19 for operation/re-operation of their own enterprise/business. Creation of employment opportunities in rural areas by promoting the establishment of micro-services, businesses and small industries for self-employment. Encouraging to take maximum advantage of the Mudra Loan Scheme (Shishu). To strengthen the economy of small businessmen/entrepreneurs in rural and urban areas. Loans and Grants After the payment of the first instalment of the loan sanctioned by the banks, the grant/grant will be released in one lump sum to the concerned financing bank and the loan released by the financing bank will be disbursed to the beneficiary's loan after successful operation of the enterprise/business after 02 years. account will be adjusted. The grant/grant will be paid to the concerned bank branch by direct benefit transfer to the beneficiary's account through the portal <https://msy.uk.gov.in> developed under the Mukhyamantri Swarojgar Yojana.",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/mksy",

"details": "DetailsMukhya Mantri Kisan Sahay Yojana is implemented by the Revenue Department of the Government of Gujarat in collaboration with the Agriculture and Co-operation Department. The Revenue Department is responsible for the implementation of the scheme, including the verification of crop damage and the disbursement of compensation to eligible farmers. The Agriculture and Co-operation Department provides technical assistance and support for the implementation of the scheme to ensure that farmers receive timely and adequate relief in case of crop damage due to natural calamities.

Key PointsThe main objective behind launching this scheme is to provide financial assistance to farmers of Gujarat in case of crop loss. Financial Assistance will only be provided to farmers if Crop Loss is due to natural calamities. No premium will have to pay by the farmers to get themselves registered under Mukhyamantri Kisan Sahay Yojana. Financial Assistance will only be paid up to a maximum of 4 Hectares of Agricultural Land. Eligible Farmers can apply by visiting their nearest E Gram Centre to avail the benefit of financial assistance in case of crop loss."

"objective": "Section not found",

"benefits": "BenefitsAmount of AssistanceCrop Loss PercentageRs. 20,000/- per HectareCrop Loss of 33% to 60%Rs. 25,000/- per HectareCrop Loss of Over 60%",

"eligibility": "Eligibility The applicant must be a farmer residing in Gujarat state. The applicant must have availed of a loan for agricultural purposes from a cooperative institution or a bank. The applicant must have

suffered crop loss due to natural calamities such as drought, flood, or earthquake. The applicant must possess the land for agricultural purposes in his/her name or have the right to cultivate such land. The land should be surveyed by the Revenue Department of Gujarat and should have a record of rights. The crop loss should be certified by the Revenue Department of Gujarat. The applicant should have insured the crop under the Pradhan Mantri Fasal Bima Yojana or any other crop insurance scheme recognized by the Government of Gujarat.",

"exclusions": "Section not found",

"application_process": "OnlineOfflineApplication Process Visit the official website of the Gujarat government's agriculture department. Navigate to the Mukhya Mantri Kisan Sahay Yojana page. Download the application form for the scheme. Fill in the application form with accurate details. Attach the required documents such as proof of land ownership, crop loss certificate, and bank loan documents. Submit the application form along with the supporting documents to the nearest agricultural office or bank branch.",

"documents_required": "List of the required documents Proof of land ownership. Crop loss certificate issued by a government authority. Bank loan documents related to farming activities. Aadhaar card or other government-issued identification. Passbook of the bank account where the financial assistance will be disbursed. Any other documents as specified in the application form.",

"frequently_asked_questions": "What is the maximum amount of financial assistance that a farmer can receive under this scheme? The maximum amount of financial assistance that a farmer can receive under the scheme is Rs. 20,000 per hectare, subject to a maximum of four hectares per farmer. How is the financial assistance calculated under this scheme? The financial assistance is calculated based on the extent of crop damage suffered by the farmer. The extent of crop damage is assessed by a team of officials appointed by the government, who take into account various factors such as the type of crop, the stage of crop growth, and the severity of the natural calamity. What types of crops are covered under this scheme? All crops, including horticultural crops, are covered under this scheme. Is there any income criterion for availing of the financial assistance under this scheme? No, there is no income criterion for availing of the financial assistance under this scheme. However, the farmer must fulfil the other eligibility criteria specified by the government. How long does it take to receive the financial assistance under this scheme? The government aims to disburse the financial assistance within 30 days from the date of submission of the application, provided that all the required documents and information are submitted correctly. Can a farmer apply for financial assistance under this scheme for crop loss suffered in the previous year? No, financial assistance can only be availed for crop loss suffered in the current year. However, in exceptional cases, the government may consider applications for the previous year's crop loss, subject to the availability of funds. What is the age limit for availing of the benefits of this scheme? There is no age limit for availing of the benefits of this scheme. However, the farmer must fulfil the other eligibility criteria specified by the government.\n\nCan a farmer who has already received compensation from another government scheme for crop loss apply for this scheme? No, a farmer who has already received compensation or financial assistance from any other government scheme or insurance policy for the same crop loss is not eligible to apply for this scheme. Is it mandatory for the farmer to have taken a loan for agricultural purposes to be eligible for this scheme? No, it is not mandatory for the farmer to have taken a loan for agricultural purposes to be eligible for this scheme. However, the farmer must fulfil the other eligibility criteria specified by the government. What is the minimum landholding size required for a farmer to be eligible for this scheme? There is no minimum landholding size required for a farmer to be eligible for this scheme. However, the farmer must have legal ownership or a record of rights for the land used for agricultural purposes. Can a farmer who has not insured their crops under any crop insurance scheme still apply for this

scheme? Yes, a farmer who has not insured their crops under any crop insurance scheme can still apply for this scheme. However, the farmer must fulfil the other eligibility criteria specified by the government. Is it necessary for the farmer to have suffered crop loss due to natural calamities such as drought, flood, or earthquake to be eligible for this scheme? Yes, it is necessary for the farmer to have suffered crop loss due to natural calamities such as drought, flood, or earthquake to be eligible for this scheme. How can Farmer apply for Mukhya Mantri Kisan Sahay Yojana? Farmers can apply for this scheme by visiting the official website of the Revenue Department of Gujarat, downloading the application form, and submitting it along with the required documents to the nearest agricultural office or bank branch. What are the required documents for applying to this scheme? The required documents for applying to this scheme include proof of land ownership, crop loss certificate, bank loan documents, and other relevant documents as specified in the application form. Can Farmer apply for this scheme offline? Yes, Farmers can also apply for this scheme by visiting the Taluka Mamlatdar's office or the District Collector's office to obtain the application form.

Is there any application fee for this scheme? No, there is no application fee for this scheme.

What is the timeline for processing the application? The timeline for processing the application varies, but it generally takes a few weeks to process the application and disburse the financial assistance to eligible farmers.

Can Farmers apply for this scheme if he have not suffered crop loss due to natural calamities? No, this scheme is specifically designed to provide financial assistance to farmers who have suffered crop loss due to natural calamities such as drought, flood, or earthquake. If Farmers have not suffered such losses, they may not be eligible for this scheme."

"title": "Mukhyamantri Krishi Utpadan Sanrakshan Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/mkusy>",

"details": "The scheme "Mukhyamantri Krishi Utpadan Sanrakshan Yojana" was launched by the Department of Agriculture, Government of Himachal Pradesh by merging three ongoing protection based Departmental schemes namely Sour Badhbandi, Anti-Hail Net Structure & Green House Renovation Scheme into a single scheme having a common objective. The three components of the scheme are as under:

1. Sour Badhbandi (Solar Fencing): Monkey and wildlife menace causes huge losses to crops annually in the State. The present practice of crop protection by manual guarding did not ensure 100 percent crop protection. Now the scheme has been merged under the Scheme "Mukhyamantri Krishi Utpadan Sanrakshan Yojana" in the name of Solar Fencing. Under this scheme, a subsidy of 85% is being provided if three or more farmers opt to install solar fencing, and if farmers opt to install solar fencing on individual land then an 80% subsidy is being provided. The fence is energized with the help of solar power. Current fences around the farms will be sufficient to keep away stray animals, wild animals, and monkeys from the farms.
2. Anti-Hail Net Structure: Hailstorms in Himachal Pradesh are one of the major natural calamities resulting in substantial economic loss to the farmers by damaging standing vegetable crops both quantitatively as well as qualitatively. In order to mitigate the losses caused by hail storms the new scheme "Krishi Utpadan Sanrakshan Yojana (Anti-Hail Net Structure)" was started by the State Government in 2020-21 and implemented through the Department of Agriculture. Now the scheme has been merged under the Scheme "Mukhyamantri Krishi Utpadan Sanrakshan Yojna" in the name of Anti Hail Nets. The schemes will primarily

benefit farmers helping them to substantially, reduce the quantitative and qualitative losses to their vegetable produce. Financial assistance maximum of up to 80% is being provided to the eligible farmer for an area coverage maximum of up to 5000 sqm. The monetary gains are expected to be approximately 15-20 crores annually with significant contributions to the state GDP.3.\tGreen House Renovation Scheme: Farmers of the state have demanded that there should be a scheme to replace the Poly sheets. Therefore, the Government of Himachal Pradesh introduced a scheme "Mukhya Mantri Green House Renovation Scheme" in the year 2017-18. Now the scheme has been merged under the Scheme "Mukhyamantri Krishi Utpadan Sanrakshan Yojana" as a component namely Green House Renovation. Under this scheme, 70% assistance is being provided to the farmers for the replacement of poly sheets after 5 years of setting up of polyhouse or damage due to natural calamities.",

"objective": "Section not found",

"benefits": "1. Sour Badhbandi (Solar Fencing): Under this scheme, a subsidy of 85% is being provided if three or more farmers opt to install solar fencing, and if farmers opt to install solar fencing on individual land then an 80% subsidy is being provided.2. Anti-Hail Net Structure: Financial assistance maximum of up to 80% is being provided to the eligible farmer for an area coverage maximum of up to 5000 Square Meters.3. Green House Renovation Scheme: Under this scheme, 70% assistance is being provided to the farmers for the replacement of poly sheets after 5 years of setting up of polyhouse or damage due to natural calamities.",

"details": "The \"Mukhyamantri Pragatisheel Pashupalak Protsahan Yojana\" is an initiative under the \"Nand Baba Milk Mission\" for breed improvement in indigenous cows and an increase in milk productivity. Uttar Pradesh is the leading state in the country in milk production. This scheme will be applicable in all the districts of the state. Objective: (i) To encourage the trend of rearing indigenous breed of cows with high quality and productivity in the state. (ii) To motivate cattle farmers for breed improvement of cows, their better care, quality nutrition and health protection. (iii) To increase the income of cattle farmers of the state by increasing milk productivity in the state. (iv) To increase the per capita availability of milk in the state and bring it to the national level.",

"objective": "Section not found",

"benefits": "Cash awards ranging from ₹10,000 to ₹15,000 per cow for high productivity and improved breeds.",

"eligibility": "The applicant should be a resident of Uttar Pradesh. The age of the applicant should be 18 years or above. Only individual cattle farmers will be eligible, but groups, firms, or organizations will not be eligible. Only indigenous breed of cows like Gir, Sahiwal, Haryana, Gangatiri, and Tharparkar species are eligible. The cattle farmers of the state can avail the benefit of this incentive amount only once for a maximum of 02 cows. The cattle farmers will be eligible to receive an incentive amount only once in the lifetime of the cow.",

"exclusions": "Section not found",

"application_process": "Offline Step 01: Eligible applicants can visit the official website and download the application form (Annexure-2). Step 02: In the application form, fill in all the mandatory fields, and attach copies of all the mandatory documents (self-attest, if required). Step 03: Submit the duly filled and signed application form along with the documents to the Chief Development Officer or Chief Veterinary Officer. Step 04: Request a receipt or acknowledgment from the Chief Development Officer or Chief Veterinary Officer to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable). NOTE: The application will have to be made within 45 days from the date of calving of the cow.",

"documents_required": "Passport-size Photo. Aadhar card. Certificate and Identification Number (microchips/ear tagging system for cow identification). Copy of Operational Insurance of the Cow. Bank Passbook/Canceled Cheque. Full Photograph of the Applicant with the Cow. Notarized Affidavit (the cow will not be slaughtered during its lifetime and that the incentive has not been received previously for the same cow).",

"frequently_asked_questions": "Who is eligible to apply for the scheme? Any resident of Uttar Pradesh who is over 18 years old and rears indigenous breeds of cows like Gir, Sahiwal, Haryana, Gangatiri, or Tharparkar is eligible to apply for the scheme. How much financial incentive can a cattle rearer receive per cow? A cattle rearer can receive a financial incentive ranging from ₹10,000 to ₹15,000 per cow. Can organizations or groups apply for this scheme? No, the scheme is only open to individual cattle farmers. Groups, firms, or organizations are not eligible. Is the incentive available for cows in any lactation period? The incentive is available only for cows in their first, second, or third lactation period. \n\n\nWhat is the

application process for this scheme? Applications can be submitted offline to the Chief Development Officer or Chief Veterinary Officer of the concerned district. How long do applicants have to submit their application after the cow's calving? Applicants must submit their application within 45 days of the cow's calving. What is the verification process for determining milk productivity? The milk productivity of the cow is verified on-site by a committee. The productivity is measured over four milkings (morning and evening) for two consecutive days. Can an applicant receive the incentive more than once for the same cow? No, an applicant can receive the incentive only once in the lifetime of the cow. What is the role of the Nand Baba Milk Mission in this scheme? The Nand Baba Milk Mission Society is the nodal agency responsible for implementing and monitoring the scheme. How are the applications verified on-site? The verification is conducted by a committee comprising the Senior Milk Inspector, Livestock Extension Officer, and other designated officials. They determine the cow's productivity through on-site inspection. How long does it take to receive the incentive after application approval? The incentive is disbursed within a month through Direct Benefit Transfer (DBT) after the application is approved and verified."

"documents_required": "Passport size photographs Aadhaar card Caste certificate Land ownership certificate/revenue receipt or lease agreement Consent letter for group work Registration certificate (for entrepreneurs) Audit and income tax returns (for entrepreneurs) Bank consent letter",

"frequently_asked_questions": "Who is eligible to apply for the scheme? Private landowners, lessees, individual beneficiaries, families, groups, and entrepreneurs with land in Chaur-dominated districts of Bihar are eligible to apply.\n\nWhat is the total budget for the scheme? The total budget for the scheme is ₹2972.79 lakh. How much subsidy is provided under the scheme? Beneficiary-based subsidy: 50% for other categories, 70% for Most Backward Castes, Scheduled Castes, and Scheduled Tribes. Entrepreneur-based subsidy: 40%. What is the process of site selection for pond construction? Site selection is based on the highest flood level, ensuring no obstruction in the natural main drainage waterway. The height of the inlet-outlet and dam of the pond is determined accordingly, and the dam is strengthened. How will the scheme help in increasing fish production? By developing undeveloped and unutilized Chaur land for fish-based integrated aquaculture, the scheme aims to significantly increase fish production and productivity. What is the role of the District Fisheries Officer? The District Fisheries Officer is responsible for identifying suitable Chaur land, preparing beneficiary lists, conducting awareness campaigns, forming groups/clusters, and overseeing the implementation of the scheme. Are there any training programs for the beneficiaries? Yes, training programs and farmer seminars are conducted to provide necessary technical information and support to the beneficiaries. How is the subsidy amount disbursed? The subsidy amount is paid in three installments (two installments for pond construction and one for fish input) into the beneficiary's bank account through RTGS/NEFT. What happens if the ponds are damaged due to natural disasters? The scheme includes technical specifications to prevent damage due to floods, and the structure will be strengthened accordingly. How can one apply for the scheme? Applications can be submitted online. Information and advertisements about the scheme are published in state-level daily newspapers. What materials are used for pond construction? The construction involves using soil extracted from the pond site for dam filling and ensuring compliance with technical specifications to withstand floods. How is the selection of beneficiaries done? Beneficiaries are selected based on the prescribed criteria by the District Fisheries Officer-cum-Chief Executive Officer. Priority is given to those with previous experience and training in fisheries. What is the role of the District Chaur Development Committee? The District Chaur Development Committee, chaired by the District Officer, monitors the implementation of the Chaur Development Plans and ensures coordination and support. Are there any restrictions on the maximum area for pond construction? An individual/family can develop a maximum of 5 hectares, and a group can develop up to 20 hectares. For entrepreneurs, the grant is limited to 40% of the unit cost, up to ₹1 crore. What is the format of the return printed on the permanent boards? The return format on the boards includes the details of the scheme, to be written with paint on an iron sheet of size 4x3 feet, standing four feet at an iron angle.",

"frequently_asked_questions": "Instalment time of NSMNY scheme ?April – July, August – November and December – MarchAmount benefited in NSMNY scheme ?An amount of Rs. 6000/- will be transferred annually in three equal instalments.Payment mode of the scheme ?Payment mode is Aadhar.Whether DBT enabled bank account is required for NSMNY ?Yes, NSMNY scheme benefit is credited only in DBT enabled bank account.Is it mandatory to link bank account with Aadhar ?Yes, it is mandatory to link bank account with Aadhar to get benefit of NSMNY.Eligibility criteria of NSMNY scheme ?The beneficiary should be eligible in PM KISAN scheme.How to register for NSMNY scheme?No need to register for NSMNY scheme. The PM KISAN registered eligible beneficiary is the beneficiary of NSMNY.Is this scheme is for group of farmers?No, This scheme is for only eligible farmer families.Which documents are required for NSMNY

registration? No any documents need. You have to register in PM KISAN scheme to get the benefit of NSMNY.

I am not able to register the farmer on the portal. It says Aadhar No. is already registered. How do I proceed? It might happen that the farmer has already registered himself on the PM-KISAN portal via self-registration mode. In such cases, you may check if the farmer has self-registered under the "Status of Self- Registration/CSC Farmers" on the home page of PM-KISAN Portal in the Farmer's Corner section. A farmer has been wrongly rejected due to some errors in the application. I am not able to register the farmer via direct data entry on PM-KISAN portal. How do I proceed? In such cases, the farmer must edit/update/re-submit his application via "Updation of Self-Registration" window in the Farmer's Corner on the PM-KISAN Portal. If farmer is registered through CSC, farmer has to contact nearby CSC centre for updation. Once re-submitted/edited, the farmer application will again be sent to the State for approval/validation.

A farmer has wrongly entered some details during self-registration via CSC. When the farmer tries to edit the application, the record is not available. How to proceed? The record will be available for correction on the same user id via which the farmer was registered. Hence, a farmer who has registered via CSC - A, cannot go for editing his application to CSC - B. Is it mandatory for a farmer to enter the land records details to register under PM-KISAN? Yes, the land record details are mandatory for a farmer to register himself under PM-KISAN. Without entering the land records details, the farmer will not be able to submit his application on the portal.",

"title": "Nanaji Deshmukh Krishi Sanjivani Prakalp",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pocra>",

"details": "The Nanaji Deshmukh Krishi Sanjivani Prakalp was conceptualised by the Department of Agriculture, Government of Maharashtra and the World Bank to develop a drought-proofing and climate-resilient strategy for the agriculture sector as a long-term and sustainable measure, to address the likely impacts of climate variabilities and climate change. The project focuses on the evidence-based scientific implementation of this plan. The project has introduced transformational changes in the agriculture sector by scaling up the adoption of climate-smart technologies and practices at the farm and micro-watershed level, contributing to drought-proofing and creation of new opportunities in villages worst hit by drought and salinity/sodicity affected villages in the state. The project is supporting investments by farmers, farmers' collectives, and communities for accessing water, optimal utilization of natural resources, value addition of agriculture commodities, and adoption of climate-resilient agriculture technologies. The project has taken a gender-sensitive approach to prioritize the needs of the women stakeholders in the planning and implementation of project interventions which is being driven through "Krushi Tais" (female mobilizers) at the village level. Direct Benefit Transfer portal and mobile application allow farmers to apply for matching grants for their farm-level investments aimed at improving incomes. The DBT portal is a workflow-based end to end online system through which the project officials can verify the eligibility and assets created and transfer the matching grants directly to the farmer's Aadhar linked bank account. Another module of this portal allows the farmers' collectives to receive matching grants for their value chain based agribusiness proposals.",

"objective": "Section not found",

"benefits": "1)\tBack ended financial subsidies for Farmers to adopt climate resilient agricultural initiatives in their farms2)\tFinancial assistance available for protected cultivation techniques such as Poly House, Poly Tunnels, etc.3)\tSubsidy also available for on farm water conservation activities such as Drip, Sprinklers, Farm Pond, Farm Pond linings, etc.4)\tClimate Resilient seed production also covered5)\tSpecial assistance for Farmer Producing Organizations/companies and Self Help Groups6)\tDisbursement through Aadhaar enabled payment system7)\tPrivilege given to women, person with disabilities and landless labourers",

"eligibility": "1)\tFarmers producer companies under the project in the district, registered farmer groups/self-help groups in the project village.2)\tIn the project, FPC's registered with a minimum of 100 members from the district will be eligible to avail benefits under the agribusiness components.3)\tFor the project, any eligible group of interested/qualified farmers/women/landless individuals registered with any govt. department (e.g., ATMA, MAVIM, MSRLM etc.) selected in the village can apply for the Prime Minister's Farmer Scheme, based on the family's eligibility criteria (husband, wife, and dependent children over 18 years of age). The explanation of the family's composition from different families within the group, with a minimum of 11 members in each family, is necessary. The benefits of the agribusiness components should not be directed solely towards one family; attention should be paid to this aspect.4)\tThe financial condition of applicant farmers' producer companies/registered farmers/self help groups is proposed to be capable enough to establish and operate agricultural input service centers/industries.5)\tThe project mandates that loans sanctioned to farmers' producer companies/registered banks/financial institutions for projects exceeding Rs. 20.00 lakhs must be approved. The approved amount of the existing loan should be at least 1.25 times the minimum grant aid.6)\tThe proposal of Rs. 20.00 lakhs will be funded through self-financing. In such proposals, assurance should be given that the required funds are available in the registered bank account of the group/company or will be raised from the members (include this decision in the company/group resolution). While providing financial assistance under the project, the expenditure incurred for the project from the bank account of the group/company will be considered eligible for reimbursement.7)\tIf there's a loan involved, it's essential for the farmers' producer company and registered farmers/self help groups to enter into a tripartite agreement with the registered bank/financial institution and the relevant project management authority.",

"exclusions": "1.\tFarmers with land holding more than 5.00 ha",

"application_process": "OnlineApplication Link: <https://dbt.mahapocra.gov.in> Step 01: RegistrationStep 02: ApplicationStep 03: Pre-sanction by Agriculture officerStep 04: Work completion by farmerStep 05: Payment request by farmerStep 06: Payment approval by the projectStep 07: Payment disbursement in Aadhaar linked bank account of the beneficiary farmer",

"documents_required": "1)\tAadhaar Number2)\tLand details – 8A & 7/12 extract 3)\tCast certificate (for applicants from SC ST communities)4)\tLandless certificate (for landless farmers & labourers)5)\tDeath certificate of husband (for Widows)6)\tDivorce certificate (for divorcee female)",

"frequently_asked_questions": "What are the benefits to the farmers offered under NDKSP scheme?Small and marginal farmers with land holding upto 5 Ha will get financial assistance upto 80% for implementing climate resilient activities such as drip, sprinklers, farm-pond, shade-net, poly-tunnels, etc on their farmsIf I have 2 Ha land in the project region and my village is included in the scheme, can I apply for 30x30x12 Mtr farm-pond on my farm?Yes. You are eligible for applying for the given activityWhat is the mode of payment from NDKSP and when will I get paid?The project has implemented back-ended financial assistance, therefore, you need to apply for the activity which you want to implement on your farm. Once you get pre-

sanction after the technical feasibility from Sub Divisional Agriculture Officer (SDAO), you can complete the work. Post completion of the work, you can raise the payment request in the DBT application of NDKSP. After the successful post work inspection, the financial assistance according to the norms of the project will get disbursed to your Aadhaar linked Bank account. What can I do if my village is not included in NDKSP scheme? Village selection is a detailed process at the state level and those villages which are the most vulnerable from the perspective of climate and other variables are selected after due consideration. If your village is not included in the scheme, then you are not eligible to avail financial assistance from the project. However, you may utilize the benefits such as agro-climatic advisories issued by the project through the Farmer app, attend the training sessions, etc. Does NDKSP project provide handholding and training sessions of the farmers to adopt climate resilient farming techniques? Yes, under Farm Field School initiative of NDKSP, the project conduct training sessions of the farmers in the demo plot of the identified villages which any farmers from that village can attend and take benefit out of it. For further details, Farmers can contact Agriculture Assistant or Cluster Assistant of the village.

I am a member of Farmer Producing Organization, are there any activities for which I can apply for? Farmer Producing Organizations/ Farmer Producing Companies/ Self Help Groups from the districts covered under NDKSP scheme are eligible to apply for multiple activities which are designed for Agribusiness promotion in the project region. Details of the registration and application are available on the portal <https://dbt.mahapocra.gov.in> or you may connect with Project Specialist – Agribusiness at the Superintendent Agriculture Officer at district level.

I am a farmer with less than 1 Ha land in NDKSP region, am I eligible to apply for the scheme? Yes, you are eligible for the application.

If I am having more than 5 Ha of the land in NDKSP region, am I eligible to apply for the scheme? We are sorry but farmers with land holdings with more than 5 Ha land are not eligible to apply for the activities under NDKSP scheme. However, you may take benefit of the training sessions as well as utilize Agro Climatic advisories issued by the project in your region.

I am a member of FPO which is in the districts of NDKSP however the village where the FPO is located doesn't comes under the list of villages of NDKSP. Will my FPO be able to apply for the scheme? I am a member of FPO which is in the districts of NDKSP however the village where the FPO is located doesn't comes under the list of villages of NDKSP. Will my FPO be able to apply for the scheme?

I am a landless farmer however I want to apply for the activity which doesn't need land, am I eligible to apply and what additional document am I supposed to be produced? Yes, you can apply for certain activities such as poultry, goat farming, epiculture, etc. and you need to provide landless farmer certificate from the competent authority from your village.

What is the eligibility for applying to shade-net? There is no special eligibility criteria for application for Shade-net. Your land holding is supposed to be less than 5 Ha and you should have arrangement of funds so that you can implement the activity as the financial assistance will be provided to you from the side of project after completion & successful verification of the work.

I am a farmer from NDKSP village and want to apply for the activity which is listed in the scheme, what is the process for application? You have to visit to the portal of NDKSP at <https://dbt.mahapocra.gov.in> or through the mobile app DBT PoCRA which you need to download from Google Play Store. You can register yourself using your Aadhaar number by authenticating yourself through OTP. If your mobile number is not registered with Aadhaar to get OTP, then you have to contact Cluster Assistant of NDKSP in the respective village and get yourself registered with his help or you may visit to nearest Citizen Support Centre (CSC) and register yourself with their assistance.

After registration, you can apply for the available activities. After application, you will receive SMS communication about the status of your application.

Can I start the work on the activity which I have applied for post application on NDKSP portal? After successful application, you will receive updates about the status of your application through SMS. After successful technical verification, you will receive Pre-Sanction from the office of Sub Divisional Agriculture Officer (SDAO). Intimation of Pre-Sanction will be delivered to you via SMS and you can check the same after login to your profile on NDKSP DBT portal or mobile app. Post receiving the Pre-

sanction, you may start the work on the applied activity.If my Aadhaar is not linked with any bank account, how will I get financial assistance from NDKSP scheme?To get financial benefit post completion of the work, you need to link your Aadhaar card with your bank account by visiting your bank and requesting them to seed your Aadhaar card with bank account.I have received an SMS that disbursement is made on my account for the activity which I have completed, however, I haven't received the funds in my account and when checked with NDKSP office, I have been informed that my Aadhaar is inactive. In this case, what I have to do?You are supposed to visit Citizen Service Centre and ask them to activate your Aadhaar by providing the required document.\n\n\nAfter activating my Aadhaar number, in how many days I will get the financial assistance for the activity which I have already completed?You need to inform the officials from NDKSP that you have activated your Aadhaar number. Post the confirmation, NDKSP office will process your funds on as and when it is available from the side of treasury.",

"documents_required": "Aadhaar card or valid ID proof.Proof of land records or tenancy agreement.Crop-sowing certificate (if required).Bank account details for claim disbursement.",

"frequently_asked_questions": "What is the National Agriculture Insurance Scheme (NAIS)?The National Agriculture Insurance Scheme (NAIS) is a government initiative aimed at providing financial protection to

farmers against crop losses due to natural calamities, pests, and diseases. It offers coverage for food crops, oilseeds, and select horticultural crops. Who is eligible to apply for NAIS? All farmers growing insurable crops and availing Seasonal Agricultural Operations (SAO) loans from Banks / PACS are compulsorily covered under the Scheme by the Banks/ PACS, whereas the non-borrowing farmers growing insurable crops can also avail the benefit of the Scheme by submitting prescribed proposal forms at the nearest Banks/ PACS. How can farmer apply for the NAIS? Loanee Farmers: The application is processed through the bank or financial institution from where the loan is availed. The premium is deducted directly from the loan amount. Non-Loanee Farmers: They need to approach the nearest bank or insurance office, fill out the application form, submit required documents, and pay the premium. What is the premium amount for the scheme? Food Crops (Kharif): 3.5% of the sum insured. Food Crops (Rabi): 1.5% of the sum insured. Commercial and Horticultural Crops: Premium is based on actuarial rates. Are there any subsidies on the premium? Yes, the government provides premium subsidies, particularly for small and marginal farmers, to make the scheme affordable. The premium subsidy is shared between the central and state governments. What documents are required to apply for NAIS? Aadhaar card or another government-issued identity proof. Proof of land records (ownership or tenancy). Crop sowing certificate (if applicable). Bank account details for claim settlement. How are claims processed under NAIS? Farmers must inform the local authorities or insurer about crop loss within 48 hours. A joint assessment of the loss is carried out by insurance representatives and local officials. After verification, the claims are settled and directly transferred to the farmer's bank account. Can non-loanee farmers apply for NAIS? Yes, non-loanee farmers can voluntarily apply for NAIS by visiting an authorized bank branch or insurance office. They need to submit necessary documents and pay the premium. How many states are participating in the scheme? At present this scheme is being implemented in 23 States and UTs (except Punjab, Manipur, Nagaland, Mizoram and Arunachal Pradesh among the States and Chandigarh, Daman & Diu, Delhi, Dadra & Nagar Haveli and Lakshadweep among the UTs). Are crop loans disbursed through Kisan Credit Cards (KCCs) eligible for insurance coverage under the NAIS? Crop loans disbursed/withdrawn through KCCs are also eligible for coverage as per the terms and conditions applicable to the regular crop loans.",

"title": "National Agriculture Market",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/e-nam>",

"details": "Launched on 14th April 2016 by the Prime Minister of India, the e-National Agriculture Market (e-NAM) is a pan-India electronic trading portal designed to integrate existing APMC (Agricultural Produce Market Committee) mandis across the country into a unified online platform, enabling "One Nation One Market" for agricultural commodities. Implemented by the Small Farmers Agribusiness Consortium (SFAC) under the Ministry of Agriculture and Farmers' Welfare, Government of India, the platform streamlines agricultural marketing by offering single-window services such as commodity arrivals, AI-based quality assaying, e-bidding, and direct e-payment to farmers. It aims to enhance transparency, efficiency, and competitiveness in agricultural trade while expanding market access for farmers and reducing information asymmetry. In Jammu & Kashmir, 11 mandis, including Narwal (Jammu) and Parimpora (Srinagar), have

been integrated with e-NAM since May 2020. Key Objectives: Facilitate nationwide integration of markets through a common e-platform for agricultural trade. Standardize marketing and transaction procedures across all APMC mandis. Expand farmers' access to buyers and markets for better price discovery and reduced information gaps. Promote quality-based bidding through the establishment of assaying systems. Ensure stable pricing and availability of quality produce to consumers.",

"objective": "Section not found",

"benefits": "For Farmers: Access to Pan-India Markets through a digital trading platform. Real-time Price Discovery based on demand and supply. Transparency in auction and payment processes. Better Prices through wider buyer participation. Online Payment directly to farmers' bank accounts. Free Quality Testing (Assaying) of produce in markets. Reduced Information Asymmetry—farmers can see prices and make informed decisions. For Markets (APMCs/RMCs): One-time Grant of up to ₹30 lakh per market for hardware, internet, assaying labs, etc. Free e-NAM Software is provided with customization for each state. Support Staff (1 person per market) provided for 1 year at no cost. Provision to use Cold Storages & Warehouses as market sub-yards. Infrastructure Support for setting up: e-auction halls, assaying labs, electronic weighbridges, training facilities. For State Governments / UTs: Eligibility for Central Funding upon adopting key APMC Act reforms: Single trading license for the state. Single-point market fee. Legal provision for e-trading. Support for Soil Testing Labs (STLs) under related schemes (NMSA/RKVY). Training, Dispute Resolution Mechanism, and linking more markets to e-NAM.",

"eligibility": "The applicant State/UT must allow a single trading license valid across the State, issued through suitable legislation or executive orders. The process should be liberal, without barriers like high deposits, quantity restrictions, or mandatory purchase centers. The applicant State/UT must ensure single-point levy of market fee, applicable only at the first wholesale transaction. No additional charges should be levied on subsequent wholesale transactions of the same produce. The applicant State/UT must provide legal and infrastructural support for e-auction/e-trading, through relevant amendments or executive provisions. The applicant must submit proposals in the prescribed format and fulfill all three core reforms above to be eligible for the one-time grant for infrastructure setup (hardware, internet, assaying equipment, etc.). The applicant must commit to: Trading 100% of selected commodities through e-NAM in the proposed markets. Providing or linking markets to Soil Testing Laboratories (STLs). Covering extra implementation costs beyond the sanctioned amount. Bearing costs of software maintenance after 5 years. Registering the implementing agency on the PFMS portal and submitting necessary bank details to the Department. The applicant State/UT, if lacking an APMC Act or not enforcing it, must: Identify an appropriate institution/organization. Frame enforceable guidelines to enable e-trading, including trader registration, transaction norms, and infrastructure provisioning. The applicant private market, if applying, must: Be recommended by the concerned authority. Provide all necessary infrastructure and services (e.g., analyst, assaying facilities) at its own expense.",

"exclusions": "Section not found",

"application_process": "Online Registration Guidelines for farmers: Users can register by Clicking here. Select "Registration Type" as "Farmer" and select the desired "APMC". Provide a valid email ID, as you will receive your Login ID and Password on it. Once successfully registered, you will receive a login ID and a temporary password at the given email. Log in to the dashboard by clicking the icon on www.enam.gov.in/web. You will see a flashing message on the dashboard: "Click here to register with APMC." Click on the flashing link, which will redirect you to the registration page for filling or updating details. Your application will be sent for approval to your selected APMC after KYC is completed. After successfully logging in to your dashboard, you will be able to see all APMC address details. After successful

submission, the user will receive an email confirming that the application has been submitted to the concerned APMC, with the status shown as Submitted, In Progress, Approved, or Rejected. Once approved by the APMC, you will receive your eNAM Farmer Permanent Login ID (e.g., HR866F00001) and password for complete access to the e-NAM platform at your registered email address. Alternatively, you can contact your respective Mandi/APMC for the same.

Registration Guidelines for Traders: Users will have to register by visiting http://enam.gov.in/NAMV2/home/other_register.html. Select "Registration Type" as "Trader" and choose the appropriate "APMC" or State Level option. Provide your passport-size photograph and correct email ID to receive your login ID and password at the same address. After successful registration, you will receive your login ID and a temporary password at your provided email ID. Log in to the dashboard by clicking the icon on www.enam.gov.in. Then you will see a flashing message on the dashboard: "Click here to register with APMC." Click on the flashing link, which will redirect you to the registration page for filling or updating details. Your application will be submitted for approval to your selected APMC or SAMB (in case of a Unified License). After successfully logging in to your dashboard, you will be able to see the arrivals and trade activities happening in the APMC for notified commodities in eNAM. You will see a flashing message on the dashboard: "Click on the link." It will redirect you to the registration page to submit your license and KYC details as a trader. Your details will be submitted for approval by your selected APMC. Once successfully submitted, you will receive an email confirming the status of the application as Submitted, In Progress, Approved, or Rejected. Its status can be viewed by logging in to the dashboard, as explained earlier. For a permanent login ID (e.g., HR866T00001) and password, visit your respective Mandi/APMC and verify your license number. After successful approval by the APMC, eNAM Trader/CA IDs and passwords will be sent to the provided email address. Trader/CA users can participate in online trade using the provided login ID and password.

For FPOs/FPCs: FPOs/FPCs can register on e-NAM Portal via the website (www.enam.gov.in) or mobile app or provide following details at the nearest e-NAM mandi: Name of your FPOs/FPCs, Name, address, email ID, and contact number of the authorized person (MD/CEO/Manager). Bank account details (Name of bank, branch, account number, IFSC code). For Mandi Board: States (State Agricultural Marketing Boards) interested in integrating their mandis with NAM are required to carry out the following reforms in their APMC Act: Provide for a single (unified) trading license valid across the state. Implement a single-point levy of market fees across the state. Include provisions for e-auction/e-trading as modes of price discovery.",

"documents_required": "For Farmers: Aadhaar Card, Passport-size Photograph, Bank Account Details (Passbook copy or Cancelled Cheque), Mobile Number and Email ID, Land Ownership Certificate or Farmer ID Card (if required by APMC). For Traders: Passport-size Photograph, Valid Trade License / Business Registration Certificate, PAN Card, Aadhaar Card / Other Government ID, GST Registration Certificate (if applicable), Bank Account Details (Cheque or Passbook Copy), Address Proof (Electricity Bill, Rent Agreement, etc.), Email ID and Mobile Number, Existing License Number issued by APMC, KYC Documents (as per APMC requirements). For FPOs / FPCs: Certificate of Incorporation / Registration, PAN Card of the FPO/FPC, Bank Account Details, List of Members / Shareholders, Name, ID, and Address of Authorized Person, Mobile Number and Email of Authorized Person, Memorandum of Association (MoA) & Articles of Association (AoA) or Bye-laws, Aadhaar / Government ID of Authorized Signatory. For State Agriculture Marketing Boards / APMCs: Proposal in prescribed format (Annexure-I), Copy of amended APMC Act / Executive Order, State Government Resolution or Notification, Project Implementation Plan, Assaying Lab Plan / Soil Testing Lab provision, Estimated Budget with Detailed Breakdown, Undertaking regarding e-trading volume and future costs, Bank Details of Implementing Agency (Registered on PFMS Portal), Authorization Letter of Nodal Officer, MoU with SFAC or Service Provider (if any), Infrastructure Readiness Details, Inspection Report of Mandis (if applicable). For Private Markets (if applicable): Letter of Recommendation by State/UT. Self-arranged: Mandi Analyst, Hardware, Assaying Equipment, Internet, and Support Staff",

"frequently_asked_questions": "What is the purpose of this online trading platform for agricultural markets?It is designed to integrate existing markets across the country into a single online system, enabling unified trading for agricultural commodities and promoting “One Nation One Market.”How does this platform improve price discovery for farmers?It enables real-time price discovery through e-auctions and e-trading based on demand and supply, helping farmers secure better prices.How does the system ensure transparency in agricultural trade?It offers clear, online auction processes, quality testing results, and direct electronic payments, reducing the scope for manipulation or hidden charges.What services are provided to farmers through this platform?Farmers get single-window services including commodity arrival details, quality assaying, e-bidding for price discovery, and direct e-payment to their bank accounts.How does quality testing work on this platform?Free assaying (quality testing) is offered at markets to help ensure standardized pricing based on the quality of produce.What advantages does wider buyer participation offer to farmers?It increases competition among buyers, which helps farmers get better prices for their commodities.What role do assaying labs and electronic weighbridges play?They help standardize and verify quality and quantity, making trading more reliable for both farmers and buyers.How are market committees or boards supported for integration?They receive infrastructure support like e-auction halls, assaying labs, electronic weighbridges, internet, and training facilities to enable online trading.Is software support provided to markets joining the platform?Yes, free software with state-level customization and support staff is provided to help markets manage online trading.How does this system reduce information gaps for farmers?By showing arrival data, auction prices, and quality testing results online, farmers can make more informed selling decisions.",

"title": "National Bamboo Mission",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/nbm>",

"details": "Resultant to this historic amendment, bamboo grown in the non-forest area is out of the scope of regulations on the forest produces. During the year 2022-23, the NBM has been merged with Mission for Integrated Development of Horticulture (MIDH) scheme. The restructured National Bamboo Mission primarily focuses on the development of complete value chain of bamboo sector to link growers with consumers starting from planting material, plantation, creation of facilities, skilled manpower and brand processing marketing, micro, small & medium enterprises, skilled manpower and brand building initiative in a cluster approach mode. Presently the scheme is being implemented in 24 States/UTs. The NBM has provisions to raise bamboo plantations as well as to establish units for bio-energy extraction, activated carbon product, charcoal making, pellet making, Ethanol gasifier, etc for government agencies and private entrepreneurs.NBM also envisaged to revitalise the bamboo industry through various innovations and policy support that would contribute by reducing the carbon emission and contribute to domestic manufacturing.The key objectives of the Mission are as follows:•\tTo increase the area under bamboo plantation in non-forest Government and private lands to supplement farm income and contribute towards resilience to climate change as well as availability of quality raw material requirement of industries. The bamboo plantations will be promoted predominantly in farmers’ fields, homesteads, community lands,

arable wastelands, and along irrigation canals, water bodies etc. •\tTo improve post-harvest management through establishment of innovative primary processing units near the source of production, primary treatment and seasoning plants, preservation technologies and market infrastructure. •\tTo promote product development keeping in view market demand, by assisting R&D, entrepreneurship & business models at micro, small and medium levels and feed bigger industry. •\tTo rejuvenate the underdeveloped bamboo industry in India •\tTo promote skill development, capacity building, awareness generation for development of bamboo sector from production to market demand. •\tTo realign efforts to reduce dependency on import of bamboo and bamboo products by way of improved productivity and suitability of domestic raw material for industry, so as to enhance income of the primary producers.",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits:1)\tIt would assist farmers, government agencies, artisans, entrepreneurs, private agencies, Federated SHGs, FPOs, and other persons involved in bamboo industry2)\tIt will help in establishing bamboo nursery, bamboo cultivation, post-harvest processing, product manufacturing, capacity building, entrepreneurship, etc for the industry3)\tIt will help in creating self-dependency for fulfilling the demand of bamboo and bamboo products.",

"eligibility": "The scheme is applicable to all farmers in India",

"exclusions": "Section not found",

"application_process": "OnlineRefer to respective State's Bamboo Mission Portal for online linkStep 01: Application to State Bamboo Mission through their respective portals/offlineStep 02: Scrutiny and approval of the SBMStep 03: credit linked financing through scheduled/commercial banksStep 04: progress reporting/completion of projectsStep 05: evaluation by SBM and disbursal of subsidy to the bank account of the beneficiary",

"documents_required": "1)\tAadhaar number2)\tLand documents3)\tCaste Certificate (SC/ST only)4)\tPhone Details5)\tBank Details6)\tPhotographs7)\tDPRThe specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. "description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/nbhm>",

"details": "The main objectives of the scheme are: a)\tPromoting holistic growth of beekeeping industry for income & employment generation, providing livelihood support to farm and non-farm households and to enhance agriculture/ horticulture production;b)\tDeveloping additional infrastructural facilities for developing quality nucleus stock of honeybees, multiplication of stock by bee breeders, setting up of disease diagnostic labs, Integrated Beekeeping Development Centres (IBDCs)/ Centres of Excellence (CoEs) on Beekeeping, beekeeping equipment manufacturing units, etc. and postharvest and marketing infrastructures, including honey processing plants, storages/ cold storages, collection, branding,marketing, centre,etc.\t c)\tSetting up of State of the Art Quality Control Labs for testing of honey & other beehive products at Regional Levels and Mini / Satellite Labs at Distt. Levels in main honey producing Districts/ States;d)\tTo develop blockchain/ traceability system for traceability of source of honey & other beehive products and using IT tools in beekeeping, including online registration, etc.;e)\tTo develop and facilitate Honey Corridors in potential areas;f)\tTo promote agri- entrepreneurs & agri- startup for their involvement in beekeeping/ Honey production;g)\tTo promote, develop and disseminate latest and State of the Art Technologies and skill development in beekeeping industry for production of honey & other high value beehive products;h)\tEmpowerment of Women through Beekeeping;i)\tTo maximize, economic, ecological and social benefits by diversification through beekeeping by production of higher quantity and good quality of honey and other high value beehive products, viz.; bee wax, bee pollen, propolis, royal jelly, comb honey, bee venom, etc. for domestic and export market; andj)\tTo strengthen beekeepers by developing institutional framework through collective approach viz.; formation of SHGs/ FPOs/ Beekeepers Cooperatives/ Federations, etc.",

"objective": "Section not found",

"benefits": "Details of activities envisaged, cost norms and pattern of assistance approved under Mini Mission I & II and III can be checked at NBHM Guidelines.The scheme envisages the following benefits:1)\tEnhances yields & quality of produce of various crops viz., fruits, vegetables, pulses, oil seeds, etc. through pollination support2)\tHelps in sustainable development of Agriculture and Environment.3)\tHelps in maintaining Biodiversity4)\tIncreases income of beekeepers/ farmers/ land less labours, etc. through production of honey & other beehive products, viz.; Bees wax, Propolis, Pollen, Royal Jelly, Bee venom, comb honey, etc. which have great importance in human life.5)\tGenerates employment.6)\tServes as a source of livelihood7)\tIt helps in prosperity of farmers, healthy people and strong Nation.8)\tAdopt Scientific Beekeeping for own and Nation's prosperity.",

"eligibility": "Anyone can apply for the scheme",

"exclusions": "Section not found",

"application_process": "OfflineStep 01: All the component scheme are project based (except Training/Seminar/Exposure visit)Step 02: Following implementing agencies will submit the projects directly do National Bee Board. (NDBB/NAFED/TRIFED/SFAC/ICAR/CAUS/ SAUS)Step 03: Agencies Submitting projects through SLSC of State govt. like Department of Horticulture/Agriculture, Member Companies/firms/societies/SHGS/FIGS/FPC.Step 04: Examination/appraisal of projects by board as per scheme guideline, norms & submitted to PACStep 05: Project Appraisal committee (PAC)chaired by Horticulture Commissioner (Project appraised & recommended up to 1 crore) and recommend to Execute Committee (EC) of Board chaired by Additional Secretary (for more than 5 Cr per project).Step 06: Project more than 5 crore are recommended to Project Appraisal & Monitoring Committee (PA&MC) chaired by Secretary (Agriculture) for approval.Step 07: Once the project is approved, an applicant must first register on the Madhukranti Portal for Individual/Societies/FPOs and add details such as land details, and site layout land plan.Step 08: Submit complete DPR as per guidelineStep 09: Apply for lifetime membership in case of member societies /firm/cooperatives",

"documents_required": "Aadhaar cardLand documentsBank detailsDPR",

"frequently_asked_questions": "What are the primary benefits of participating in the National Beekeeping & Honey Mission (NBHM)?The NBHM offers several benefits, including financial support, technical training, access to modern beekeeping techniques, and market linkages for beekeepers and honey producers. What is the National Beekeeping & Honey Mission (NBHM)?The National Beekeeping & Honey Mission is a government initiative aimed at promoting and developing beekeeping and honey production in India. It encompasses various programs and strategies to support beekeepers and boost honey production.Are there financial incentives available through the NBHM?Yes, the NBHM often provides financial incentives such as subsidies to support beekeepers through implementing agencies for scientific beekeeping, processing and packaging etc. What types of training and capacity-building benefits does the NBHM offerThe NBHM conducts various training programs and workshops to enhance the skills and knowledge of beekeepers. These training sessions cover beekeeping techniques, honey extraction, control of bee diseases, and more.Does the NBHM provide market linkages for honey producers?Yes, the NBHM often facilitates market linkages by connecting honey producers with buyers, processors, and exporters through implementing agencies. This helps beekeepers gain access to better markets and higher prices for their honey products.Is there any incentive for women interested in beekeeping?Group/cluster of women are developed and trained in beekeeping and encourage for adopting scientific beekeeping. An assistance of Rs. 20,000/- per group is provided for formation of new group and Rs. 50,000/- per group as working capital to sustain the activity. The trained women can be used as Master Trainers/Guiding factor of scheme and serve as role model for beekeeping by women in other areas.What type of training is provided to the beneficiaries? Training/exposure visits is provided in physical and online modes through implementing agencies. Is there an age limit for participation in the National Beekeeping & Honey Mission?There is typically no specific age limit for individuals interested in beekeeping and honey production. It is often open to people of all age groups.Are there any educational qualifications required to join the mission?Generally, there are no specific educational qualifications required. Beekeeping programs often aim to empower individuals from diverse educational backgroundsWho is eligible to participate in the National Beekeeping & Honey Mission?Generally, individuals, farmers, self-help groups, cooperatives, FPOs, Start Ups and entrepreneurs engaged in scientific beekeeping and honey & other beehive production are eligible as per terms & conditions of the guideline.Is there any application fee?As per the guideline.",

"title": "National Livestock Mission: Establishment of Entrepreneurship for Breed Development of Rural Poultry",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/eebdrp>",

"details": "The \"Establishment of Entrepreneurship for Breed Development of Rural Poultry\" is a component under the Sub-Mission on Breed Development of Livestock and Poultry, part of the National Livestock Mission (NLM). This initiative is introduced by the Department of Animal Husbandry and Dairying, under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. Under this scheme, the Entrepreneurship will be developed by inviting the individual, Self Help Group (SHG)/Farmers Producer Organizations (FPO)/Farmers Cooperatives (FCOs)/Joint Liability Groups (JLGs) and Section 8 companies for establishment of Parent Farm, Rural Hatchery, brooder cum mother unit for Production of Hatching Eggs, and Chicks and rearing of the said chick upto four weeks in the mother unit. Emphasis will be given to those entrepreneurs who will be able to establish forward and backward linkage (Hub and Spoke). The scheme is implemented by State Implementing Agency and Department of Animal Husbandry and Dairying, Government of India.Objectives:Bringing unorganized rural poultry farming into the organized sector.Promoting entrepreneurship in rural poultry farming sustainably.Establishing forward and backward linkages.Popularizing non-conventional, low-cost feeding alternatives.",

"objective": "Section not found",

"benefits": "Financial Assistance:One Time 50% capital subsidy of the total project cost will be provided with maximum subsidy up to ₹25 lakhs for each unit.Note 1: The Central Government will provide 50% capital subsidy for the cost of the project for establishment of Parent Farm, Rural hatchery and Mother Unit with minimum 1000 parent layers.Note 2: Subsidy will be the capital subsidy and provided in two equal instalments. First instalment will be released upfront to the scheduled bank or financial institutions like NCDC etc. by SIDBI to be credited to the Entrepreneur/ Eligible Entities' account after the bank or financial institution releases First Instalment of loan to the beneficiary and its confirmation by State Implementing Agency. Note 3: Beneficiaries will be eligible for release of the second instalment by SIDBI after completion of the project and certified so by the State Implementing Agency.Note 4: In case of the self-financing project, the project needs to be appraised by the bank where the Entrepreneurs/Eligible Entity have account. The first instalment of 50% subsidy will be provided into the lending bank by SIDBI where the beneficiary has account. The subsidy will be released only when the beneficiary has made expenditure of 25% cost for the project towards infrastructure and has been verified by the State Implementing Agency.Note 5: Remaining amount of 50% subsidy will be provided y SIDBI after completion of the project and verified by State Implementing Agency.Note 6: The Entrepreneurs / Eligible Entities interested in taking benefit under the entrepreneurship project in self-financing mode, need to provide Bank Guarantee from the scheduled bank valid for three years for the remaining cost of the project beyond the cost of subsidy sought for support. This Bank Guarantee shall be provided in the name of the Department of Animal Husbandry and Dairying, Ministry of Fisheries, Animal Husbandry and Dairying.Note 7: The Entrepreneurs / Eligible Entities need to arrange the remaining amount through bank loan or from the financial institution or self-financing.",

"eligibility": "The applicant should be an individual, Self Help Group (SHG), Farmers Producer Organization (FPO), Farmers Cooperative (FCO), Joint Liability Group (JLG), or a Section 8 company.The applicant should establish a Parent Farm, Rural Hatchery, or Brooder cum Mother Unit with at least 1,000 parent layers.The applicant should arrange the remaining project cost through bank loans, financial institutions, or self-financing.The bird maintained in the parent farm should be of Low Input Technology Birds or any sustainable bird for free-range management.Note 1: Central Poultry Development Organizations, Central Avian Research Institutions, Directorate of Poultry Research and State Veterinary Universities and other private organizations with certificates of guaranteed production will be eligible to supply birds to the entrepreneurs. Necessary Technical specifications for birds will be issued separately. A list of Low input technology birds is at Annexure VI.Note 2: No subsidy will be provided for working capital, personal vehicle, purchase of land, cost for rent and lease of land.Essential requirements of beneficiaries to avail benefit under the submission:Entrepreneurs/ Eligible Entities either have obtained training or have trained experts or have sufficient experience in the relevant field in managing and running the project or have technical experts with sufficient experience in the relevant field of managing and running the project.The Entrepreneurs/ Eligible Entities have got the sanction loan for project by the bank or financial institutions furnished bank guarantee from scheduled bank along with appraisal of project for its validity by bank where it is holding the account.The Entrepreneurs/ Eligible Entities should have own land or lease land where the project will be established.The Entrepreneurs/ Eligible Entities have all the relevant documents for KYC.",

"exclusions": "No subsidy will be provided for working capital, personal vehicles, land purchase, rent, or lease costs.",

"application_process": "OnlineStep 1: Visit the Official Website of \"National Livestock Mission\" and click \"Apply Here\".Step 2: The following methods of Logging In will be displayed:Login as EntrepreneurLogin as Government / Other AgenciesLogin as Research & InnovationLogin to the website using your preferred method.Step 3: On the next page, verify your Mobile Number via OTP. You will be taken to the Online

Application Form. Step 4: In the form, fill in all the mandatory fields and upload all the mandatory documents in the specified format and size. Step 5: Agree to the \"Declaration & Authorization\" by ticking the checkbox. Provide the Date & Place, and finally click \"Submit\".

Post-Application Processes

Step 1: Screening of application by State Implementing Agency (SIA) SIA will scrutinize the submitted application and will recommend the application of the entrepreneurs/ eligible entities to avail balance financing for the project through scheduled banks or financial institutions like National Cooperative Development Corporation (NCDC) etc.

Step 2: Loan sanction by Lender After the recommendation of the project by SIA, the same will be considered by the bank or financial institutions for financing. Lender will pick the application along with all the documents from the portal and will approve the loan after examining the project/ documents submitted by applicant and completing their internal diligent process. After sanctioning the loan, Lender will upload sanction letter on the portal.

Step 3: Recommendation from State Level Executive Committee (SLEC) Once the bank or financial institution sanction the project, SIA shall place the same in SLEC for recommending the application to the Central Government (Department of Animal Husbandry & Dairying).

Step 4: Approval of subsidy by DAHD DAHD will approve the subsidy and will mark the approval of the same on portal.

Step 5: Disbursement and release of subsidy After compliance of terms and conditions mentioned in the sanction letter, lender will disburse the loan amount to the beneficiary. fund the subsidy amount for the approved projects through Small Industries Development Bank of India (SIDBI) to the lending Bank or financial institutions as the case may be to release the subsidy to Beneficiaries.

Track Application Status You can check your application status from the \"TRACK STATUS\" tab available in the upper right corner of the portal.

Help and Support If you encounter any issues or have questions, visit the \"Contact Us\" page.

documents_required: \"A. Documents Related to Project Detailed project report (DPR) including cost of project, means of finance, recurring cost, net income etc. Land document (Ownership / Lease deed/ Rent Agreement etc.) Photographs of project site Documentary proof of applicant's share in the project List of farmers linked/attached with applicant comprising Name, Aadhar Number, Mobile No. and Address B. Documents Related to Applicant PAN card GST registration certificate Certificate of Incorporation (In case of company) Partnership Deed (In case of partnership firm) Address Proof (Election Commission Photo ID card, Electricity Bill, Water Bill, Telephone Bill, Passbook, rent agreement etc.) Last three years audited Annual financial statements, if applicable Last three years income tax returns, if applicable Bank statement for last six months Canceled cheque along with bank mandate form C. frequently_asked_questions: \"Who can apply for this scheme? Individuals, Self Help Groups (SHGs), Farmers Producer Organizations (FPOs), Farmers Cooperatives (FCOs), Joint Liability Groups (JLGs), and Section 8 companies can apply. How is the subsidy disbursed? For bank-financed projects, the subsidy is released in two installments—first after the loan disbursement and confirmation, and second after project completion and verification. Is the scheme available for self-financed projects? Yes, self-financed projects are eligible, but applicants must provide a bank guarantee valid for three years for the remaining project cost beyond the subsidy amount. What kind of poultry can be reared under this scheme? Only Low Input Technology Birds or those that can be sustained in a free-range management system are permitted. What are the essential project components covered under this scheme? Parent Farms, Rural Hatcheries, and Brooder cum Mother Units with a minimum of 1,000 parent layers are covered. How long does it take for the second installment of the subsidy to be released? The second instalment is released after project completion and verification by the State Implementing Agency. Who verifies the project for subsidy disbursement? The

State Implementing Agency verifies the project and confirms eligibility for the second instalment of the subsidy. Can private organizations supply birds for the scheme? Yes, private organizations with certificates of guaranteed production, along with designated research institutions, can supply birds. What documents are required for application? Applicants must provide identity proof, address proof, business entity registration, a detailed project report, bank loan approval (if applicable), a bank guarantee (for self-financing), and a declaration form. Can an applicant avail of this subsidy multiple times? The guidelines do not specify multiple availments; applicants should check with the State Implementing Agency for clarification. Where can one apply for this scheme? Applications must be submitted through the designated online portal or the relevant State Implementing Agency. What expenses are not covered under the subsidy? The subsidy does not cover working capital, personal vehicles, land purchase, rent, or lease costs."

"title": "National Livestock Mission: Establishment of State Semen Bank",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/essb>",

"details": "Launched in the Financial Year 2014-15, the scheme \"National Livestock Mission\" by the Department of Animal Husbandry & Dairying, Ministry of Fisheries, Animal Husbandry and Dairying, aims towards employment generation, entrepreneurship development, increase in per animal productivity and thus targeting increased production of meat, goat milk, egg and wool. The excess production will help in the export earnings after meeting the domestic demands. The concept of the NLM Scheme is to develop the entrepreneur in order to create the forward and backward linkage for the produce available in the unorganized sector and to link with the organized sector. \"Establishment of State Semen Bank (Genetic Improvement of Sheep and Goat breeds)\" is a component of the \"Sub-mission on Breed Development of Livestock and Poultry\" scheme of the National Livestock Mission. The objective of this component is the genetic improvement of sheep/goat breeds through selective breeding by propagation of superior male germplasm through artificial insemination. For propagation of Artificial Insemination Technology for goats through frozen semen, there will be a requirement of storage depot at the state level for onward supply of goat frozen semen to the AI centres. The State Semen Bank working for storing cattle and buffalo frozen semen can work as the semen bank for goats also. Therefore, one time assistance will be provided for strengthening the existing state semen bank for goat frozen semen storing by providing equipment and storing containers.",

"objective": "Section not found",

"benefits": "One-time assistance of up to ₹ 10,00,000/- will be provided to the state for strengthening of existing cattle and buffalo semen bank to store and distribute goat frozen semen. The assistance will be provided for procurement of equipment like cryo-container and other related equipment.",

"eligibility": "The following entities are eligible - State Livestock Agencies. Animal Husbandry Department, State Government.",

"exclusions": "Section not found",

"application_process": "Online

Post-Application Processes
Step 1: Screening of application by State Implementing Agency (SIA). SIA will scrutinize the submitted application and will recommend the application of the entrepreneurs/ eligible entities to avail balance financing for the project through scheduled banks or financial institutions like National Cooperative Development Corporation (NCDC) etc.
Step 2: Loan sanction by Lender. After the recommendation of the project by SIA, the same will be considered by the bank or financial institutions for financing. Lender will pick the application along with all the documents from the portal and will approve the loan after examining the project/ documents submitted by applicant and completing their internal diligent process. After sanctioning the loan, Lender will upload sanction letter on the portal.
Step 3: Recommendation from State Level Executive Committee (SLEC). Once the bank or financial institution sanction the project, SIA shall place the same in SLEC for recommending the application to the Central Government (Department of Animal Husbandry & Dairying).
Step 4: Approval of subsidy by DAHD. DAHD will approve the subsidy and will mark the approval of the same on portal.
Step 5: Disbursement and release of subsidy. After compliance of terms and conditions mentioned in the sanction letter, lender will disburse the loan amount to the beneficiary. fund the subsidy amount for the approved projects through Small Industries Development Bank of India (SIDBI) to the lending Bank or financial institutions as the case may be to release the subsidy to Beneficiaries.
Track Application Status
You can check your application status from the \"TRACK STATUS\" tab available in the upper right corner of the portal.
Help and Support
If you encounter any issues or have questions, visit the \"Contact Us\" page.",

"documents_required": "A. Documents Related to Project
Detailed project report (DPR)* including cost of project, means of finance, recurring cost, net income etc.
Land document (Ownership / Lease deed/ Rent Agreement etc.)
Photographs of project site
Documentary proof of applicant's share in the project
List of farmers linked/attached with applicant comprising Name, Aadhar Number, Mobile No. and Address
B. Documents Related to Applicant
PAN card* GST registration certificate
Certificate of Incorporation (In case of company)
Partnership Deed (In case of partnership firm)
Address Proof* (Election Commission Photo ID card, Electricity Bill, Water Bill, Telephone Bill, Passbook, rent agreement etc.)
Last three years audited Annual financial statements, if applicable
Last three years income tax returns, if applicable
Bank statement for last six months
Canceled cheque along with bank mandate form*
C. Documents Related to Key Promoter
PAN Card* Aadhar Card* Address Proof * (Election Commission Photo ID card, Electricity Bill, Water Bill, Telephone Bill, Passbook, rent agreement etc.)
Photograph* Caste certificate, if applicable
Education certificates
Training certificates
Experience letter/ certificate about any livestock farming activities done earlier",

"frequently_asked_questions": "What is the objective of this scheme?
The objective is to genetically improve sheep and goat breeds through selective breeding by propagating superior male germplasm via artificial insemination.
Who is eligible to apply for this scheme?
Eligible entities include State Livestock

Agencies and the Animal Husbandry Department of State Governments. What financial assistance is provided under this scheme? The scheme provides one-time assistance of up to Rs. 10 lakh for strengthening existing cattle and buffalo semen banks to store and distribute goat frozen semen. This assistance is 100% centrally funded. What are the key components of the project? Key components include strengthening the existing state semen bank by providing equipment like cryocontainers and other related equipment for storing goat frozen semen. What is the funding pattern for this scheme? The funding pattern is 100% central assistance for all States and Union Territories. What documents are required to apply for this scheme? Required documents include the application form, project proposal, identity proof, address proof, entity registration documents, bank account details, land ownership/lease documents (if applicable), technical specifications, detailed cost estimates, approval letters, environmental clearances (if applicable), a declaration form, and an Expression of Interest (EOI) from the state. What is the process for disbursement of funds? Funds are disbursed in a one-time assistance manner, released to the scheduled bank or financial institution upon approval by the State Implementing Agency. What equipment can be procured under this scheme? Equipment that can be procured includes cryo-containers and other related equipment necessary for the storage and distribution of goat frozen semen. Can this scheme be used for setting up new semen banks? No, this scheme is intended for strengthening existing cattle and buffalo semen banks to store and distribute goat frozen semen. Is recurring expenditure covered under this scheme? No, the scheme does not cover recurring expenditure for running the semen bank. The bank is expected to generate its own resources for operational expenses. What are the responsibilities of the State Implementing Agency? The State Implementing Agency is responsible for verifying the submitted documents, assessing project feasibility, disbursing funds, and conducting follow-up verification after project completion. Where can I get more information about the scheme? For more information, contact the State Implementing Agency or the Department of Animal Husbandry and Dairying (DAHD), Ministry of Fisheries, Animal Husbandry, and Dairying (MoFAHD), Government of India. What is the purpose of the Expression of Interest (EOI)? The EOI from the state indicates their intent and readiness to strengthen the existing semen bank for storing and distributing goat frozen semen. What happens after the project is completed? After project completion, a final verification will be conducted to ensure adherence to the guidelines and successful strengthening of the state semen bank.",

"title": "National Livestock Mission: Genetic Improvement of Pig Breeds - Import of Exotic Pig Germplasm",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/iepg>",

"details": "The \"Import of Exotic Pig Germplasm\" is a component under the Genetic Improvement of Pig Breeds activity of the Sub-Mission on Breed Development of Livestock and Poultry, part of the National Livestock Mission (NLM). This initiative is introduced by the Department of Animal Husbandry and Dairying, under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. Under this scheme, the Central Government will assist the States for need based import of pig germplasm to increase productivity of the non-descript animals and to produce good quality cross bred animals to increase per animal meat production. The superior exotic breeds will be maintained as pure breeds in the nucleus farms at the state government. However, the State needs to formulate and notify their breeding policy for pigs before sending the proposal for import of germplasm. The scheme is implemented by the State Implementing Agencies of the State Animal Husbandry Department. Objectives: Inclusion of superior male germplasm in existing native gene pool for genetic upgradation of indigenous pigs for production of crossbred animals with higher per animal productivity.",

"objective": "Section not found",

"benefits": "Pattern of Assistance: One time assistance will be provided to the state for import of pig exotic germplasm in the form of live animals on cost sharing basis 60:40 for all States except NER & Himalayan States where it will be 90:10.",

"eligibility": "Eligible Beneficiaries: State Livestock Agencies, State Livestock Boards, Animal Husbandry Department, State Government",

"exclusions": "Section not found",

"application_process": "Online
Step 1: Visit the Official Website of \"National Livestock Mission\" and click \"Apply Here\".
Step 2: The following methods of Logging In will be displayed: Login as Entrepreneur, Login as Government / Other Agencies, Login as Research & Innovation. Login to the website using your preferred method.
Step 3: On the next page, verify your Mobile Number via OTP. You will be taken to the Online Application Form.
Step 4: In the form, fill in all the mandatory fields and upload all the mandatory documents in the specified format and size.
Step 5: Agree to the \"Declaration & Authorization\" by ticking the checkbox. Provide the Date & Place, and finally click \"Submit\".
Post-Application Processes
Step 1: Screening of application by State Implementing Agency (SIA). SIA will scrutinize the submitted application and will recommend the application of the entrepreneurs/ eligible entities to avail balance financing for the project through scheduled banks or financial institutions like National Cooperative Development Corporation (NCDC) etc.
Step 2: Loan sanction by Lender. After the recommendation of the project by SIA, the same will be considered by the bank or financial institutions for financing. "title": "National Livestock Mission: Genetic Improvement of Pig breeds - Establishment of Pig Semen Collection and Processing Lab",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/epsopl>",

"details": "The \"Establishment of Pig Semen Collection and Processing Lab\" is a component under the Genetic Improvement of Pig Breeds activity of the Sub-Mission on Breed Development of Livestock and Poultry, part of the National Livestock Mission (NLM). This initiative is introduced by the Department of Animal Husbandry and Dairying, under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. Under this scheme, a one-time grant-in-aid up to ₹150.00 lakh will be provided as Central share to the concerned state for construction of semen laboratory, maintaining breeding boar unit. ₹30 lakh will also be provided as onetime recurring expenditure for procurement of consumables, medicines, chemicals etc. for first time processing of semen. The scheme is implemented by the State Implementing Agencies of the State Animal Husbandry Department and State Animal Husbandry Departments. Objective: Increase of per animal productivity through the propagation of high genetic merit male germplasm (boar semen) through artificial insemination technique. Reduce inbreeding in pig populations. Reduce ingress of sexually transmitted diseases in pigs.",

"objective": "Section not found",

"benefits": "Assistance will be provided to establish semen processing lab at the government pig farm to produce high quality liquid boar semen for artificial insemination. One-time grants-in-aid of up to ₹1,50,00,000/- (₹1.5 crore) are provided as the Central share to the concerned state for the construction of semen laboratories and maintaining a breeding boar unit. ₹30,00,000 (₹30 lakh) is provided as a one-time recurring expenditure for the procurement of consumables, medicines, chemicals, and other necessary materials for the initial processing of semen. Funding Pattern: For all states except the North Eastern Region (NER) and Himalayan states, the funding pattern is 60:40 (Central: State). For NER and Himalayan states, the funding pattern is 90:10 (Central: State). Mode of Disbursement: The funds are provided as a one-time grant to the concerned state government through its Animal Husbandry Department. Frequency of Disbursement: One-time disbursement. Validity: The financial assistance is granted for the establishment of the laboratory and the first-time procurement of necessary materials.",

"frequently_asked_questions": "What is the purpose of the Establishment of Pig Semen Collection and Processing Lab scheme?The scheme aims to increase per-animal productivity, reduce inbreeding, and prevent sexually transmitted diseases in pigs by providing high-quality boar semen for artificial insemination.**Who is responsible for implementing this scheme?**The scheme is implemented by the State Implementing Agencies of the State Animal Husbandry Department and the State Animal Husbandry Departments.**What type of semen is used for artificial insemination under this scheme?**Since frozen semen technology is not effective for pigs, artificial insemination is carried out using liquid boar semen, which remains viable for a longer duration when processed scientifically.**What assistance is provided under this scheme?**Financial assistance is provided to establish semen processing laboratories at government pig farms to produce high-quality liquid boar semen for artificial insemination.**How much financial support is provided for setting up a semen processing lab?**A one-time grant-in-aid of up to ₹1.5 crore is provided for constructing the lab and maintaining breeding boars. An additional ₹30 lakh is provided for the first-time procurement of consumables, medicines, and chemicals.**What is the funding pattern for the scheme?**For most states, the funding is shared in a 60:40 ratio between the Central and State Governments. However, for the North Eastern Region (NER) and Himalayan states, the ratio is 90:10.**Who is eligible to apply for this scheme?**The scheme is open to State Livestock Agencies and the Animal Husbandry Departments of State Governments.**Can private farms or organizations apply for assistance under this scheme?**No, only State Livestock Agencies and the State Animal Husbandry Departments are eligible to receive assistance.**How does the scheme help in reducing inbreeding among pigs?**By providing access to high genetic merit boar semen for artificial insemination, the scheme reduces the chances of inbreeding, which improves the overall genetic quality of pig populations.**Why is liquid boar semen preferred over frozen semen for pigs?**Unlike large ruminants, frozen semen technology does not work well for pigs. Liquid semen, when processed hygienically, has a success rate of 60% in artificial insemination.**What kind of expenses are covered under the ₹30 lakh grant?**The ₹30 lakh grant is meant for the procurement of consumables, medicines, chemicals, and other essential items required for the initial processing of boar semen.**Is the financial assistance provided on a recurring basis?**No, the assistance is provided as a one-time grant to help set up the semen processing lab and procure initial supplies.**Where will the semen processing labs be set up?**The labs will be established at government pig farms to ensure the production and availability of high-quality liquid boar semen.**Whom should an interested agency contact for more details?**Agencies should reach out to their respective State Animal Husbandry Department for detailed guidelines, application procedures, and support.",

"title": "National Mission for Sustainable Agriculture - Reinforced Area Development",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/nmsa-radg",

"details": "The scheme \"National Mission for Sustainable Agriculture - Reinforced Area Development\" is a centrally sponsored scheme that aims to promote location-specific sustainable agriculture production by encouraging improved agronomic practices, soil health management, better rainwater utilization, judicious use of agrochemicals, crop diversification, and the progressive adoption of integrated farming systems involving crops, livestock, and trees.",

"objective": "Section not found",

"benefits": "Financial Help: Provides financial assistance to eligible farmers to adopt sustainable agricultural practices.Improved Agronomic Practices: Encourages the implementation of location-specific, modern, and efficient farming techniques.Soil Health Management: Supports initiatives for maintaining and enhancing soil fertility and health.Enhanced Rainwater Use Efficiency: Promotes techniques and infrastructure for optimal utilization of rainwater in agriculture.Judicious Use of Chemicals: Advocates for reduced and responsible application of chemical fertilizers and pesticides.Crop Diversification: Encourages farmers to cultivate a variety of crops, promoting resilience and better income opportunities.Integrated Farming Systems: Supports the adoption of integrated crop-livestock-tree farming for holistic farm management.",

"eligibility": "The applicant should be a resident of Gujarat.The applicant should be a farmer.",

"exclusions": "Section not found",

"application_process": "OnlineRegistration Process:Step 1: The applicant may visit and apply online at the I-Khedut Portal.Step 2: Click on 'Login' from the top right-hand side, then click on \"Beneficiary Registration\" and select any one from the 'Farmer' or 'Institutional' or 'Except For the Farmer' as the Beneficiary Type.Step 3: Select the District, Taluka, and Village, choose 'what type of account holder you are?', enter your Account Number and Name, solve the Captcha, and click 'Save and Next'.Step 4: Enter your Mobile Number and Email address, click 'Send OTP', enter the received OTP, create and confirm a Password, solve the Captcha, and click 'Submit'.Login Process: Step 1: The applicant may visit and apply online at the I-Khedut Portal.Step 2: Click on 'Login' from the top right-hand side of the homepage. On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'.Step 3: Now select the scheme, click on the 'Apply' button, and an application page will open.Step 4: Click on the \"Apply New\" button and submit a new application.Step 5: Click on the \"Update Application\" button to add corrections to the application.Step 6: Once the application is done, confirm it.Step 7: Take a printout of the confirmed application.Contact Us: Click here.",

"documents_required": "7/12 Certificate.Aadhaar Card.Bank Pass Book/Cancelled Cheque.",

"frequently_asked_questions": "What is the main objective of the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme?The main objective of the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme is to promote sustainable agriculture by encouraging farmers to adopt improved agronomic practices that are specific to local conditions, along with efficient use of resources such as soil and water, and the integration of crop, livestock, and tree-based farming systems.Who is eligible to apply for the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme?Any individual who is a practicing farmer and a resident of Gujarat is eligible to apply for the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme, provided that the individual possesses valid land ownership documents and is willing to adopt sustainable farming techniques promoted under the scheme.3. What types of benefits are provided under the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme?The \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme provides financial assistance to farmers to implement sustainable agricultural practices, such as enhancing soil health, conserving rainwater, diversifying crops, and integrating livestock and forestry into existing agricultural activities.Is there any income limit for farmers to be eligible under this scheme?There is no income limit applicable for eligibility under the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme, which means that farmers from all income groups are allowed to apply.Are tenant farmers or sharecroppers eligible to avail benefits under the scheme?Only land-owning farmers are eligible to receive benefits under the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme, and tenant farmers or sharecroppers are not covered unless they possess ownership records like the 7/12 certificate in their name.Are there any income restrictions for applying to this scheme?There are no income restrictions or income limits imposed under the scheme; individuals from all economic backgrounds may apply if they meet the disability and residency criteria.What is the geographic coverage of the scheme?The scheme is applicable across the entire state of Gujarat and is intended to benefit eligible persons residing in any district of the state.What is the process to apply for the scheme?To apply for the scheme, the applicant must visit the iKhedut portal, fill out the online application form, upload the required documents, and submit the form electronically.What documents are required while applying for the scheme?To apply for the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme, farmers are required to submit documents such as their Aadhaar Card, 7/12 Certificate (land ownership proof), a copy of their Bank Pass Book, or a Cancelled Cheque. Is there any fee required to apply for the scheme?Applicants are not required to pay any fee while applying for the \"National Mission for Sustainable Agriculture - Reinforced Area Development\" scheme, as the application process is completely free of cost.",

"title": "National Mission on Edible Oils- Oil Palm",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/nmeo-op>",

"details": "The State Department of Agriculture, State Department of Horticulture, Central University, ICAR Institutions, CDDs, SAUs, KVKs, Central Agencies/Cooperatives, Oil palm processors/ Associations, DD

Kisan, etc. will be the implementing stake holders of the NMEO-Oil palm. The Department of Agriculture/Horticulture of the State Governments will be the Nodal agency for undertaking area expansion programme of Oil Palm in their States with close partnership with Processors. The processors are also eligible for setting up of seed gardens and seed nurseries, distribution of planting material etc. The funds will be released to the State Departments of Agriculture/Horticulture through their respective State Governments. DBT will be used for transfer of funds to the State /Agencies/ Farmers/Processors/SAUs. The private sectors and NGOs could be involved through the State Department of Agriculture, Horticulture & ICAR. Assistance will be provided for the following components: •\tArea Expansion •\tPlanting Material •\tMaintenance •\tIntercropping •\tDrip irrigation/ Pump-set/ Borewell/ Water harvesting structure •\tHarvesting Tools •\tCustom Hiring Center •\tSeed Gardens •\tSeed Nursery •\tOil Palm processing Mill •\tReplanting of Oil Palm garden •\tHalf moon terrace •\tFencing",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits: 1)\tEnhance production and productivity of oil palm 2)\tPromotion and extension of improved technologies. 3)\tProvision of quality planting material 4)\tSupport for nutrient management and pest management 5)\tProvision of various components for Interventions covering farm implements/ machines, capacity building of farmers, water carrying pipes, Fertilization, harvesting technology, etc.",

"eligibility": "Anyone is eligible to apply under the scheme.",

"exclusions": "Section not found",

"application_process": "Offline Step 01: Interested beneficiary can get in touch with District Agriculture Officer / Block Agriculture Officer to apply for the scheme. Step 02: SLSC will finalise the entrepreneur's proposals received from the districts. The allocation of funds to the States would be made on the basis of their Annual Action Plan (AAP). Step 03: State government shall sanction and release funds to the district. Step 04: District agriculture department will allocate funds to individual beneficiaries",

"documents_required": "1) ID Proof 2)\tLand documents 3)\tBank details 4)\tPhotographs The specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"frequently_asked_questions": "What is the fund flow mechanism for the scheme? Release of Central and States' share for this scheme will be through PFMS system. Both the GoI and State share of funds shall be transferred through defined mechanism of PFMS. Is there a role of Panchayati Raj Institutions (PRIs) under the scheme? The State Governments may develop a sound mechanism for involvement of PRIs in the formulation, prioritization of activities & identification of beneficiaries at grass root level and ensure involvement of NGOs, Self Help Groups and Private companies for selection of beneficiary, identification and mapping of priority areas, liaising with processors, state officials and SAUs, etc. What is the role of processors in the Mission? The processors are eligible for setting up of seed gardens and nurseries, distribution of planting material etc. The processors will submit their oil palm area expansion target and component wise Annual Action Plan (AAP) to the State for its implementation in the state. Is there any age criteria for availing scheme benefits? Any farmer who owns the land can avail benefits under the scheme. Is there a preference for certain gender /caste of farmers? All farmers are to be considered under the scheme, however, the resources for Schedule Caste (17%) and Schedule Tribe (8%) will be earmarked for utilization

under all the components of NMEO. Is there an area restriction? No area restriction is applicable for individual farmers for availing subsidy/ intervention.",

"title": "National Mission on Natural Farming",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/nmnf>",

"details": "National Mission on Natural farming aims at creating institutional capacities for documentation and dissemination of best practices, make practicing farmers as partners in promotion strategy, ensure capacity building and continuous handholding and finally attracting farmers to the natural farming willingly on the merit of the system. The main objectives of the scheme are: •\tTo promote alternative system of farming for freedom from external purchased inputs, cost reduction and thereby increasing income of farmers •\tTo popularize integrated agriculture-animal husbandry models based on desi cow and local resources. •\tTo collect, validate and document Natural Farming practices being practiced in various parts of the country and to encourage participatory research with farmers on further up scaling •\tTo undertake activities for awareness creation, capacity building, promotion, and demonstration of Natural Farming. •\tTo create standards, certification procedure and branding for Natural Farming products for national and international markets.",

"objective": "Section not found",

"benefits": "•\tFarmers practicing Natural Farming reported similar yields to those following conventional farming. In several cases, higher yields per harvest were also reported. •\tAs Natural Farming does not use any synthetic chemicals, health risks and hazards are eliminated. The food has higher nutrition density and therefore offers better health benefits. •\tNatural Farming ensures better soil biology, improved agrobiodiversity and a more judicious usage of water with much smaller carbon and nitrogen footprints. •\tNatural Farming aims to make farming viable and aspirational by increasing net incomes of farmers on account of cost reduction, reduced risks, similar yields, incomes from intercropping. •\tBy working with diverse crops that help each other and cover the soil to prevent unnecessary water loss through evaporation, Natural Farming optimizes the amount of 'crop per drop'." ,

"eligibility": "The scheme is applicable to all farmers in India",

"exclusions": "Section not found",

"application_process": "Offline Step 01: Interested beneficiary can get in touch with Zila Parishad to apply for the scheme. Step 02: Zila Parishad Officer will submit applicant's details and project plan to State Agriculture Department. Step 03: State Agriculture Department will prepare a State Annual Action Plan Step 04: Once funds from State are approved, financial assistance will be released to beneficiary.",

"documents_required": "1)\tAadhaar number 2)\tLand documents 3)\tCaste Certificate (SC/ST only) 4)\tBank Details 5)\tPhotographs The specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"frequently_asked_questions": "What benefits are covered under this scheme?It will help the individuals to undertake activities, capacity building, promotion, and demonstration of Natural Farming and will also help in creating standards, certification procedure and branding for Natural Farming products for national and international markets.Do I need any educational qualifications to be eligible for the scheme?No, anyone can apply for the scheme irrespective of their educational qualificationsWhere to apply for the scheme?Individual should contact their respective Zila Parishad and inform them about their needs for the scheme. The zila Parishad will brief the process and take it forward",

"details": "The National Scheme of Welfare of Fishermen is a centrally sponsored scheme that provides financial assistance to fishermen. They can use these for constructing houses and community halls for both recreation and work purposes. Further, through the amount availed under this scheme, fishermen can install tube wells.Objectives-Provide fishermen with basic amenities such as housing, community halls, tube well for drinking water.Ensure Financial And Social Securities Of Fishermen And Their Families.Upgrade The Standard Of Living Of Fishermen.Educate And Train Fishermen In Advanced Technical Technologies So That They Can Learn Scientific Ways Of Fishing.",

"objective": "Section not found",

"benefits": "Here are the features and benefits that this government scheme for fishermen offers -
Housing FacilityThe National Scheme of Welfare of Fishermen offers fishermen facilities for constructing houses. There is no upper limit for building homes in a particular village as it entirely depends on the number of fishermen residing. States through this scheme ensure equal distribution of houses among all fishermen. Also, this government-backed scheme dictates the house construction with a base area within 35 sq. mt. Also, the cost must not exceed ₹75,000.Construction of Common FacilityThis government-backed scheme ensures building a community hall in some instances if there are more than 75 houses in a village. This scheme will build a community hall (with two toilets and a tube well) with a base area measuring 200 sq. mt. and within ₹2 lakh. Fishermen can use this community hall as a mending shed and a drying yard.Assurance of Clean Drinking WaterThis scheme offers a tube well for every 20 houses. Also, depending on the requirement, the number of tube wells is increased. In addition, this scheme provides an alternative option where tubewell installation is not possible.Insurance Facility(For Group Accident Insurance for Active Fishermen)- This scheme provides fisherfolk or licensed or identified or registered with the States or Union Territory ₹50,000 in case of death or permanent total disability. Also, this scheme provides ₹25,000 for partial permanent disability.Here, the insurance cover will continue for 12 months, and FISHCOPFED would take out a policy. Also, under this scheme, the affected fishermen will have to pay an annual premium worth ₹15 (per head). Here, the Central Government will pay 50%, and the State Government will pay the remaining 50% subsidy as grants-in-aid. In the case of Union Territories, the Central Government will bear a 100% premium.On the other hand, those States/UT's, which subscribed to

this Group Accident Insurance for Active Fishermen through FISHCOPFED, will get a Central share of assistance (100% premium for Union Territories) directly through FISHCOPFED and not through States/UT's. Saving cum relief The National Scheme of Welfare of Fishermen further offers a savings cum relief scheme. This scheme component collects ₹75 from marine fishermen for 8 months in a year. Total ₹600 needs to be collected to match an equal amount worth ₹600 provided by the State and Central Government to segregate on a 50:50 basis. If any fishermen fail to make payment, the authorities will refund the paid amount with interest at the end of the 4th month. Also, the 'lean months' provisions vary from a coastal area or marine area, which FISHCOPFED decides entirely. Now that individuals know about this government scheme for fishermen, i.e. the National Scheme of Welfare of Fishermen, they avail funds and construct houses of their own.",

"eligibility": "Eligibility Criteria for Inland Fishermen Fishermen living in coastal areas and with whom the respective States and Union Territories have officially licensed are eligible for this scheme. The age of fishermen must be below 60 years old. Applicant fishermen must belong to the BPL (Below Poverty Line) category. They must be engaged in full-time activities inland. Eligibility Criteria for Marine Fishermen All marine fishermen who operate under State, Union Territories, and FISHCOPFED are eligible for this government scheme for fishermen. However, there are other eligibility parameters marine fishermen must fulfill. These include - Their respective States and Union Territories must officially license marine fishermen. They must involve themselves in full-time activities at sea. They must be a member of the Welfare Society or Federation or Cooperative Society. Please note that the fishermen under FISHCOPFED can avail of funds available under the insurance component only.",

"exclusions": "Section not found",

"application_process": "Offline The respective States and Union Territories complete the implementation of the National Scheme of Welfare of Fishermen. The working and fund allocation processes are as follows. Step-1: Eligible fishermen have to visit their nearest FISHCOPFED office to apply for this Government scheme for fisheries. Step-2: Next, the President or Secretary of the Association will collect the contribution and forward it to the Nationalised bank accounts selected by the Director of Fisheries. Step-3: Then, the State and Central Government match the fishermen's contributions as allotted for them. Step-4: Once this scheme reaches maturity, the authorities will return funds with the total accrued interest.",

"documents_required": "Application in the specific format Photograph of the applicant with spouse (if married) Vessel registration certificate (duly issued by Directorate of Fisheries) Current net license payment receipt Professional cum residential certificate Ration card copy Income certificate Photograph",

"frequently_asked_questions": "Can Fishermen Or Members Of Fishermen Families Indulged In Other Income Activities Avail Funds Under The National Scheme Of Welfare Of Fishermen? No, fishermen or fishermen family members indulged in other income activities cannot avail funds under the National Scheme of Welfare of Fishermen. How Many Tube Wells Does This Scheme Provide For A Fishermen Village With More Than 10 Houses But Less Than 20 Houses? One tube well will be provided for a fishermen village with more than 10 houses but less than 20 houses.",

"title": "Nationwide Artificial Insemination Programme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/naip>",

"details": "The Madhya Pradesh government has launched a nationwide Artificial Insemination (AI) programme to improve the reproductive health of livestock and enhance the productivity of livestock. The programme is being implemented with the help of the Department of Animal Husbandry, Dairying and Fisheries, the Government of India and the National Dairy Development Board. Through this programme, AI technicians will be trained at the district level and AI services will be provided to the farmers. The

programme will focus on the use of quality semen and improved scientific techniques for better reproductive performance. The programme also aims to reduce the cost of artificial insemination for the farmers. The programme is expected to help the farmers to improve their income and the overall economic condition of the state",

"objective": "Section not found",

"benefits": "Increased fertility rate: The programme will help to increase the fertility rate by providing access to artificial insemination services. This will help to improve the fertility rate of cows, buffaloes, goats and sheep in the state. Improved quality of livestock: The programme will help to improve the quality of livestock through the use of improved semen from superior bulls. This will help to improve the production of milk and meat as well as the quality of the animals. Improved animal health: Artificial insemination will help to improve the health of animals by reducing the spread of diseases. This will help to reduce the number of deaths of animals due to disease. Increased production: The programme will help to increase the production of milk and meat, which will help to improve the economic status of farmers.",

"eligibility": "The livestock owner should be a resident of Madhya Pradesh. The applicant should have valid livestock registration documents. The applicant should have the required infrastructure to undertake AI operations. The applicant should not belong to any of the scheduled castes and tribes. The applicant should have the required knowledge and skill to undertake AI operations. The applicant should not have any prior criminal record.",

"exclusions": "Section not found",

"application_process": "Offline Visit the official website of the Department of Animal Husbandry and Veterinary Services of Madhya Pradesh. Locate the "Nationwide Artificial Insemination Programme" link and click on it. Read the instructions carefully and click on the "Apply Now" button. Fill out the application form with all the required information and submit it. After submission, an acknowledgment will be sent to your registered email ID. Wait for the confirmation mail from the Department of Animal Husbandry and Veterinary Services of Madhya Pradesh. Once your application is approved, you will receive an AI Kit with all the necessary items required for the AI process. Follow the instructions given in the AI kit and complete the process.",

"documents_required": "Proof of Identity: A valid government-issued photo ID such as an Aadhaar Card, Passport, or Voter ID Card. Proof of Address: A valid government-issued proof of address such as an Aadhaar Card, Passport, Voter ID Card, Utility Bills, or Ration Card. Medical Records: A copy of the last medical examination report, including the results of any tests conducted. Consent Forms: A completed and signed consent form from both the donor and the recipient. Photographs: A recent photograph of both the donor and the recipient",

"frequently_asked_questions": "What are the benefits of the Nationwide Artificial Insemination Programme in Madhya Pradesh? The Nationwide Artificial Insemination Programme in Madhya Pradesh offers a range of benefits to the farmers, including: improved crop yields, increased access to high-quality inputs, improved access to finance, access to improved technologies, and enhanced access to markets. Additionally, the programme also helps to strengthen farmers' livelihoods, increase their income, and reduce their vulnerability to weather-related risks. How will the Nationwide Artificial Insemination Programme help farmers in Madhya Pradesh? The Nationwide Artificial Insemination Programme in Madhya Pradesh will help farmers by providing access to improved technologies, improved crop yields, increased access to high-quality inputs, improved access to finance, and enhanced access to markets. These benefits

will help farmers to strengthen their livelihoods, increase their income, and reduce their vulnerability to weather-related risks. What kind of financial assistance is available through the Nationwide Artificial Insemination Programme in Madhya Pradesh? The Nationwide Artificial Insemination Programme in Madhya Pradesh provides farmers with access to improved financial services, including access to credit, insurance, and other financial products. Additionally, the programme also provides access to improved technologies, which can help to reduce the cost of production and increase efficiency. What kind of technologies are available through the Nationwide Artificial Insemination Programme in Madhya Pradesh?The Nationwide Artificial Insemination Programme in Madhya Pradesh provides access to improved technologies, such as precision agriculture, drought-resistant seed varieties, and advanced irrigation systems. What is the eligibility criteria to participate in the Nationwide Artificial Insemination Programme? The Nationwide Artificial Insemination Programme is open to all dairy farmers in India, including those in Madhya Pradesh. Farmers must have a minimum of five cows in their herd and must have a valid milk producers federation card. They must also have access to quality semen and a trained technician to perform the insemination. The programme is open to farmers from all socio-economic backgrounds. Is there an age limit to participate in the Nationwide Artificial Insemination Programme?No, there is no age limit to participate in the Nationwide Artificial Insemination Programme. Is there a cost associated with participating in the Nationwide Artificial Insemination Programme? Yes, there is a cost associated with participating in the Nationwide Artificial Insemination Programme. The cost of the semen and technician fees vary depending on the location and availability. Are there any additional requirements to participate in the Nationwide Artificial Insemination Programme? Yes, farmers must have a valid milk producers federation card and a trained technician to perform the insemination. Is there any support available to farmers who participate in the Nationwide Artificial Insemination Programme? Yes, farmers who participate in the Nationwide Artificial Insemination Programme may be eligible for financial assistance through the government. Additionally, the programme provides training and technical support to farmers to help them improve the quality of their milk productionWhat is the purpose of the Nationwide Artificial Insemination Programme Madhya Pradesh?The purpose of the Nationwide Artificial Insemination Programme Madhya Pradesh is to improve the quality of livestock in the state by providing artificial insemination services to farmers. This will help to increase the productivity of livestock, ultimately leading to increased incomes for farmers.Who is eligible to apply for the programme? The programme is open to all livestock farmers in Madhya Pradesh. How can I apply for the programme? Interested farmers can submit an application form to the Department of Animal Husbandry in their respective districts. The application form is available on the department's websiteWhat documents do I need to submit with my application? Along with the application form, you must submit proof of identity, proof of address, and proof of ownership of livestock.",

Charges: No Fee Service Charges: ₹10/- Atal Seva Kendra Service Charges: ₹10/-",

"documents_required": "Agreement Deed with the Fisheries Department. Date of Birth Certificate (Aadhaar/Voter ID/Matriculation). Caste Certificate (from Tehsildar, if applicable). Training Certificate (in aquaculture or fisheries). Land Records (own land or registered lease deed for 10 years). Bills/Receipts/Vouchers for purchases. Photographs of Biofloc/RAS unit with beneficiary. Bank account details and PAN card. DPR/SCP as per PMMSY guidelines",

"frequently_asked_questions": "If I belong to the General Category, how much subsidy am I eligible for? As a General Category applicant, you are eligible for a 40% subsidy on the project cost. Being a woman applicant, what subsidy benefit can I get under this scheme? As a woman applicant, you are eligible for a 60% subsidy on the project cost. Can I apply if I don't have a Parivar Pehchan Patra (PPP)? No, having a valid Parivar Pehchan Patra (PPP) is mandatory for applying. Will my leased land be accepted for this scheme? Yes, if you have a registered lease deed for at least 10 years, your leased land will be accepted. I have a borewell on my land. Can I use it for this project? Yes, water from borewells, open wells, canals, rivers, springs, etc., is acceptable for the project. Will the government take care of the maintenance after construction? No, you will be responsible for operating, managing, and maintaining the unit after construction at your own cost. Do I need to include anything specific in the infrastructure setup? Yes, your setup must include all essential requirements, especially water treatment units for RAS/Biofloc. Are there any service charges I should be aware of? Yes, you need to pay ₹10/- to the Atal Seva Kendra and an additional ₹10/- as service charges. How long will it take for my application to be processed? Your application will be processed within 50 days as per the Right to Service (RTS) timeline. Do I have to prepare a project report while applying? Yes, you need to submit a Detailed Project Report (DPR) or a Self-Contained Proposal (SCP) as per the guidelines.",

"frequently_asked_questions": "Who can apply for the Intensive Fisheries Development Programme subsidy? Only registered Fish Farmer Producer Organizations (FFPOs) are eligible to apply under this scheme. Is it necessary for the applicant to be a resident of Haryana? Yes, the applicant must be a bonafide resident of Haryana to be eligible for this scheme. Can an unregistered FPO apply for this scheme? No, only FPOs registered under the Companies Act or Co-operative Societies Registration and Regulation Act, 2012 are eligible. Will assistance be provided to all applicants who meet the eligibility criteria? Financial assistance will be provided on a first-come, first-served basis to eligible applicants. What documents are required while applying for the scheme? You need to submit the registration documents of the FFPO and the agreement deed with the fisheries department. What is the time limit for processing my application? The Right to Service (RTS) time limit for this service is 40 days from the date of application submission. Is there a specific platform for applying to this scheme? Applications are to be submitted through the Antyodaya-SARAL portal

or via authorized service centers. Does the scheme mention any upper limit on the subsidy? The document does not specify any upper limit; assistance is on a first-come, first-served basis. Is prior experience in fisheries required for applying? The eligibility criteria do not mention the requirement of prior fisheries experience. Who should I contact for help or clarification? You can email saral.haryana@gov.in or call the helpline at 0172-3968400 for any assistance."

"details": "The \"Panchayat Secretariat Strengthening Scheme\" by the Panchayati Raj Department, Government of Jharkhand, aims to enhance the functioning of Gram Panchayats by providing financial support for their operations and maintenance. Under this scheme, a monthly grant of is provided to each Gram Panchayat to cover administrative expenses, infrastructure development, and service enhancements.Objective:Fund Allocation:Funds are allocated by the District Panchayat Raj Officers to each Panchayat Secretariat.Funds must be used with the approval of the Panchayat Samiti and should be linked to an e-voucher-based monitoring system.Utilization Guidelines:Expenditure should be approved for activities like reconciliation of bank accounts, purchase of consumables, repair of computers/equipment, electricity, and water bills.Panchayat Secretariats must maintain proper records of expenses.Service and Support Centers:Panchayat Bhavans will host service centers such as Common Service Centres, Post Offices, Bank Branches, ATM services, and Sub-Registrar offices.These centers will improve public service delivery in rural areas.Sanitation and Infrastructure:Cleanliness, drinking water, seating arrangements, and cleanliness-related provisions to be maintained using allocated funds.Safety Measures:Installation of CCTV cameras, lighting, and other safety equipment is encouraged.Digital and Internet Facilities:Internet recharge and maintenance for seamless online services are covered under this scheme.Electricity and Fuel:Provision for electricity/fuel for operating Panchayat facilities is also included.Miscellaneous:Expenditure on new items or

costs beyond the allocated amount requires prior approval from competent authorities. Annual usage will be monitored, and excess expenditure (if any) must be split 50-50 between the Panchayat Secretary and Mukhia.",

"objective": "Section not found",

"benefits": "A monthly grant of ₹15,000 per Gram Panchayat for operational expenses. NOTE: Electronic fund transfer mechanism for timely disbursement every quarter.",

"eligibility": "The Gram Panchayats must within the state of Jharkhand. The Gram Panchayat must have an operational Panchayat Secretariat in place to receive and utilize the grant. The Gram Panchayat must maintain proper records, documentation, and reconciliation of expenditures to continue receiving support under the scheme.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: The interested applicant should visit (during office hours) the District Panchayati Raj/Panchayati Raj Department and request a hard copy of the prescribed format of the application form from the staff exclusively entrusted to issue and collect filled-in applications. Step 2: In the application form, fill in all the mandatory fields, and attach copies of all the mandatory documents (self-attest, if required). Step 3: Submit the duly filled and signed application form along with the documents to the District Panchayati Raj/Panchayati Raj Department. Step 4: Request a receipt or acknowledgment from the concerned authority to whom the application has been submitted. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable).",

"documents_required": "Gram Panchayat Registration Certificate. Active Bank Account Details. Previous Utilization Certificates (if applicable). Audit Reports (if applicable). Resolution Copy from the Gram Panchayat approving fund utilization. Proof of Expenditure for sanctioned activities.",

"frequently_asked_questions": "Can Panchayats use funds for building new infrastructure? No, funds are meant for maintenance and operational expenses, not for new infrastructure projects. Can the grant amount be used for salary payments? No, the grant cannot be used for salary payments but can be utilized for security services, sanitation, internet, and operational expenses. What measures are in place to ensure proper fund utilization? All transactions undergo quarterly reconciliation, and misused funds will be recovered with penalties from the responsible officials. How often is the grant disbursed? The grant is disbursed quarterly, and the Panchayat must submit a utilization certificate to receive the next installment. What happens if a Panchayat fails to submit the utilization certificate? Failure to submit the utilization certificate within the stipulated time may result in fund suspension or disciplinary action.\n\nWhere can Gram Panchayats apply for this scheme? Gram Panchayats do not need to apply separately. The funds are allocated through the District Panchayati Raj Officer based on eligibility and compliance. Is there any provision for grievance redressal? Yes, grievances related to fund disbursement and utilization can be addressed at the District Panchayati Raj Office. Are there any penalties for fund mismanagement? Yes, any misuse of funds will result in penalties, including recovery of 50% from the Mukhiya and 50% from the Panchayat Secretary.\n\nWhat happens if BharatNet services are unavailable? In such cases, Panchayats can opt for internet services from other providers as per approved rates.\n\nIs there any flexibility in fund allocation? Funds are allocated annually, and any excess expenditure in a particular month can be adjusted within the next two months. Can Panchayats hire permanent staff under this scheme? No, only part-time staff, security personnel, and sanitation workers can be hired temporarily. Who

monitors the implementation of this scheme? District Panchayati Raj Officers oversee the scheme's implementation, ensuring compliance with financial and operational guidelines.",

"title": "Pandit Deen Dayal Upadhyay Samoohik Pashudhan Beema Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pdduspy>",

"details": "The scheme \"Pandit Deen Dayal Upadhyay Samoohik Pashudhan Beema Yojana\" by the Haryana Livestock Development Board, Department of Animal Husbandry and Dairying, Government of Haryana, aims to provide socio-economic security to livestock farmers in the state by covering livestock under an insurance scheme. Financial protection against the risk of loss due to animal death is extended to livestock owners, including Scheduled Caste (SC) and Below Poverty Line (BPL) beneficiaries, with subsidised premium rates.",

"objective": "Section not found",

"benefits": "Financial Protection Coverage for livestock loss due to death, providing financial security to farmers. Sum insured is determined based on the market value of livestock and milk yield. Maximum coverage is up to five large animals or equivalent small animals per household. Subsidized Premiums APL beneficiaries pay ₹100/200/300 per large animal per year based on milk yield or ₹25/- per small animal. BPL beneficiaries receive additional subsidies, and SC beneficiaries have their entire premium covered by the state and central government. Mode and Frequency of Disbursement Claims are settled through direct bank transfers to beneficiaries. Accidental death claims are covered immediately; non-accidental death claims are covered after a 21-day waiting period. Expected Time of Disbursement Insurance companies are required to settle claims within 15 days of document submission. Delays incur a penalty of 12% compound interest per annum.",

"eligibility": "The applicant should be a livestock owner. The applicant should be above 18 years of age. The applicant should possess a Parivar Pehchan Patra (PPP), issued by the state of Haryana. Preference and Relaxations Applicants from Scheduled Caste and Below Poverty Line categories will be given priority. Scheduled Caste beneficiaries are exempt from paying premiums; the state and central governments fully subsidize their insurance.",

"exclusions": "Livestock owners without a valid PPP are ineligible. Claims for animals without proper ear-tagging and documentation will not be entertained.",

"application_process": "Online Registration Step 1: The eligible applicant may apply online through the Official Portal- Antyodaya-SARAL Portal. <https://saralharyana.gov.in/> Step 2: If the applicant is not registered on the portal, he/she gets registered there. Step 3: For registration, click \"New User\" under 'Sign In Here' and fill in all the mandatory details i.e. Name, Email ID, Mobile Number, Password & State. Click on 'Submit'. Step 04: Verify your mobile number and email ID through the received OTP and complete the registration process. Application Step 1: To avail the benefits of the scheme, visit the Official Antyodaya-SARAL Portal and log in through the email ID used while registering. Step 2: Enter Password & Captcha and

click on 'Login'. Step 3: After successful login, click on 'Apply for Services' and then 'View all Available Services'. Step 4: Now, you can search for the scheme and click on the scheme to go ahead and fill out the application form. Step 5: Enter your Parivar Pehchan Patra number - Family ID and click on "Click here to Fetch Family Data" which displays the family members registered under the given Family ID. Step 6: Select the beneficiary/applicant name and enter the OTP that is being sent to the selected family member for verification. Click on "Click to Verify". Step 7: Fill in all the mandatory details and upload all the mandatory documents. Step 8: Preview the application form and click on 'Submit'. Tracking of Application: Applicants can track his/her application through the Official Antyodaya-SARAL Portal by entering their Department Name, Scheme Name, and Application Reference ID.",

"documents_required": "Parivar Pehchan Patra (PPP). Health certificate issued by a registered veterinary practitioner. Photographs of the animal with a visible ear tag. Beneficiary's share of the premium (if applicable). Scheduled Caste Certificate (for SC beneficiaries). Below Poverty Line Certificate (for BPL beneficiaries). Claim Settlement Documents: FIR with the insurance company and a duly filled claim form. Insurance policy document. Post-mortem report issued by a veterinary surgeon. Intact ear tag and updated bank account details of the beneficiary.",

"frequently_asked_questions": "How much financial assistance can I get under the Pandit Deen Dayal Upadhyay Samoohik Pashudhan Beema Yojana for insuring my dairy animals? For large animals (cows/buffaloes), you need to pay only ₹100-300 per year based on milk yield. For small animals like goats/sheep, the premium is ₹ 25 per animal per year. SC beneficiaries get 100% free insurance coverage. I have 8 milch animals in my household. Can I get insurance coverage for all of them under this scheme? The scheme allows insurance coverage for up to 5 cattle units per household/family. You can insure additional animals beyond 5 by paying the full premium without subsidy benefits. What is the process for filing a claim if my insured animal dies? What documents do I need to submit? File FIR within 24 hours of death and inform on toll-free number 1800-419-1415. Submit claim form, insurance policy, post-mortem report, and intact ear tag along with updated bank account details. The surveyor must visit within 4 hours of claim intimation. I'm from a Scheduled Caste family. Do I need to pay any premium amount to get my livestock insured under this scheme? No, SC beneficiaries get 100% free insurance coverage with no premium payment required. The premium cost is shared between Central Government (40%) and State Government SCSP (60%). What is the maximum insurance value I can get for my Sahiwal cow that gives 16 liters of milk per day? For Sahiwal cows giving above 15 liters milk per day, the maximum sum assured is ₹ 90,000. The final valuation is done by a committee consisting of the owner, insurer, and veterinary surgeon. If I sell my insured animal to someone else, what happens to the insurance coverage? The insurance can be transferred to the new owner by submitting a request to New India Assurance Company with a transfer fee of ₹ 50, along with certification from the area veterinarian. How long do I have to wait after getting insurance before I can file a claim if my animal dies? There is a 21-day waiting period for non-accidental deaths. However, claims for accidental deaths are covered from day one of the policy, provided police intimation is done. What happens if the insurance company delays settling my claim beyond 15 days after document submission? The company becomes liable to pay a penalty of 12% compound interest per annum to the beneficiary for delays beyond 15 days after complete document submission. I don't have a Parivar Pehchan Patra yet. Can I still apply for livestock insurance under this scheme? No, having a Parivar Pehchan Patra is mandatory for all beneficiaries. It's one of the essential documents required along with health certificate and category certificates (for SC/BPL). If my animal dies during post-mortem examination, will I still get the insurance claim? The document doesn't specifically address this scenario. However, since post-mortem is a mandatory part of the claim process conducted by authorized veterinarians, such cases should be eligible for claims. What is the role of the veterinary surgeon in the insurance process, and do I need to pay them

separately?Veterinarians issue health certificates (₹ 50 honorarium) and conduct post-mortems (₹ 125 honorarium). These charges are covered under the scheme's central funding and beneficiaries don't pay extra.If my Jan Dhan account is to receive a claim amount above ₹ 50,000, what should I do?You need to convert your Jan Dhan account to a general savings account before submitting the claim documents to ensure smooth processing of the claim amount.",

"link": "<https://www.myscheme.gov.in/schemes/pmsch>",

"details": "Launched on 20th June 2013, the scheme \"Pashudhan Mitra Scheme\" is a livelihood and service-based scheme by the Animal Husbandry Department, Government of Chhattisgarh. The scheme aims to expand veterinary and animal breeding facilities while ensuring efficient service delivery and a strengthened information system through Gausevaks and private artificial insemination workers. It also provides an incentive honorarium to Pashudhan Mitras (working cow-helpers and private artificial insemination workers) to support their livelihood and sustain their interest in the work.",

"objective": "Section not found",

"benefits": "Castration Work: ₹20/- per calf (cow/buffalo) brought to the institution. Participation in Medical Camps & Exhibitions: ₹400/- per event for assisting in medical camps, cattle fairs, and exhibitions under official supervision. Vaccination Work (Per Animal): Bovine/Pig: ₹7/- Goat/Sheep/Dog: ₹5/- Poultry: ₹1/- Integrated Sample Survey Work: ₹1,500/- per village per season (four-month work period).",

"eligibility": "The applicant should be a resident of Chhattisgarh. The applicant should have experience in animal husbandry or artificial insemination. The applicant should be physically fit for fieldwork. The applicant should possess basic knowledge of vaccination and castration procedures.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: The interested applicant should visit their nearest Veterinary Hospital and request a hard copy of the prescribed format of the application form from the staff. Step 2: In the application form, fill in all the mandatory fields and attach copies of all the mandatory documents (self-attest if required). Step 3: Submit the duly filled and signed application form along with the documents to the hospital staff. Step 4: Request a receipt or acknowledgement. Ensure that the receipt contains essential details such as the date and time of submission, and a unique identification number (if applicable). Post-

Application Processes
Step 1: Verification & Recommendation
The Veterinary Hospital Charge will examine the application and forward it to the Joint/Deputy Director with a recommendation for registration.
Step 2: Approval & Certificate Issuance
A committee under the Joint/Deputy Director will verify applications, finalize registration, and issue a registration certificate with a unique district-specific registration number.
Step 3: Work Assignment & Reporting
The registered Pashudhan Mitra will be assigned a working area and attached to the nearest Veterinary Hospital for reporting and submitting monthly progress reports.
Step 4: Honorarium Payment
Work verification will be conducted by the Veterinary Field Officer, and after approval, the honorarium payment will be processed through the Joint/Deputy Director's office to the registered bank account.",

"documents_required": "Aadhaar card
Domicile Certificate
Caste Certificate
Bank Account Details
Any other required documents",

"frequently_asked_questions": "How frequently are honorarium payments processed for registered applicants?
Payments are processed after work verification, but the exact frequency depends on reporting and approval timelines.
Are there any educational qualifications required for applicants under this scheme?
No formal education is specified, but basic knowledge of vaccination and castration is necessary.
Is there any age restriction for applicants under this scheme?
No specific age limit is mentioned, but physical fitness for fieldwork is required.
Can applicants from urban areas of Chhattisgarh apply for this scheme?
Yes, as long as they meet all eligibility criteria, including residency and relevant experience.
Does the scheme provide any training for applicants lacking experience in artificial insemination?
No, prior experience in artificial insemination or animal husbandry is mandatory for eligibility.
What is the purpose of providing incentives to applicants under this scheme?
The incentives aim to support livelihoods and sustain interest in veterinary and animal breeding services.
How is the honorarium payment processed for registered applicants?
Payments are processed through the Joint/Deputy Director's office and credited to the applicant's registered bank account.
Who verifies the work done by registered applicants before honorarium payment?
The Veterinary Field Officer verifies the work before approval for honorarium payment.
What is the process for submitting monthly progress reports under this scheme?
Applicants must submit monthly progress reports to the Veterinary Hospital they are attached to.
Which authority is responsible for finalizing registration and issuing certificates?
A committee under the Joint/Deputy Director verifies applications and issues registration certificates with a unique district-specific number.
Who examines the application form before forwarding it for further processing?
The Veterinary Hospital Charge verifies the application and recommends registration to the Joint/Deputy Director.
Where should interested applicants go to obtain the application form for this scheme?
Applicants must visit the nearest Veterinary Hospital to request a hard copy of the prescribed application form.
What is the payment for conducting an integrated sample survey in a village per season?
Applicants receive ₹1,500/- per village for conducting a four-month integrated sample survey.
How much is the payment per poultry bird vaccinated under this scheme?
Applicants receive ₹1/- for each poultry bird vaccinated as part of the scheme.
What is the payment per goat, sheep, or dog vaccinated under this scheme?
The incentive for vaccinating each goat, sheep, or dog is ₹5/-.
How much is the payment per bovine or pig vaccinated under this scheme?
For each bovine or pig vaccinated, the applicant is entitled to ₹7/- as an incentive.",

"title": "Popularisation Of Fishery Machinery/ Equipments/ Implements" For Intensive Aquaculture In Odisha For The Financial Year 2021-22",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pfmeiiao>",

"details": "The aim of the \"Popularisation of Fishery Machinery/ Equipments/ Implements\" for Intensive Aquaculture in Odisha for the Financial Year 2021-22\" scheme is to provide subsidy support to farmers/ fishers who will procure the above implements during 2021-22 through State Plan Scheme \"Popularization of Fishery Machinery / Equipments / Implements\". Implements like Aerators, Air Blowers with aero-tubes, bio-security nets, and fishing nets are an integral part of enhancing aquaculture production.The objective of the scheme are:-To sustainably increase the productivity and production of fish and shrimp. To maximize the profits of farmers by preventing disease outbreaks, stabilizing the biotic factors, quick turn-around time between two crops, etc. SCHEME SUBSIDY : The total outlay under the program is ₹10,00,00,000. ",

"objective": "Section not found",

"benefits": "Access to Modern Equipment: The initiative may provide support for the adoption of modern and efficient fishery machinery, equipment, and implements. This can enhance the productivity and efficiency of aquaculture operations by reducing labor-intensive processes and improving overall production output.Improved Productivity: The availability of advanced fishery machinery and equipment can lead to increased productivity in aquaculture. Mechanized processes, such as feeding, harvesting, and pond management, can be more effectively carried out, resulting in higher production yields and profitability for fish farmers.Cost Reduction: By popularizing and providing access to fishery machinery and equipment, the initiative may aim to reduce the overall cost of production for fish farmers. Mechanization can help optimize

resource utilization, reduce manual labor costs, and improve operational efficiency, resulting in potential cost savings. **Enhanced Efficiency and Quality:** The use of modern fishery machinery and equipment can improve efficiency and ensure consistent quality in aquaculture operations. Automated processes can minimize human error and standardize production procedures, leading to better product quality and market competitiveness. **Technology Transfer and Knowledge Sharing:** The initiative may include capacity-building programs and training sessions to educate fish farmers about the use and maintenance of fishery machinery and equipment. This promotes technology transfer and knowledge sharing, enabling farmers to make effective use of the provided resources and optimize their aquaculture practices. **Regenerate response",**

"eligibility": "Individual fish farmers/ fishers/ registered members of Primary Fisherman Cooperative Society/ WSHGs involved in fish/ shrimp production are eligible for the scheme. **ELIGIBILITY FOR SUBSIDY :** The beneficiary shall be eligible for a back-ended subsidy of 40% on the unit cost. The maximum number of units eligible for subsidy is prescribed in the above table. The maximum admissible subsidy per unit shall not exceed the prescribed amount as shown in the above table. A beneficiary shall be eligible for subsidy for only one component as listed in the above table. The beneficiary who has availed of the subsidy on any of the above components in the last 5 years shall not be eligible to get the subsidy on those components. However, he/she can be eligible to avail of the subsidy in any other component." ,

"exclusions": "Section not found",

"application_process": "OnlineStep 1: Visit the official website of the Fisheries & Animal Resources Development Department. Step 2: Click on the \"Scheme\" Categories and select \"Fisheries Scheme\" on the home page. Step 3: Click on Download in the column of the 'Brief Description of the Scheme\" of \"Subsidy for Fisheries Machineries / Equipments for Intensive Aquaculture (2022-23)\". Step 4: Download the \"Brief Description of the Scheme\" pdf. Step 5: You will land on the Pdf Page. Read all the details in the pdf. Scroll down to Annexure-1 for the Application process. Step 6: Fill in the application form with accurate and complete details, ensuring that all required fields are properly filled. Step 7: Gather the necessary supporting documents as specified in the application form or guidelines. Step 8: Submit the completed application form online to the Directorate of Fisheries, Odisha, Cuttack through email- director.odifish.inland@gmail.com and supporting documents through the designated mode of submission, such as online submission, email, or physical submission to the relevant authorities. Note: Keep a copy of the submitted application form and documents for your records." ,

"documents_required": "Identification Proof (Aadhaar Card) Land document on which the proposed tank exists/ Lease Deed of GP tanks for Women SHGs / Fishermen ID Cards / CAA Registration in case of Brackish Water Farms 60% of project cost to be self-financed / Bank loan Bank A/C No. with IFS Code for DBT (Photocopy)" ,

"frequently_asked_questions": "What is The \"Popularisation of Fishery Machinery/Equipments/Implements\" initiative? The \"Popularisation of Fishery Machinery/Equipments/Implements\" initiative refers to a government program or scheme aimed at promoting and increasing the adoption of modern and efficient machinery, equipment, and implements in the fisheries and aquaculture sector. The objective is to enhance the productivity, efficiency, and sustainability of aquaculture practices by providing access to advanced tools and technologies. What is the eligibility criteria to apply for the \"Popularisation of Fishery Machinery/ Equipments/ Implements\" for Intensive Aquaculture in Odisha for the Financial Year 2021-22\" Scheme? The Eligibility Criteria for \"Popularisation of Fishery Machinery/ Equipments/ Implements\" for Intensive Aquaculture in Odisha for the Financial Year 2021-22\" is Individual fish farmers/ fishers/ registered members of Primary Fisherman

Cooperative Society/ WSHGs involved in fish/ shrimp production are eligible for the scheme. "title": "Pradhan Mantri Adarsh Gram Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmagy>",

"details": "With a view to enabling an area-based development approach, a new scheme Pradhan Mantri Adarsh Gram Yojana (PMAGY) was launched during 2009-10. The Scheme aims at integrated development of Scheduled Castes majority villages.The principal objective of PMAGY is the integrated development of SC majority Villages:(a) Primarily through convergent implementation of the relevant Central and State/UT Government Schemes; and(b) By taking up identified activities, which do not get covered under the existing Central and State Government Schemes, through 'Gap-filling' funds provided as Central Assistance to the extent of ₹20,00,000/- per village.The implementation of the Scheme was started on Pilot basis in 2009-10 and a total of 1000 villages was selected from 05 States namely Tamil Nadu (225), Rajasthan (225), Bihar (225), Himachal Pradesh (225) and Assam (100) were selected for this phase. All these 1000 villages have so far been declared as 'Adarsh Gram' by the respective State Governments.The vision of an 'Adarsh Gram'An 'Adarsh Gram' is one wherein people have access to various basic services so that the minimum needs of all the sections of society are fully met and disparities are reduced to a minimum. These villages would have all such infrastructure and their residents will have access to all such basic services that are necessary for a dignified living, creating thereby an environment in which everyone is enabled to utilize her/his potential to the fullest.",

"objective": "Section not found",

"benefits": "Holistic Village DevelopmentFocuses on Scheduled Caste (SC)-majority villages.Aims to transform them into model villages with access to all basic services.Financial Support₹20 lakh per village for filling critical gaps in infrastructure and services.Village Development Plan (VDP)A custom 5-year development plan based on baseline survey and needs.Convergence of SchemesIntegrates multiple

central/state schemes like PMAY-G, MGNREGS, Ujjwala, SBM, etc. Infrastructure Improvements Roads, electricity, sanitation, water, healthcare, schools, Anganwadis, etc. Social Empowerment Promotes social harmony, inclusion, and awareness among SC communities. Monitoring Framework Tracks progress across 50+ indicators in education, health, livelihoods, etc. No Direct Cash Benefit Individuals benefit indirectly through improved village facilities and access to schemes.",

"eligibility": "Village must have $\geq 50\%$ Scheduled Caste (SC) population, but villages with $\geq 40\%$ SC population may also be included in some states. The village must be recognized in the latest Census data. Ideally villages with ≥ 500 total population. Villages already covered under PMAGY earlier phases may not be reselected.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: Submission of Village Profile and Convergence Committee Details
Format Used: Format-1 The initial step involves submitting comprehensive details of the village, including demographic data and identification of the members of the Convergence Committee responsible for overseeing the implementation of the scheme at the local level.
Step 2: Only for - Assessment and Submission of Infrastructure Requirements and preparation of the Estimated Action Plan
Format Used: Format-2 An assessment is carried out to identify existing infrastructure gaps within the village. The findings are documented and submitted to the relevant authorities to support the preparation of the action plan.
Format Used: Format-4 A detailed action plan is prepared, estimating the scope of work, associated costs, and funding sources, including both convergent and gap-filling interventions.
Step 2: Only for - Household Survey to Identify Individual Needs and Mapping of Schemes to Identified Beneficiaries
Format Used: Format-3 A door-to-door survey is conducted to assess the specific needs of individual households. This step ensures that interventions are need-based and inclusive.
Format Used: Format-3 B Based on the household survey, a beneficiary-wise mapping is done by linking relevant government schemes and welfare program to each eligible household.
Step 3: Formulation and Approval of Village Development Plan (VDP)
Format Used: VDP Document The Village Development Plan, encompassing all proposed developmental activities, is finalized and submitted to the District Level Convergence Committee (DLCC) for review and formal approval.
Step 4: Implementation of Development Activities and Progress Reporting
Format Used: Submit Progress Format Upon approval, implementation of the VDP begins. The district and village-level authorities ensure timely execution of activities and submit progress reports as per the defined monitoring mechanism.
Step 5: Declaration of the Village as "Adarsh Gram"
Criteria: Minimum Score of 70 and Open Defecation Free (ODF) Status Following successful implementation and fulfilment of identified needs, the village is assessed. If it meets the evaluation criteria, it is officially declared as an "Adarsh Gram" by the competent district authority.
Note - For the Step 2- User can procedure either one for following plans: Assessment and Submission of Infrastructure Requirements and preparation of the Estimated Action Plan. Household Survey to Identify Individual Needs and Mapping of Schemes to Identified Beneficiaries. All the formal can be downloaded or accessible from Official document (page 30 onwards).",

"documents_required": "Village Development Plan (VDP). Bank Account Details (for Implementing Agencies). Details of the Village PMAGY Convergence Committee. List of committee members with names, designations, contact details, and official approval by Gram Panchayat or concerned authority. Data on Percentage of Households Having Access to the Following Domains (as per prescribed format): Drinking Water and Sanitation. Health and Nutrition. Rural Roads and Housing. Electricity and Clean Fuel. Digitization. Education. Social Security. Agricultural Practices. Financial Inclusion. Livelihood and Skill Development.",

"frequently_asked_questions": "What is the objective of the Pradhan Mantri Adarsh Gram Yojana (PMAGY)?The main objective of PMAGY is the integrated development of Scheduled Caste (SC) majority villages through the convergent implementation of existing schemes and additional support using gap-filling funds for unmet needs.When was the PMAGY launched and in which states was it initially implemented?PMAGY was launched in 2009-10 on a pilot basis in 1,000 villages across five states: Tamil Nadu, Rajasthan, Bihar, Himachal Pradesh, and Assam.What is the eligibility criteria for a village to be selected under PMAGY?Villages must:Have more than 50% SC population.Have a total population greater than 500. Selection is done in descending order based on the percentage of SC population.What is the vision of an 'Adarsh Gram'?An Adarsh Gram is a model village where all residents have access to basic services like housing, sanitation, health, education, employment, and no caste-based discrimination, enabling them to live a life of dignity.What kind of financial support is provided under PMAGY?Each selected village receives ₹20 lakh as Central Assistance under PMAGY for gap-filling activities not covered by existing schemes. The balance amount of ₹1 lakh per village would be for administrative and other expenses What are the key focus areas of development under PMAGY?Development under PMAGY focuses on:Physical infrastructure (roads, electricity, water)Sanitation & environmentSocial infrastructure and human developmentLivelihood and skill developmentSocial harmony and dignityAre only Central Government schemes used for development under PMAGY?No. PMAGY emphasizes convergent implementation of both Central and State/UT Government schemes, along with gap-filling funds to cover uncovered areas.What is meant by 'gap-filling' under PMAGY?'Gap-filling' refers to activities and needs of the village that are not covered under existing schemes. PMAGY provides funds specifically to fulfill these unmet needs.What are the benefits to residents of a PMAGY village?Residents benefit from:All-weather roads, safe drinking water, electricitySanitary living conditions and solid waste managementFunctional schools, Anganwadi centers, health centersSkill training, employment opportunities, and social equalityHow does PMAGY promote social harmony and inclusion?The scheme works to eliminate untouchability, caste-based discrimination, and promotes dignity, equal rights, and active community participation through institutions like Gram Sabha, Mahila Mandals, and Youth Clubs.",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmfby>",

"details": "Launched on 18th February 2016, \"Pradhan Mantri Fasal Bima Yojana\" is a crop insurance scheme by the Department of Agriculture, Cooperation and Farmers' Welfare, Ministry of Agriculture. PMFBY aims to provide financial protection to farmers against crop loss due to natural disasters (hail, drought, famine), pests, and diseases. PMFBY provides crop insurance at a cost-effective premium to all Indian farmers. PMFBY is an affordable crop insurance product implemented through a network of insurance companies and banks. The scheme covers over 50 crore farmers and provides insurance coverage for over 50 different crops.ObjectivesTo provide financial assistance and support to farmers suffering from

crop damage or loss arising out of unforeseen events. To stabilise the income of farmers and ensure continuance in farming. To encourage the farmers to adopt modern and innovative agricultural practices. To ensure crop diversification, and credit-worthiness of the farmers, enhance growth and competitiveness of the agriculture sector and protect the farmers from production risks.",

"objective": "Section not found",

"benefits": "Affordable Premiums: The maximum premium payable by the farmer will be 2% for the Kharif food and oilseed crops. For rabi food and oilseeds crop, it is 1.5% and for yearly commercial or horticultural crops it will be 5%. The remaining premium is subsidized by the government.* For the farmers in North-Eastern States, Jammu, Kashmir, and Himachal Pradesh, the government also pays the entire premium. Comprehensive Coverage: The scheme covers natural disasters (droughts, floods), pests, and diseases. Post-harvest losses due to local risks like hailstorms and landslides are also included. Timely Compensation: PMFBY aims to process claims within two months of the harvest to ensure that farmers get the compensation quickly, preventing them from falling into debt traps. Technology-Driven Implementation: PMFBY integrates advanced technologies like satellite imaging, drones, and mobile apps for precise estimation of crop loss, ensuring accurate claim settlements. RISKS COVERED Yield Losses (Standing Crops): The Government provides this insurance coverage for yield losses that fall under the non-preventable risks, such as Natural Fire and Lightning: Storm, Hailstorm, Tornado etc.: Flood, Inundation and Landslide; Pests/ Diseases, etc.; Drought etc. Prevented Sowing: Cases may arise where most of the farmers (insured) of notified areas may want to plant or sow. In such cases, they have to bear the expenditure for that cause and are restricted from planting or sowing insured crops because of unfavourable weather conditions. These farmers will then become eligible for the indemnity claims of up to a maximum of 25% of the sum insured. Post-harvest Losses: The Government provides for post-harvest losses on an individual farm basis. The Government offers coverage of up to 14 days (maximum) from harvesting for crops that are stored in "cut and spread" condition. It means that the Government covers farmers who have put the crops to become sun-baked in the field after harvesting that have been destroyed due to cyclone or cyclonic rains occurred across the country. Localised Calamities: The Government provides for localised calamities on an individual farm basis. Risks such as loss or damage arising from identified localised hazards, such as hailstorms, landslides, and inundation impacting separated farmlands in the notified area comes under this coverage.",

"eligibility": "All farmers, including tenant farmers and sharecroppers growing notified crops in notified areas. Farmers must have an insurable interest in the insured crops. Farmers must possess a valid and authenticated land ownership certificate or a valid land tenure agreement. The farmer must be a cultivator or sharecropper on the insured land. The farmer must apply for insurance coverage within the prescribed time frame, usually within 2 weeks of the start of the sowing season. Farmers must not have received compensation for the same crop loss from any other medium or source.",

"exclusions": "Non-Notified Areas PMFBY applies to notified areas, and crop losses in non-notified areas are generally not covered. Farmers in areas not designated under the scheme may not receive compensation. Losses Outside the Crop Cycle Crop losses occurring outside the specified crop cycle are often excluded from coverage. If a loss is not directly related to the growing season, it may not be eligible for compensation. Negligence and Non-Compliance Losses resulting from farmer negligence, non-compliance with recommended agricultural practices, or failure to protect the crop adequately may be excluded. Losses Beyond Specified Limits Some losses beyond specified limits or thresholds may not be covered. The scheme may have predefined criteria for determining the extent of loss that qualifies for compensation. Non-

Premium Payment Farmers who fail to pay their premium contributions as required may not be eligible for coverage. Non-payment of premiums can result in the cancellation of insurance.",

"application_process": "OnlineOfflineOnline - via CSCs
Step 1: Visit the Official Website of \"Pradhan Mantri Fasal Bima Yojana\".
Step 2: At the top right corner of the homepage, click \"Farmer Corner\". In the popup window, click \"Guest Farmer\". You will be taken to the Online Registration Form. *If already registered, skip to Step: 4.
Step 3: In the Registration Form, fill in the following mandatory fields (marked with a red asterisk): \"FARMER DETAILS\" Section: Full Name, Passbook Name, Relationship, Relative Name, Mobile No., Age, Caste Category, Gender, Farmer Type, Farmer Category, \"RESIDENTIAL DETAILS\" Section: State, District, Sub District, Residential Village/ Town, Address, PIN Code \"FARMER ID\" Section: ID Type, ID No, \"ACCOUNT DETAILS\" Section: IFSC, Bank Name, Branch Name, Savings Bank A/C No., Confirm Savings Bank A/C No.. At the bottom of the registration form, fill in the Captcha Code and click \"Create User\".
Step 4: Upon successful registration, click \"Farmer Corner (Apply for Crop Insurance Yourself)\". In the popup window, click \"Login for Farmer\". You will be taken to the Login Page.
<https://pmfby.gov.in/farmerLogin>
Step 5: On the Login Page, provide your Mobile Number, fill the Captcha Code, then click \"Request for OTP\". Enter the OTP received on your registered Mobile Number, and click \"Submit\". You will be taken to the \"Farmer Application Form\".
Step 6: Fill in all the mandatory fields of the Application Form and upload all the mandatory documents in the specified format and size. Click \"Preview\" to carefully review all the information provided and the uploaded documents. Click \"Submit\" to submit your application. You'll receive a confirmation message.
Step 7: In the popup window, the following options will be displayed: \"Pay Later\" and \"Make Payment\". Select \"Pay Later\" if you intend to pay for the insurance at a later stage. Else, select \"Make Payment\".
Step 8: Upon successful payment, you may print the receipt of the payment.
Track Your Application You can track the application status on the PMFBY website through the 'Application Status' option on the home page.",

"documents_required": "Passport-sized Photograph
Passbook Identity Proof (Aadhaar Card/PAN Card/Voter ID/Bank Passbook with Photo, Kisan Photo Book/NREGA Job Card)
Address Proof (Aadhaar Card/PAN Card/Voter ID/Electricity Bill/Bank Passbook with Photo).
Evidence of Land records, as per the State Records of Right (RoR), Land Possession Certificate (LPC), and other applicable agreements, contracts notified or permitted by the state.
Declaration about the crop sown/intended to be sown.",

"frequently_asked_questions": "I'm a tenant farmer without formal land ownership documents. Can I still apply for crop insurance under PMFBY if I can prove I cultivate the land? Yes, tenant farmers and sharecroppers can apply with a valid land tenure agreement. You must provide evidence of your cultivation rights through state-recognized documents or agreements.
My crops were damaged by unseasonal rains after harvesting while drying in the field. Does PMFBY cover such losses? Coverage is available for up to 14 days post-harvest for crops kept in \"cut & spread\" condition in the field, specifically for damage from cyclonic/unseasonal rains. You must report the damage immediately.
What is the exact premium rate for Kharif paddy, and how is the government subsidy calculated? Farmers pay 2% of the sum insured for Kharif food crops. The difference between the actuarial premium rate and farmer's share is jointly subsidized by Central and State governments equally.
If a drought prevents me from sowing crops despite preparation, what percentage of compensation can I claim? You can claim up to 25% of the sum insured under prevented sowing coverage, provided the majority of farmers in your notified area were also prevented from sowing due to adverse conditions.
I farm in Himachal Pradesh. Do I need to pay any premium for my apple crop under PMFBY? No, farmers in Himachal Pradesh, along with other North-Eastern states and Jammu & Kashmir, receive 100% premium subsidy from the government for all notified crops.
Can I claim compensation if my entire village faced crop damage from a landslide, but neighboring villages were unaffected? Yes, PMFBY covers localized calamities like landslides on an individual farm basis, even if the

damage is isolated to specific areas within the notified region. How long after reporting crop damage should I expect to receive the claim amount? PMFBY aims to process and settle claims within two months of harvest, provided all documentation is complete and damage assessment is finalized. If I've taken a bank loan for farming, do I need to separately apply for PMFBY, or is it automatic? For loanee farmers, coverage is compulsory but not automatic. You must ensure your bank has processed your PMFBY enrollment within the specified timeframe. What happens if I'm unable to pay the premium online due to technical issues on the last date? You can visit a nearby CSC or bank branch to submit your premium payment. Keep proof of your online payment attempt for any deadline-related disputes. If I've already registered on the PMFBY portal last season, do I need to create a new registration for this season? No, use your existing registration. However, you must submit a fresh application and premium payment for each season you want coverage. I discovered pest damage in my field but couldn't document it immediately due to hospitalization. Will my claim be rejected? Report the damage as soon as possible with medical documentation of your hospitalization. Each case is evaluated based on provided evidence and circumstances. How can I ensure my claim isn't rejected due to wrong information if the CSC operator fills my form? Always verify the entered details before final submission. Request a printed copy of your application form and keep the acknowledgment receipt with the application number. If my crop loss assessment shows 60% damage but I'm not satisfied with the evaluation, what's the grievance process? File an appeal through the PMFBY portal or submit a written complaint to your district agriculture officer within 7 days of assessment. Include evidence supporting your claim. Does PMFBY cover damage from wild animals or fire caused by neighboring fields? Natural fire is covered, but damage from wild animals isn't. For fire spreading from neighboring fields, you must provide evidence that it wasn't due to negligence."

"title": "Pradhan Mantri Gram Sadak Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmgysy>",

"details": "With the objective of providing rural connectivity, the Government of India launched the Pradhan Mantri Gram Sadak Yojana (referred to as PMGSY-I hereinafter) on 25th December 2000 to provide all-weather access to eligible unconnected habitations with a population of up to 500 (Census 2001) in plain area and 250 and above in Special category States (States of North East, Jammu, and Kashmir, Himachal Pradesh, Uttarakhand), Desert Area as identified by Desert Development Program and 88 selected Backward Districts as identified by the Ministry of Home Affairs/Planning Commission as a strategy for poverty alleviation. As of 8th December 2021, a total of 6,80,040 km of road length has been constructed under various interventions of Pradhan Mantri Gram Sadak Yojana (PMGSY). The primary objective of PMGSY concerns building robust, all-weather roads in rural habitations and other core areas. Panchayati Raj and elected local representatives decide which habitations to be selected. This scheme was centrally funded only up to 2015-16. Since then, the funds have been divided between the Centre and the State. For North Eastern and Himalayan States (Jammu & Kashmir, Uttarakhand, and Himachal Pradesh) 90% of a project is the Union Government funds, and 10% of this cost, is the State Government funds. For the Other States, the

Union Government funds around 60% of a project while the remaining 40% is by State Government funds. Some prominent features of PMGSY are - Proper decentralized planning for the building of roads. Build roads according to the Indian Road Congress and Rural Roads Manual. 3-tier quality management system. An unbroken flow of funds.",

"objective": "Section not found",

"benefits": "The benefits of the Pradhan Mantri Gram Sadak Yojana (PMGSY) are -1. All-weather connection to the hamlets that are least or not connected. 2. Overall Development of the country allows for easy movement of goods and vehicles. 3. There are better employment opportunities for those from villages thanks to road connections.",

"eligibility": "1. A region must be a habitation. It cannot be a hamlet or revenue village to be eligible for the Pradhan Mantri Gram Sadak Yojana (PMGSY). 2. The Central Government describes habitation as a population cluster residing within an area that remains constant over time. Some of the local words used to describe a habitation are: Majras, Desam, Hamlets, Tolas, Dhanis. 3. The hamlet must have a higher population as per the 2001 Census to be eligible for road connection. The eligible habitations have a population of above 500 persons in plain areas and around 250 persons and above in hilly areas.",

"exclusions": "Section not found",

"application_process": "Offline The list of road works to be taken up under the Programme will be finalized each year by the District Panchayat in accordance with the allocation of funds communicated to the district. The District Panchayat has to ensure along with the consultative process, that the lists of proposed road works are part of the Core Network and that new connectivity is given priority.",

"documents_required": "The release of the second installment in a year shall be subject to the submission of the following documents: 1. Utilisation Certificate for the funds released earlier, year-wise in the form prescribed. 2. Certificate by the Bank Manager indicating the balance amount on the date of issue of the Certificate and the interest credited. 3. A Certificate regarding the requisite physical completion of works. 4. For all releases after October of a year, production of an Audited Statement of Accounts and a Balance Sheet and related Statements, duly certified by the Chartered Accountant for the accounts of the previous financial year. 5. Outputs of the relevant modules of the OMMAS, duly certified by the SRRDA as being correct and verified by the NRIDA. 6. A certificate from the CEO of SRRDA that Maintenance funds required as per maintenance contracts in force had been spent during the previous financial year. For releases after May of a year, the certificate should also include that 50% of such maintenance fund requirements for the current Financial Year have been released by the State, whereas for releases after November, the certificate should be for 100% of such funds.",

"frequently_asked_questions": "Does The Programme Provide Connectivity To Only Revenue Villages? Are Hamlets Eligible To Be Connected? The spirit and objective of PMGSY-I was to provide good all-weather road connectivity to eligible unconnected habitations. The unit of this programme is a habitation and not a revenue village or a Panchayat. A habitation is a cluster of population, living in an area, the location of which does not change over time. Desam, Dhanis, Tolas, Majras, Hamlets, etc. are commonly used to describe habitations. \n\nThe population, as recorded in the Census 2001, shall be the basis for determining the population size of the habitation. The population of all Habitations within a radius of 500 metre (1.5 km of path distance in case of Hills) may be clubbed together to determine the population size. In the blocks bordering international boundary in the hill States (as identified by the Ministry of Home Affairs), however, all habitations within a path distance of 10 km may be treated as a cluster for this purpose. This cluster

approach would enable the provision of connectivity to a number of Habitations, particularly in Hill/mountainous areas.

A special dispensation has been allowed to Arunachal Pradesh under PMGSY by extending the Cluster approach to all International border districts in the State by clubbing population with the path distance of 10 km and treating as a Cluster.

How Are Habitations Selected For Coverage? Who Decides Which Habitations Will Be Covered In A Year? Unconnected habitations are listed as per the priority (generally, habitations with a higher population, as per 2001 Census, would be connected first) and depending upon the funds likely to be made available for the State, the list of road works to be taken up under PMGSY-I will be finalized each year by the District Panchayat through a consultative process involving Panchayati Raj Institutions and elected representatives.

Can An Individual Apply For Road Connectivity? The objective of PMGSY-I was to provide road connectivity to unconnected habitations as mentioned in response to Question 1 above. Any proposal for road connectivity may be perceived as per the programme guidelines.

How Is Alignment Selected? Are Local Villagers Associated With This Process? A simple, non-formal transect walk shall be organised by the Assistant Engineer at the time of preparation of DPRs to finalise the alignment. The Panchayat Pradhan, local patwari, the JE, Local Revenue and Forest officials, Women PRI members and representatives of Women Self Help Groups (SHGs) also participate in the transect walk to determine the most suitable alignment, sort out the issues of land availability and to moderate any adverse social and environmental impact, eliciting necessary community participation in the programme. After transect walk, the minutes should be placed and approved by the Grama Sabha. Local people including those likely to be affected by proposed alignment are also allowed to put forth their view in this process.

What Does All-Weather Connectivity Mean? Does It Mean Only Black-Topped Or Cement Concrete Roads? An all-weather road is one that is negotiable in all seasons of the year. This implies that the road-bed is drained effectively but this does not necessarily imply that it should be paved surface with blacktopping or cement concrete. A gravel road can also be an all-weather road.

How Is The Problem Of Drainage Tackled In The Portion Of Roads Passing Through Built-Up Residential Areas? Road portions passing through built-up residential areas are prone to damages caused by wastewater from households. Programme guidelines provide for the construction of cement concrete pavement or cement/stone block pavements along with covered or uncovered Pucca side drains as per site conditions.

Is The Adequate Provision For Culverts Or Cross-Drainage Works Made? The objective of the PMGSY is to provide an All-weather Road with necessary culverts and other cross drainage structures, which is operable throughout the year to the eligible unconnected habitations as per PMGSY guidelines in the rural areas. Rural roads constructed under PMGSY must have proper embankment and drainage. Adequate number and type of Cross Drainage (CD) works, including causeways, where appropriate, must be provided based on site requirements ascertained through necessary investigation. Minor bridges can be provided wherever necessary.

A necessary advisory has been already issued to the State Governments to include the culverts/CDs bridges along with the road proposals.

The proposal of long-span Bridges should be prepared as a separate DPR. However, such proposals of Bridges should be submitted with road proposals in the same batch.

What About Bridges On Rivers/Streams? Bridges on rivers/streams crossing the alignment of the road are taken up under the program along with the road proposal. The Ministry issued PMGSY-III guidelines increasing the span of Long-Span Bridges (LSBs) for funding under PMGSY as follows:

- Up to 200 m in respect of Special Category States and LWE districts identified by the MHA.
- Upto 150 m in respect of other States.

Whether Compensation For Land Acquisition Is Paid In The Program? The rural road is a State subject and it is the responsibility of State Government/ District Panchayat to ensure the availability of land for construction of road works under the programme. In view of the common benefit, generally, the land for construction of roads under PMGSY is made available by the villagers/Panchayat free of cost through voluntary donation. However, in rare cases, if the land is acquired for construction of roads under PMGSY, the State Government is required to pay compensation.

How Are Executants Selected For The Construction

Of Roads? Executants for construction of roads are selected through open competitive bidding for which well-established procedure for tendering is followed by the State Government. As per provisions, the bidders who have the prescribed qualifications and have the capacity to execute the works are required to take part in the bidding process. To enhance the transparency in tendering and speed up the tendering process, e-procurement of bids has been made mandatory.

If Defects Are Noticed After Completion Of The Road, How Are They Rectified? As per provisions of the contract, the contractor is liable for any defect that may occur until 5 years after completion of the road work. To enforce liability of defects, the security amount is deducted from the bills of the contractors. The contractor has to rectify the defect in the above period and if the rectification has not been carried out, the Project Implementation Unit (PIU) is required to rectify the defect and recover the cost from the security deposit of the contractor.

How Is The Quality Of Work Checked And Monitored? Every contractor is required to establish a field laboratory in every package of road works in which he/she is required to test the quality of material and workmanship under the supervision of executing agency. In addition to checking of quality by departmental officers of executing agency, the State Government is required to deploy independent monitors for monitoring of the quality of road works. Independent National Quality Monitors (NQMs) are also deployed by the Central Government for monitoring the quality of works randomly.

Is There A Provision For The Display Of Project-Related Information At Project Sites? Citizen Information Board in the local language containing the following detailed information of work is provided on each work:-

- \n\nDescription of every layer of work.
- \nDescription of the quantity of material involved in work.
- \nHow the road will be built and description.
- \nGeneral information board containing information about executing agency, contractor, estimated cost of work and time for completion is also provided on every worksite.

What Is The Role Of Public Representatives In Checking The Quality Of Implementation Of The Programme? In the interest of total transparency and to ensure the pro-active role of public representatives, the States have been advised to organize a time-bound inspection of road works with local public representatives in the following manner:-

- \n\nThe Superintending Engineer would request the Hon'ble M.P. and Zila Pramukh once in 6 months duration to select road works in respective areas and joint inspection/visit would be organized.
- \n\nThe Executive Engineer would request the Hon'ble MLA and Chairperson of Intermediate Panchayat once in three months duration to select road works in respective areas and joint inspection/visit would be organized.
- \n\nThe Assistant Engineer would request the Sarpanch once in two months duration to select road works in respective areas and joint inspection/visit would be organized.

Whether Information About The Programme Is Available On Any Website? Yes, information about the programme and details about every work is available on programme website www.omms.nic.in and www.pmgysy.nic.in. The Online Monitoring and Management System (OMMS) is being used for effective management and monitoring under the programme. The required data is entered by the field level staff and the State units under this web-based package.

How Are The Roads Maintained? Along with the tendering for the construction the routine maintenance of road works for five years after completion of work is also included. Programme guidelines envisage a transfer of road works for maintenance to Panchayati Raj Institutions (PRIs) after 5 years upon completion of the road work.

What Should Be The Population Of Habitations To Be Covered Under PMGSY-I For Providing Connectivity? The programme envisages connecting all eligible unconnected habitations by way of an all-weather road as per Core Network with a population of 500 persons (as per 2001 Census) and above in plain areas and 250 persons and above (as per 2001 Census) in the Special Category States (Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura, Himachal Pradesh, Jammu & Kashmir, and Uttarakhand), Tribal (Schedule-V) areas, the Desert Areas (as identified in Desert Development Programme) and in Selected Tribal and Backward Districts (as identified by the Ministry of Home Affairs/Planning Commission). In the critical 267 Left Wing Extremism (LWE) affected blocks (as identified by MHA), additional relaxation has been given to connect habitations with population 100 persons and above (2001 census)."

Under the scheme an amount of ₹ 6000/- per year is released by the Central Government online directly into the bank accounts of the eligible farmers under Direct Benefit Transfer mode, subject to certain exclusions.",

"objective": "The scheme aims to supplement the financial needs of all landholding farmers' families by procuring various inputs to ensure proper crop health and appropriate yields, commensurate with the anticipated farm income as well as for domestic needs. Under the scheme an amount of ₹ 6000/- per year is released by the Central Government online directly into the bank accounts of the eligible farmers under Direct Benefit Transfer mode, subject to certain exclusions.",

"benefits": "Financial benefit of Rs. 6000 per annum per family payable in three equal installments of Rs 2000 each, every four months.",

"eligibility": "All landholding farmers' families, which have cultivable land holding in their names are eligible to get benefit under the scheme.",

"exclusions": "The following categories of beneficiaries of higher economic status shall not be eligible for benefit under the scheme:All Institutional Land holders.Farmer families in which one or more of its members belong to following categoriesFormer and present holders of constitutional postsFormer and present Ministers/ State Ministers and former/present Members of LokSabha/ RajyaSabha/ State Legislative Assemblies/ State Legislative Councils,former and present Mayors of Municipal Corporations, former and present Chairpersons of District Panchayats.All serving or retired officers and employees of Central/ State Government Ministries /Offices/Departments and its field units Central or State PSEs and Attached offices /Autonomous Institutions under Government as well as regular employees of the Local Bodies (Excluding Multi Tasking Staff /Class IV/Group D employees)All superannuated/retired pensioners whose monthly pension is Rs.10,000/-or more (Excluding Multi Tasking Staff / Class IV/Group D employees) of above categoryAll Persons who paid Income Tax in last assessment yearProfessionals like Doctors, Engineers, Lawyers, Chartered Accountants, and Architects registered with Professional bodies and carrying out profession by undertaking practices.",

"application_process": "Online - via CSCsStep 1: The following are the prerequisites for the enrollment process:Aadhaar CardLandholding paperSavings bank accountStep 2: The VLE will fill in the complete details of farmer registration details like State, district, subdistrict block, and village, key in the Aadhaar number, Name of the beneficiary, category, Bank detail, Land Registration ID, and Date of birth as printed on Aadhaar card for authentication..Step 3: The VLE will fill in the Land details like Survey/ Kahta No., Khasra no., and

area of land as mentioned in land holding papers. Step 4: Upload the supporting documents like Land, Aadhar, and Bank passbook. Step 5: Self-declaration accept and save the application form. Step 6: After saving the application form make payment through CSC ID. Step 7: Check the Beneficiary status through the Aadhaar number. You need to sign in before applying for schemes. Cancel Sign In You're being redirected to an external website. By proceeding, your details will be shared with the relevant department. Cancel Ok Your mobile number will be shared with Jan Samarth and you will be redirected to external website. Cancel Ok Something went wrong. Please try again later. Ok You have already submitted an application for this scheme. You may apply again only after 30 days i.e. after Ok It seems you have already initiated your application earlier. To know more please visit Cancel Apply Now",

"documents_required": "Indicative Documents Aadhaar Card Landholding papers Savings Bank Account.",

"frequently_asked_questions": "Whether the benefits of the scheme are admissible to only Small & Marginal Farmers' (SMF) families? No. The Scheme for all farmer families irrespective of the size of their landholdings \n\n Will any individual or farmer family owning more than 2 hectare of cultivable land get any benefit under the scheme? Yes. The ambit of the scheme has been extended to cover all farmer families, irrespective of the size of their land holdings. What are the benefit of the scheme? Under the PM-KISAN scheme, all landholding farmers' families shall be provided the financial benefit of Rs.6000 per annum per family payable in three equal installments of Rs.2000 each, every four months. How many times the benefit will be given in a year? All landholding farmers' families shall be provided the financial benefit of Rs.6000/- per annum per family payable in three equal installments of Rs.2000/- each, every four months. How the beneficiaries under the Scheme will be identified and shortlisted for payment of intended benefit? The responsibility of identifying the eligible farmers' families for benefit under the scheme is entirely of the State/UT Governments \n\n Who are eligible to get benefits under the Scheme? All landholding farmers' families, which have cultivable land holding in their names are eligible to get benefit under the scheme I am a Professional, am I eligible for PM Kisan? No, You are not eligible for the scheme. \n\n I am a member of Lok sabha/ Rajya sabha/ state Legislative Assemblies/ State Legislative councils, former and present Mayors of Municipal corporations, former and present Chairpersons of District Panchayats, Am I eligible for the scheme?? No, You are not eligible for the scheme My Family Member are income Tax Payer, am I Eligible for the scheme? No, You are not eligible for the scheme. Is an income tax payee farmer or his / her spouse eligible to get benefit under the scheme? No. if any member of the family is income tax payee in last assessment year is not eligible. \n\n What will happen if the beneficiary gives incorrect declaration for the implementation of the Scheme? In case of incorrect declaration, the beneficiary shall be liable for recovery of transferred financial benefit and other penal actions as per law.",

"title": "Pradhan Mantri Krishi Sinchayee Yojana: Per Drop More Crop",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/pmkisypdmc",

"details": "The scheme “Pradhan Mantri Krishi Sinchayee Yojana: Per Drop More Crop” was launched by the Dept. of Agriculture & Farmers Welfare, Ministry of Agriculture & Farmers Welfare, Govt. of India on 1st July 2015. The scheme mainly focuses on enhancing water use efficiency at the farm level through Micro Irrigation (Drip and Sprinkler Irrigation System). Besides, it also supports micro-level water storage, and water conservation/management activities (Other Interventions) to supplement source creation for Micro Irrigation. Objectives: Increase the area under micro irrigation technologies to enhance water use efficiency in the country. Increase the productivity of crops and income of farmers through precision water management. Promote micro-irrigation technologies in water-intensive/consuming crops like sugarcane, banana, cotton, etc., and give adequate focus to extend the coverage of field crops under micro-irrigation technologies. Make potential use of micro irrigation systems for promoting fertigation. Promote micro-irrigation technologies in water-scarce, water-stressed, and critical groundwater blocks/districts. Link tube-well / river-lift irrigation projects with micro irrigation technologies for the best use of energy both for lifting and pressurized irrigation as far as possible. Establish convergence and synergy with activities of ongoing programmes and schemes, particularly with created water sources for their potential use, integration of solar energy for pressurized irrigation, etc. Promote, develop, and disseminate micro irrigation technology for agriculture and horticulture development with modern scientific knowledge. Create employment opportunities for skilled and unskilled persons, especially unemployed youth for installation and maintenance of micro irrigation systems. Important Features: Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) not only focuses on creating water sources for assured irrigation, but it also creating protective irrigation by harnessing rainwater at the micro level through ‘Jal Sanchay’ and ‘Jal Sinchan’. Micro irrigation is an integral component of the scheme to maximize water use efficiency at the farm level. There are four components to the scheme: Accelerated Irrigation Benefit Programme (AIBP), Per Drop More Crop (PDMC), Har Khet Ko Pani, and Watershed Development Per Drop More Crop: to focus on micro-level storage structures, efficient water conveyance & application, precision irrigation systems, topping up of input cost beyond MGNREGA permissible limits, secondary storage, water lifting devices, extension activities, coordination & management - being implemented by DAC&FW. Nodal Department: Since the final outcome of PMKSY is to ensure access to efficient delivery and application of water at every farm thereby enhancing agricultural production & productivity, State Agriculture Department may be the Nodal Department for implementation of PMKSY (Per Drop More Crop). However, State Govt. is free to identify the nodal department based on the established institutional setup and mandate of the department. All communication between the Ministry of Agriculture (MoA) and the State Government would be preferable with and through the nodal department. States are free to identify dedicated implementing agencies/departments for the implementation of Per Drop More Crop.",

"objective": "Section not found",

"benefits": "Financial assistance to farmers for the installation of irrigation components under Micro Irrigation (all assets/ water sources for this must be mandatorily linked with a Micro Irrigation system to achieve water use efficiency). Installation of drip or sprinkler irrigation in the farmers’ field for selected crops. Installation of the irrigation system can be done either by the farmers themselves or by the selection of any approved Micro Irrigation companies. The pattern of assistance payable to the beneficiary under the micro irrigation scheme will be 55% for small and marginal farmers and 45% for other farmers which will be met by both the Central Government and State Government in the ratio of 60:40 for all states except the North Eastern and Himalayan states. In the case of these states, the ratio of sharing is 90:10. For the Union Territories, the funding pattern is 100% granted by the Central Government. Direct Benefit Transfer into the accounts of farmers. Farmers can also avail benefits like water harvesting structures both at individual and

community levels, water lifting devices for conveyance efficiency, and digging of a farm pond, under Other Interventions of Per Drop More Crop.",

"eligibility": "The applicant should be a citizen of India. All the farmers of the State & Union Territory are eligible to take the benefits of this scheme. The subsidy payable to the beneficiary will be limited to an overall ceiling of 5 hectares per beneficiary. Note 01: The beneficiary has to purchase only BIS-marked systems/components under the scheme. Note 02: The scheme is to be implemented through the mechanism of Direct Benefit Transfer (DBT). Aadhaar details of the beneficiary are required to access the benefit of the programme.",

"exclusions": "Section not found",

"application_process": "Offline Step 1: The farmers, based on the requirement of their field & region, may contact their Block/District Agriculture Office through their respective Gram Panchayat. Further, the farmer may also contact the Agriculture Officer of their Block/District or call Kisan Call Centre (Toll-Free No. 1800-180-1551). Step 2: The farmers may approach the concerned authority and request/collect an application form for the scheme. Step 3: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across), and attach all the (self-attested) mandatory documents. Step 4: Submit the duly filled and signed application form along with the documents to the designated receiving authority. Step 5: Acquire the receipt/acknowledgment of the successful submission of the application form from the receiving authority.",

"documents_required": "Aadhaar Card Bank Account Details Address proof Passport size photograph Caste Certificate (If applicable) Proof of Agriculture land documents Domicile Certificate of State/UT",

"frequently_asked_questions": "What does this scheme focus on? The scheme mainly focuses on enhancing water use efficiency at the farm level through Micro Irrigation (Drip and Sprinkler Irrigation System). Besides, it also supports micro-level water storage, and water conservation/management activities (Other Interventions) to supplement source creation for Micro Irrigation. Which Ministry has Launched the Scheme? Department of Agriculture & Farmers Welfare, Ministry of Agriculture & Farmers Welfare, Government of India. When was this scheme launched? The scheme was launched on 1st July 2015. What are the components of Pradhan Mantri Krishi Sinchayee Yojana (PMKSY)? It comprises four components, namely (i) Accelerated Irrigation Benefit Programme (AIBP), (ii) Har Khet Ko Paani, (iii) Watershed Development (iv) Per Drop More Crop. Is it a centrally sponsored scheme? Yes, it is a centrally sponsored scheme. What is the pattern of assistance payable to the beneficiary under the micro irrigation scheme? The pattern of assistance payable to the beneficiary under the micro irrigation scheme will be 55% for small and marginal farmers and 45% for other farmers which will be met by both the Central Government and State Government in the ratio of 60:40 for all states except the North Eastern and Himalayan. What is the percentage of share of the Central Government and the North Eastern States? The ratio of sharing is 90:10. What is the funding pattern for the Union Territories under the scheme? For the Union Territories, the funding pattern is 100% grant by the Central Government. How will farmers be benefited from the scheme? Under the scheme, farmers may get support for their farm ponds and means of micro-irrigation like sprinkler irrigation & drip irrigation equipment. Besides, they may also get training on methods of crop management & water harvesting/management through assured irrigation. Who is eligible for the scheme? All the farmers of the State & Union Territory are eligible to take the benefits of this scheme. For how many hectares can farmers avail of financial assistance under the scheme? The financial assistance for the installation of a micro irrigation system will be limited to the overall ceiling of 5 hectares per beneficiary. How will the farmers receive financial assistance under the scheme? The scheme is to be implemented through the mechanism of Direct Benefit Transfer (DBT). Is an Aadhaar card mandatory for the beneficiary to avail of the benefits of

the scheme?Yes, the Aadhaar details of the beneficiary are required to access the benefit of the programme.Which is the nodal department for implementing the PMKSY (Per Drop More Crop)?State Agriculture Department may be the Nodal Department for the implementation of PMKSY (Per Drop More Crop).How will the state government identify the nodal departments?The state government is free to identify dedicated implementing agencies/departments for the implementation of Per Drop More Crop based on the established institutional setup and mandate of the department. All communication between the Ministry of Agriculture (MoA) and the State Government would be preferable with and through the nodal department.How can I apply under the scheme?The farmers, based on the requirement of their field & region, may contact their Block/District Agriculture Office through respective Gram Panchayat. Further, the farmer may also contact the Agriculture Officer of their Block/District or call Kisan Call Centre (Toll-Free No. 1800-180-1551).",

"title": "Pradhan Mantri Matsya Kisan Samridhi Sah-yojana (PM-MKSSY): COMPONENT 1B: One-Time Incentive for the Adoption of Aquaculture Insurance",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmmkssy-1b>",

"details": "The scheme \"Pradhan Mantri Matsya Kisan Samridhi Sah-Yojana\" is a Central Sector Sub-scheme under the Pradhan Mantri Matsya Sampada Yojana (PMMSY). It is administered by the Department of Fisheries, Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. The scheme aims to formalise the fisheries sector and incentivise fisheries-based microenterprises and entrepreneurs to access institutional finance. Under Component 1B, the scheme provides a one-time incentive to eligible applicants who have availed institutional credit for fisheries-related activities. The objective is to encourage formal credit adoption and support the repayment capacity of fisheries microenterprises. To be eligible, the applicant must be registered on the National Fisheries Digital Platform (NFDP) and must have availed credit through a recognised financial institution. The scheme is implemented by the Department of Fisheries through the NFDP, and the application process is online.",

"objective": "Section not found",

"benefits": "Financial assistance is provided as a one-time incentive to applicants who have successfully availed institutional credit for fisheries and aquaculture-related activities.Frequency of DisbursementThe incentive is one-time and non-recurring.The incentive can only be availed once per eligible activity and applicant, and no repeated claims are permitted under Component 1-B.Criteria for DisbursementThe incentive is not linked to any performance benchmarks beyond initial loan sanction and disbursement.Funds are released after successful validation and approval of the application by the Project Management Unit (PMU), Department of Fisheries.Mode of DisbursementThe incentive is transferred directly to the verified bank account of the beneficiary through the Direct Benefit Transfer (DBT) mechanism.",

"eligibility": "The applicant must be a fisheries microenterprise or an individual engaged in fisheries or aquaculture-related activities.The applicant must be registered on the National Fisheries Digital Platform

(NFDP).The applicant must have availed institutional credit from a recognised financial institution.The applicant must possess a valid Aadhaar-seeded bank account for DBT purposes.The applicant must submit documentary proof of loan sanction and disbursement.The applicant must consent to the verification and validation process undertaken by the Department of Fisheries.",

"exclusions": "Section not found",

"application_process": "OnlineThe application process for availing benefits under Component 1-B of the PM-MKSSY is completely online and facilitated through the National Fisheries Digital Platform (NFDP).The individual interested in applying to this scheme must have already availed of an institutional loan.The application to this component can be made only once per applicant per eligible activity.The detailed and sequential steps involved in the application process is given below:Step 1: Visit the Official Website of the \National Fisheries Digital Platform (NFDP)\The applicant must visit the official website of NFDP using any web browser. Click on "Register" for new registration or "Login" if already registered.Step 2: Complete the Registration Process on NFDPIf the applicant is not already registered, they must click on the "Register" button. Select the relevant applicant category (Individual / Organisation). The system will prompt for entering the mobile number with the country code (+91) followed by One-Time Password (OTP) verification. Post successful OTP authentication, the applicant must create a password in accordance with the portal's password policy.Step 3: Fill in Profile InformationAfter login, the applicant must proceed to complete the registration form by filling in the following details:Name as per Aadhaar, Aadhaar Number, Bank Account Number, IFSC Code, Category of enterprise (individual/organisation), Nature of activity (fisheries/aquaculture-related), Contact details and address.Step 4: Upload Mandatory DocumentsThe applicant must upload clear, legible, and valid copies of the required documents, such as:Aadhaar Card, Bank Passbook or Statement, Loan Sanction Letter, Loan Disbursement Proof, Depository Account Statement (if applicable), Self-Declaration Form, NFDP Registration, Acknowledgement/Certificate. Each uploaded document must conform to the specified file format (PDF/JPEG) and size limits as mentioned on the portal. Step 5: System-Based Validation and Data IntegrationUpon submission of the application, the data entered by the applicant will undergo system-based checks and integration with other government databases to ensure authenticity. If any discrepancies or incomplete information are detected, the applicant will be notified to make necessary corrections.Step 6: Credit Facilitation Support ApplicationOnce the profile is validated, the applicant must navigate to the "Apply for Financial Assistance – Component 1-B" section on the NFDP. Here, the applicant must fill out the form specifying: Bank Name, Loan Amount, Loan Disbursement Date, Purpose of loan and intended fisheries activity, Upload all relevant loan documents. Upon completion, the application must be submitted for further processing.Step 7: Application Review and SanctionThe submitted application is reviewed by Credit Intermediaries and the designated team at the Department of Fisheries. Verified and validated applications are approved by the PMU for disbursement. The application is sanctioned and marked for DBT processing.Step 8: Disbursement of Financial AssistanceAfter approval, the Project Management Unit (PMU) in the Department of Fisheries, Government of India, will initiate the transfer of funds directly to the applicant's verified bank account via the DBT mechanism.",

"documents_required": "Aadhaar Card (For identity verification and DBT)Bank Passbook or Statement (Aadhaar-seeded bank account)Loan Sanction Letter (From a recognised financial institution)Loan Disbursement Proof (Transaction statement showing credit)Depository Account Statement (Where applicable)NFDP Registration AcknowledgementSelf-Declaration Form (As prescribed by the scheme)Any other document as requested during validation",

"frequently_asked_questions": "Is registration on the National Fisheries Digital Platform mandatory to apply for this benefit?Yes, applicants must be registered on the NFDP to be eligible for the one-time incentive under Component 1B.What type of financial assistance is provided under this component of the scheme?A one-time incentive is provided to beneficiaries who have availed institutional credit for fisheries/aquaculture activities, transferred via Direct Benefit Transfer (DBT).Can I apply for this incentive if I haven't taken a loan from a recognised financial institution?No, only applicants who have availed institutional credit for fisheries-related activities are eligible.Is there a requirement for the bank account to be linked with Aadhaar for receiving the incentive?Yes, the applicant must have a valid Aadhaar-seeded bank account for DBT disbursement.What documents are needed to prove loan sanction and disbursement?You must submit the loan sanction letter and proof of disbursement (e.g., bank transaction statement) from the financial institution.Who is eligible to apply for the one-time incentive under this fisheries support scheme?The applicant must be a fisheries microenterprise or an individual engaged in fisheries/aquaculture activities, registered on the National Fisheries Digital Platform (NFDP), and must have availed institutional credit from a recognised financial institution.Is there a requirement for the bank account to be linked with Aadhaar for receiving the incentive?Yes, the applicant must have a valid Aadhaar-seeded bank account for DBT disbursement.Is this incentive a recurring benefit or a one-time payment?This is a non-recurring, one-time incentive and cannot be claimed repeatedly for the same activity.How is the financial incentive transferred to beneficiaries?The amount is directly credited to the beneficiary's verified bank account through the Direct Benefit Transfer (DBT) mechanism.Can applicants under Component 1A (small grants) also avail benefits under Component 1B?Yes, the incentives under Component 1B are distinct and independent of Component 1A benefits.What is the purpose of providing this one-time incentive?The scheme aims to encourage formal credit adoption and support repayment capacity for fisheries microenterprises.Is there any performance benchmark required to receive the incentive?No, the incentive is linked only to loan sanction and disbursement, not to post-disbursement performance.What is the first step to apply for the incentive on the NFDP portal?New applicants must register on the NFDP website by providing their mobile number, verifying via OTP, and setting a password.What personal details are required during the NFDP registration process?You must provide your name (as per Aadhaar), Aadhaar number, bank account details, enterprise type, contact information, and address.Which documents must be uploaded during the application process?Required documents include Aadhaar card, bank passbook, loan sanction letter, disbursement proof, NFDP registration acknowledgment, and a self-declaration form.Who reviews and approves the submitted applications?Applications are verified by Credit Intermediaries and the Department of Fisheries, with final approval by the Project Management Unit (PMU).How can I track the status of my application after submission?Log in to the NFDP portal and check the \"My Applications\" section for updates (e.g., Submitted/Under Review/Approved/Rejected/Disbursed).",

"title": "Pradhan Mantri Matsya Sampada Yojana",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmmsy>",

"details": "The scheme \"Pradhan Mantri Matsya Sampada Yojana (PMMSY)\" was launched by the Department of Fisheries; Ministry of Fisheries, Animal Husbandry, and Dairying; to bring about ecologically healthy, economically viable, and socially inclusive development of the fisheries sector of India. PMMSY shall bring about Blue Revolution through sustainable and responsible development of the fisheries sector in India at a total investment of ₹ 20,050 crore for holistic development of the fisheries sector including the welfare of fishers. PMMSY is implemented in all the States and Union Territories for a period of five years from FY 2020-21 to FY 2024-25. In the Union Budget 2023-24, a new sub-scheme under the PMMSY has been announced with an investment of Rs.6,000 crore to enable activities of fish vendors, fishermen, and micro and small enterprises for improving value chain efficiencies and expanding the market. Objectives of PMMSY 1. Harness the potential of the fisheries sector in a sustainable, responsible, inclusive, and equitable manner. 2. Enhance fish production and productivity through expansion, intensification, diversification, and productive utilization of land and water. 3. Modernize and strengthen the value chain including post-harvest management and quality improvement. 4. Double fishers and fish farmers' incomes and generate meaningful employment. 5. Enhance the contribution of the fisheries sector to Agricultural GVA and exports. 6. Ensure social, physical, and economic security for fishers and fish farmers. 7. Build a robust fisheries management and regulatory framework. Targets of PMMSY Fish Production and Productivity - 1. Increasing fish production to 22 million metric tons by 2024-25 from 13.75 million metric tons in 2018-19. 2. Enhancing aquaculture productivity to 5 tons per hectare from the current national average of 3 tons. 3. Augmenting domestic fish consumption from 5 kg to 12 kg per capita. Economic Value Addition - 1. Increasing contribution of the fisheries sector to the Agriculture GVA to about 9% by 2024-25 from 7.28% in 2018-19. 2. Doubling export earnings to ₹ 1,00,000 crores by 2024-25 from ₹ 46,589 crores in 2018-19. 3. Facilitating private investment and growth of entrepreneurship in the fisheries sector. 4. Reduction of post-harvest losses from the reported 20-25% to about 10%. Enhancing Income and Employment Generation - 1. Generating 55 lakh direct and indirect employment opportunities along the value chain. 2. Doubling the incomes of fishers and fish farmers."

"objective": "Section not found",

"benefits": "Financial assistance for fishing infrastructure: The scheme provides financial assistance to develop fishing infrastructure like fishing harbors, fish landing centers, fish markets, fish feed plants, fish seed farms, and fish processing units. Financial assistance for fish farmers: The scheme provides financial assistance to fish farmers for various activities like the construction of ponds, cages, hatcheries, and nurseries, and for the installation of aeration systems and other equipment. Assistance for fisheries management: The scheme provides financial assistance for the management of fishery resources through the adoption of scientific methods, setting up of fishery management plans, and developing fishery information systems. Credit-linked subsidy for fish farmers: The scheme provides a credit-linked subsidy for fish farmers to encourage them to take up fish farming as a business. Assistance for marketing and export of fish products: The scheme provides assistance for the development of cold chains, fish processing units, and packaging facilities to promote the export of fish products."

"eligibility": "1. Fishers. 2. Fish Farmers. 3. Fish Workers and Fish Vendors. 4. Fisheries Development Corporations. 5. Self Help Groups (SHGs)/joint Liability Groups (JLGs) in the Fisheries Sector. 6. Fisheries Cooperatives. 7. Fisheries Federations. 8. Entrepreneurs and Private Firms. 9. Fish Farmers Producer Organizations/companies (FFPOs/Cs). 10. SCs/STs/Women/Differently Abled Persons. 11. State Governments/UTs and Their Entities. 12. State Fisheries Development Boards (SFDB). 13. Central Government and Its Entities."

"exclusions": "Section not found",

"application_process": "OfflineFor the Centrally Sponsored Scheme Component of PMMSYThe Beneficiaries are required to submit their Self-Contained Proposal/Detailed Project Report (DPR) in accordance with the operational Guidelines of the PMMSY to the District Fisheries Officer, of their domicile district or the District of the respective States/Union Territories in which they intend to take up the fisheries development activities.For the Central Sector Scheme Component of PMMSYThe projects proposals in respect of the Central Sector Scheme Component of the PMMSY should be submitted to the Department of Fisheries, Government of India at the address mentioned below:The Secretary Department of FisheriesMinistry of Fisheries, Animal Husbandry, and DairyingGovernment of India Room No-221, Krishi BhawanNew Delhi - 110 001email: secy-fisheries@gov.inNOTE: For the manner of submission of proposals, the stakeholders (intended beneficiaries) are required to consult the District Fisheries Officer of the District of the respective States/Union Territories in which they intend to take up the fisheries development activities.",

"documents_required": "Aadhaar CardPAN CardBank Account Details:Business Registration CertificateProject ReportLand Documents: Documents such as land lease agreements, land ownership documents, or NOC from the landowner are required if the project requires land.Partnership Deed or Memorandum of Association (MOA)Note: The exact list of documents required may vary based on the nature and type of the project. It is advisable to check with the concerned authorities or the official PMMSY website for the complete list of documents required for the specific type of project and application process.",

"frequently_asked_questions": "What Is PMMSY?The PMMSY is an umbrella scheme with two separate components namely \n(a) Central Sector Scheme (CS) and (b) Centrally Sponsored Scheme (CSS). \nThe Centrally Sponsored Scheme (CSS) Component is further segregated \ninto Non-beneficiary oriented and beneficiary orientated sub\components/activities under the following three broad heads: \n(i) Enhancement of Production and Productivity\n(ii) Infrastructure and Post-Harvest Management\n(iii) Fisheries Management and Regulatory FrameworkWhat Is The Duration Of PMMSY Scheme?PMMSY will be implemented in all the States and Union Territories for a period of 5(five) \nyears from FY 2020-21 to FY 2024-25. What Is The Funding Pattern For Central Sector Scheme?(a) The entire project/unit cost will be borne by the Central government (i.e. 100% central funding).\n(b) Wherever direct beneficiary oriented i.e. individual/group activities are undertaken by the entities of central government including the National Fisheries Development Board (NFDB), the central assistance will be up to 40% of the unit/project cost for the General category and 60% for \nSC/ST/Women category.What Is The Funding Pattern For Non-Beneficiary Orientated Centrally Sponsored Scheme?The Non-beneficiary orientated sub-components/activities under CSS component to be implemented by the States/UTs, the entire project/unit cost will be shared between Centre and State as detailed below:\n(a) North Eastern & Himalayan States: 90% Central share and 10% State share.\n(b) Other States: 60% Central share and 40% State share.\n(c) Union Territories (with the legislature and without legislature): 100% Central share.What Is The Funding Pattern For Beneficiary-Orientated Centrally Sponsored Scheme?For the Beneficiary orientated i.e. individual/group activities sub-components/activities under CSS component to be implemented by the States/UTs, the Government financial assistance of both Centre and State/UTs governments together will be limited to 40% of the project/unit cost for General category and 60% of the project/unit cost for SC/ST/Women. The Government's financial assistance will in turn be shared between Centre and State/UTs in the following ratio:\n(a) The North Eastern & the Himalayan States: 90% Central share and 10% State share.\n(b) Other States: 60% Central share and 40% State share.\n(c) Union Territories (with the legislature and without legislature): 100% Central share (No UT Share). Which Are The End Implementing Agencies

(EIAs) In PMMSY?The PMMSY would be implemented through the following agencies:\n(i) Central Government and its entities including National Fisheries Development Board\n(ii) State/UT Governments and their entities\n(iii) State Fisheries Development Boards\n(iv) Any other End Implementing Agencies as decided by the Department of Fisheries Who Are All The Intended Beneficiaries Under PMMSY?The intended beneficiaries under the Pradhan Mantri Matsya Sampada Yojana are Fishers, Fish farmers, Fish workers and Fish vendors, Fisheries Development corporations, Self Help Groups (SHGs)/Joint Liability Groups (JLGs) in the fisheries sector, Fisheries cooperatives, Fisheries Federations, Entrepreneurs and private firms, Fish Farmers Producer Organizations/Companies (FFPOs/Cs), SCs/STs/Women/Differently abled persons, State Governments/UTs and their entities including State Fisheries Development Boards (SFDB) & Central Government and its entities.Where Do The Beneficiaries Have To Submit The Detailed Project Reports (DPRs)/Self-Contained Proposals For PMMSY Scheme?The beneficiaries have to submit Detailed Project Reports (DPRs)/Self-Contained Proposals to the respective District Fisheries Office.What Are The Sub-Components/Activities Covered Under The PMMSY Scheme?(i)Enhancement of Production and Productivity \n(ii) Infrastructure and Post-Harvest Management \n(iii) Fisheries Management and Regulatory FrameworkIf The Land Is On The Lease, How Many Years Of The Lease Is Necessary?In the case of leasing land for cultural activities, the minimum lease period should be 10 years from the date of submission of the DPR/SCP and the registered lease document should be included in the DPR/SCP.\nIn the case of schemes under the component "Aquatic Animal Health Management",\nthe lease period should be at least 7 (seven) years from the date of submission of SCP and the registered lease document shall be furnished with SCP. Whether Financial Assistance Will Be Given For The Purchase Of Land For Proposals Submitted Under PMMSY?NoCan We Apply The Same Proposal Under FIDF And PMMSY?No",

"title": "Pradhan Mantri Matsya Sampada Yojana (PMMSY-Inland): Stocking of fingerlings in reservoir - Gujarat",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmmsysfrguj>",

"details": "The Pradhan Mantri Matsya Sampada Yojana (PMMSY-Inland) with the component of the Stocking of fingerlings in reservoir (1000 fingerlings/ha) (3.0 lakh / 1 lakh fingerlings, introduced by the Agriculture, Farmers Welfare and Co-operation Department, Government of Gujarat, Through this scheme, various forms of assistance are provided for inland fisheries activities to individuals, societies, self-help groups, and other private entities. The scheme is implemented by the Commissioner of Fisheries of the State Governments, with 60% contribution from the Government of India and 40% from the Government of Gujarat.Objective: Increase fish production by rearing fish in reservoirs and provide employment to people involved in inland fisheries activities.Assistance is provided for accelerating inland fish farming activities in freshwater bodies, increasing inland fish production and boosting inland fisheries. Except for water bodies or ponds, in less land, less water, Biofloc with source as well, Recirculating Aquaculture System (RAS). By creating fish tanks with this method, more fish production can be obtained in less land and less water. If more beneficiaries get the benefit of the subsidy of this scheme, more fish production can be achieved with less water sources and less land.Inland fish production capacity can be increased by the establishment of freshwater hatcheries. ",

"objective": "Section not found",

"benefits": "Stocking of fingerlings in reservoirs: Assistance is provided for stocking 1,000 fingerlings per hectare. The unit cost of the fingerling is ₹3.00/- per piece. Assistance of 40% of the unit cost is given for the General category. Assistance of 60% of the unit cost is given for Women, Scheduled Caste, and Scheduled Tribe beneficiaries. Mode of Disbursement: The assistance is paid through a 60% contribution from the Government of India and a 40% contribution from the State Government. Frequency of Disbursement: The benefit of this component can be availed once in a lifetime.",

"eligibility": "The applicant must be an individual, society, self-help group, association, reservoir lease holder, or private entity involved in inland fisheries activities. The applicant must be above 18 years of age. The applicant must have their own bank account. The applicant must have their own private land or a minimum 10-year lease agreement for land to avail construction-related assistance on land. In case of co-owners, the consent form of co-owners must be submitted. The applicant must have a Voter ID/Ration Card/Aadhaar Card/Passport as proof of identity. Preference/Priority/Reservation/Relaxation: All categories (General, Women, Scheduled Caste, and Scheduled Tribe) will receive benefits under the Inland Schemes. Scheduled Caste and Scheduled Tribe beneficiaries are required to have a Scheduled Caste/Scheduled Tribe certificate to avail benefits under the inland components.",

"exclusions": "Section not found",

"application_process": "Online Registration Process: Step 1: The applicant may visit and apply online at the I-Khedut Portal. Step 2: Click on 'Login' from the top right-hand side, then click on \"Beneficiary Registration\" and select any one from the 'Farmer' or 'Institutional' or 'Except For the Farmer' as the Beneficiary Type. Step 3: Enter the 'Company Name' and Address if you have selected 'Institutional' or 'Except For the Farmer' as the Beneficiary Type. And for all select the District, Taluka, and Village, choose 'what type of account holder you are?', enter your Account Number and Name, solve the Captcha, and click 'Save and Next'. Step 4: Enter your Mobile Number and E-mail address, click 'Send OTP', enter the received OTP, create and confirm a Password, solve the Captcha, and click 'Submit'. Login Process: Step 1: The applicant may visit and apply online at the I-Khedut Portal. Step 2: Click on 'Login' from the top right-hand side of the homepage. On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'. Step 3: Now select the scheme, click on the 'Apply' button, and an application page will open. Step 4: Click on the \"Apply New\" button and submit a new application. Step 5: Click on the \"Update Application\" button to add corrections to the application. Step 6: Once the application is done, confirm it. Step 7: Take a printout of the confirmed application. Contact Us: Click here.",

"documents_required": "Voter ID/Ration Card/Aadhaar Card/Passport (as proof of identity). Bank Account Details. Land Ownership Documents (if applicant has own private land). Lease Agreement (minimum 10 years, if applicable). Consent Form of Co-owners (in case of co-owned land). Scheduled Caste/Scheduled Tribe Certificate (for Scheduled Caste and Scheduled Tribe beneficiaries).",

"frequently_asked_questions": "Who all are eligible to apply for the benefits under this scheme? Individuals, societies, self-help groups, associations, reservoir lease holders, and private entities involved in inland fisheries activities can take advantage of the components of this scheme. What is the minimum age required to be eligible for this scheme? An applicant must be above 18 years of age to be eligible to apply for the benefits. Do I need to own the land to receive construction-related assistance? To avail of assistance for construction, you must have either your own private land or a land lease agreement for a minimum of 10 years. What if the land I want to use for the project is co-owned by others? If the land is co-owned, you must submit a consent form from all the co-owners to be eligible for the assistance. How

much assistance will I get for stocking fingerlings in a reservoir?For stocking fingerlings, you will receive assistance of 40% of the unit cost if you are in the general category, and 60% if you are a woman, or belong to the SC or ST category.How is the assistance amount for stocking fingerlings distributed between the government and me?The assistance is paid through a 60% contribution from the Government of India and a 40% contribution from the State Government.What is the maximum number of fingerlings that can be stocked per hectare under this component?The standard of assistance for stocking fingerlings in reservoirs is 1,000 fingerlings per hectare.How does this scheme help in increasing fish production?The scheme increases fish production by supporting activities like rearing fish in reservoirs, accelerating inland fish farming in freshwater bodies, and establishing freshwater hatcheries.What documents are accepted as proof of identity for the application?You can use a Voter ID, Ration Card, Aadhar Card, or Passport as a valid proof of identity for the application."

"title": "Price Support Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/pss",

"details": "The Price Support Scheme (PSS) is being implemented by the Government of India in the state. Main crops of the state like Bajra, Jowar, Maize, Paddy, Cotton, Tur, Moong, Urad, Groundnut, Sesamum Wheat, Gram, Mustard, and Sugarcane etc. are covered. The Department of Agriculture & Cooperation implements the PSS for procurement of oil seeds, pulses and cotton, through NAFED which is the Central nodal agency, at the MSP declared by the government. NAFED undertakes procurement as and when prices fall below the MSP. Procurement under PSS is continued till prices stabilize at or above the MSP. Assurance of a remunerative and stable price environment for growers/farmers is very important for increasing agricultural production and productivity. The market price for agricultural produce many times tends to be unstable and volatile which may result into undue losses to the growers and discourage adoption of the modern technology and required inputs. The Government's price policy for agricultural commodities strives to ensure profitable prices to the growers with a vision of encouraging higher investment and production. This leads to safeguarding the consumer interest by making available supplies at reasonable prices with low cost of intermediation. Moreover, the price policy aims at changing a balance and integrated price structure with respect to the overall needs of the economy. Let us take a look at the Price Support Scheme, an initiative taken by the Government to ensure a productive environment for farmers.",

"objective": "Section not found",

"benefits": "1)\tWhen prices of commodities fall below the MSP, State and central notified procurement nodal agencies purchase commodities directly from the farmers at MSP, Under specified FAQ (fair Average Quality). 2)\tIn this way prices of the main commodities are procured and protect the farmers against the economic loss in farming. 3)\tPrice supports cause larger production and smaller consumption (since consumers will buy less of any good as its price rises), resulting in overproduction at the support price.",

"eligibility": "1)\tFarmers get the benefit of the scheme by selling their produce at support price in APMC centers opened by the Nodal procurement agency. 2)\tFarmers belong to Assam State. 3)\tGovernment employees are not allowed to apply to the scheme.",

"exclusions": "Section not found",

"application_process": "OfflineDownload the application form for the Price Support Scheme official website. Fill in the required details accurately and completely. Attach supporting documentSubmit the application by visiting the designated government office. After submitting the application, it's advisable to follow up with the concerned department or officials to track the progress of your application. They can provide information on the verification process, any additional requirements, or the status of your application. If your application is approved, you will be eligible to receive the price support as per the

scheme's guidelines. The support may be provided through various means, such as direct bank transfers or procurement centers.",

"documents_required": "The State/UT Governments shall also notify all land revenue documents which are required to prove the genuineness of the farmers and required to produce before the procuring agencies. Identification proof Land documents Bank account details Agricultural documents Income certificate Photographs",

"frequently_asked_questions": "What Happens When Prices Of Commodities Fall Below The MSP? When prices of commodities fall below the MSP, State and central notified procurement nodal agencies purchase commodities directly from the farmers at MSP, Under specified FAQ (fair Average Quality). \n\n How Does This Scheme Protect The Farmer? Prices of the main commodities are procured and protect the farmers against the economical loss in farming. \n\n Who Can Avail This Scheme? Farmers of the Assam State. \n\n Why Is Price Support Important? Price supports cause larger production and smaller consumption (since consumers will buy less of any good as its price rises), resulting in overproduction at the support price. \n\n How The Farmer Can Get This Scheme Benefit? Farmers get benefit of the scheme by selling their produce at support price in APMC centers opened by Nodal procurement agency. \n\n How To Apply For This Scheme? Download the form from Price Support Scheme official website. Fill the details and submit the form. Which documents are needed to apply for this scheme? Identification proof \n\n Land documents \n\n Bank account details \n\n Agricultural documents \n\n Income certificate \n\n Photographs",

"title": "Promotion Of Intensive Aquaculture Through Introduction Of Bio-floc Technology During The Year 2021-22",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/piatibft>",

"details": "The government of Odisha introduced Bio-floc-based farming and aims to promote sustainable intensification of freshwater fish and brackish water shrimp farming for boosting productivity and generating high income in a limited area and during the current 5000 nos. of Bio-floc tanks will be developed under this program with subsidy support under the state plan. The objective of the program are:- To promote high-yielding intensive fish farming in small areas using Bio-floc technology. To encourage farmers, entrepreneurs, and unemployed youth into income generation through a small-scale Bio-floc farming system. SCHEME SUBSIDY : The total outlay under the said program is Rs.2525.00 lakh. The unit cost different models.Subsidy assistance is @40% of the unit cost for the General Category and @60% of the Unit Cost for the SC / ST / Women Category. The subsidy amount shall be released to the Aadhaar linked Bank Account of the beneficiary in two phases. 40% of the subsidy shall be released after the installation of the Bio-floc unit. Rest 60% back-ended subsidy shall be released after the completion of the project. The beneficiary shall construct the Bio-floc unit as per the minimum design and specification shown in the above

tables. Items from Sl. No. 3 to 6 in the tables are optional. · Details of the 4 Tanks Model and 6 Tanks Model are given in the Guidelines of the Scheme.",

"objective": "Section not found",

"benefits": "Increased Productivity: The adoption of bio-floc technology in aquaculture can lead to increased productivity by maintaining optimal water quality conditions. The technology helps in controlling water parameters such as dissolved oxygen, ammonia, and nitrate levels, thereby creating a conducive environment for fish and shrimp growth. Water Conservation: Bio-floc technology promotes water conservation by minimizing the need for water exchange in aquaculture systems. The microbial communities formed in bio-floc tanks help in recycling nutrients and reducing water wastage, making it a sustainable approach to aquaculture. Cost Reduction: By reducing the dependence on water exchange and minimizing the usage of artificial feeds, the adoption of bio-floc technology can potentially lead to cost savings for fish and shrimp farmers. This can contribute to the economic viability of aquaculture operations. Environmental Sustainability: The implementation of bio-floc technology aligns with the goal of environmental sustainability in aquaculture. The technology reduces the release of effluents into natural water bodies, mitigating the potential negative impacts on the environment. Skill Development and Capacity Building: The initiative may include training and capacity-building programs for farmers, providing them with knowledge and skills related to bio-floc technology and its application in aquaculture. This can empower farmers with the necessary expertise to adopt and adapt to modern aquaculture practices.",

"eligibility": "Farmers interested to take up grow-out tanks, nurseries, and seed tanks; fish and shrimp hatchery operators; private entrepreneurs; unemployed youth are eligible to avail of the assistance under this scheme. Priority will be given to unemployed educated youth since Bio-floc farming involves advanced technology, and the beneficiary has to undergo specialized training on Bio-floc systems, before the operation of the unit. The eligible brackish water shrimp farms/ nursery and seed tanks/ hatchery beneficiaries must have a concerned license from Coastal Aquaculture Authority. The support will be in the form of back-ended assistance for the installation of a Bio-floc system inside a shed with PVC/ brick masonry tanks, water supply, drain, and aeration units. The assistance under the special package will be available to the above categories of beneficiaries with a minimum of 2 tanks and a maximum of 6 tanks. If a beneficiary has availed subsidy earlier for installation of Bio-floc unit under different schemes of Government of India and State Government, for less than 6 nos. of tanks, He/ She shall also be eligible to avail further subsidy under this scheme. However, in such cases, the subsidy shall be limited to a maximum of 6 tanks which will include the installation of tanks earlier",

"exclusions": "Section not found",

"application_process": "Online Step 1: Visit the official website of the Fisheries & Animal Resources Development Department. "frequently_asked_questions": "What is the objective of the \"Promotion of Intensive Aquaculture through Introduction of Bio-floc Technology\" initiative by the government of Odisha?The objective of the \"Promotion of Intensive Aquaculture through Introduction of Bio-floc Technology\" initiative by the government of Odisha is to promote and enhance aquaculture practices through the introduction of bio-floc technology. The initiative aims to encourage the adoption of sustainable and intensive aquaculture methods using bio-floc technology, which utilizes microbial communities to maintain water quality and support high-density fish and shrimp farming.What is bio-floc technology, and how does it benefit aquaculture practices?Bio-floc technology is a sustainable aquaculture approach that utilizes microbial communities called bio-flocs to improve water quality and enhance productivity in aquaculture systems. In this technique, a carbon source, typically in the form of organic matter or carbohydrate-based feed, is provided to stimulate the growth of beneficial microorganisms. These microorganisms form clusters or aggregates called bio-flocs, which consist of bacteria, protozoa, and other microorganisms.Who is eligible to participate in the initiative?Farmers or individuals engaged in aquaculture activities. Fish or shrimp farmers in specific geographical areas or regions within Odisha. Ownership status of the aquaculture farms (individuals, cooperatives, self-help groups, etc.). Farm size or production capacity. Compliance with any specific requirements or regulations related to aquaculture practices.Is the application process online or offline?The application process for the \"Promotion Of Intensive Aquaculture Through Introduction Of Bio-Floc Technology\" Initiative By The Government Of Odisha is Online.",

On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'. Step 3: Now select the scheme, click on the 'Apply' button, and an application page will open. Step 4: Click on the \"Apply New\" button and submit a new application. Step 5: Click on the \"Update Application\" button to add corrections to the application. Step 6: Once the application is done, confirm it. Step 7: Take a printout of the confirmed application. Contact Us: Click here.",

"documents_required": "7/12 Certificate. Aadhar Card. Bank Pass Book/Cancelled Cheque.",

"frequently_asked_questions": "What is the main purpose of the scheme \"Promotion of Organic Farming under State Organic Policy\"? The main purpose of the scheme \"Promotion of Organic Farming under State Organic Policy\" is to encourage farmers in Gujarat to adopt organic farming practices by providing them with financial assistance for organic certification, registration, transportation, and organic input costs in order to promote sustainable agriculture and reduce the dependency on chemical-based farming. Who is eligible to apply under the scheme \"Promotion of Organic Farming under State Organic Policy\"? Any individual engaged in farming and residing in Gujarat, who wishes to pursue or is already practicing organic farming, is eligible to apply under the scheme \"Promotion of Organic Farming under State Organic Policy\", provided they fulfill basic requirements such as possessing land records and registering on the iKhedut portal. What type of financial assistance is provided under the scheme \"Promotion of Organic Farming under State Organic Policy\"? Under the scheme \"Promotion of Organic Farming under State Organic Policy\", farmers receive up to 75% assistance for certification through the Gujarat Organic Products Certification Agency (GOPCA), 50% assistance for registration, certification, and transportation through APEDA-approved agencies, and input assistance of ₹5,000/- per hectare to support organic cultivation. Is there any upper limit on the assistance provided under the scheme \"Promotion of Organic Farming under State Organic Policy\"? Yes, under the scheme \"Promotion of Organic Farming under State Organic Policy\", the maximum assistance available for certification is capped at ₹2,000/- per hectare, while the input assistance is limited to ₹5,000 per hectare, ensuring that the support is fairly distributed among eligible farmers. Is the scheme applicable to all districts of Gujarat? Yes, the scheme \"Promotion of Organic Farming under State Organic Policy\" is applicable across the entire state of Gujarat, thereby allowing all eligible farmers from different regions of the state to benefit from the support offered under this initiative. Is there any cost associated with applying under the scheme \"Promotion of Organic Farming under State Organic Policy\"? There is no cost associated with applying for the scheme \"Promotion of

Organic Farming under State Organic Policy\", as the application process is completely free and can be carried out online through the government's official portal. Can individuals from outside Gujarat apply for this scheme? No, individuals who are not residents of Gujarat are not eligible to apply for the scheme, as the scheme is exclusively for residents of the state. Are there any income restrictions for applying to this scheme? There are no income restrictions or income limits imposed under the scheme. Individuals from all economic backgrounds may apply. What are the steps to apply for the scheme \"Promotion of Organic Farming under State Organic Policy\"? To apply for the \"Promotion of Organic Farming under State Organic Policy,\" the applicant must visit the iKhedut portal, fill out the online application form, upload the required documents, and submit the form. What documents are required to apply for the scheme \"Promotion of Organic Farming under State Organic Policy\"? To apply for the scheme \"Promotion of Organic Farming under State Organic Policy\", a farmer must submit key documents such as the 7/12 Land Certificate, Aadhaar Card, Bank Pass Book or a cancelled cheque, and, in applicable cases, certification documents from GOPCA or APEDA-approved agencies.\"

"title": "RKVY Soil Health and Fertility - Soil Health Card",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/rkvyshfshc>",

"details": "SHC can be downloaded by the farmers from the SHC portal or through SMS link received on mobile. It will contain the status of his soil with respect to 12 parameters, namely N,P,K, S (Macro-nutrients); Zn, Fe, Cu, Mn, Bo (Micro - nutrients) ; and pH, EC, OC. Based on this, the SHC will also indicate fertilizer recommendations and soil amendment required for the farm.ComponentRateSoil sampling, testing, and generation of SHCRs 300 per SHC (Rs 40 for soil collection + Rs 150 for testing (analysing soil samples + cost of chemical) + Rs. 110 for awarenessThe key objectives of the scheme are as follows:•\tTo promote soil test based nutrient management across the country•\tTo issue soil health cards to all farmers across the country•\tStrengthen the functioning of soil testing laboratories and associated infrastructure•\tCapacity building of district and state level staff for promotion of nutrient management practices•\tTo

diagnose soil fertility related constraints with standardized procedures for sampling uniformly across states; and analyse and design fertilizer recommendations.",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits:1)\tProvide free / affordable access to soil test2)\tProvide farmers with timely and accurate soil analysis results3)\tFacilitate customized soil nutrient recommendations based on test results4)\tEnable farmers to optimize their fertiliser use and minimise input costs, and hence avoid under- or over- application of fertiliser",

"eligibility": "The scheme is applicable for all farmers in India.",

"exclusions": "Section not found",

"application_process": "OfflineStep 01: Farmer approaches a District Agriculture Officer / Block Agriculture Officer for soil testing and generation of a SHC.Step 02: The concerned officer shall initiate the process for the concerned farmer wherein they assess whether the applicant's district / village falls under State Annual Action Plan for generation of SHC.Step 03: Agent visits the farmer and collects farmer details, land details and geo-tags the land through mobile app and takes a sample of the soil for testingStep 04: The soil is tested on set parameters and a Soil Health report is generated for the farmer's landStep 05: The report contains results as well as recommendations on suitable crops for the soil type, and the quantity and type of fertiliser to be used. ",

"documents_required": "The documents may vary for each state. It is recommended to consult with the relevant authorities for detailed information.",

"frequently_asked_questions": "Is there a fee for getting the soil tested?No. The entire application process is completely free of cost under this scheme. Can I get my soil tested for other parameters than mentioned in the scheme?No.How are the recommendations arrived at?Recommendations are based on GFR developed by State Agriculture Universities.Can any farmer apply for a soil health card?Yes, any farmer can apply for a soil health card for his/her land, through District Agriculture Office.How to apply for the scheme?For generation of SHC, farmer should reach out to the District / State Nodal officer if he/she wants to get soil testing done for free. Agent visits the farmer and collects farmer details, land details and geo-tags the land through mobile app and generates a QR code (which carries information on farmer and land). The soil is taken to a STL where it is tested on 12 parameters. The SHC is generated after soil test on portal. The SHC gives crop recommendations and fertiliser recommendations (which crop should be grown on this soil type and how much and which fertiliser is best suited).What are the documents required for the scheme?The documents may vary for each state. It is recommended to consult with the relevant authorities for detailed information.",

"title": "RKVY Soil Health and Fertility Village level Soil Testing Lab",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/rkvyshfvlstl",

"details": "Village level labs can be set up by rural youth, village-level entrepreneurs, including SHGs set up under The Rural Awareness Works Experience (RAWES) programme, Krishi Sakshis, students of government schools, and agriculture graduates from SAUs, PACS, etc. The labs should be operated by local youth. Under the scheme, a one-time financial assistance of Rs 1.5 lakh will be given for establishment of VLSTL.S. No, Component Cost (Rs. lakhs) 1 Soil testing with reagents & sample shaker machine with machine and AMC for one year 1.00 2 Distilled water, pH meter, Conductivity meter, Electronic balance, Glass-ware, filter-papers, and other need-based consumables 0.50 Total 1.50 Payment to VLSTLs will be made through DBT mode (provision is to be done by state). The key objectives of the Mission are as follows: • Provide easy access to soil testing facilities for farmers at the grassroot level, and offer affordable soil testing to farmers without the need for traveling long distances. • Provide farmers with timely and accurate soil analysis results to enable them to make informed decision regarding fertiliser application and soil management practices. • Facilitate customized soil nutrient recommendations based on test results • Increase farmers' awareness about soil health and the importance of soil testing. • Enable farmers to optimize their fertiliser use and minimise input costs, and hence avoid under- or over- application • Facilitate long-term soil health monitoring and planning • Enable collection of soil data at local level. This data may be used for conducting studies, formulating policies, developing region-specific agricultural interventions. • Increase employment at village level • Strengthen soil testing laboratories in the country",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits: 1) Provide affordable access to soil test 2) Provide farmers with timely and accurate soil analysis results 3) Facilitate customized soil nutrient recommendations based on test results 4) Enable farmers to optimize their fertiliser use and minimise input costs, and hence avoid under- or over- application 5) Increase awareness among farmers regarding soil health and importance of soil testing 6) Aid data gathering and enable decision-making region-specific policy formulation 7) Accelerate employment generation among rural youth 8) Strengthen soil testing infrastructure in the country",

"eligibility": "1) The Age of the applicant should be between 18 to 27 years 2) The Educational Qualification of the applicant should be 10th pass with science and knowledge of computer 3) The applicant / entrepreneur group should have their own premises / rented building with lease agreement for atleast four years.",

"exclusions": "Section not found",

"application_process": "Offline Step 01: Identification of individual beneficiary i.e. village level young entrepreneur and community based beneficiaries i.e., PACS, SHGs, School, Agriculture University, etc., in a transparent and time-bound manner Step 02: Identification of premises for establishment of VLSTL Step 03: Verification of proof of procure land equipment / inputs. Step 04: SLEC will finalise the entrepreneur's proposals received from the District Level Executive Committee (DLEC). The entire procedure will take maximum one month. Step 05: State government will release financial assistance to entrepreneurs within a week after approval of application Step 06: Entrepreneurs after receiving fund will submit receipts of procurement of lab equipment, consumables, etc. to DLEC within 15 days",

"documents_required": "1) Aadhaar number 2) Land documents 3) Bank details 4) Photographs The specific documents for availing the benefits of the program may vary depending on the type of intervention

and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"frequently_asked_questions": "Will necessary training be provided to entrepreneur after setting up VLSTL?Yes, training programme will be organised by state government and manufacturer for beneficiary entrepreneur. Training will include topics such as how to collect sample using mobile application, sampling methodology, how to run tests, maintenance of machines, how to use consumables, and how to generate Soil Health Cards using test results through SHC portal. How will awareness be generated among farmers regarding SHC?Entrepreneurs will be trained for awareness generation of farmers about fertiliser use and crop recommendation based on Soil health Card.On what basis will VLSTL provide recommendations?VLSTL will generate customised soil nutrient recommendations based on analysis results. By considering the specific nutrient requirements of different crops and the nutrient levels in the soil, these labs provide farmers with recommendations for fertiliser application.Are there any additional incentives for certain genders, or certain caste/minority farmers?No, the scheme treats all farmers as equal,Can village level STLs be set up by SHGs?Yes, VLSTLs can be set up by SHGs under The Rural Awareness Works Experience (RAWEX) programme, Krishi Sakhis, students of government schools, and agriculture graduates from SAUs, PACS, etc. The labs should be operated by local youth.Is there a minimum education requirement for the entrepreneur setting up the VLSTL?Yes, the applicant should be 10th pass with science and knowledge of computerHow much time will the approval from SLEC take?SLEC will finalise the entrepreneur's proposals received from the District Level Executive Committee (DLEC). The entire procedure will take maximum one month.Post approval from SLEC, how much time will it take for release of funds?State government will release financial assistance to entrepreneurs within a week after approval of applicationWhen should the entrepreneur submit bills/receipts of procurement?Entrepreneurs after receiving fund will submit receipts of procurement of lab equipment, consumables, etc. to DLEC within 15 days",

"title": "Rainfed Area Development",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/rad",

"details": "Rainfed Area Development (RAD) scheme was launched in 2014-15 to mainstream development of rainfed areas in a sustainable manner. It adopts an area-based approach, focuses on Integrated Farming System (IFS) for enhancing productivity and minimizing risks associated with climatic variability. Under this system, crops/ cropping system is integrated with activities like horticulture, livestock, fishery, agro-forestry, apiculture etc. to enable farmers not only in maximizing farm returns for sustaining livelihood, but also to mitigate the impacts of drought, flood or other extreme weather events with the income opportunity from allied activities during crop damage.Programmatic interventions as per land capability and conducive to climatic parameters for ensuring integrated development through dissemination and adoption of rainfed technologies with greater reach in disadvantaged areas & location specific planning by way of coordination, convergence and leveraging investments from other Schemes/Missions like

MGNREGA, PMKSY-WDC, RKVY, National Food Security Mission(NFSM), Mission for Integrated Development of Horticulture (MIDH), Sub Mission on Agricultural Extension (SMAE), etc. It lays emphasis on integrating various components of agriculture such as agriculture, horticulture, fishery, animal husbandry, apiculture, agro forestry, mushrooms, vermi composting, etc. to increase farm production by promoting synergies and reduce impact of adverse climatic conditions. Sustainable agricultural practices such as soil testing based nutrient management, resource conservation, use of indigenous seeds and crop selection based on agro climatic conditions are promoted. A financial assistance of up to Rs. 30,000/- per family can be given for adoption of integrated farming systems. A cluster of 100 hectare or more (contiguous or non-contiguous in difficult terrain with close proximity in a village/adjoining villages) may be adopted to derive noticeable impact of convergence and encourage local participation and for future replication of the model in larger areas. Supplementary support from this component will be admissible for gap-filling resource conservation activities under converging programmes. RAD clusters should have soil analysis/soil health card/soil survey maps to justify the interventions proposed and at least 25% of the farming system area will have to be covered under On Farm Water Management. Farming Systems recommended by ICAR's Contingency Plans and successful findings of NICRA projects shall also be considered in development of integrated project plan. Besides, creation and development of common property resources/assets/utilities like extensive livestock systems, protective irrigation infrastructure, grain bank, biomass shredders, fodder bank, group marketing etc. will be encouraged under this component. The key objectives of the Mission are as follows: •\tTo undertake location specific and landscape-based approach to dry-land areas to ensure natural resources conservation and sustainable use, strengthening of agriculture production systems and livelihood development through integration/convergence of schemes in an area-based approach. •\tTo make agriculture more productive, sustainable, remunerative and climate resilient by promoting location specific Integrated/Composite Farming Systems. •\tTo conserve natural resources through appropriate soil and moisture conservation measures. •\tTo develop capacity of farmers and stakeholders in conjunction with other ongoing Missions such as National Food and Nutrition Security Mission, National Initiative for Climate Resilient Agriculture (NICRA) etc., in the domain of climate change adaptation measures. •\tTo improve the productivity of rainfed farming by mainstreaming rainfed technologies refined under All India Coordinated Research Project on Dry land Agriculture (AICRPDA-NICRA) and by leveraging resources/provisions made under other Schemes/Missions like Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS), PMKSY-WDC, NFNSM, RKVY, Krishonnati Yojana, SMAE, National Mission on Natural Farming etc.",

"objective": "Section not found",

"benefits": "The scheme targets to provide following benefits: 1)\tEnhanced agriculture productivity and overall remuneration in the rainfed areas. 2)\tRisk mitigation against climatic stress such as droughts and heat stress and crop failure. 3)\tConservation of natural resources by soil fertility conservation, rainwater management, increased, etc. 4)\tCapacity building of farmers in the domain of improved agronomic practices & climate change mitigation. 5)\tExtensive support for Extensive Livestock Systems (health care, breeding, drinking water, fodder in commons, etc.) 6)\tIntegrated value chain support systems to realize growth potential in pulses, millets and oilseeds-based farming production systems including infrastructure and processing facilities – focus on local markets. 7)\tMonetary support of Rs. 30,000/- per family for adoption of integrated farming systems.",

"eligibility": "All farmers are eligible under the scheme.",

"exclusions": "Section not found",

"application_process": "OfflineStep 01: Interested beneficiaries can get in touch with the District / Block Agriculture Officer to enquire about village/cluster's eligibility for the scheme.Step 02: If found eligible, the proposal will be forwarded to the State Level Sanctioning Committee (SLSC) chaired by Chief Secretary for consideration.Step 03: Based on the approval of the SLSC, the project will be rolled out by the state government or state government appointed Project Promoter / Implementing agency.",

"documents_required": "1)\tAadhar Number2)\tLand Documents3)\tBank Details4)\tPhotographsThe specific documents for availing the benefits of the program may vary depending on the type of intervention and the state. It is recommended to consult with the relevant authorities for detailed information on documents to be submitted.",

"frequently_asked_questions": "What is the type of assistance provided in the scheme?A financial assistance of up to Rs. 30,000/- per family can be given for adoption of integrated farming systems such as cultivating crops along with trees (agro forestry or horticulture) or undertaking at least any two activities out of fishery, apiculture, silage making & vermicomposting.What is the maximum limit for the monetary assistance?A\tmonetary support of Rs. 30,000/- per family for adoption of integrated farming systems. This amount is over and above any other assistance availed by other complimenting schemes such as WDC-PMKSY, MGNREGA, NFNSM, other components of RKVY, National Mission on Edible Oil-Oilseeds (NMEOS), Mission for Integrated Development of Horticulture (MIDH), National Mission on Natural Farming, Sub Mission on Agricultural Extension(SMAE) etc. through convergence.Does the financial assistance vary according to the farmer's landholding?The amount of assistance shall be uniform for all farmers irrespective of the size of their land holding. Credit support, if required, may be arranged to meet the balanceWho can avail benefits of this scheme?All the farmers of the State & Union Territory are eligible to take the benefits of this scheme.What activities are eligible for assistance under the scheme? Integrated farming systems or combination of at least any two activities out of fishery, apiculture, silage making & vermicomposting.Can I avail benefits under RAD scheme if I am already a beneficiary of PMKSY-WDC scheme?Yes, you can avail, benefits under RAD are over and above PMKSY-WDC and other complimenting schemes of RKVY.Is there any application fee?No. The entire application process is completely free of cost.What documents are required for application?Once the cluster is identified by the state government for scheme implementation, they may ask for KYC documents (Aadhar, Voter Id, etc.), bank account details, photographs, land documents/ownership proofs and any other document on case to case basis.",

"title": "Rashtriya Gram Swaraj Abhiyan",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/rgsa>",

"details": "Rashtriya Gram Swaraj Abhiyan (RGSA) was launched on 24th April 2018 'National Panchayat Day' by the Hon'ble Prime Minister, an umbrella scheme of the Ministry of Panchayati Raj, Govt. of India. It is a unique scheme proposed to develop and strengthen the Panchayati Raj System across India in rural areas. The scheme of RGSA aims to strengthen the capacities of institutions for rural local governance to become more responsive towards local development needs, prepare participatory plans leveraging technology, and efficiently utilize available resources for realizing sustainable solutions to local problems linked to SDGs. RGSA is proposed to be implemented as a core Centrally Sponsored Scheme (CSS) for four years viz., from 2018-19 to 2021-22 with State and Central shares. The sharing ratio for the State components will be in the ratio of 60:40 except for NE and Hilly States where the Central and State Ratios will be 90:10. Objectives Develop governance capabilities of Panchayati Raj Institutions (PRIs) to deliver on the Sustainable Development Goals (SDGs). Enhance capabilities of Panchayats for inclusive local governance with a focus on optimum utilization of available resources and convergence with other schemes to address issues of national importance. Enhance the capabilities of Panchayats to raise their own sources of revenue. Strengthen Gram Sabhas to function effectively as the basic forum of people's participation, transparency and accountability within the Panchayat system. Promote devolution of powers and responsibilities to Panchayats according to the spirit of the Constitution and PESA Act 1996. Develop a network of institutions of excellence to support capacity building and handholding for PRIs. Strengthen institutions for capacity enhancement of PRIs at various levels and enable them to achieve adequate quality standards in infrastructure, facilities, human resources, and outcome-based training. Promote e-governance and other technology-driven solutions to enable good governance in Panchayats for administrative efficiency and improved service delivery. Recognize and incentivize PRIs based on performance.",

"objective": "Section not found",

"benefits": "Capacity Building and Training (CB&T). Gram Panchayat Infrastructure. Use of IT for Distance Learning & for e-Enablement of Panchayats. Institutional Support for Innovations. Gap-Filling Support of Economic Development & Income Enhancement. Technical Support including Human Resources (HR) based on Identified Gaps. Handholding Support by Academic Institutions/ Institutions of Excellence to GPs for Gram Panchayat Development Plan (GPDP) Formulation. Adequate Manpower at GP Level & to provide support for Technical Manpower. e-enablement of Panchayats for e-governance to enhance efficiency and transparency with thrust on Panchayat Enterprise Suite (PES) Applications developed by the Ministry. Electronic Fund Transfer (EFT), Public Finance Management System (PFMS), use and Geotagging of assets in Gram Panchayats.",

"eligibility": "Panchayati Raj Institutions of all the States/UTs are eligible. Including the institutions of rural local government in non-part IX areas, where Panchayats do not exist. The essential conditions to be fulfilled by States and Union Territories to access RGSA funds are - Regular conduct of elections to Panchayats or local rural bodies in non-Part IX areas. Not less than one third reservation for women in Panchayats. Constitution of SFC every five years, and placement of Action Taken Report (ATR) on the recommendations of the SFC in the State legislature. Constitution of District Planning Committees (DPCs) in all districts and issuing of Guidelines/rules to make these functional. Preparation and submission of detailed annual State Capacity Building Plan for PRIs to MoPR. Wherever, possible/ feasible Co-location of Common Service Centres (CSCs) with the Gram Panchayat buildings. Mapping of functional CSCs co-located within GP buildings be done as a first step. MoPR will coordinate with concerned Ministry/ States in co-locating CSCs in GP buildings.",

"title": "Rearing Pond Construction Scheme",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/rpcs>",

"details": "The \"Rearing Tank Construction Scheme\" by the Department of Agriculture, Animal Husbandry, and Cooperation (Fisheries Division), Government of Jharkhand, aims to support private-sector fish farming by constructing rearing tanks for sustainable fish production. Under this scheme, financial assistance is provided to beneficiaries for the construction of rearing ponds with a minimum water area of one acre.",

"objective": "Section not found",

"benefits": "Financial Assistance:SC/ST beneficiaries receive up to 80% of the total cost (maximum ₹4,00,000/-).Other categories receive up to 70% (maximum ₹3,50,000/-).Pond Construction Support: Assistance for constructing one-acre rearing ponds using machinery.Mode of Disbursement: Direct Benefit Transfer (DBT) to beneficiaries' bank accounts.Installments:First installment: ₹1,00,000 after one to two feet of excavation.Second installment: ₹2,00,000 after three feet of excavation.Remaining funds after full excavation and dressing verification.",

"eligibility": "The applicant should be a fisherman.The applicant whose proposed land is near their residence, consisting of one, two, or three plots of \"don\" land. The applicant should be engaged in fish farming or have constructed a fish seed hatchery with a departmental subsidy.The land proposed for pond construction must be undisputed. At least 130 decimals of land are required for a 100 decimal water area.

For larger ponds, the ratio of water area to total land should be at least 1:1.3. The proposed land must not be mortgaged against any bank loan. The applicant must have valid possession of the proposed land and provide the necessary documentation. The applicant should be financially capable of contributing their share of the pond construction costs.",

"exclusions": "Section not found",

"application_process": "Offline Notification & Advertisement: Applications are invited through newspaper advertisements and single-window systems. Application Submission: Applicants submit their proposals with necessary land documents and proof of experience in fish farming to District Fisheries Officers. Selection Process: District councils shortlist candidates based on eligibility and land verification. Approval & Funding: Selected beneficiaries sign an agreement with the department before funds are transferred in installments. Construction & Monitoring: Ponds are constructed under technical supervision, with geo-tagging and periodic inspections.",

"documents_required": "Land Ownership Certificate or Lease Agreement No-Objection Certificate (NOC) for land use Bank Account Details Caste Certificate (for SC/ST applicants) Aadhaar Card Proof of past fish farming activities (if applicable)",

"frequently_asked_questions": "What is the financial assistance provided under this scheme? SC/ST beneficiaries receive up to 80% assistance (maximum ₹4,00,000), while others receive up to 70% (maximum ₹3,50,000) for constructing rearing ponds. What is the size requirement for pond construction? The minimum required size is one acre of water area with a land-to-water ratio of at least 1:1.3. How will the funds be disbursed? Funds are disbursed in three installments via Direct Benefit Transfer (DBT) based on excavation progress and verification. Is prior experience in fish farming mandatory? Priority is given to those with prior fish farming experience or those who have constructed hatcheries with government assistance. \n\n Can I apply if I do not own land but have leased land? Yes, applicants with leased land can apply, provided they submit a valid lease agreement and NOC from the landowner. What happens if the pond is not constructed within the stipulated time? Failure to complete construction as per guidelines may lead to cancellation of funding, and applicants may be blacklisted from future schemes. Where can I apply for the Scheme? Applications can be submitted through the district fisheries office or single-window online application portals when the scheme is open. What documents are required for application? Applicants need to submit land documents, identity proof, caste certificate (if applicable), bank details, and past fish farming experience proof. How can I check the status of my application? Applicants can check their application status through the district fisheries office or online tracking system provided by the government. For further details, visit the official website: [www.jharkhandfisheries.org](http://jharkhandfisheries.org). \n\n Can I construct a pond larger than one acre? Yes, but the government assistance is capped at one acre. Additional costs for larger ponds must be borne by the applicant. What technical support is provided under the scheme? District Fisheries Officers provide guidance on pond construction, water management, and sustainable fish farming techniques.",

"title": "SVAMITVA Yojana (Survey of Villages and Mapping with Improvised Technology in Village Areas)",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/pmsy>",

"details": "SVAMITVA, a Central Sector scheme of the Ministry of Panchayati Raj provides a 'Record of Rights' to village household owners with the issuance of legal ownership cards (Property cards/Title deeds) to the property owners by mapping land parcels using drone technology. Objectives Creation of accurate land records for rural planning and reducing property-related disputes. To bring financial stability to the citizens in rural India by enabling them to use their property as a financial asset for taking loans and other financial benefits. Determination of property tax, which would accrue to the GPs directly in States where it is devolved or else, add to the State exchequer. Creation of survey infrastructure and GIS maps that can be leveraged by any department for their use. To support in the preparation of a better-quality Gram Panchayat Development Plan (GPDP) by making use of GIS maps The scheme is a reformative step towards the establishment of clear ownership of property in rural inhabited (Abadi) areas, by mapping of land parcels using drone technology and providing 'Record of Rights' to village household owners with the issuance of legal ownership cards (Property cards/Title deeds) to the property owners. There are about 6.62 lakh villages in the country which will be eventually covered in this scheme. The entire work is likely to be spread for five years.",

"objective": "Section not found",

"benefits": "Drone Digitally Maps All the Land Parcels of the Inhabited Area of the Village. Creation of Property Cards on the Exact Area of Each Property in the Village. Proprietary Rights to the Village Household Owner. Property as a Financial Asset for Taking Loans and Other Financial Benefits. Reduce Property Disputes and Legal Cases. Determination of Property Tax. Creation of Accurate Land Records for Rural Planning. Better Gpdp - Leveraging Gis Database/ Maps Created for Better Planning and Execution of Plans.",

"eligibility": "The applicant should have a property in rural inhabited (Abadi) area.",

"exclusions": "Agricultural Lands are not covered under this scheme.",

"application_process": "OfflinePre-Survey ActivitiesStep 1: Permission is sought to conduct the survey, followed by organizing a Gram Sabha to inform villagers about the schedule, methodology, and benefits.Step 2: Identification, marking, and delineation of properties, including government assets, Gram Sabha land parcels, individual properties, roads, and open plots, are carried out.Step 3: Public notification is issued for the survey area, along with obtaining permission for drone flights.Survey ActivitiesStep 1: The CORS network is established, and ground control points are set up.Step 2: Drone images are acquired, processed, and used for generating digital maps.Post Survey ActivitiesStep 1: An inquiry/objection process is initiated to verify land parcel ownership, resolve disputes, and issue property cards to village household owners.Step 2: Regular record updates and storage maintenance are ensured alongside training and capacity-building for government officials involved in the scheme.",

"documents_required": "Identity Proof of the Property Owners.Proof of Ownership of the Property Owners.Any other documents as required by the Revenue Officials.",

"frequently_asked_questions": "What is SVAMITVA and what does it stand for?SVAMITVA stands for \"Survey of Villages and Mapping with Improvised Technology in Village Areas.\" It's a Central Sector Scheme aimed at providing an integrated inhabited property ownership solution for rural India.When was the Pilot Phase of the SVAMITVA scheme launched?The Pilot Phase of the SVAMITVA scheme was launched on 24th April 2020, coinciding with National Panchayati Raj Day.What technology is used for demarcating rural inhabited land under SVAMITVA?Drone Surveying technology is used for demarcating rural inhabited land under SVAMITVA.What is the significance of the collaborative efforts mentioned in the introduction of SVAMITVA?Collaborative efforts involving various entities like the Ministry of Panchayati Raj, Survey of India, NIC, State Revenue Departments, and State Panchayati Raj Departments are crucial for the successful implementation of SVAMITVA.\n\nWhat is the primary objective of SVAMITVA in terms of providing property ownership solutions?The primary objective of SVAMITVA is to provide a \"record of rights\" to village household owners in the form of Property Cards/Title Deeds.\n\nWhy have inhabited areas of villages historically been left out of government surveys?Historically, inhabited areas of villages have been left out of government surveys, leading to a lack of record of rights, primarily due to limitations in survey focus on agricultural land.\n\nHow does SVAMITVA aim to address the issue of lack of legal documentation for property ownership in rural areas?SVAMITVA aims to use technology to provide legal documentation, such as Property Cards/Title Deeds, to rural households, thereby enabling them to utilize their property as a financial asset.\n\nWhat are the broad objectives of the SVAMITVA scheme?The broad objectives of the SVAMITVA scheme include providing property ownership solutions, leveraging technology for demarcation, and empowering rural households economically.\n\nWhat are some of the stages involved in the SVAMITVA scheme?Stages in the SVAMITVA scheme include signing of MoU, establishing fixed points, drone survey, generation of property cards, CORS station setup, feature extraction, IEC activities, dispute resolution, and organizing Gram Sabha.\n\nHow does SVAMITVA leverage technology such as CORS and Drones?SVAMITVA leverages CORS (Continuous Operating Referencing System) and survey-grade drones to create high-resolution maps for demarcation and generation of Property Cards with accuracy.\n\nWhat is the significance of CORS stations in the SVAMITVA scheme?CORS stations serve as geo-positioning infrastructure, replacing traditional chain surveys, and aiding in the creation of high-resolution maps for property demarcation.\n\nHow does SVAMITVA ensure transparency and accessibility of property documents?SVAMITVA provides Property Cards digitally through the DigiLocker app, ensuring easy access and transparency in property documentation.\n\nWhich states were covered in the Pilot Phase of the

SVAMITVA scheme?The Pilot Phase of the SVAMITVA scheme covered nine states, including Andhra Pradesh, Haryana, Karnataka, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Uttar Pradesh, and Uttarakhand.\n\nWhat is the target coverage of villages under the SVAMITVA scheme from 2021-2025?The SVAMITVA scheme targets coverage of nearly 6.62 lakh villages, with 50,000 villages targeted from April 2020 to March 2021, and the remaining villages across the country from 2021-2025.",

"title": "Saansad Adarsh Gram Yojana",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/sagy",

"details": "IntroductionSaansad Adarsh Gram Yojana (SAGY) was launched on 11th October 2014 with the aim to translate the comprehensive vision of Mahatma Gandhi about an ideal Indian village into reality, keeping in view the present context. Under SAGY, each Member of Parliament adopts a Gram Panchayat and guides its holistic progress giving importance to social development at par with infrastructure. The 'Adarsh Grams' are to become schools of local development and governance, inspiring other Gram Panchayats. By involving villagers and leveraging scientific tools, a village development plan is prepared under the leadership of a Member of Parliament. The distinct feature of this Yojana is that it is: Demand Driven, Inspired by Society, and Based on People's Participation.ObjectivesTo trigger processes that lead to the holistic development of the identified Gram PanchayatsTo substantially improve the standard of living and quality of life of all sections of the population through -Improved basic amenities, Higher productivity, Enhanced human development, Better livelihood opportunity, Reduced disparities, Access to rights and entitlements, Wider social mobilization, Enriched social capitalTo generate models of local level development and effective local government which can motivate and inspire neighboring, Gram Panchayats to learn and adapt.To nurture the identified Adarsh Grams as schools of local development to train other gram panchayatsValuesFar beyond mere infrastructure development, SAGY aims at instilling specific values in the villages and their people so that they get transformed into models for others. These values include:1. Adopting people's participation as an end in itself – ensuring the involvement of all sections of society in all aspects related to the life of the village, especially in decision-making related to governance2. Adhering to Antyodaya – enabling the “poorest and the weakest person” in the village to achieve well-being 3. Affirming gender equality and ensuring respect for women4. Guaranteeing social justice5. Installing dignity of labor and the spirit of community service and voluntarism6. Promoting a culture of cleanliness7. Living in consonance with nature – ensuring a balance between development and ecology8. Preserving and promoting local cultural heritage9. Inculcatng mutual cooperation, self-help, and self-reliance10. Fostering peace and harmony in the village community11. Bringing about transparency, accountability, and probity in

public life12. Nurturing local self-governance13. Adhering to the values enshrined in the Fundamental Rights and Fundamental Duties of the Indian Constitution",

"objective": "Section not found",

"benefits": "ActivitiesThe elements of an Adarsh Gram would be contexted specific. However, it is still possible to broadly identify the essential activities. They would include:1. Personal Development2. Social Development3. Human Development4. Economic Development5. Environmental Development6. Social Security7. Basic amenities & services8. Good GovernancePersonal development:1. Inculcating hygienic behavior and practices2. Fostering healthy habits including daily exercise and games3. Reducing risk behavior- alcoholism, smoking, substance abuse, etc.Human Development:1. Universal access to basic health facilities consisting of health-card, medical examination2. Total immunization3. Balancing the sex-ratio4. 100% institutional delivery5. Improving nutrition status for all, with special focus on children, adolescent girls, pregnant women, and lactating mothers6. Strong focus on the special needs of Persons with Disability (PWD), especially children and women7. Universal access to education facilities up to Class X and retention8. Conversion of schools into 'smart schools'. Smart schools will have IT-enabled classrooms, e-libraries, and web-based teaching and will make all students e-literate required for providing quality education9. Adult literacy10. E-literacy11. Village libraries including e-librariesSocial development:1. Activities for the promotion of voluntarism like Bharat Nirman Volunteers2. Building the capacity of the people to fully participate and contribute to local development3. Activities for honoring village elders, and local role models especially women, freedom fighters, and martyrs4. Activities for violence and crime-free villages such as: 4.1 Setting up Citizen Committees 4.2 Sensitization, especially in youth5. Village sports and folk arts festivals6. Having a village song to instill a sense of pride among the people7. Celebrating 'Village Day'8. Proactive steps for inclusion and integration of socially excluded groups, especially Scheduled Castes and Scheduled TribesEconomic Development:Promoting diversified agricultural and allied livelihoods, including livestock and horticulture, through-1. Organic farming2. Soil health cards3. Crop intensification such as SRI4. Setting up of seed banks5. Collection and value addition to Non-Timber Forest Produce, Livestock development including Gobar Bank, cattle hostel6. Livestock development including Gobar Bank, cattle hostel7. Micro-irrigation8. Agro-service centersRural industrialization:1. Post-harvest technology applications2. Micro-enterprises3. Dairy development and processing4. Food processing5. Traditional Industries6. Skill Development of all eligible youth for self-employment and placement7. Village Tourism including eco-tourismAll the above activities should focus particularly on lifting households out of poverty, for which organizing and federating women SHGs, providing employment to all workers, and bringing about financial inclusion are very important.Environmental Development:1. Activities for a clean and green village consist of: 1.1 Providing toilets in each household and in all public institutions and ensuring their proper use 1.2 Appropriate solid and liquid waste management2. Roadside plantations3. Tree plantation in accordance with local preferences in homesteads, schools, and public institutions – including green walkways4. Social forestry5. Watershed management especially renovation and revival of traditional water bodies6. Rainwater harvesting- rooftop as well as others7. Reducing local pollution of air, water, and landBasic amenities and services:1. Pucca houses for all houseless poor/poor living in kutcha houses2. Drinking water, preferably treated piped water with household taps3. Internal all-weather roads with covered drains4. All weather road connectivity to the main road network5. Electricity connection to all households and street lights including from alternative sources of energy, especially solar6. Pucca infrastructure for public institutions- Anganwadis, schools, health institutions, 7. Gram Panchayat Office, and libraries8. Civic infrastructure including community halls, buildings for SHG federations, playgrounds, and burial grounds/ crematoria9. Village markets10. Infrastructure for PDS outlets11. Micro mini banks /post offices/ATMs12. Broadband

connectivity and Common Service Centres¹³. Telecom connectivity¹⁴. CCTVs in public places¹⁵. Social Security: 1. Pensions for all eligible families- old age, disability, and widow². Insurance schemes like Aam Aadmi Bima Yojana³. Health insurance- RSBY⁴. PDS- universal access to all eligible households⁵. Good Governance: 1. Strengthening of local democracy through strong and accountable Gram Panchayats and active Gram Sabhas². e-Governance results in better service delivery³. Provision of UIDAI cards to all⁴. Ensuring regular and punctual attendance of government and panchayat staff⁵. Time-bound service delivery in line with Department's Citizens Charter⁶. Holding of Mahila Gram Sabhas before every Gram Sabha⁷. Holding a Gram Sabha at least 4 times a year⁸. Holding of Bal Sabhas every quarter⁹. Proactive disclosure of all information pertaining to the implementation of the program in the public domain and through wall-writing, and notice boards in the local language. This should necessarily include the list of beneficiaries, item-wise budgets, and expenditures.⁹. Gram Panchayat acting as an information facilitation center¹⁰. Timely redressal of grievances filed by people, such that: 10.1 Grievances of all nature to be submitted to the Gram Panchayat / Charge Officer and dated receipt to be given 10.2 Grievances are to be redressed within three weeks along with a written reply Institutionalization of regular open platforms for the airing of grievances and their redressal, coordinated by the Gram Panchayat Use of Technology and Innovation In SAGY Adopting and adapting technology and introducing innovation is critical to this program. These would work broadly in the following areas: 1. Space application and remote sensing². Mobile-based technology³. Agriculture-related technology and innovations⁴. Livelihood-related technologies and innovations⁵. Appropriate building construction technologies⁶. Road construction technologies⁷. Water supply and sanitation-related technologies",

"eligibility": "1. The Gram Panchayat should be the basic unit. 2. The village should have a population of 3000-5000 in plain areas and 1000-3000 in hilly, tribal, and difficult areas. (In districts where this unit size is not available, Gram Panchayats approximating the desirable population size may be chosen.) 3. The MP would identify a suitable Gram Panchayat from the rural area of any district in the country, other than his/her own village or that of his/her spouse. 4. The MP will identify one Gram Panchayat to be taken up immediately, and two others to be taken up a little later. 5. Lok Sabha MP has to choose a Gram Panchayat from within his/her constituency. 6. Rajya Sabha MP has to choose a Gram Panchayat from the rural area of a district of his/her choice in the State from which he/she is elected. 7. In the case of urban constituencies, (where there are no Gram Panchayats), the MP will identify a Gram Panchayat from a nearby rural constituency. 8. The Gram Panchayats once selected by the MP (whose tenures have ended on account of resignation or otherwise) would be continued as such under SAGY irrespective of whether activities have already been initiated in the GP under SAGY or not. The newly elected MPs will have the option to select the GP of their choice and two more subsequently by 2019. Note: Primarily, the goal is to develop three Adarsh Grams by March 2019, of which one would be achieved by 2016. Thereafter, five such Adarsh Grams (one per year) will be selected and developed by 2024.",

"exclusions": "Section not found",

"application_process": "Offline The Member of Parliament (MP) would identify a suitable Gram Panchayat from the rural area of any district in the country, other than his/her own village or that of his/her spouse.",

"documents_required": "Not Applicable",

"frequently_asked_questions": "Q1. What Is The Inspiration For Saansad Adarsh Gram Yojana (SAGY)? Answer:- Ideology of Gram Swaraj of Mahatma Gandhi is the inspiration for Saansad Adarsh Gram Yojana (SAGY) Q2. What Is The Goal Of Saansad Adarsh Gram Yojana (SAGY)? Answer:- The goal of Saansad Adarsh Gram Yojana (SAGY) is to translate the comprehensive and organic vision of Mahatma Gandhi into reality, keeping in view the present context Q3. What Are The Values That Saansad Adarsh Gram Yojana

(SAGY) Propagates? Answer:- The values that Saansad Adarsh Gram Yojana (SAGY) propagates are
Adopting people's participation as an end in itself ensuring the involvement of all sections of society in all aspects related to the life of village, especially in decision making related to governance
Antyodaya enabling the "poorest and the weakest person" in the village to achieve well-being
Affirming gender equality and ensuring respect for women
Guaranteeing social justice
Instilling dignity of labour and the spirit of community service and voluntarism
Promoting a culture of cleanliness
Living in consonance with nature development and ecology ensuring a balance between
Preserving and promoting local cultural heritage
Inculcating mutual cooperation, self-help and self-reliance
Fostering peace and harmony in the village community
Bringing about transparency, accountability and probity in public life
Nurturing local self-governance
Adhering to the values enshrined in the Fundamental Rights and Fundamental Duties of the Indian Constitution

Q4. What Are The Main Objectives Of Saansad Adarsh Gram Yojana (SAGY)? Answer:- The main objectives of Saansad Adarsh Gram Yojana (SAGY) are
To trigger processes which lead to holistic development of the identified Gram Panchayats
To substantially improve the standard of living and quality of life of all sections of the population through
Improved basic amenities
Higher productivity
Enhanced human development
Better livelihood opportunities
Reduced disparities
Access to rights and entitlements
Wider social mobilization
Enriched social capital
To generate models of local level development and effective local governance which can motivate and inspire neighbouring Gram Panchayats to learn and adapt
To nurture the identified Adarsh Grams as schools of local development to train other Gram Panchayats

Q5. What Are The Challenges Related To Local Level Developments As Revealed By Past Experiences? Answer:- Few challenges related to local level development are
Inability to develop a shared vision of development over a longer period
Disconnect between development inputs delivered and the genuine needs of the community
Lack of participation of all sections of society, especially the marginalized and the aged
Focus on infrastructure and expenditure ignoring the social aspects and sustainable outcomes
Reliance primarily on government grants and not emphasising community contributions and self help
Absence of organic convergence of different schemes
Unfair decisions regarding allocation of benefits to locations and households leading to alienation
Political partisanship perceived and real
Disregard of socio-cultural values of different sections of the community
Existence of multiple power structures and absence of a reconciling mechanism
Ignoring environmental concerns for immediate gains
Prevalence of social evils like drinking, dowry, casteism, communalism and discrimination against women

Q6. In Order To Achieve The Objectives Of Saansad Adarsh Gram Yojana (SAGY), What Should Be The Approach? Answer:- SAGY would be guided by the following approach:
Leveraging the leadership, capacity, commitment and energy of the Members of Parliament (MP) to develop model Gram Panchayats.
Engaging with and mobilizing the community for participatory local level development.
Converging different government programmes, private and voluntary initiatives to achieve comprehensive development in tune with people's aspirations and local potential.
Building partnerships with voluntary organisations, co-operatives and academic and research institutions.
Focusing on outcomes and sustainability

Q7. What Areas Should Saansad Adarsh Gram Yojana (SAGY) Activities Should Focus Upon? Answer:- Saansad Adarsh Gram Yojana (SAGY) activities should focus on holistic development covering personal development, human development, social development and economic development of the citizens.

Q8. What Activities Can Be Taken Up Under The Personal Development Of The Villagers? Answer:- The activities that can be taken up under the personal development of the villagers are
Inculcating hygienic behaviour and practices
Fostering healthy habits including daily exercise and games
Reducing risk behaviour-alcoholism, smoking, substance abuse, etc.

Q9. What Activities Can Be Taken Up Under The Human Development Of The Village? Answer:- The activities that can be taken up under the human development of the village are
Universal access to basic health facilities consisting of health card, medical examination
Total immunization
Balancing the sex-ratio
100% institutional

delivery\nImproving nutrition status for all, with special focus on children, adolescent girls, pregnant women, and lactating mothers\nStrong focus on the special needs of Persons with Disability (PWD), especially children and women\nUniversal access to education facilities up to Class 10th and retention\nConversion of schools into 'smart schools'. Smart schools will have IT enabled classrooms, e-libraries, web based teaching and will make all students e-literate required for providing quality education\nAdult literacy\nE-literacy\nVillage libraries including e-libraries

Q10. What Activities Can Be Taken Up Under The Social Development Of The Village? Answer:- The activities that can be taken up under the social development of the village are\n\nActivities for promotion of voluntarism like Bharat Nirman Volunteers\nBuilding the capacity of the people to fully participate and contribute to local development\nActivities for honouring village elders, local role models especially women, freedom fighters and martyrs iv. Activities for violence and crime free villages such as:\nSetting up Citizen Committees\nSensitization, especially of youth\nVillage sports and folk arts festivals\nHaving a village song to instil a sense of pride among the people\nCelebrating 'Village Day'\nProactive steps for inclusion and integration of socially excluded groups, especially Scheduled Castes and Scheduled Tribes.

Q17. How To Identify The Village To Convert Into Adarsh Gram? Answer:- The MP would be free to identify a suitable Gram Panchayat for being developed Adarsh Gram, other than his/her own village or that of his/her spouse.\n\nLok Sabha MP has to choose a Gram Panchayat from within his/her constituency and Rajya Sabha MP a Gram Panchayat from the rural area of a district of his/her choice in the State from which he/she is elected. Nominated MPs may choose a Gram Panchayat from the rural area of any district in the country. In the case of urban constituencies, (where there are no Gram Panchayats), the MP will identify a Gram Panchayat from a nearby rural constituency.

Q18. What Should Be The Ideal Population Of The Adarsh Gram? Answer:- Gram Panchayat would be the basic unit. It should have a population of 3000 5000 in plain areas and 1000-3000 in hilly, tribal and difficult areas. If these sizes are not available, Gram Panchayats of other sizes could be identified as far as possible approximating the laid down sizes of population.

How Is The Post Project Sustainability Of Adarsh Gram Ensured Through SAGY? Answer:- Post project sustainability is expected to be achieved through the following:\n\nContinuing leadership and guidance of the MP\nStrong ownership and leadership of the Gram Panchayat and the village community with role clarity on operation and maintenance of the assets created under the programme.\nInvolvement of the private sector in operation and maintenance of bigger assets like sewerage and large water supply schemes.\nInvolvement of SHGs in the operation and maintenance of smaller community assets like vermin compost systems, small water supply schemes, nutrition centres, citizen service centres, libraries etc.\nClear protocols in respect of departmental responsibilities in operation and maintenance to be laid down and agreed upon, upfront at the time of approval of projects under the Plan.

Are There Any Incentives In The Implementation Of SAGY? Answer:- The incentives are in the form of Awards and they are proposed to be given in the following categories:\n\nBest practices\nBest Charge Officers\nBest District Collectors\nBest Adarsh Grams

What Is The Mechanism Adopted For Evaluation Of SAGY? Answer:- A mid-term evaluation of performance would be conducted through a competent independent agency. Also a post-project assessment of performance and outcomes would be similarly undertaken.

What Would Be The Expected Outcomes Of The SAGY? Answer:- The expected outcomes of SAGY would be the following:\n\nIncreased livelihoods/employment opportunities\nReduction in distress migration\nFreedom from bonded labour, child labour and manual scavenging\n100% registration of deaths and births\nEvolution of alternate dispute resolution system acceptable to all sections of the community\nPeace and Harmony\nDemonstration effect on other Gram Panchayats

What Will MORD Do For The Capacity Building Of The Functionaries In SAGY? Answer:- The Ministry of Rural Development would:\n\nPrepare detailed handbooks for operationalizing the different components for the stakeholders.\nDocument and disseminate best practices related to innovative village development.\nSet up a help desk in the NIRD & PR to serve as a single point for clarification of doubts and

for giving advice where necessary.\nIdentify the best performing Gram Panchayats for peer-group learning through twinning arrangements.",

"title": "Scheme Of Provision Of Subsidized Rams To Sheep Breeders",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/rams-to-sheep-breeders",

"details": "The Department of Animal Husbandry, Government of Himachal Pradesh has introduced a scheme named \"Scheme of provision of subsidized Rams to Sheep Breeders\" to improve the Quality and Quantity of Wool being produced in the state. The scheme is open to all sheep breeders of the state who have a registered sheep unit. The subsidy is provided on a first-come-first-serve basis, and the number of rams provided under the scheme is limited. Rampur Bushari and Gaddi breeds of Himachal Pradesh are famous for indigenous carpet wool production in the Country. The total sheep population in the State is 8.05 lakh. As per norms, one breeding ram is required per 20-25 sheep. It is expected that a breedable population of approximately 3 lakh sheep may require at least 12,000 rams in the state. Aim of this scheme:provide High Genetic Merit breeding rams of Rambouillet and Russian Merino breeds and after purchasing from Farms/progressive breeders of the state and neighboring States and to provide these to sheep breeders at 60% subsidy.Objective of the scheme:To improve Quality and Quantity of Wool being produced in the state, thereby ensuring better economic returns to the Sheep Breeders.Genetic improvement of indigenous Sheep breeds and dissemination of Superior Germplasm amongst the migratory flocks of sheep in the state.To resolve the problem of inbreeding amongst the migratory sheep flocks of Tribal Sheep Breeders.Key features:Subsidized Rams: The scheme provides rams of superior breeds at subsidized rates to eligible sheep breeders.Superior Breeds: The rams provided under the scheme are of superior breeds such as Merino, Rambouillet, and Hampshire.Note: This scheme is for all the sheep breeders who want to adopt modern and scientific methods of sheep breeding. By providing them with superior breed rams at subsidized rates, the scheme aims to increase the productivity and profitability of sheep farming in the state.",

"objective": "Section not found",

"benefits": "This Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh can benefit sheep breeders in the state by providing access to superior breed rams, increasing productivity and profitability, and promoting the adoption of modern and scientific methods of sheep breeding. Under this scheme, Breeding Ram will be provided on 60% subsidy.Some of the key benefits of this scheme are:Access to superior breed rams: The scheme provides access to high-quality rams of superior breeds such as Merino, Rambouillet, and Hampshire, which can improve the genetic potential of the sheep population and enhance their productivity.Affordable rates: The rams are provided at subsidized rates, which makes them more affordable for sheep breeders who may not have the financial resources to purchase them at market rates.Increased productivity: By providing access to superior breed rams, the scheme can increase the productivity of the sheep population, which can lead to higher wool and meat yields.Improved profitability: The scheme can lead to improved profitability for sheep breeders as higher productivity can result in higher revenues and reduced costs.Adoption of modern methods: The scheme encourages sheep breeders to adopt modern and scientific methods of sheep breeding, which can result in more efficient and effective breeding practices.Employment generation: The scheme can also generate employment opportunities in the sheep farming sector, as increased productivity can lead to increased demand for labor in areas such as shearing, wool sorting, and meat processing.",

"eligibility": "The eligibility criteria for the Scheme may vary based on the specific guidelines and criteria set by the implementing agency of the scheme. However, some of the general eligibility descriptions given as under:A Sheep breeder of H.P. having a flock of at least 25 sheep will be considered for providing ram

under this scheme. One ram per 25 Sheep will be allotted. A maximum of two rams will be allotted to one beneficiary. The beneficiary will have to sign an agreement that he will not sell and castrate the allotted ram during the breeding life of the ram.",

"exclusions": "Non-registered sheep breeders: The scheme may only be open to registered sheep breeders in Himachal Pradesh, which means that non-registered breeders may not be eligible to receive the benefits of the scheme. Breeding units with a poor track record: The scheme may exclude breeding units that have a poor track record in sheep farming or have not demonstrated a commitment to adopting modern and scientific methods of sheep breeding. Breeding units with insufficient infrastructure: The scheme may require breeding units to have a certain minimum infrastructure, such as adequate shelter, feed, and water facilities for the sheep, and those without sufficient infrastructure may be excluded. Non-compliance with animal welfare standards: The scheme may exclude breeding units that do not comply with animal welfare standards or have a history of animal cruelty.",

"application_process": "Online Visit the official website of the department. Read the detailed guidelines carefully, if found eligible, on this webpage scroll down and click on the checkbox \"I agree with the terms & Conditions\" and click \"Apply Online\". Fill the application form and upload relevant documents such as registration certificate, land ownership/leasehold rights documents etc. and click submit. The designated authority will verify the application and the supporting documents submitted by the sheep breeder. If the application meets the eligibility criteria and other requirements specified in the scheme guidelines, the authority may approve the application and allocate the subsidized rams to the sheep breeder. Receipt of subsidized rams: Once the application is approved, the sheep breeder may receive the subsidized rams from the designated authority as per the scheme guidelines.",

"documents_required": "Copy of Aadhaar card. Copy of Bank Passbook. Sheep availability declaration certificate. Other relevant documents as listed by the department from time to time.",

"frequently_asked_questions": "Who are the Eligible Beneficiaries? Sheep Breeders belonging to all Categories of Himachal Pradesh. What are the Eligibility Criteria? 1. A Sheep breeder of H.P. having flock of least 25 sheep will be considered for providing ram under this scheme. 2. One ram per 25 Sheep will be allotted. A maximum of two rams will be allotted to one beneficiary. 3. The beneficiary will have to sign an agreement that he will not sell and castrate the allotted ram during the breeding life of the ram. How much the Subsidy under this scheme? Breeding ram will be provided on a 60% subsidy. What is the objective of the Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh? The objective of the scheme is to improve the quality and productivity of sheep herds in Himachal Pradesh by providing eligible sheep breeders with subsidized rams with high genetic potential.",

"title": "Scheme for Conservation and Development of Indigenous Cattle and Murrah Development",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/scdicmd>",

"details": "The scheme "Scheme for Conservation and Development of Indigenous Cattle and Murrah Development" is implemented by the Department of Animal Husbandry & Dairying, Government of Haryana with the objective of encouraging the farmers for conservation and development of the Indigenous breeds of cows and buffaloes. Long-term objectives: Conservation and up-gradation of valuable indigenous germplasm available in the State of Haryana. Increase in milk production and overall productivity. Medium-term objectives (5 years Horizon): Identification of top-quality germplasm of indigenous breeds of Cow and buffalo and their insemination with high-quality semen for sustainable genetic improvement. Encouraging the farmers to rear and breed high-yielding animals of genetic merit. Description of Scheme: Murrah buffaloes meeting the benchmark of 18 kg daily peak yield would be properly identified (with ear tags) along with their progeny. Cash incentives ranging from ₹15,000/- to ₹30,000/- would be provided to owners of these buffaloes. Haryana, Sahiwal and Belahi cows, meeting the benchmark of 8 kg, 10 kg, and 5 Kg peak yield respectively would be properly identified (with ear tags) along with their progeny. The cash incentives ranging from ₹5,000/- to ₹20,000/- would be provided to owners of these cows. The beneficiaries will be under obligation not to sell the buffalo/cow and its progeny for at least one year as the main objective of scheme is to conserve the indigenous breeds of Cow and buffalo. The identified animals would be insured and part of insurance premium will be borne under the prevailing insurance scheme if any, and rest will be paid by the beneficiary as per insurance scheme. If no Livestock Insurance Scheme is in operation then the beneficiary would have to arrange for the insurance of the animals on its own and the insurance premium shall be paid by the beneficiary.",

"objective": "Section not found",

"benefits": "1. Cash incentives at the following rates in different slabs would be provided to the owners of the recorded Murrah Buffaloes as below: Sl. No. Slabs of Lactation yield in Kg (Peak Yield in Kg) Incentive Money (₹) 1. 8 to 22 Kg ₹15,000/- 2. >22 to 25 Kg ₹20,000/- 3. Above 25 Kg ₹30,000/- 2. Cash incentives at the following rates in different slabs would be provided to the owners of the recorded Cows of different Indigenous breeds as below: (Haryana Cows) Sl. No. Slabs of peak Yield in Kg Incentive Money (₹) 1. 8 to 10 Kg ₹10,000/- 2. >10 to 12 Kg ₹15,000/- 3. Above 12 Kg ₹20,000/- 3. Sahiwal Cows Sl. No. Slabs of peak Yield in Kg Incentive Money (₹) 1. 8 to 12 Kg ₹10,000/- 2. >12 to 15 Kg ₹15,000/- 3. Above 15 Kg ₹20,000/- 4. Belahi Cows Sl. No. Slabs of peak Yield in Kg Incentive Money (₹) 1. 5 to 8 Kg ₹5,000/- 2. >8 to 10 Kg ₹10,000/- 3. Above 10 Kg ₹15,000/- In lieu of the cash incentive provided, the owner would be under obligation not to sell the recorded Indigenous Cow/Murrah Buffalo and its male progeny at least for one year. The beneficiary would be further bound to look after the male calf properly and the Department will have the first right to purchase it. In case, the beneficiary does not abide by the contract i.e. disposes of the identified Indigenous Cow/Murrah Buffalo and/or its male calf, he would not be eligible for the cash incentive. The owners of the

recorded cows/buffaloes would be required to breed their animals through artificial insemination by the Government.",

"eligibility": "The applicant must be a resident of Haryana. The applicant must be of the age of 18 - 55 years. A Cow or Buffalo eligible to be recorded must be between 05 to 75 days of the date of its Calving as on date of application. A maximum of two milch animals (two Cows or Two Buffaloes or One Cow and One Buffalo) per applicant/beneficiary would be eligible for the incentive money under this scheme. The cows must be true to Haryana, Sahiwal, or Belahi breed and buffalo must be of Murrah Breed only. Incentive for a particular animal could be provided only twice in its life span i.e. if the incentive is provided to a beneficiary for a particular animal twice, such beneficiary would stand debarred for receiving an incentive for that animal in its subsequent calving in the future. The scheme is individual beneficiary-oriented. Note 01: A maximum of two milch animals per applicant will be eligible for the incentive money under this scheme. However, the recordings of more than two buffaloes/Cows of an applicant may be carried out for collecting data of the top quality Murrah buffaloes/Indigenous cattle (Haryana, Sahiwal, and Belahi). But incentive money would be provided only for two animals (in the highest slabs) of that applicant in a particular year. Note 02: In case an applicant lives at a place other than where the animals are kept or intended to be kept, then the jurisdiction area will be the place where animals are kept (Within state of Haryana only).",

"exclusions": "Any group/firm/organization would not be permitted to apply under the Scheme.",

"application_process": "Online - via CSCs Registration Process on Antyodaya-SARAL Portal: Step 01: Any eligible owner having true to breed Murrah buffalo/Indigenous cattle (Haryana, Sahiwal and Belahi) and desirous of participating under the scheme would have to apply online on the Official Portal- Antyodaya-SARAL Portal. <https://saralharyana.gov.in/> Step 02: If the applicant is not registered on the portal, he/she gets registered there. Step 03: For registration, click "New User" under 'Sign In Here' and fill in all the mandatory details i.e. Name, Email ID, Mobile Number, Password & State. Click on 'Submit'. Step 04: Verify your mobile number and email ID through the received OTP and complete the registration process. Login to apply for the scheme: Step 01: To avail the benefits of the scheme, visit the Official Antyodaya-SARAL Portal and log in through the email ID used while registering. Step 02: Enter Password & Captcha and click on 'Login'. Step 03: After successful login, click on 'Apply for Services' and then 'View all Available Services'. Step 04: Now, you can search for the scheme and click on the scheme to go ahead and fill out the application form. Step 05: Enter your Parivar Pehchan Patra number - Family ID and click on "Click here to Fetch Family Data" which displays the family members registered under the given Family ID. Step 06: Select the beneficiary/applicant name and enter the OTP that is being sent to the selected family member for verification. Click on "Click to Verify". Step 07: Fill in all the mandatory details and upload all the mandatory documents. Step 08: Preview the application form and click on 'Submit'. Tracking of Application: Applicants can track his/her application through the Official Antyodaya-SARAL Portal by entering their Department Name, Scheme Name, and Application Reference ID. Post application Procedures: Once the applicant has applied online on the SARAL Portal, the application would stand submitted to the Sub-Divisional Officer (Animal Husbandry) of the concerned Sub-Division who would examine the application and if found not in order the same would be rejected. However, if application is found in order then the Sub-Divisional Officer (Animal Husbandry) would accept the application online and the print-outs of the same would be taken along with enclosures. Within three working days of acceptance of the online application of the applicant, the Sub-Divisional Officer (Animal Husbandry) would intimate and ask the concerned Veterinary Surgeon, I/C Government Veterinary Hospital for verification of the breed of buffalo (Murrah)/Indigenous cattle (Haryana, Sahiwal and Belahi) of the applicant in the format annexed at Annexure-I. After receipt of which the Veterinary Surgeon would report to Sub-Divisional Officer (Animal Husbandry) within three working days in the format annexed as Annexure-II. After receipt of the breed verification report from the Veterinary

Surgeon; the Sub Divisional Officer (Animal Husbandry) will inform the Deputy Director of the concerned district and request for fixing dates of Milking (through SARAL Portal Only). The Date of Milking for applications received from 1-15 of any month may be provided in 16-30 of the same month and for applications received from 16-30 of any month may be provided in 1-15 of the next month or as per local circumstances by keeping in view the RTS time limit. Thereafter Deputy Director of the concerned district would write to the Committee and the applicants for recording milk intimating date and venue of Milk Recording in the format annexed as Annexure-III. Note: The scheme is under the Right to Service Act, with a time limit of 30 days.",

"title": "Scheme for Establishment of Hi-Tech and Mini Dairy Units",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/sehtmdu",

"details": "The scheme "Scheme for Establishment of Hi-Tech and Mini Dairy Units" is implemented by the Department of Animal Husbandry & Dairying, Government of Haryana. This is a credit-linked scheme with a primary objective of providing self-employment opportunities. The unemployed persons will be assisted by way of providing financial assistance in the form of subsidies for establishing dairy units of 4, 10, 20, and 50 milch animals like buffaloes, indigenous cows (Hariana, Sahiwal, Belahi, Red Sindhi, Tharparkar, and Gir breeds only) and crossbred cows. Medium-term objectives: To provide gainful self-employment to the unemployed persons. To supplement the income of the families of the beneficiaries. To raise the socio-economic status of the weaker sections/Antyodaya families of the society. To commercialize dairy units by encouraging small dairy unit owners to increase the size of their unit to 20 and 50 milch animals. Long-term objectives: Creation of employment opportunities through Animal Husbandry activities. To increase milk production and Dairy products. To upgrade and develop valuable Breeds/Germplasm available in the State. To increase per Capita milk availability in the state.",

"objective": "Section not found",

"benefits": "Financial Assistance for Interest Subvention under the Scheme: Dairy units of 4 and 10 milch animals: 25% subsidy on the cost of milch animals can be availed as a loan for the purchase of these milch animals by the beneficiary for the establishment of dairy units of 4 and 10 milch animals; The subsidy will be provided three months after the purchase/tagging of Milch animals or disbursement of Loan by the bank, whichever is later, and subject to verification of unit by the concerned veterinary surgeon. Dairy units of 20 and 50 milch animals: Interest subvention on 75% cost of milch animals (25% being the margin money) can be availed as a loan for the purchase of these milch animals by the beneficiary for the establishment of dairy units of 20 and 50 milch animals; The financial assistance will be provided in the form of interest subvention on loan amount financed by the bank (For Livestock Component only). The maximum amount for which interest subvention will be provided is as follows:-

Sl. No.	Type of Dairy Unit	Maximum Cost of Unit (Livestock component only) (in ₹)	Max Limit of Loan amount as 75% of Total (for Interest Subvention) (in ₹)
1	120 Milch Animals	20 Lakhs	15 Lakhs
2	250 Milch Animals	50 Lakhs	37.50 Lakhs

Note: The Interest Subvention will be provided for the purchase of livestock components only and on the basis of the Maximum limit of the loan amount as shown in the above table or the loan amount financed by the Bank, whichever is lower. Financial Assistance for Insurance of Livestock Unit: If any Livestock Insurance Scheme is operational by the Department or Haryana Livestock Development Board then the insurance of animals purchased for the establishment of unit is to be covered under that Scheme, wherever permissible. However, if no Livestock Insurance Scheme is operational then the Beneficiary/Bank would have to arrange for the insurance of the animals at their own. The department would assist the beneficiaries in establishing these units in the following ways: Sponsoring of loan applications to banks / financial institutions. Purchase of animals, tagging, and issuance of Health certificates. Providing Veterinary health and other facilities like free vaccination and management guidance etc. Imparting 11 days of Dairy husbandry training at the concerned Sub Division I District Level in the State to the desirous persons.",

"eligibility": "The applicant should be 18 to 55 years of age and a resident of Haryana. The applicant must be unemployed (employment even in the private sector will bar an applicant from availing assistance under the Scheme). There would be no mandatory educational qualifications or training requirements. The applicant should have space/shed for keeping milch animals. The applicant will have to submit a Self-

Declaration for being unemployed and for undertaking to abide by other conditions as required under the Scheme. The applicant applying for 20 and 50 animal dairy units must have 2-acre and 5-acre agricultural land for green fodder production respectively by way of ownership or long lease. Any applicant who has earlier availed benefits under any Departmental Scheme for the establishment of livestock units will not be eligible for availing benefits under the Scheme. Note 1: Any applicant who has earlier availed the benefit of the Departmental Scheme for the establishment of a dairy unit below 20 milch animals that applicant will also be eligible for availing of benefit under the Scheme of Dairy unit of 20 and 50 milch animals only. Note 2: In case an applicant lives at a place other than where the animals are kept or intended to be kept, than the jurisdiction area Government Veterinary Hospital will be the place where animals are kept or intended to be kept (Within state of Haryana only). Margin Money for 4 and 10 Milch Animal dairy Units only (25 % Subsidy): The beneficiary will have to arrange margin money, as per bank requirements, rest of the amount will have to be arranged as a loan from banks. Margin Money for 20 and 50 Milch Animal dairy Units only (Interest Subvention): The beneficiary will have to arrange margin money, which will be 25% of the Unit Cost (Livestock Cost only) and the rest of the amount will have to be arranged as a loan from banks.",

"exclusions": "Any group/firm/organization will not be permitted to apply under the Scheme, as the Scheme is individual beneficiary-oriented.",

"application_process": "Online - via CSCs Registration Process on Antyodaya-SARAL Portal: Step 01: Any eligible applicant shall have to apply online on the Official Portal- Antyodaya-SARAL Portal. <https://saralharyana.gov.in/> Step 02: If the applicant is not registered on the portal, he/she gets registered there. "title": "Scheme for Management and Purchase of Bulls Provided for Breeding of State Gir/ Kankarej Breed",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/smpbpbs>",

"details": "The “Scheme for Management and Purchase of Bulls Provided for Breeding of State Gir/ Kankarej Breed” launched by the Department of Agriculture, Farmers Welfare & Co-operation, Government of Gujarat, aims to support pure breeding of Gir and Kankrej cows by providing financial assistance for purchasing and maintaining high-quality bulls. The goal is to enhance calf quality and gradually increase milk production in rural areas by promoting native breed development.",

"objective": "Section not found",

"benefits": "In Case the bull is provided by the Board: ₹1,18,000/- in the first year.In Case the bull is purchased by the organization: ₹1,43,000/- in the first year.Maintenance support: ₹64,800/- for the second and third year.Note: Assistance provided for three years per eligible organization.",

"eligibility": "A Gram Panchayat or a Gaushala registered must be registered under the Charity Act.The Gram Panchayat or a Gaushala must have a minimum of 100 breedable cows.Note: If there is not sufficient number of breeding cows in a single village, then the breeding cows of the neighboring villages should be covered and a guarantee should be given.",

"exclusions": "Section not found",

"application_process": "OnlineStep 1: The applicant may visit and apply online at I-Khedut Portal: <https://ikhedut.gujarat.gov.in/>Step 2: On the home page, click on ‘Schemes’ and then click on ‘Animal Husbandry Schemes’.Step 3: Now select the scheme, click on the ‘Apply’ button and an application page will open.Step 4: Click on “Apply New” button and submit a new application.Step 5: Click on the “Update Application” button to add corrections to the application.Step 6: Once the application is done, confirm it.Step 7: Take a print out of the online application and submit it to the board within 30 days of application with the signature and stamp of the GGVB’s nodal officer of the concerned district with the necessary documents listed in the application.Step 8: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Contact Us: Click here."

"documents_required": "Proof of registration under the Charity Act (for Gaushalas). Estimation document. Village map or area plan. Any other documents as required.",

"frequently_asked_questions": "What is the objective of the \"Scheme for Management and Purchase of Bulls Provided for Breeding of State Gir/ Kankrej Breed\"? The objective of the scheme is to promote the breeding of Gir and Kankrej cows by providing high-quality bulls, thereby improving the quality of calves and gradually increasing milk production in Gujarat. Who can apply for this scheme? Only Gram Panchayats and registered Gaushalas under the Charity Act with a minimum of 100 breedable cows are eligible to apply. Can an individual farmer apply for the scheme? No, individual farmers are not eligible. The scheme is specifically meant for Gram Panchayats and registered Gaushalas. What is the minimum requirement for breedable cows to qualify for the scheme? The applying organization must have at least 100 breedable cows to qualify for assistance under the scheme. Can neighboring villages combine their cow count to meet the eligibility? Yes, if a single village does not have enough breedable cows, neighboring villages can combine their numbers, provided a written guarantee is submitted. What kind of financial assistance is provided under this scheme? The scheme provides ₹1,18,000/- in the first year if the bull is supplied by the Board, or ₹1,43,000/- if the bull is purchased by the organization. Additionally, ₹64,800/- is provided for management in the second and third years. For how many years is the assistance provided? The assistance under this scheme is provided for a maximum period of three years. How can an eligible organization apply for the scheme? Applications must be submitted online through the iKhedut portal, followed by submission of printed applications with signatures and required documents to the board. Is there a deadline for submitting the hard copy of the application? Yes, the printed and signed application form along with all required documents must be submitted to the board within 30 days of the online application. Can the bull be purchased if it is not available from the Board? Yes, if the bull is not available from the Board, the organization may purchase it and will receive financial assistance accordingly. Who approves the application at the district level? The Nodal Officer of the Gujarat Gauseva and Gauchar Vikas Board (GGVB) at the district level verifies and stamps the application.",

"title": "Scheme for Plantation Development (New planting & Replanting) under Medium Term Framework Plan (MTFP) in Traditional Areas (Kerala and Tamil Nadu), Non-Traditional and North Eastern Region",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/spdmtfptantner",

"details": "\"Scheme for Plantation Development (New planting & Replanting) under Medium Term Framework Plan (MTFP) in Traditional Areas (Kerala and Tamil Nadu), Non-Traditional and North Eastern Region\" by the Rubber Board, Department of Commerce, Ministry of Commerce and Industry. The Scheme is intended to increase the production of natural rubber in India by accelerating new planting and replanting of rubber on scientific lines. Accelerated new planting/replanting would be achieved by giving proper technical guidance and financial assistance to growers.",

"objective": "Section not found",

"benefits": "Rate of Subsidy Traditional Region General Category: ₹ 20,000/- ha + ₹ 5,000 /ha for planting material (Polybag/ Root trainer plants) of advanced growth. The assistance will be @ ₹ 10/- per plant limited to 500 plants per ha. SC Category: ₹ 35,000/- ha + ₹ 5,000 /ha for planting material (Polybag/ Root trainer plants) of advanced growth. The assistance will be @ ₹ 10/- per plant limited to 500 plants per ha. Non-Traditional and North Eastern Region ₹ 35,000 per ha and ₹ 5,000/ ha for planting material (Polybag/ Root trainer plants) of advanced growth. The assistance will be @ ₹ 10/- per plant limited to 500 plants per ha. Mode of Payment Planting subsidy shall be paid in single instalments subject to the completion of the stipulated items of work to the satisfaction of the Board. Payment of subsidy shall be only through bank by e-transfer. Beneficiaries should provide Aadhar-linked bank account details in the application for financial assistance."

"eligibility": "Traditional The growers owning rubber areas not exceeding 2.00 ha shall be eligible for assistance under Rule VI of the scheme. The planting grant payable will be limited to an area of 1.00 ha. The growers who undertake new planting/replanting rubber in a minimum area of 0.10 ha will be eligible for assistance. The applicant should have absolute possession over the land in respect of which assistance is sought. Areas notified/certified in the documents as paddy fields are not eligible for any kind of assistance under this scheme. Non-Traditional and North Eastern Region The growers owning rubber areas not exceeding 5.00 ha shall be eligible for assistance under Rule VI of the scheme. The planting grant payable will be limited to an area of 2.00 ha. The growers who undertake new planting/replanting rubber in a minimum area of 0.10 ha will be eligible for assistance. The applicant should have absolute possession over the land in respect of which assistance is sought. Areas notified/certified in the documents as paddy fields are not eligible for any kind of assistance under this scheme. Other Terms & Conditions The prescribed minimum stand of rubber plants (@450/ha) should be maintained and growth should be satisfactory as assessed by the inspecting officer. The number of non-rubber trees, that already exist in the plantation can be retained in a proportion of 20 trees or 40 coconut palms or 80 Arecanut palms per ha, in a well-distributed manner. Sloppy lands should be protected from soil erosion by contour terracing or construction of contour bunds or digging silt trenches or silt pits and also by planting of cover crops. Boundary protection measures should be adopted. The absolute right to refuse assistance without assigning any reason is vested with the Executive Director of the Rubber Board."

"exclusions": "Section not found",

"application_process": "Online Step 1: Register on the ServicePlus Portal. Verify your Email ID and Mobile Number via OTP. "title": "Scheme for Providing Employment Opportunities to Scheduled Castes by Establishing Livestock Units",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/speoscelu",

"details": "The scheme “Scheme for Providing Employment Opportunities to Scheduled Castes by Establishing Livestock Units” is implemented by the Department of Animal Husbandry & Dairying, Government of Haryana. This is a credit-linked scheme with a primary objective of providing self-employment opportunities to Schedule castes, the unemployed persons will be assisted by way of establishing Dairy units, Piggery units, and Sheep/Goat units.Long-term objectives:To create self-employment opportunities for the Scheduled Castes families through animal husbandry activities.To increase milk, wool, and meat production and overall productivity of livestock.To up-gradate and develop valuable breeds/germplasm available in the State.To increase per Capita milk availability in the state.Medium-term objectives:To provide gainful self-employment to the unemployed men/women of Scheduled Castes families.To raise socio-economic status and to provide socio-economic security to Scheduled Castes Antyodaya families of Haryana.To supplement the income of the families of the weaker sections.The department would assist the beneficiaries in establishing these units in the following ways:Sponsoring of loan applications to banks/financial institutions.Purchase of animals, tagging, and issuance of Health certificates.Providing Veterinary health and other facilities like free vaccination and management guidance etc.Imparting 11 days of Dairy husbandry training at the concerned Sub Division/District Level in the State to the desirous persons.",

"objective": "Section not found",

"benefits": "Financial Assistance under the Scheme:Establishment of Dairy units of 2/3 milch animals: 50% subsidy on the cost of milch animals which has been availed as a loan for the purchase of these milch animals by the beneficiary for the establishment of dairy units of 2/3 milch animals;Establishment of 10+1 Piggery units:50% subsidy on the cost of livestock which has been availed as a loan by the beneficiary for the establishment of a 10+1 Piggery unit.A maximum amount of ₹50,000/- will be provided as financial assistance in form of a subsidy.Establishment of 15+1 Sheep/Goat units:90% subsidy on the cost of livestock which has been availed as a loan by the beneficiary for establishment of 15+1 Sheep/Goat unit.A maximum amount of ₹88,200/- will be provided as financial assistance in form of a subsidy.Note 01: The subsidy will be provided three months after the purchase of livestock or disbursement of the Loan by the bank, whichever is later, and subject to verification of unit by the concerned veterinary surgeon.Note 02: The unit should be financed through a loan from the bank/financial institution.Note 03: The subsidy would be

provided in the loan account of the beneficiary. Financial Assistance for Insurance of Livestock Unit: If any Livestock Insurance Scheme is operational by the Department or Haryana Livestock Development Board then the insurance of animals purchased for the establishment of unit is to be covered under that Scheme, wherever permissible. However, if no Livestock Insurance Scheme is operational then the Beneficiary/Bank would have to arrange for the insurance of the animals at their own.",

"eligibility": "The applicant should be of 18 to 55 years of age and a resident of Haryana. The applicant should belong to the Scheduled Caste community. The applicant must be unemployed (employment even in the private sector would bar an applicant from availing assistance under the Scheme). There will be no mandatory educational qualifications or training requirements. The applicant should have a space/shed for keeping animals. Any applicant who has earlier availed benefits under any Departmental Scheme for the establishment of a livestock unit would not be eligible for availing benefits under the Scheme. The applicant would have to submit a Self-Declaration for being unemployed and for undertaking to abide by other conditions as required under the Scheme. General Note: In case an applicant lives at a place other than where the animals are kept or intended to be kept. Then, the jurisdiction area will be the place where animals are kept or intended to be kept (Within state of Haryana only). Cost of mulch animals has been fixed as per the recommendation of the Unit Cost Committee of National Bank of Agriculture and Rural Development (NABARD) for the year 2019-20. The cost of the animal as determined by the Veterinary Surgeon may be lower depending upon age, number of lactations, breed characteristics, weight, etc., and the assistance as a subsidy would be provided on this lower cost. However, the maximum permissible cost for a grant of assistance as a subsidy would not exceed the cost indicated against in the tables mentioned above. The cost of Indigenous breeds of Red Sindhi, Tharparkar and Gir cows will be same as Sahiwal cow. Only those breeding animals should be purchased which are ready to bred or in prime age of production. Sexual maturity age in Female Goat & Sheep is 8-12 months. While in the case of Male Goat & Sheep, it is 11-12 months. So, female and male goat and Sheep should be purchased between 12-18 months of age. Sexual maturity age in Sow is 8-9 months. While in the case of Boar, it is 9-10 months. So, the Boar and Sows should be purchased between 8-11 months of age.",

"exclusions": "Any group/firm/organization will not be permitted to apply under the Scheme, as the Scheme is individual beneficiary-oriented.",

"application_process": "Online - via CSCs Registration Process on Antyodaya-SARAL Portal: Step 01: An applicant desirous of establishing livestock units may apply online through the Official Portal- Antyodaya-SARAL Portal. <https://saralharyana.gov.in/> Step 02: If the applicant is not registered on the portal, he/she gets registered there. Step 03: For registration, click "New User" under 'Sign In Here' and fill in all the mandatory details i.e. Name, Email ID, Mobile Number, Password & State. Click on 'Submit'. Step 04: Verify your mobile number and email ID through the received OTP and complete the registration process. Login to apply for the scheme: Step 01: To avail the benefits of the scheme, visit the Official Antyodaya-SARAL Portal and log in through the email ID used while registering. Step 02: Enter Password & Captcha and click on 'Login'. Step 03: After successful login, click on 'Apply for Services' and then 'View all Available Services'. Step 04: Now, you can search for the scheme and click on the scheme to go ahead and fill out the application form. Step 05: Enter your Parivar Pehchan Patra number - Family ID and click on "Click here to Fetch Family Data" which displays the family members registered under the given Family ID. Step 06: Select the beneficiary/applicant name and enter the OTP that is being sent to the selected family member for verification. Click on "Click to Verify". Step 07: Fill in all the mandatory details and upload all the mandatory documents. Step 08: Preview the application form and click on 'Submit'. Tracking of Application: Applicants can track his/her application through the Official Antyodaya-SARAL Portal by entering their Department Name, Scheme Name, and Application Reference ID. Selection of beneficiaries and sponsoring the case to

Banks for sanction of loan (Dairy, Piggery and Sheep/Goat units): The Deputy Director of the concerned district would examine the applications received on the portal on a first come first serve basis. Applications not found in order would be rejected with the comments on the portal. The applications found in order will be accepted and forwarded to the concerned Sub Divisional Officer within a period of three working days. The valid applications along with attached documents clearly indicating the required amount of loan will be sent to the concerned service provider area bank by the Sub Divisional Officer through Email with in a period of three working days in the format annexed as Annexure-1.",

"documents_required": "1.\tPrivaar Pahchan Patra (PPP ID)2.\tCopy of Aadhaar Card3.\tCopy of PAN Card4.\tScheduled Caste Certificate5.\tCopy of Bank Passbook or Cancelled Cheque6.\tPhoto of Availability of shed/space for keeping animals7.\tAny other documents as required",

"frequently_asked_questions": "What is the primary objective of the scheme?The primary objective is to provide self-employment opportunities to Scheduled Castes by establishing livestock units.What types of livestock units can be established under this scheme?Beneficiaries can establish Dairy units, Piggery units, and Sheep/Goat units.What financial assistance is provided for establishing Dairy units?A 50% subsidy on the cost of milch animals, availed as a loan, for establishing Dairy units of 2/3 milch animals.How much subsidy is provided for establishing Piggery units?A 50% subsidy on the cost of livestock, with a maximum of ₹50,000 as financial assistance.What is the subsidy rate for establishing Sheep/Goat units?A 90% subsidy on the cost of livestock, with a maximum of ₹88,200 as financial assistance.When is the subsidy provided to the beneficiary?The subsidy is provided three months after the purchase of livestock or disbursement of the loan, whichever is later, subject to verification by the concerned veterinary surgeon.Who is eligible to apply for this scheme?Applicants must be 18 to 55 years old, residents of Haryana, belong to the Scheduled Caste community, and be unemployed.Are there any educational qualifications required for applying?No mandatory educational qualifications or training requirements are needed.Can someone who has previously availed benefits from any Departmental Scheme apply again?No, applicants who have previously availed benefits under any Departmental Scheme for establishing a livestock unit are not eligible.Is there a training component in the scheme?Yes, the department provides 11 days of Dairy husbandry training at the concerned Sub Division/District Level.How does the department assist beneficiaries in establishing livestock units?The department assists by sponsoring loan applications, purchasing animals, providing veterinary health facilities, and offering management guidance.What is the role of banks/financial institutions in the scheme?Banks/financial institutions provide loans to beneficiaries for purchasing livestock and establishing units.What happens if there is no operational Livestock Insurance Scheme?If no Livestock Insurance Scheme is operational, the beneficiary or bank must arrange for the insurance of the animals.Are groups or firms eligible to apply under the scheme?No, the scheme is individual beneficiary-oriented, and groups or firms are not permitted to apply.How can an applicant apply for the scheme?1. Applicants can apply online through the Official Portal - Antyodaya-SARAL Portal at <https://saralharyana.gov.in/>. \n2. The applicants may also submit their application through Common Service Centres, Antodaya Kendra, Atal Sewa Kendra, e-disha Centres or any other such centre.",

"title": "Scheme for Supply of Male Goat on Subsidy Basis",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/sfsomgosb",

"details": "The scheme \"Male Goat Supply Scheme on Grant Basis\" by the Animal Husbandry Department, Government of Madhya Pradesh aims to improve the breed of indigenous/local goats throughout the state. Through this scheme, one male goat of an improved breed (Jamnapari, Barbari, or Sirohi Bakra) is provided to goat farmers of all categories on a grant basis. The applications for this scheme are processed through a multi-level approval system involving Gram Sabha, Janpad Panchayat, and District Panchayat. The scheme is implemented across all districts of the state.",

"objective": "Section not found",

"benefits": "Male Goat Package One improved breed male goat: ₹7,500/- Insurance coverage (2.75% sum insured for one year): ₹206/- Mineral mixture: ₹394/- Training booklet and monitoring card: ₹200/- Total package value: ₹8,300/- Grant Component Government contribution: 75% of total cost Beneficiary contribution: 25% of total cost",

"eligibility": "The applicant should be a resident of Madhya Pradesh. The applicant should be actively involved in goat rearing. The applicant must be a goat rearer of any category. The applicant must possess a minimum of 5 goats.",

"exclusions": "Section not found",

"application_process": "Offline Initial Approval by the beneficiaries in Gram Sabha. Secondary Approval by the Janpad Panchayat for Gram Sabha-approved beneficiaries. Final Approval by the Agriculture Standing Committee of the District Panchayat. The interested applicants should contact the nearest Veterinary Officer of the concerned District Incharge of Animal Dispensary / Deputy Director of Veterinary.",

"documents_required": "Identity Proof (Aadhaar Card, etc) Proof of Goat Ownership Residence/Address Proof Bank Account Details",

"frequently_asked_questions": "What is the objective of the scheme? The scheme aims to improve the breed of native/local goats by providing male goats of improved breeds to goat rearers. Who is eligible for the scheme? All categories of goat rearers residing in Madhya Pradesh are eligible, provided they fulfill the required eligibility criteria. What is the subsidy provided under this scheme? The scheme offers a 75%

subsidy, and the remaining 25% is the beneficiary's share. What is the total unit cost under the scheme? The total unit cost is ₹8,300, which includes the price of the goat, insurance, mineral mixture, and training materials. What documents are required to apply for the scheme? Applicants must submit proof of residence, caste certificate (if applicable), Aadhaar card, income certificate, land records (if applicable), and a passport-size photograph. How are beneficiaries selected? Beneficiaries are selected through a three-step approval process: Gram Sabha, Janpad Panchayat, and the Agriculture Standing Committee of the District Panchayat. What is the process to apply for the scheme? Eligible applicants must contact the nearest Veterinary Officer, Animal Dispensary In-charge, or Deputy Director of Veterinary Services to submit their application. How many goats can be provided to a single beneficiary? The scheme provides one male goat of an improved breed to each eligible beneficiary. Is there any training provided under the scheme? Yes, beneficiaries receive training materials such as a booklet and a monitoring card to ensure proper care and management of the goat. What happens if the goat gets injured or dies? The scheme includes an insurance component (2.75% of the cost) for one year to cover such contingencies."

"title": "Scheme of Assistance for Common Environment Infrastructure: Financial Assistance for Common Environmental Infrastructure Facilities",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/saceieif",

"details": "The scheme \"Scheme of Assistance for Common Environment Infrastructure\" is an umbrella scheme launched by the Industries and Mines Department, Gujarat under the Gujarat Industrial Policy. Effective from August 7th, 2020 to August 6th, 2025, it aims to boost industrial growth through financial assistance, modern technologies, and enhanced facilities for industrial parks and clusters.The component \"Financial Assistance for Common Environmental Infrastructure Facilities\" aims to support industries and

organizations in establishing and upgrading environmental management infrastructure. It provides financial aid for projects that promote pollution control, waste management, and environmental sustainability.",

"objective": "Section not found",

"benefits": "General Projects: Up to 40% financial assistance, with a maximum limit of ₹50,00,00,000/-
.Government Projects: Assistance up to 80% for Government Departments, Agencies, PSUs, and Boards, with a ₹50,00,00,000/-
.Co-Funding with Gol: Total assistance from Gol + GoG is limited to 75%, with 25% contribution from the institution.",

"eligibility": "Industries association / Any Enterprise (except for captive use) or firm which is registered under Societies Act, Trust Act or under the Companies Act.; or GIDC/Board/ Corporations / Special Purpose Vehicle (SPV) / PSU / Municipal Corporation / Nagarpalika / Urban Development Authority etc.The project must comply with Ministry of Environment, Forest and Climate Change (MoEF) & Gujarat Pollution Control Board (GPCB) regulations.The project must remain operational for a minimum of 5 years post-completion.",

"exclusions": "The Project availing incentives under this scheme will not be entitled to avail incentives under any other scheme of the State Government for the same component, unless specified otherwise. However, the project will be eligible to avail incentives available under schemes of Government of India or any other institutions.The following investments are not eligible for financial assistance:Land purchaseLand developmentPreliminary expensesPre-operative expensesConsultancy fees",

"application_process": "OfflineStep 1: Prepare a Detailed Project Report (DPR).Step 2: Fill out the prescribed application form.Step 3: Submit the application with the required documents to the Industries Commissionerate.Step 4: Await evaluation and approval from the State Level Empowered Committee. If approved, assistance will be disbursed in phases based on project progress.Helpdesk: Contact Here",

"documents_required": "Copy of legal status of applicant such as memorandum and article of association and company registration certificate or registration under society act or trust act, and list of directors/members with addresses.Proof that land for project is in possession, like land allotment letter of GIDC with copies of 7/12 utaara, N.A. permission, approved plan, and construction permission by competent authority.Copy of GPCB NOC/CCA for establishing project (if not applicable, then give justification on letterhead).Copy of Environment Clearance (if not applicable, then give justification on letterhead).Detailed project report covering all details mentioned in application form.List of beneficiaries in format as per Annexure-A1 for each beneficiary on letterhead.Process diagram of proposed project signed by authorized signatory.Financial and technical appraisal of project from Bank/FI/other institution as approved by SLEC.Copy of any other financial assistance granted by GoG and/or Gol for the same component or project.Copy of sanction/consent letter from Financial Institution, if loan is sanctioned.Affidavits for outstanding government dues and any pending court case against Govt.Declaration/resolution as per application.",

"frequently_asked_questions": "What is the objective of the \"Scheme of Assistance for Common Environment Infrastructure\"?The scheme \"Scheme of Assistance for Common Environment Infrastructure\" under the Gujarat Industrial Policy aims to provide incentives for environmental compliance to ensure long-term economic and ecological balance.\n\nWhat is the objective of the \"Financial Assistance for Common Environmental Infrastructure Facilities\" component?The scheme aims to provide financial support for the establishment and upgradation of environmental infrastructure to promote pollution control, waste management, and sustainable industrial practices.\n\nWho can apply for financial

assistance under this scheme? Industries, industrial associations, government agencies, public sector undertakings (PSUs), and other eligible institutions involved in environmental management can apply for assistance.

What types of projects are eligible for assistance under this scheme? Eligible projects include Common Effluent Treatment Plants (CETPs), waste recycling plants, hazardous waste incinerators, solvent recovery units, environmental monitoring systems, and other approved environmental infrastructure projects.

What is the maximum financial assistance available under this scheme? The scheme provides assistance of up to 40% of the eligible fixed capital investment, with a maximum limit of ₹50,00,00,000/-. For government projects, assistance can go up to 80%, subject to approval.

Can a project receive financial assistance from both the State Government and the Central Government? Yes, if a project qualifies for assistance under a Central Government scheme, the total assistance (GoI + GoG) is limited to 75%, with the remaining 25% to be borne by the applicant.

What kind of expenses are considered eligible for financial assistance? Expenses incurred on fixed capital investment such as land, plant, machinery, technology upgradation, automation, and infrastructure development are eligible for assistance under this scheme.

Are there any restrictions on availing assistance under other state government schemes? Yes, projects receiving assistance under this scheme cannot avail incentives from any other state government scheme for the same component unless specified otherwise. However, they can receive incentives under schemes of the Government of India or other institutions.

What happens if an applicant fails to comply with environmental regulations? If an institution violates environmental laws or conditions set by the Gujarat Pollution Control Board (GPCB), the government may take over the project, restructure the board, or recover the financial assistance as arrears of land revenue with an 8% interest rate.

How long does an approved project need to remain operational? The project must remain operational for a minimum of 5 years after its commencement to ensure sustainable environmental benefits.

What are the reporting requirements for an approved project? Institutions must submit quarterly progress reports, data on project operations, and utilization certificates for the assistance disbursed by the government.

Is it mandatory for an institution to obtain ISO-14001 certification? Yes, the institution must obtain ISO-14001 certification within two years after project completion and ensure its periodic renewal.

How is the financial assistance disbursed? Up to 95% of the sanctioned amount is reimbursed based on eligible expenditure and assets created, while the remaining 5% is disbursed after submission of a project completion certificate and ISO-14001 certification."

"documents_required": "Copy of legal status of applicant such as memorandum and article of association and company registration certificate or registration under society act or trust act, and list of directors/members with addresses.Proof that land for project is in possession, like land allotment letter of GIDC with copies of 7/12 utaara, N.A. permission, approved plan, and construction permission by competent authority.Copy of GPCB NOC/CCA for establishing project (if not applicable, then give justification on letterhead).Copy of Environment Clearance (if not applicable, then give justification on letterhead).Detailed project report covering all details mentioned in application form.List of beneficiaries in format as per Annexure-A1 for each beneficiary on letterhead.Process diagram of proposed project signed by authorized signatory.Financial and technical appraisal of project from Bank/Fl/other institution as approved by SLEC.Copy of any other financial assistance granted by GoG and/or GoI for the same component or project.Copy of sanction/consent letter from Financial Institution, if loan is sanctioned.Affidavits for outstanding government dues and any pending court case against Govt.Declaration/resolution as per application.",

"frequently_asked_questions": "What is the objective of the \"Scheme of Assistance for Common Environment Infrastructure\"?The scheme \"Scheme of Assistance for Common Environment Infrastructure\" under the Gujarat Industrial Policy aims to provide incentives for environmental compliance to ensure long-term economic and ecological balance.\n\nWhat is the objective of the \"Scheme for Development of Green Estate\" component?The purpose of the component is to facilitate the relocation or retrofitting of polluting industrial units to designated green estates, thereby improving environmental sustainability and compliance with pollution control norms.\n\nWho is eligible to apply for the scheme?Any institution or group of industries that operates polluting industrial units and has received a

recommendation from the Gujarat Pollution Control Board (GPCB) for relocation or retrofitting is eligible to apply for the scheme.

Who appoints the professional agency for feasibility studies?The Industries Commissioner, based on the recommendation of GPCB, appoints a professional agency to assess pollution load, effluent quality, and the environmental benefits of relocating polluting industries.

What types of expenses are covered under the scheme?The scheme covers expenses related to infrastructure development, including internal roads, power distribution lines, water supply systems, sewage and drainage lines, effluent treatment facilities, and other approved facilities necessary for the green estate.

What is the role of the State Level Expert Committee (SLEC) in the scheme?The State Level Expert Committee (SLEC) reviews the feasibility study report submitted by the professional agency and decides whether to approve the relocation or retrofitting project.

Can an industry apply for the scheme without a recommendation from GPCB?No, industries cannot apply for the scheme without a formal recommendation from GPCB. The recommendation is essential for determining the necessity of relocation or retrofitting.

What happens after SLEC approves the project?Once the project is approved by SLEC, the eligible institution or industrial group can proceed with the relocation or retrofitting process and begin developing the necessary infrastructure within the green estate.

Can an industry relocate independently without financial assistance from the scheme?Yes, an industry can relocate independently. However, financial assistance under the scheme is only available for industries that receive GPCB's recommendation and SLEC's approval for relocation.

What is the main benefit of relocating to a green estate under this scheme?The main benefit of relocating to a green estate is the opportunity to operate in an environmentally sustainable manner with improved infrastructure, better compliance with pollution norms, and financial support for essential facilities.",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/saepegp>",

"details": "The \"Scheme of Assistance for Environment Protection Measures\" is an umbrella scheme launched by the Industries and Mines Department, Gujarat under the Gujarat Industrial Policy. Effective from August 7th, 2020 to August 6th, 2025, this initiative promotes sustainable industrial growth by supporting industries in adopting eco-friendly practices and ensuring compliance with environmental norms.The component \"Scheme for Assistance to Encourage Green Practices and Environmental Audit for MSMEs\" is designed to promote green practices and environmental sustainability in MSMEs by providing financial support for activities such as environmental audits, installation of monitoring systems, and adopting eco-friendly infrastructure."

"objective": "Section not found",

"benefits": "Eligible ActivityQuantum of Assistance per Project Periodic Environmental AuditsUp to 75% of fees with a ceiling of ₹50,000/- per audit.Installation of Monitoring SystemsUp to 25% of fees with a ceiling of ₹5,00,000/- per audit.Green Building CertificationUp to 50% of fees with a ceiling of ₹2,50,000/- per audit.Environmental Management SystemsUp to 50% of fees with a ceiling of ₹10,00,000/- per audit.Cluster-Based Equipment PurchaseUp to 35% of fees with a ceiling of ₹35,00,000/- per audit.Wastewater Recovery SystemsUp to 50% of fees with a ceiling of ₹75,00,000/- per audit."

"eligibility": "The industry/unit must be registered under relevant industrial laws in Gujarat.The industry/unit must comply with existing environmental regulations and standards.The industry/unit must be engaged in manufacturing or production activities.The industry/unit must undertake projects focused on

environmental protection measures. The industry/unit must adopt green practices as specified in the scheme.",

"exclusions": "Section not found",

"application_process": "OfflineStep-1: The applicant enterprise has to fill out the prescribed application form. Step-2: Attach all relevant documents as required under the scheme guidelines. Step-3: submit the claim with all relevant documents and details of expenditure to the concerned DIC (for Activities 1, 2 & 3)/Industries Commissionerate office (for Activities 4, 5 & 6) and disbursement of the assistance will be made as per availability of grant. Step-4: Ensure that the application is submitted within six months from the date of completion of the activity or project. Contact Us: Jt. Commissioner of Industries (IM) Block No. 1, 4th Floor, Udyog Bhavan, Sector 11, Gandhinagar-382 011 Ph. : +91 79 23252619, 23252689, 23252682 E-mail : icim@gujarat.gov.in; icjiim@gujarat.gov.in; icioim@gujarat.gov.in",

"documents_required": "Detailed Project Report for the project. Chartered Accountant Certificate for the expenditure. Expenditure statement approved by Chartered Accountant in prescribed pro forma. Justification of the comparative benefits of the implemented project with details of data and percentage reduction in raw material, water, energy consumption, or waste generation. (By maintaining the log sheet.) SLEC or GPCB approved independent empaneled auditor's Environment Audit report (if applicable, otherwise justification for not applicable). Copy of the Constitution/Establishment of the Institute/Company. (Attach a copy of Registration Certificate.) Copy of EM registration/IEM Part-B/Udyog Aadhaar Memorandum (UAM)/Udyam Registration (UR) - (as the case may be). GPCB NOC/Consent. Process Flow Diagram with a brief note of the existing and proposed project. Last year balance sheet of the enterprise. Copies of invoices for which expenditure incurred for the project. Bank statements for expenditure incurred in the project. Photographs of the project (minimum 3 photographs). Rating certificate (for Scheme No. 3). Copy of any other financial assistance granted by GoG and/or GoI for the same component/project. (If not granted, then give undertaking.) Undertaking for outstanding Government dues and any pending court case against the government.",

"frequently_asked_questions": "What is the \"Scheme for Assistance for Environment Protection Measures\"? The \"Scheme of Assistance for Environment Protection Measures\" under the Gujarat Industrial Policy promotes sustainable industrial growth by supporting industries in adopting eco-friendly practices and ensuring compliance with environmental norms, effective from August 7th, 2020 to August 6th, 2025. What is the purpose of the \"Scheme for Assistance to Encourage Green Practices and Environmental Audit for MSMEs\" component? The \"Scheme for Assistance to Encourage Green Practices and Environmental Audit for MSMEs\" component aims to encourage MSMEs to adopt green practices, improve environmental compliance, and implement eco-friendly measures. Who is eligible to apply for the scheme? Existing MSMEs that intend to adopt green practices and meet the scheme's criteria are eligible to apply. Are newly established MSMEs eligible for this scheme? No, as per the guidelines only existing MSMEs can apply under this scheme. What types of activities are covered under this scheme? The scheme supports activities such as voluntary environmental audits, installation of monitoring systems, green building certifications, setting up environmental management systems, and wastewater recovery systems. Can MSMEs receive assistance for mandatory environmental audits? No, the scheme only provides assistance for voluntary environmental audits not mandated by law or court orders. What is the maximum assistance available for wastewater recovery systems? MSMEs can receive up to 50% of the capital cost or ₹75,00,000/-, whichever is less, for wastewater recovery systems. Can a cluster of industries apply for assistance? Yes, a cluster of at least 10 industries can apply for assistance to purchase common safety or environmental compliance equipment. How is the

subsidy disbursed to the applicant?The subsidy is disbursed by the DIC or IC office after the approval process, based on the availability of grants.\n\nDoes the scheme support green building certifications?Yes, the scheme provides financial support for obtaining green building certifications under IGBC, LEED, or GRIHA.\n\nCan MSMEs apply for multiple activities under the scheme?Yes, MSMEs can apply for multiple activities as long as they meet the eligibility criteria for each activity.What is the deadline for submitting an application?Applications must be submitted within six months of completing the activity or project.\n\nHow is the approval process conducted?Applications for Activities 1, 2, and 3 are approved by the DIC, while applications for Activities 4, 5, and 6 are reviewed by the State Level Empowered Committee.",

"details": "The \"Scheme on Promotion of Use of Liquid Fermented Organic Manure (LFOM) for Increasing Organic Carbon in Soil\" introduced by the Agriculture, Farmers Welfare and Cooperation Department, Gujarat, aims to encourage farmers to adopt eco-friendly agricultural practices. The scheme provides financial assistance of ₹4,000 per acre to farmers who utilize LFOM or Fermented Organic Manure (FOM) in their farming operations.",

"objective": "Section not found",

"benefits": "An amount of ₹4,000/- per acre for using LFOM or FOM.",

"eligibility": "The applicant must be a farmer. The applicant must be a resident of Gujarat. The applicant must be engaged in agricultural activities. The applicant must be willing to adopt LFOM/FOM on their farm.",

"exclusions": "Section not found",

"application_process": "Online Step 1: The applicant may visit and apply online at I-Khedut Portal: <https://ikhedut.gujarat.gov.in> Step 2: On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'. Step 3: Now select the scheme, click on the 'Apply' button and an application page will open. Step 4: Click on \"Apply New\" button and submit a new application. Step 5: Click on the \"Update Application\" button to add corrections to the application. Step 6: Once the application is done, confirm it. Step 7: Take a print out of the confirmed application. Step 8: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Contact Us: Click here.",

"documents_required": "7/12 Certificate. Aadhaar Card. Bank Pass Book/Cancelled Cheque. Caste Certificate.",

"frequently_asked_questions": "What is the main purpose of the \"Scheme on Promotion of Use of Liquid Fermented Organic Manure (LFOM) for Increasing Organic Carbon in Soil\"? The primary objective of this scheme is to encourage farmers in Gujarat to adopt Liquid Fermented Organic Manure (LFOM) or Fermented Organic Manure (FOM) in their farming practices in order to enhance the organic carbon content of the soil, thereby promoting sustainable and eco-friendly agricultural methods. Who is eligible to apply for financial assistance under this scheme? Any individual who is a resident of Gujarat and engaged in agricultural activities is eligible to apply for financial assistance under this scheme, provided they commit to

using LFOM or FOM in their farming operations. What financial support is provided to the beneficiaries under this scheme? Under this scheme, each eligible farmer is entitled to receive a financial grant of ₹4,000 per acre as an incentive for using LFOM or FOM on their agricultural land to improve soil health and fertility. Is there any limit on the maximum acreage for which a farmer can claim this benefit? While the scheme provides ₹4,000/- per acre, the maximum number of acres for which a farmer can claim the benefit may be subject to limitations as per the specific scheme guidelines published on the iKhedut portal. What type of manure is covered under this scheme and why is it promoted? The scheme specifically promotes the use of Liquid Fermented Organic Manure (LFOM) and Fermented Organic Manure (FOM) because these natural fertilizers enhance soil organic matter, improve soil structure, and contribute to long-term soil productivity without relying on chemical inputs. Is it mandatory for applicants to submit a caste certificate while applying? Submitting a caste certificate is only mandatory for farmers who belong to Scheduled Castes (SC), Scheduled Tribes (ST), or Other Backward Classes (OBC) and wish to avail of any category-specific benefits, while it is not required for general category applicants. What is the significance of the 7/12 certificate in the application process? The 7/12 certificate serves as an official document verifying the applicant's ownership or legal possession of agricultural land, and it is crucial for establishing the farmer's eligibility to receive the benefit under the scheme. How is the financial assistance disbursed to the approved beneficiaries? The financial assistance provided under the scheme is generally credited directly into the bank account linked with the applicant's iKhedut profile, ensuring secure and transparent fund transfer. Where and how can eligible farmers apply for this scheme? Eligible farmers can apply for this scheme exclusively through the official iKhedut portal, where they must register or log in, fill out the application form, and upload the required documents as specified. Whom should farmers contact if they face issues or need assistance with the application process? If farmers encounter difficulties or have queries regarding the application process, they are advised to reach out to their nearest agricultural extension officer or contact the support helpline available on the iKhedut portal for guidance."

Step 8: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Contact Us: Click here.",

"documents_required": "Copy of 7/12, 8-A, and 6-rights land records (own/lease land). Lease agreement (minimum 99 years, if applicable). Estimate and plan/map of the proposed construction work (as per taluka S.O.R.). Registration certificate under the Public Charity Act. Any other documents as required.",

"frequently_asked_questions": "What is the objective of the 'Scheme to Assist for Infrastructural Facilities for Gaushalas & Panjarapole'? The scheme aims to support animal welfare organizations like gaushalas and panjarapoles by offering financial assistance for the development and construction of essential infrastructure. Who is eligible to apply for this scheme? Any gaushala or panjarapole that is registered under the Public Charity Act and meets the specified land and livestock requirements is eligible to apply for the scheme. What type of financial assistance is provided under this scheme? The scheme provides up to 75% of the total cost or a maximum of ₹4.00 lakh for each infrastructure component such as cattle sheds, compound walls, water facilities, and storage units. Can an organization apply for multiple infrastructure components at once? An organization can apply for different components, but financial assistance will be granted for only one component in a given year. Is it necessary for the organization to own the land where construction will take place? No, the organization may either own the land or have it leased for a minimum of 99 years to qualify for the scheme. Is the benefit of the scheme available more than once? Yes, the organization can reapply for assistance for a different component after a minimum of five years. What does S.O.R. mean in the construction documentation? S.O.R. stands for Schedule of Rates, which refers to the standard government-approved rates used to estimate construction costs. Is there a maximum land limit for eligibility under the scheme? No, there is no maximum land limit, but the organization must have at least 3 acres of land. Where can the application for this scheme be submitted? Applications must be submitted online through the iKhedut portal, followed by submission of printed applications with signatures and required documents to the board. Is any official verification required after submitting the online application? Yes, the printed application must be signed and stamped by both the local veterinary officer and the nodal officer of the Gujarat Gauseva and Gauchar Vikas Board. What is the deadline for submitting the physical copy of the application and documents? All required documents must be submitted to the board within 30 days from the date of the online application.",

"title": "Sinchai Pipeline Karyakram",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/spk>",

"details": "The "\"Sinchai Pipeline Karyakram\"" under The Agriculture Department of the Rajasthan government will provide subsidy to farmers on purchasing irrigation pipelines. So that farmers can get rid of

the problem of irrigation. And their income can increase. There are many farmers in our country whose financial condition is weak and are unable to buy pipelines, due to which their crops get ruined due to lack of water. To overcome the problem of irrigation, many types of schemes are also being run by the Central and State Governments. In this direction, considering the problems of farmers. Feature :Farmers will be eligible for a grant only if they purchase BIS-marked pipes from a manufacturer or their authorized distributor/seller registered with the Agriculture Department, either in cash or by taking a loan from a bank, and successfully install them on their farm.Each pipe distributed on a grant basis must be embossed with the year of manufacture and the grant distribution year. The grant will be admissible only on pipes manufactured and sold in the eligible year. Additionally, the grant will be admissible on the remaining pipes from the previous year in the next financial year as well.The concerned manufacturer will necessarily provide information about the remaining stock of the previous financial year to the Deputy Director and Assistant Director of Agriculture (Ext.) office in the district. The grant will not be admissible in the absence of information.In the financial year, the list of maximum retail price (MRP) of pipes will be sent by the pipe manufacturers to the Deputy Director and Assistant Director of Agriculture (Ext.) office through selected dealers in the district. The dealer will also submit an affidavit that no bill will be charged more than the MRP.ComponentCodeDescriptionPipelinePipe4984 /14151 Pt I & II : 199H.D.P.E. irrigation pipePipelinePipe4985 ¼4 kg/cm² &63 ¼2-5 kg/cm² &90 mm and above ½PVC for water supply. irrigation pipePipelinePipeS 16190 : 2014 ¼ 63 mm and above and 200 mm and above ½HDPE High Density Polyethylene Laminated Knitted Flat Tube Irrigation Pipe for Water SupplyThe subsidy will be payable only on pipes of diameter 63 mm or more than 63 mm."

"objective": "Section not found",

"benefits": "Cost of transporting water: 50% of the cost (capped at ₹1000/-).Pipe material cost:HDPE pipe: ₹50 per meter (capped at ₹15,000/- total).PVC pipe: ₹35 per meter (capped at ₹15,000/- total).HDPE laminated flat tube pipe: ₹20 per meter (capped at ₹15,000/- total).",

"eligibility": "The agricultural land should be owned by the applicant.The applicant must be a farmer residing in Rajasthan.This scheme applies to farmers who have a diesel engine, electric pump, or tractor-driven pump set available on a borewell or well.Applicants must own at least 2 bighas of cultivable agricultural land.The farmer's bank account must be linked to an Aadhar card. Additionally, no farmer can apply again for the next 10 years after receiving the benefit.Farmers must apply for the grant within 30 days of purchasing the pipe and after this timeframe will not be considered.",

"details": "The scheme \"Solar Water Heater Scheme\" by the Department of Renewable Energy, Government of Uttarakhand, aims to provide clean and affordable energy, reduce electricity bills, and contribute to environmental protection. Through this scheme, free electricity and a reduction in carbon emissions are provided to the residents of Uttarakhand. The scheme is implemented by the Uttarakhand Renewable Energy Development Agency (UREDA). Objectives: To provide free electricity to consumers by reducing the burden of expensive electricity bills. To contribute to the state's global clean energy initiatives and India's target of Sustainable Development Goal (SDG) 7. To promote energy conservation through the use of green energy. To achieve maximum energy savings and an annual reduction in carbon dioxide emissions. To reduce harm to nature caused by traditional methods of heating water, such as burning wood, especially in hilly regions."

"objective": "Section not found",

"benefits": "1. Financial Savings: Electricity consumers directly benefit from reduced expensive electricity bills, as electricity is procured at high rates by Distribution Companies (DISCOMs) for power supply during peak hours. 2. Environmental Impact: Installation of solar water heaters contributes to the state's global clean energy initiatives and India's target of Sustainable Development Goal (SDG) 7, which focuses on affordable and clean energy. 3. Carbon Emission Reduction: For every 100% solar water heater installation, 1.5 tonnes of carbon dioxide equivalent emissions will be reduced annually, leading to a positive environmental impact. 4. Reduced Deforestation: The use of solar water heater systems helps reduce the harm caused to nature by traditional methods of heating water (e.g., burning wood), particularly in the hilly regions of Uttarakhand. Conditions/Aspects/Criteria associated with the benefits: Grants are provided on a \"first come, first served\" basis to consumers under the sanctioned capacity of the power plant. Grant processing occurs after UREDA (Uttarakhand Renewable Energy Development Agency) verifies the installation. Final payment to the concerned installation firm is made only if UREDA's inspection is satisfactory. Mode of Disbursement: The grant amount will be transferred online to the account of the beneficiary/approved applicant by the concerned district's senior officer/project officer of UREDA."

"eligibility": "The applicant must be a resident of Uttarakhand. The applicant must have an electricity connection from UPPCL (Uttarakhand Power Corporation Limited). The applicant must own the related building."

"exclusions": "Section not found",

"application_process": "OnlineRegistration Process:-Step 1: Visit the official online portal for the scheme.Step 2: Click on the \"Register\" or \"New User Registration\" to register. Step 3: Enter your mobile number and possibly create a login (e.g., setting a password or receiving an OTP).Step 4: Create your login credentials, which typically involve setting a password. Ensure your password is strong and memorable.Application Submission:-Step 1: Visit the official online portal for the scheme. Step 2: Find and click on the section related to the \"Solar Water Heater Scheme\".Step 3: Carefully fill out the online application form. This will include providing details about your established solar water heater system, specifically its capacity.Step 4: Upload scanned copies or clear photographs of all necessary supporting documents as prompted by the portal. These typically include your electricity bill, property tax bill (if applicable), and any other relevant plant-related documents.Step 5: Proceed to the payment section and pay the non-refundable application fee of ₹100/- through the available online payment options (e.g., net banking, credit/debit card, UPI).Step 6: Review all entered information and uploaded documents. Once confirmed, submit your application. You will likely receive an application reference number or confirmation.",

"documents_required": "Electricity BillProperty Tax Bill (if electricity bill is not available)Any Other Document related to the established power plant (if electricity bill or property tax bill are not available)",

"frequently_asked_questions": "What is the main objective of the Solar Water Heater Scheme launched by the Government of Uttarakhand?The scheme primarily aims to provide electricity to consumers at discounted rates and reduce the burden of expensive electricity bills by promoting solar water heaters.Which government entity is responsible for implementing the Solar Water Heater Scheme?The Uttarakhand Renewable Energy Development Agency (UREDA) is the implementing agency for the Solar Water Heater Scheme.What is the primary benefit for consumers under the Solar Water Heater Scheme?Consumers directly benefit from a reduction in their expensive electricity bills, as the scheme aims to provide free electricity through solar water heater installation.How does the Solar Water Heater Scheme contribute to environmental protection?The scheme contributes to environmental protection by promoting the use of green energy and reducing carbon dioxide emissions, with 1.5 tonnes of carbon dioxide equivalent emissions reduced per 100% solar water heater installation.What specific Sustainable Development Goal (SDG) does this scheme contribute to?The scheme is a significant contribution of the state government towards achieving India's target of Sustainable Development Goal (SDG) 7.What issue in hilly regions of Uttarakhand does this scheme aim to address regarding hot water?In the hilly regions, hot water is often obtained by burning wood, which harms nature; the scheme aims to reduce this harm by promoting solar water heater systems.How is selection of applicants determined under the Solar Water Heater Scheme?Selection of applicants will be based on the approval or sanction received through the online portal.Is there an application fee for the Solar Water Heater Scheme, and if so, how much?Yes, a non-refundable application fee of ₹100/- will be charged for all approved applicants.Who is eligible to apply for the Solar Water Heater Scheme?Residents of Uttarakhand, particularly UPCL (Uttarakhand Power Corporation Limited) consumers, are eligible for this scheme.What specific documents are required for an applicant to be eligible for connection under the scheme?The applicant must have an electricity bill, property tax bill, or any other document related to the established power plant to be eligible for application.How are grants provided to consumers under the sanctioned capacity of the power plant?Grants will be provided on a \"first come, first served\" basis to consumers under the sanctioned capacity of the power plant.When is the grant processed after the installation of the solar water heater?After the installation is verified by UREDA (Uttarakhand Renewable Energy Development Agency), the grant will be processed.Who conducts the on-site verification for the grant application?UREDA (Uttarakhand Renewable

Energy Development Agency) will conduct on-site verification after an applicant applies for the grant on the portal. Who recommends the grant amount for release after verification and approval? Upon verification and approval, the grant amount will be recommended by UREDA Headquarters, and the concerned officer/project manager in the UREDA account will process it. Under what specific circumstances is the application fee refunded to the applicant? The application fee will be refunded if the budget for the scheme is unavailable in the relevant financial year, if applications exceed the available budget and no additional grant sanction is received, or for any other reason the state grant is not issued to the applicant. Does the scheme charge a nominal fee for electricity from the portal to domestic or non-domestic consumers? No, a nominal fee will not be charged for electricity from the portal to domestic or non-domestic consumers. What is the annual reduction in carbon dioxide emissions expected for every 100% solar water heater installation? An annual reduction of 1.5 tonnes of carbon dioxide equivalent emissions is expected for every 100% solar water heater installation. What kind of power is procured by DISCOMs during peak hours, which the scheme aims to address? Electricity is procured at expensive rates by DISCOMs (Distribution Companies) for power supply during peak hours."

"documents_required": "Parivar Pehchan Patra. Zamabandi of the Agriculture land. Details of Micro irrigation / underground pipeline (UGPL) system installed/undertaking to install micro-irrigation system/UGPL before installation of the pump.",

"frequently_asked_questions": "What is the objective of the \"Solar Water Pumping System\"? The objective of the \"Solar Water Pumping System\" is to promote the adoption of solar-powered irrigation among farmers and agricultural communities in Haryana by providing solar water pumps at a subsidized rate, thereby reducing their dependence on electricity or diesel-based pumping solutions and encouraging the use of clean, renewable energy. Who is responsible for implementing the \"Solar Water Pumping System\" in Haryana? The \"Solar Water Pumping System\" is implemented by the Renewable Energy Department of the Government of Haryana. Who is eligible to apply for the scheme? Applicants eligible to apply under the \"Solar Water Pumping System\" must be residents of Haryana possessing a valid Parivar Pehchan Patra (PPP). Farmers without any existing electric agricultural connection in their name are also eligible. Are organizations other than individual farmers eligible to apply under the scheme? Yes, organizations such as Water User Associations, Gaushalas (cow shelters), and community or cluster-based

irrigation systems are also eligible to apply under the \"Solar Water Pumping System\" provided they meet the required conditions. What kind of financial assistance is provided under this scheme? Under the \"Solar Water Pumping System\", beneficiaries are provided with solar-powered irrigation pumps at a 75% subsidy on the total cost, thereby requiring them to contribute only the remaining 25%. Can a farmer who already has an electric agricultural connection in his or her name apply for this scheme? No, a farmer who already possesses an electric agricultural connection in his or her name is not eligible to apply under the \"Solar Water Pumping System\" as the scheme is meant for those who do not have any such connection. What is the process for applying to the \"Solar Water Pumping System\"? The applicants may visit the Antyodaya-SARAL Portal to apply for the scheme. What is the offline process for applying the scheme? To apply for the \"Solar Water Pumping System\", the applicant may visit the nearest Atal Seva Kendra (Common Service Centre). Is there any fee applicable for applying under this scheme through Atal Seva Kendra (Common Service Centre)? Yes, a nominal service fee of ₹10/- is charged by the Common Service Centre for the application. Is it possible to avail the scheme benefits more than once? No, a beneficiary who has already received a solar pump under any previous iteration of the solar pump scheme is not eligible to avail the benefits again under the \"Solar Water Pumping System\".

"title": "Special Livestock Insurance Scheme",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/slisc",

"details": "\"Special Livestock Insurance Scheme\" by the Animal Husbandry & Dairying Department, Government of Haryana is a continuation of a welfare initiative targeting scheduled caste families engaged in livestock rearing. The scheme is designed to provide free insurance for livestock, enhancing the economic security of resource-poor Scheduled Caste families. It has been allocated a budget of ₹3,00,00,000/- by the State Government and aims to cover various livestock species, including milch animals, sheep, goats, pigs, pack animals, and camels."

"objective": "Section not found",

"benefits": "Free Insurance Coverage: For livestock owned by Scheduled Caste families, ensuring financial protection in case of animal loss. Employment Support: Covers livestock units established under the \"Scheme for Providing Employment Opportunities to Scheduled Castes (SCSP).\" Wide Coverage: Includes dairy, piggery, sheep, goat units, milch buffalo, cattle, pack animals, and camels. Publicity and Awareness: ₹5,50,000/- allocated for widespread publicity to ensure maximum participation. Veterinary Support: Honorarium to Veterinary Surgeons for health and post-mortem certificates. Cost-Free to Beneficiaries: Entire costs related to insurance premiums, publicity, and veterinary support are borne by the State Government."

"eligibility": "The applicant should be from a Scheduled Caste family. The livestock of the applicant should include milch buffaloes, milch cattle, sheep, goats, pigs, pack animals, or camels. The animals must be owned by the applicant. The animals should be reared within the State. *Livestock units established under the \"Scheme for Providing Employment Opportunities to Scheduled Castes\" are automatically eligible."

"exclusions": "Livestock not owned by Scheduled Caste families. Animals without a valid health certificate issued by Veterinary Surgeons. Losses not covered under the insurance policy terms (e.g., negligence, willful harm). Livestock not registered under the scheme or insured during the eligibility period. Claims without proper documentation or post-mortem reports.",

"application_process": "OfflineRegistrationStep 1: The eligible applicant may apply online through the Official Portal- Antyodaya-SARAL Portal. <https://saralharyana.gov.in/> Step 2: If the applicant is not registered on the portal, he/she gets registered there. Step 3: For registration, click "New User" under 'Sign In Here' and fill in all the mandatory details i.e. Name, Email ID, Mobile Number, Password & State. Click on 'Submit'. Step 04: Verify your mobile number and email ID through the received OTP and complete the registration process. ApplicationStep 1: To avail the benefits of the scheme, visit the Official Antyodaya-SARAL Portal and log in through the email ID used while registering. Step 2: Enter Password & Captcha and click on 'Login'. Step 3: After successful login, click on 'Apply for Services' and then 'View all Available Services'. Step 4: Now, you can search for the scheme and click on the scheme to go ahead and fill out the application form. Step 5: Enter your Parivar Pehchan Patra number - Family ID and click on "Click here to Fetch Family Data" which displays the family members registered under the given Family ID. Step 6: Select the beneficiary/applicant name and enter the OTP that is being sent to the selected family member for verification. Click on "Click to Verify". Step 7: Fill in all the mandatory details and upload all the mandatory documents. Step 8: Preview the application form and click on 'Submit'. Tracking of Application: Applicants can track his/her application through the Official Antyodaya-SARAL Portal by entering their Department Name, Scheme Name, and Application Reference ID. *In case of loss, file a claim with supporting documents, including the post-mortem report.",

"documents_required": "Proof of Scheduled Caste status. Livestock ownership documents (e.g., purchase receipt or ownership affidavit). Health certificate issued by a designated Veterinary Surgeon. Identification proof of the applicant. Address proof. Post-mortem report in case of claim filing. Application form duly filled and signed. Recent passport-sized photograph of the applicant.",

"frequently_asked_questions": "What is the Special Livestock Insurance Scheme? It is a State Government initiative providing free livestock insurance to Scheduled Caste families for the year 2018-19. Who is eligible for this scheme? Scheduled Caste families owning livestock such as milch animals, sheep, goats, pigs, pack animals, or camels within the State are eligible. What costs are covered under the scheme? The entire insurance premium, publicity expenses, and Veterinary Surgeon honorariums are covered by the State Government. How can I apply for this scheme? Applications can be submitted at the nearest Deputy Director office for Animal Husbandry & Dairying along with the required documents. What documents are needed for application? Proof of Scheduled Caste status, livestock ownership documents, and health certificates issued by Veterinary Surgeons. What is the role of Veterinary Surgeons in this scheme? Veterinary Surgeons issue health and post-mortem certificates required for insurance and claim processes. Are all types of livestock covered under this scheme? Yes, milch animals, sheep, goats, pigs, pack animals, and camels are covered. Is there any cost to the beneficiaries? No, the scheme is completely free for Scheduled Caste families. What happens in case of livestock loss? File a claim with necessary documentation, including a post-mortem certificate, to receive insurance benefits. How is the scheme publicized? ₹25,000 per district is allocated for publicity, ensuring that beneficiaries are well-informed about the scheme.",

"title": "Students Ready",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/sr>",

"details": "The Student READY (Rural Entrepreneurship Awareness Development Yojana) program aims to provide rural entrepreneurship awareness, and practical experience in a real-life situation in rural agriculture, and create awareness to undergraduate students about practical agriculture and allied sciences. The program will help in building confidence, skills, and acquiring Indigenous Technical Knowledge (ITK) of the locality and thereby preparing the pass-out for self-employment. It also aims to provide opportunities to acquire hands-on experience and entrepreneurial skills. To reorient graduates of agriculture and allied subjects for ensuring and assuring employability and developing entrepreneurs for emerging knowledge-intensive agriculture, it was felt necessary to introduce this program in all the AUs as an essential prerequisite for the award of degree to ensure hands-on experience and practical training. The Fifth Deans committee has given a detailed curriculum of the student READY program for all the disciplines in agriculture and allied sciences. The course curricula have been restructured to develop much-needed skills and entrepreneurial mindset among the graduates to take up self-employment, contribute to the

enhanced rural livelihood and food security, sustainability of agriculture, and be propeller for agricultural transformation. The following components are proposed for carrying out one year Student READY program in all the Undergraduate (UG) disciplines: Experiential Learning on Business Model / Hands-on Training, Experiential Learning on Skill Development, Rural Awareness Works Experience (RAWE), Internship / In-Plant Training / Industrial attachment, Students Projects. Student READY program is introduced in fourth year of undergraduate education in the following subjects: Agriculture, Agriculture Engineering, Bio-Technology, Dairy Technology, Fisheries, Food Technology, Forestry, Horticulture, Home Science (now Community Science), Sericulture. Five components of student READY are: Experiential Learning with business mode, Hands-on training (HOT)/ Skill development training i.e. Experiential Learning without business mode, Rural Awareness Work Experience (RAWE), Internship/In-Plant Training/ Industrial attachment, Students Projects.

Experiential Learning with business mode: Experiential Learning (EL) with business mode helps the student to develop competence, capability, capacity building, acquiring skills, expertise, and confidence to start their own enterprise and turn job creators instead of job seekers. This is a step forward for "Earn while Learn" concept. Experiential Learning is an important module for high quality professional competence and practical work experience in real life situation to Graduates. The module with entrepreneurial orientation of production and production to consumption pattern is expected to facilitate producing Job Providers rather than Job Seekers. The EL provides the students an excellent opportunity to develop analytical and entrepreneurial skills, and knowledge through meaningful hands on experience, confidence in their ability to design and execute project work. The main objectives of EL are: To promote professional skills and knowledge through meaningful hands on experience. To build confidence and to work in project mode. To acquire enterprise management capabilities. Rural Agricultural Work Experience (RAWE) The Rural Agricultural Work Experience (RAWE) provides exposure to agricultural students to the natural setting of the village situations, work with the farm families, identify their problems and make use of various extension tools for transferring the latest agricultural technologies. The students also get opportunity to study the various on-going schemes related to agriculture and rural development and participate in their implementation. The students were given rigorous orientation and familiarization on various issues and problems expected on farmers' field and hence gain competence and confidence for solving problems related to agriculture and allied sciences. It has been implemented in adopted villages under the supervision of scientists. Activities focused on intensive observations/ analysis of socio-economic and technological profile of the farm families in rural areas, participatory extension approach and acquaintance with farming situations, farm practices and interaction with progressive farmers. Soil testing has become the integral part of RAWE. This helps orient our agricultural graduates for participation in various rural developmental programme. The students also gained first hand information on industries during attachment with identified agro based industries. The stipend rates have been enhanced of Rs 3000/ student/ month for a maximum of 6 months for the village/ rural training under student READY programme.

In Plant Training (IPT)/ Industrial Attachment Technology and globalization are ushering an era of unprecedented change. The need and pressure for change and innovation is immense. To enrich the practical knowledge of the students, in-plant training is mandatory. In this training, students will have to study a problem in industrial perspective and submit the reports to the university. Such in-plant trainings will provide an industrial exposure to the students as well as to develop their career in the high tech industrial requirements. In-Plant training is meant to correlate theory and actual practices in the industries with the following objectives: To expose the students to Industrial environment, this cannot be simulated in the university. To familiarize the students with various Materials, Machines, Processes, Products and their applications along with relevant aspects of shop management. To make the students understand the psychology of the workers, and approach to problems along with the practices followed at factory. To make the students understand the scope, functions and job responsibility-ties in various departments of an

organization. Exposure to various aspects of entrepreneurship during the program period. Students Projects There is number of students interested in higher education and study abroad. Keeping in view their future requirement a component of Student Project is placed to understand and identify problems of his/ her interest and field, experimental set up, taking observation and writing and documentation in the form of thesis. Project work provides several opportunities to students to learn various aspects that cannot be taught in a class room or laboratory. In order to provide such opportunities to the graduates of agricultural science, Students Project is proposed as one of the components of the Student READY. It may be adopted based on the interest of student and expertise and facilities available with the College. The Students Project is proposed with the following objectives: To impart analytical skills and capability to work independently. To conceptualize, design and implement the proposed work plan. Learn to work as a team- sharing work amongst a group, and learn leadership. Learn to solve a problem through all its stages by understanding and applying project management skills. Learn to do various implementations, fabrication, testing and trouble shooting. Learn communication report writing skills.",

"objective": "Section not found",

"benefits": "Benefits The stipend payable to the Student shall be Rs. 3,000/- (Rs. 2,500/- as ICAR Share + Rs 500/- as State Share) per student per month for a maximum of six months. An amount of Rs. 500/- per student/per month will also be provided as ICAR Share towards operational expenses (meeting faculty expenses, contingency, POL, medicines, etc.) during the programme. Mode of Payment The stipend shall commence from the month a student joins the RAWE/In Plant training/ Internship/ Industrial attachment etc. for a maximum period of six months only. The University will be paid the money in lump-sum in advance. For this university will have to submit demand to ICAR as per rule well in advance. The University shall transfer the stipend into the student's bank account and ensure the Direct Benefit Transfer (DBT) which will be linked to AADHAR (UID) of the student beneficiary. The university will provide a copy of compiled bank statement to ICAR, New Delhi every year. The University must provide the State Share (Rs. 500/- per student per month) failing which ICAR may stop grants to the University. The student may be paid the stipend on a monthly basis at the end of each month. In no case, ICAR will make any payment directly to the student. Termination of Stipend The stipend will be terminated if a student will leave the course before its completion. No stipend will be paid if the student changes discipline or the University without any valid reasons and prior permission of the Competent Authority..",

"eligibility": "Eligibility A student, who is pursuing UG programme in SAUs/DUs/CAU/CUs of NARES in courses duly accredited by the National Agricultural Education Accreditation Board (NAEAB) of ICAR, New Delhi The student must maintain merit and good conduct as certified by the Head of College/University/Institution. He/ She should not remain absent during the programme without prior permission of the Competent Authority. The candidate should not participate in any agitation/ strike and should not take up any job even on part time basis or any other financial assistance for the same activities during the period.",

"exclusions": "Section not found",

"application_process": "Online Registration: The students shall first register for RAWE-SPW program at the concerned College on the date notified by the University / Associate Dean/ Principal of the College. After registration at the College, students will report to the Coordinator of the RAWE-SPW program to whom students are attached. Selection of placement centres for RAWE-SPW The selection of organizations/units/farmers will have to be done by the principal / his nominee well in advance. Selection of villages/towns: Five to Six students will be placed in each village, therefore on the basis of the number of students, the sufficient number of villages should be selected by the principal/co-ordinator of the colleges

well in advance. Placement of the students: The students after orientation should report to the concerned host farmer allotted to them. They should report to the concerned placement center within seven days after registration. Once the students are allotted to a particular placement center, they will not be allowed to change their placement. After completion of the RAWE program students is transferred to student project work in a selected unit.",

Through this scheme, assistance for seed distribution, strengthening of seed quality control laboratories, and creation of seed infrastructure facilities are provided to all categories of farmers, State Agricultural Universities (SAUs), Farmers' Producer Organisations (FPOs), Co-operative enterprises, and Government enterprises. Objective of Scheme: Increasing production of certified/quality seed Strengthening Seed Testing Laboratories Assisting Seed Producing Institutes for the adoption of new technologies, ensuring farmers get quality seeds at the right time and at reasonable prices Development of infrastructure for seed industries Improving seed quality Enhancing capacity building for seed production Creation of a Seed Bank for adverse natural calamities",

"objective": "Section not found",

"benefits": "Seed Village Programme: Assistance will be provided for the distribution of foundation and certified seed required for a 1-acre area for cereal crops; the assistance covers 50% of the cost, and for pulse, oilseeds, green manure & fodder crops, the assistance covers 60% of the cost. Validity: The maximum time limit for reclaiming benefits is 2 years. Strengthening of Seed Quality Control Laboratories: Assistance is provided on a project basis. Intended Use: For State Agricultural Universities (SAUs), Farmers' Producer

Organisations (FPOs), Co-operative enterprises, and Government enterprises. Frequency of Disbursement: One time. Creation of Seed Infrastructure Facility (SPP): Assistance is provided on a project basis.",

"eligibility": "The applicant must belong to one of the following categories: all categories of farmers, State Agricultural Universities (SAUs), Farmers' Producer Organisations (FPOs), Co-operative enterprises, or Government enterprises. The applicant must attach land records along with the application form. The applicant must have their own bank account.",

"exclusions": "Section not found",

"application_process": "Online Registration Process: Step 1: The applicant may visit and apply online at the I-Khedut Portal. Step 2: Click on 'Login' from the top right-hand side, then click on \"Beneficiary Registration\" and select any one from the 'Farmer' or 'Institutional' or 'Except For the Farmer' as the Beneficiary Type. Step 3: Enter the 'Company Name' and Address if you have selected 'Institutional' or 'Except For the Farmer' as the Beneficiary Type. And for all select the District, Taluka, and Village, choose 'what type of account holder you are?', enter your Account Number and Name, solve the Captcha, and click 'Save and Next'. Step 4: Enter your Mobile Number and E-mail address, click 'Send OTP', enter the received OTP, create and confirm a Password, solve the Captcha, and click 'Submit'. Login Process: Step 1: The applicant may visit and apply online at the I-Khedut Portal. Step 2: Click on 'Login' from the top right-hand side of the homepage. On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'. Step 3: Now select the scheme, click on the 'Apply' button, and an application page will open. Step 4: Click on the \"Apply New\" button and submit a new application. Step 5: Click on the \"Update Application\" button to add corrections to the application. Step 6: Once the application is done, confirm it. Step 7: Take a printout of the confirmed application. Contact Us: Click here.",

"documents_required": "Aadhaar Card Address Proof Land Records Bank Account Details",

"frequently_asked_questions": "What are the main goals of this scheme? The main goals include increasing certified/quality seed production, strengthening Seed Testing Laboratories, assisting Seed Producing Institutes, developing seed industry infrastructure, improving seed quality, enhancing capacity building for seed production, and creating a Seed Bank for adverse natural calamities. Who can benefit from this scheme? All categories of farmers, State Agricultural Universities (SAUs), Farmers' Producer Organizations (FPOs), Co-operative enterprises, and Government enterprises are eligible beneficiaries. What kind of help is available under the Seed Village Programme? Under the Seed Village Programme, help is provided for distributing foundation and certified seed needed for 1 acre of land. How much of the cost is covered for cereal crops under the Seed Village Programme? For cereal crops, the scheme covers 50% of the cost. How much of the cost is covered for pulse, oilseeds, green manure & fodder crops under the Seed Village Programme? For pulse, oilseeds, green manure & fodder crops, the scheme covers 60% of the cost. What is the shortest time I need to wait to claim benefits from the Seed Village Programme? The minimum time limit for reclaiming benefits under the Seed Village Programme is 2 years. How is support given for improving seed quality control laboratories? Support for strengthening seed quality control laboratories is given on a project basis. Which organizations can get support for strengthening seed quality control laboratories? State Agricultural Universities (SAUs), Farmers' Producer Organizations (FPOs), Co-operative enterprises, and Government enterprises can get this support. Are Farmers' Producer Organizations (FPOs) allowed to apply for this scheme? Yes, Farmers' Producer Organizations (FPOs) are among the eligible applicants for this scheme. How is support given for setting up seed infrastructure facilities (SPP)? Support for the creation of seed infrastructure facility (SPP) is provided on a project basis. Are State Agricultural Universities (SAUs) eligible to receive benefits from this

scheme?Yes, State Agricultural Universities (SAUs) are eligible to receive benefits, especially for strengthening seed quality control laboratories.",

"title": "Sub-mission On Agriculture Mechanization",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/smam>",

"details": "Agricultural machines take an important role to increase productivity with timely and precise fieldwork. To promote the usage of farm mechanization and increase the ratio of farm power to cultivable unit area up to 2.5 kW/ha, the scheme will be implemented in all the Indian states The SMAM scheme has both centrally sponsored and central sector scheme components. In the centrally sponsored scheme components, the Government of India funds 60% of the cost and the states' share is 40% in all states except north-eastern and Himalayan states where the ratio is 90:10 wherein GOI funds 90%. In UTs, the central share is 100%.Mission StrategyTo achieve the above objectives, the Mission will adopt the following strategies:Conduct performance testing for various farm machineries and equipment at the four Farm Machinery Training and Testing Institutes (FMTTIs), designated State Agricultural Universities (SAUs) and ICAR institutions.Promote farm mechanization among stakeholders by way of on-field and off-field training and demonstrations.Provide financial assistance to farmers for procurement of farm machinery and implements.Establish custom hiring centres of the location and crop-specific farm machinery and implements.Provide financial assistance to small and marginal farmers for hiring machinery and implements in low-mechanized regions.Mission ComponentsPromotion and Strengthening of Agricultural Mechanization through Training, Testing and Demonstration.Demonstration, Training and Distribution of Post-Harvest Technology and Management (PHTM).Financial Assistance for Procurement of Agriculture Machinery and Equipment.Establish Farm Machinery Banks for Custom Hiring.Establish Hi-Tech, High Productive Equipment Hub for Custom Hiring.Promotion of Farm Mechanization in Selected Villages.Financial Assistance for Promotion of Mechanized Operations/hectare Carried out Through Custom Hiring Centres.Promotion of Farm Machinery and Equipment in the North-Eastern Region.",

"objective": "Section not found",

"benefits": "The stated objectives of the SMAM scheme are as follows.The main objective of this scheme is to provide agricultural machinery to poor and economically weak farmers and this subsidy is given by the government.Enhancing the reach of farm mechanization to small & marginal farmers and to the regions where farm power availability is low.Promoting 'Custom Hiring Centres' to mitigate the adverse economies of scale caused due to small landholding and the high cost of individual ownership.Generating awareness among stakeholders through demonstration and capacity-building activities.Developing hubs for hi-tech & high-value farm equipment.Ensuring performance testing and certification at designated testing centres.Under the SMAM scheme of the central government, farmers are provided with the benefit of subsidies ranging from 50 to 80 percent for buying agricultural machinery. Under the scheme, priority is given to women farmers.Farmers can take advantage of subsidies on agricultural machinery so that they will

be able to get agricultural machinery at a low cost. Through this scheme, farmers can easily purchase agricultural equipment. With the help of agricultural equipment, farmers will be able to do all the farming work in less time. There will be an increase in the yield with less cost of equipment, which will increase the income of the farmer.",

"eligibility": "All landholding farmers' families, Self Help Groups (SHGs), User Groups, Cooperative Societies, Farmer Producer Organizations (FPOs) and Entrepreneurs. The farmer must be a native of India. Women farmers can also take advantage of this scheme. They will be given priority in this scheme. The benefit of this scheme will be given by the central government to those farmers who are financially weak. The benefit of this scheme will be given to those farmers who have not taken the benefit of subsidy from any other central scheme earlier.",

"exclusions": "Section not found",

"application_process": "Online Visit <https://agrimachinery.nic.in/Index/Index> Select the appropriate option from the Registration dropdown option. Fill out the form with the required information and register.",

"documents_required": "For farmers: Aadhar card - To identify the beneficiary. Passport size photo of Farmer. Record of Right (RoR) of land to upload while adding land details. Copy of first page of the bank pass book on which the details of the beneficiary are given. Copy of any ID Proof (Aadhar Card / Driving License / Voter ID Card / PAN Card / Passport). Copy of Caste Category Certificate in case of SC / ST / OBC. Do not fill the wrong information. On filing false information the benefits may be denied. Note: Farmer while registering in DBT portal has to select correct District, Sub-District, Block, and Village from the drop down list. The name of farmer should be as per Aadhaar card. The farmer category (SC/ST/General), farmer type (Small/Marginal/Large) and Gender (Male/Female) should be correctly furnished otherwise the application will be debarred at the time of physical verification. This is the responsibility of farmer to furnish the correct details for availing subsidy.",

"frequently_asked_questions": "How many types of self registration? Farmer, Society, Entrepreneur and Manufacturer. What are the required documents for the farmer registration? Aadhar card, Record-of-right of land, Passport Size Photograph, Copy of Bank Passbook, Copy of Id Proof (except Aadhar Card), Copy of caste category certificate (in case of SC/ST/OBC). Is Bank detail required for Farmer? Yes, farmer is mandatory to add bank detail to get subsidy.
Is there any application fee? No. The entire application process is completely free of cost. Do I need to complete the application in one sitting? Yes. How do I track the status of my application? You can check the same anytime by visiting <https://agrimachinery.nic.in/index/ApplicationTracking>",

"title": "Sub-mission on Breed Development of Livestock and Poultry",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/smbdlp>",

"details": "Launched in the Financial Year 2014-15, the scheme \"National Livestock Mission\" by the Department of Animal Husbandry & Dairying, Ministry of Fisheries, Animal Husbandry and Dairying, aims towards employment generation, entrepreneurship development, increase in per animal productivity and thus targeting increased production of meat, goat milk, egg and wool under the umbrella scheme \"Development Programme\". The excess production will help in the export earnings after meeting the domestic demands. The concept of the NLM Scheme is to develop the entrepreneur in order to create the forward and backward linkage for the produce available in the unorganized sector and to link with the organized sector. Key Objectives Employment generation through entrepreneurship development in small ruminant, poultry and piggery sector & Fodder sector. Increase of per animal productivity through breed improvement. Increase in production of meat, egg, goat milk, wool and fodder. Increasing availability of fodder and feed to substantially reduce the demand – through strengthening the fodder seed supply chain and availability of certified fodder seeds. Encouraging establishment of fodder processing units to reduce the demand supply gap. The National Livestock Mission has the following three Sub-Missions: Sub-mission on Breed Development of Livestock and Poultry Sub-mission on Feed and Fodder Development Sub Mission on Innovation and Extension \"Sub-mission on Breed Development of Livestock and Poultry\" Proposes to bring sharp focus on entrepreneurship development and breed improvement in poultry, sheep, goat and piggery by providing the incentivization to the Individual, FPOs, FCOs JLGs, SHGs, Section 8 companies for entrepreneurship development and also to the State Government for breed improvement infrastructure.",

"objective": "Section not found",

"benefits": "Capital Subsidy Provision One-time 50% capital subsidy offered for total project cost. Maximum subsidy capped at ₹25,00,000 per unit. Standard Subsidy Disbursement First installment released upfront through SIDBI to bank/financial institutions. Second installment released after project completion and state agency certification. Self-Financing Project Protocol Project requires bank appraisal and 25% expenditure verification. Subsidy released in two parts: 50% initially and 50% upon completion. Bank Guarantee Requirements Three-year bank guarantee needed for remaining project cost. No subsidy for working capital, vehicles, land purchase, or lease costs.",

"eligibility": "The following are eligible to apply - Individuals Self Help Groups (SHGs) Farmer Producer Organizations (FPOs) Farmer Cooperatives (FCOs) Joint Liability Groups (JLGs) Section 8 Companies",

"exclusions": "Section not found",

"application_process": "Online Step 1: Visit the Official Website of \"National Livestock Mission\" and click \"Apply Here\". Step 2: The following methods of Logging In will be displayed: Login as Entrepreneur Login as Government / Other Agencies Login as Research & Innovation Login to the website using your preferred method. Step 3: On the next page, verify your Mobile Number via OTP. You will be taken to the Online Application Form. Step 4: In the form, fill in all the mandatory fields and upload all the mandatory documents in the specified format and size. Step 5: Agree to the \"Declaration & Authorization\" by ticking the checkbox. Provide the Date & Place, and finally click \"Submit\". Post-Application Processes Step 1: Screening of application by State Implementing Agency (SIA) SIA will scrutinize the submitted application and will recommend the application of the entrepreneurs/ eligible entities to avail balance financing for the project through scheduled banks or financial institutions like National Cooperative Development Corporation (NCDC) etc. Step 2: Loan sanction by Lender After the recommendation of the project by SIA, the same will be considered by the bank or financial institutions for financing. Lender will pick the application along with all the documents from the portal and will approve the loan after examining the project/ documents submitted by applicant and completing their internal diligent process. After sanctioning the loan, Lender will upload sanction letter on the portal. Step 3: Recommendation from State Level Executive

Committee (SLEC) Once the bank or financial institution sanction the project, SIA shall place the same in SLEC for recommending the application to the Central Government (Department of Animal Husbandry & Dairying). Step 4: Approval of subsidy by DAHD DAHD will approve the subsidy and will mark the approval of the same on portal. Step 5: Disbursement and release of subsidy After compliance of terms and conditions mentioned in the sanction letter, lender will disburse the loan amount to the beneficiary. fund the subsidy amount for the approved projects through Small Industries Development Bank of India (SIDBI) to the lending Bank or financial institutions as the case may be to release the subsidy to Beneficiaries. Track Application Status You can check your application status from the \"TRACK STATUS\" tab available in the upper right corner of the portal Help and Support If you encounter any issues or have questions, visit the \"Contact Us\" page.\"

"documents_required": "A. Documents Related to Key Promoter PAN Card* Aadhar Card* Address Proof * (Election Commission Photo ID card, Electricity Bill, Water Bill, Telephone Bill, Passbook, rent agreement etc.) Photograph* Caste certificate, if applicable Education certificates Training certificates Experience letter/ certificate about any livestock farming activities done earlier",

"frequently_asked_questions": "Are there any special considerations for regions like the Northeast or hilly states, and how does the funding pattern differ for these areas? Yes, regions like the Northeast and Himalayan states receive higher central share funding (up to 90%) compared to other states. UTs receive 100% central assistance. How can beneficiaries track the status of their applications, and is there a system for receiving real-time updates? Applicants can track their application status through the NLM portal. Notifications and updates are provided via email or SMS to ensure transparency. What types of declarations or undertakings must applicants submit to comply with scheme requirements? Applicants must submit undertakings confirming compliance with guidelines, including declarations on the proper use of funds and adherence to integrity norms. Are there any specific initiatives under this scheme for women or marginalized groups in livestock farming? Special provisions like higher subsidies or targeted outreach are often extended to marginalized groups, including women, SCs, and STs, as per government norms. Does the scheme include provisions for grievance redressal, and how can beneficiaries report issues related to their applications or funding? Yes, beneficiaries can report grievances through the State Implementing Agency or the NLM portal. A grievance mechanism ensures timely resolution of issues. Can applicants apply for the scheme in self-financing mode, and what additional requirements must they fulfill in this case? Yes, self-financed applicants are required to submit a bank guarantee valid for three years, covering the remaining project cost beyond the subsidy sought. What kind of infrastructure or equipment is eligible for funding under the subsidy provided by this scheme? The scheme covers infrastructure like parent farms, hatcheries, and mother units, along with equipment for breeding and livestock management as detailed in the guidelines. Who are the target beneficiaries of this scheme, and how does it aim to uplift rural and small-scale livestock entrepreneurs? Target beneficiaries include small-scale livestock farmers, rural entrepreneurs, SHGs, and FPOs. The scheme aims to organize unstructured farming sectors into sustainable business models and

increase profitability. What are the types of benefits provided under this scheme, and how do they support both monetary and non-monetary needs of the applicants? The scheme offers monetary benefits like capital subsidies and non-monetary support such as training, capacity building, and access to breed improvement resources. Are there any deadlines for applying to the Sub-Mission on Breed Development of Livestock and Poultry, and where can one find this information? Deadlines for applications are announced periodically through State Implementing Agencies and the NLM portal. Applicants are advised to check these platforms regularly for updates. How is the subsidy disbursed to beneficiaries, and what conditions must be met to receive the installments? The subsidy is provided in two installments: the first after the loan's first disbursement and infrastructure investment of 25%, and the second after project completion and verification by the State Implementing Agency. What steps are involved in the selection process, and how are applications evaluated and approved under the scheme? Applications are initially verified by the State Implementing Agency. Once recommended, they are assessed by financial institutions for loan approval. Finally, the Project Approval Committee reviews and approves the proposals. If an applicant does not own land but has a lease agreement for the project, can they still be considered eligible for funding under the scheme? Yes, applicants with valid lease agreements are eligible, provided they submit documentation confirming the lease duration, land-use permissions, and ownership by the lessor. What are the essential documents an applicant must submit to apply for the Sub-Mission on Breed Development of Livestock and Poultry? Applicants need to provide proof of identity, project proposals, land ownership or lease documents, financial documents such as loan sanction letters or bank guarantees, and KYC details. Are there any specific components or expenses that are not covered under the subsidy provided by this scheme? The scheme does not provide subsidies for the purchase of land, rent or lease costs, working capital, personal vehicles, or recurring expenses."

"application_process": "OnlineStep 1: The applicant may visit and apply online at I-Khedut Portal: <https://ikhedut.gujarat.gov.in>Step 2: On the home page, click on 'Schemes' and then click on 'Agricultural Schemes'.Step 3: Now select the scheme, click on the 'Apply' button and an application page will open.Step 4: Click on \"Apply New\" button and submit a new application.Step 5: Click on the \"Update Application\" button to add corrections to the application.Step 6: Once the application is done, confirm it.Step 7: Take a print out of the confirmed application.Step 8: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Contact Us: Click here.Note: Before application, beneficiaries must complete poultry training at the Intensive Poultry Development Project or District Poultry Extension Centre.",

"documents_required": "Aadhaar Card.Scheduled Tribe Caste Certificate.Proof of Residence (Ration Card/Voter ID/Utility Bill).Bank Passbook (for NEFT/RTGS transfer).Proof of Disability (if applicable).Below Poverty Line (BPL) Certificate (if applicable).Training Completion Certificate from the authorized center.Any other document if required.",

"frequently_asked_questions": "What is the objective of this scheme?The scheme is designed to empower Scheduled Tribe beneficiaries in Gujarat by providing financial support for poultry farming. It includes subsidies for setting up poultry units and stipends for training programs.Who is eligible to apply for the scheme?The scheme is available only to adult Scheduled Tribe (ST) individuals residing in Gujarat.\n\nWhat type of financial assistance is provided under this scheme?The scheme provides subsidies for poultry farming, including 75% assistance (up to ₹6,000/-) for a 25 R.I.R./Kadaknath birds unit and 90% subsidy (up to ₹8,15,000/-) for a 1000 broiler birds unit. Additionally, a stipend of up to ₹2,000 is given for poultry training.\n\nIs it mandatory to complete poultry training before applying?Yes, poultry training is required. A 6-day training is mandatory for those applying for the 25 R.I.R./Kadaknath birds unit and stipend scheme, while any poultry training is acceptable for the 1000 broiler birds unit scheme.\n\nWhere can the applicant receive the required poultry training?The required poultry training

can be obtained from the Intensive Poultry Development Project or District Poultry Extension Centre in Gujarat.

Can more than one family member apply for the scheme? No, only one member of a family is eligible to receive benefits at a time.

How often can an applicant avail of this scheme? 1. For the 25 R.I.R./Kadaknath birds unit, an applicant can reapply after three years. 2. For the 1000 broiler birds unit, the benefit can be availed only once in a lifetime.

How is the subsidy amount provided to the beneficiaries? 1. For the 25 R.I.R./Kadaknath birds unit, the benefit is given in kind (birds and poultry feed). 2. For the 1000 broiler birds unit, the subsidy is transferred through Direct Benefit Transfer (DBT) to the beneficiary's bank account. 3. The training stipend is transferred via RTGS/NEFT directly to the beneficiary's bank account.

Will priority be given to certain applicants? Yes, female applicants and Below Poverty Line (BPL) beneficiaries will be given priority under this scheme.

How can an applicant submit an application for this scheme? Applications must be submitted online through the iKhedut portal at <https://ikhedut.gujarat.gov.in>,"

"title": "Subsidy to Purchase E-Bike for Journalists",

"description": "No description found",

"link": "https://www.myscheme.gov.in/schemes/spebj",

"details": "The scheme \"Subsidy to Purchase E-Bike for Journalists\" by the Department of Information and Publicity, Government of Goa, aims to provide journalists based in Goa with e-bikes at a subsidised rate, facilitating easier access to essential technology for their profession. This initiative acknowledges the crucial role of journalists in educating the public and the time they spend gathering news. Two significant benefits of the scheme are providing financial assistance for purchasing e-bikes and empowering journalists with better means to disseminate information vital for a democratic system. Two significant eligibility criteria include being a resident of Goa for at least 15 years and being a full-time working journalist for at least eight years. The scheme is implemented by the Department of Information and Publicity. Every year, the Government will grant subsidies to purchase 65 e-bikes to 65 beneficiaries based on their years of working.",

"objective": "Section not found",

"benefits": "Subsidy up to 50% of the value on quotation or ₹ 50,000/-, whichever is less, and the remaining 50% value shall be borne by the beneficiaries. The payment shall be effected directly to the beneficiaries upon receipt of the purchase of the e-bike document. The subsidy shall be disbursed in a single instalment to the beneficiary, i.e., 100% on the purchase of the vehicle and production of purchase documents, i.e., the Registration Certificate book and insurance by the Beneficiary.Disbursement of subsidy for the purchase of e-bikes will be done on a first-come-first-served basis or a maximum of two for each organisation per meeting, also considering eligibility criteria.",

"eligibility": "The applicant should be a journalist.The sole livelihood of the applicant should be through journalistic activities.The applicant should be residing in Goa for at least 15 years.The applicant should be

working for a Media organisation. The applicant should not be more than 58 years of age. The applicant should not have availed benefit to purchase an e-bike (two-wheeler) under any other Government scheme.",

"exclusions": "Beneficiaries who have availed the benefit from any other such Government schemes shall not be entitled to this scheme.",

"application_process": "Offline
Step 1: The interested applicant should take a printout of the prescribed format of the application form. Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and enclose the copies of all the mandatory documents (endorsed, if required). Step 3: Submit the duly filled and signed application form along with the documents, within the prescribed period (if any), to the Director, Department of Information and Publicity, Udyog Bhavan, 3rd floor, Panaji.
Post-Application Processes
Step 1: After approval of the application, the Beneficiary will have to provide purchased documents (Registration Certificate book and insurance) along with bank details to release the subsidy directly to the beneficiary. Step 2: The Screening Committee, constituted under the Chairmanship of the Director of Information and Publicity, will scrutinize/sanction applications and may ask for additional documents if required. Step 3: The subsidy will be disbursed in a single instalment upon purchase of the vehicle and production of the necessary documents.",

"documents_required": "Birth Certificate. Residence Certificate issued by the Mamlatdar. Aadhaar Card. Valid Driving License Number. Experience Certificate from Editor/Head of Organisation. Latest Payslip from the Organisation. Quotation from a Reputed Dealer. Purchased Documents for the E-bike. Bank Details. Two Passport Size Photographs. Declaration.",

"frequently_asked_questions": "Is there an age limit for journalists to qualify for the subsidy? Yes, the beneficiary must not be more than 58 years old at the time of application. Can journalists who have availed similar benefits under other government schemes apply? No, applicants who have already benefited from any other government scheme for e-bikes are not eligible. What proof of employment is required for the subsidy application? A letter from the Editor or Head of the Organization confirming the applicant's employment as a journalist for at least 8 years is mandatory. How much subsidy will be provided for the purchase of an e-bike? The subsidy covers 50% of the e-bike's price or a maximum of ₹50,000, whichever is lower. Are part-time journalists eligible to apply for the subsidy? No, only full-time journalists whose sole livelihood depends on journalistic activities qualify for the subsidy. How many e-bikes will be subsidized under this scheme annually? The government will grant subsidies for 65 e-bikes each year, allocated on a first-come, first-served basis. Can journalists working for electronic media organizations apply for the subsidy? Yes, journalists working for both print and electronic media organizations are eligible if they meet the other criteria. Is there a limit on the number of beneficiaries per media organization? Yes, a maximum of two beneficiaries per media organization will be considered per meeting. Who constitutes the committee responsible for scrutinizing and approving applications? The committee includes the Director of Information and Publicity, Presidents of journalist associations, and a representative from the Finance Department. Can the subsidy be used to purchase any type of e-bike? The type and cost of the e-bike will be decided by the government, and applicants must submit a quotation from a reputed dealer. What is the validity period of the scheme before it is reviewed? The scheme will be reviewed after 3 years from its commencement date. Are retired journalists eligible to apply for the subsidy? No, only working journalists who meet the age and employment criteria are eligible. What is the role of the Mamlatdar in the application process? The Mamlatdar issues the 15-year residence certificate, which is a mandatory document for proving domicile in Goa. Can journalists who engage in other professions alongside journalism apply? No, applicants must not engage in any other activity and must rely solely on journalism for their livelihood. Is there a relaxation

clause for any of the eligibility conditions?The government may relax certain conditions on a case-by-case basis, except those related to financial benefits.How is the subsidy amount calculated if the e-bike's price exceeds ₹1,00,000?The subsidy will be 50% of the price or ₹50,000, whichever is lower, regardless of the e-bike's total cost."

"title": "Tea Development and Promotion Scheme (TDPS): Plantation Development for Small Tea Growers (PDSTG): Mechanization for Individual Small Growers",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/tdpspdstgmisg>",

"details": "The Government of India has conveyed its approval for the Tea Board's Scheme 'Tea Development & Promotion Scheme' for implementation during the 15th Finance Commission (2021-26). The scheme has seven major components covering the broad areas of the Tea Board's operation for the overall protection, growth & sustenance of the Indian Tea Industry. The objective of the scheme is to improve the production, productivity, and quality of Indian teas in order to remain competitive in global markets, focus on the development of the small tea growers, their collectivization for moving up in the value chain, value addition in teas for better price realization and share in export markets, explore the potential of tea grown in the North Eastern States, focus on improving the per capita consumption of tea, improving tea exports from India to high-value markets, encouraging research and development and other technological innovation to bring transparency in the entire supply chain as envisaged in the Tea Act, 1953. 'Plantation Development for Small Tea Growers (PDSTG)' Component of the TDPSThe objective of this component is to increase the production, productivity and quality of tea, overall development of small tea growers to help them move up in the value chain, sustainability of production by promoting organic tea cultivation & climate resilient tea and to make them self-reliant by setting up their own processing units.",

"objective": "Section not found",

"benefits": "Equipment and Scale of Assistance Equipment: Pruning Machine; Ceiling Limit (₹): 30,000; Other Eligibility: One (1) Machine for each / upto 5.00 ha of tea area Equipment: Mechanical Harvester; Ceiling Limit (₹): Single Man Harvester @ 25,000; Double Man Harvester @ 40,000; Other Eligibility: For each / up to 10.00 ha of tea area Equipment: Power Sprayer; Ceiling Limit (₹): 15,000; Other Eligibility: For each / up to 5.00 ha of tea area Equipment: Brush Cutter; Ceiling Limit (₹): 28,000; Other Eligibility: For each / up to 10.00 ha of tea area Equipment: Plucking Shear; Ceiling Limit (₹): 550; Other Eligibility: For each / up to 0.40 Ha of tea area Mode of Payment All payments will be through electronic mode i.e., RTGS/NEFT/PFMS.",

"eligibility": "The applicants can be small tea growers including members of self-help groups and Farmers' Producer Organizations.",

"exclusions": "In the event of a change in the ownership of the tea garden before the completion of disbursement of the sanctioned subsidy amount, the transferor/seller of the tea garden shall cease to receive any further subsidy remaining to be paid by the Tea Board after the transfer/sale is affected.",

"application_process": "OnlineOfflineStep 1: RegistrationVisit the official portal of the Tea Board.To create an account, click on the \"Register\" or \"Sign Up\" button. You'll be asked to provide information such as Name, date of birth, Gender, Mobile Number and Email Address.Choose a username and password. Ensure the password meets security requirements.After providing your details, you will receive a One-Time Password (OTP) on your registered mobile number and email. Enter the OTP to verify your identity.Step 3: ApplicationUse the credentials you created during registration to log in. Once logged in, you'll access your user dashboard. Navigate to the Online Application Form of the Scheme. In the application form, fill in all the mandatory fields and upload the necessary documents.Carefully review all the information provided and the documents uploaded. Make any necessary corrections.Acknowledge and agree to the terms and conditions, declaration, and privacy policy.Click the \"Submit\" button to send your application. After the successful submission of the application, an acknowledgement will be generated by the system.Step 4: Check Application StatusYou can track your application status on your dashboard using the Application Reference ID.The portal may provide updates via email or SMS regarding your application status.NOTE: Only one application under each component will be considered, however, the applicant may apply for more than one activity in a single application as per the eligibility.Application FeeAll the applications shall be accompanied by a non-refundable application fee of ₹ 100/- (Rupees one hundred only) + GST (Exempted for SC, ST, female and differently-abled persons). No application will be accepted without payment of application fees except for exempted stakeholders.",

"documents_required": "Tea Board registration or identity smart card (QR-based) issued by Tea Board/ have a unique identification number generated.Survey map (A-4 size) of the tea area in case of individual small tea growers drawn by a government-approved surveyor/Land Revenue department duly certified and signed by both the issuing authority as well as the applicant, wherever applicable.Self-declaration under PPC compliance.Aadhar Card in case of individual/ PAN/TAN/GST registration in case of others, as applicable.Details of Bank Account (linked with mobile number and Aadhar) for claiming financial assistance with IFSC code (one cancelled cheque is to be uploaded).Copy of recent resolution in case of SHGs/FPOs/FPCs along with the details of office bearer and members with tea area in command.NOTE: Applicant (small tea growers) who does not have the identity Card issued by the Tea Board can obtain the same on the production of documents to establish the ownership of land and where title deeds are not available, a possession certificate issued by the concerned State Government from the nearest field office.",

"frequently_asked_questions": "Is there any limitation on the number of applications a single applicant can submit for each scheme component?Yes, the scheme specifies that only one application under each component will be considered. However, applicants may apply for more than one activity in a single application, depending on their eligibility.Are there any specific fees associated with the application process, and are there exemptions for certain categories of applicants?Yes, an application fee of Rs. 100/- (plus GST) is applicable for all applicants, except for those in the SC, ST, female, and differently-abled categories. These exempted stakeholders do not need to pay the application fee.What are the two application modes available for this scheme, and under what circumstances is physical submission of applications accepted?The two application modes are offline and online. Initially, the scheme allows for physical submission of applications at field offices (ZO/ROs/SROs/HQ) if the online platform is not yet ready for use. The Competent Authority may accept physical submissions until the online platform becomes operational.Could you explain the mode of payment for the scheme's subsidies? What electronic payment methods are employed?All subsidy payments under the scheme are made through electronic modes, which

include RTGS (Real-Time Gross Settlement), NEFT (National Electronic Funds Transfer), and PFMS (Public Financial Management System). What are the specific exclusions mentioned in the scheme, particularly regarding the ownership of tea gardens? Exclusions are in place to prevent misuse. In the event of a change in ownership of a tea garden before the completion of the subsidy disbursement, the previous owner will cease to receive any further subsidy payments after the transfer or sale is completed. How does the scheme define the eligibility criteria for applicants, particularly small tea growers, including members of self-help groups and Farmers' Producer Organizations? Eligible applicants include small tea growers who are members of self-help groups or Farmers' Producer Organizations, provided they have Tea Board registration or an identity smart card issued by the Tea Board. The identity card serves as a unique identification number for eligibility verification. What are the ceiling limits and eligibility criteria for small tea growers to obtain equipment like the Pruning Machine and Mechanical Harvester under the PDSTG component? Small tea growers are eligible for equipment under the PDSTG component. The ceiling limit for a Pruning Machine is ₹30,000, and one machine is allowed for each or up to 5.00 hectares of tea area. For the Mechanical Harvester, the ceiling limit is ₹25,000 for a Single Man Harvester and ₹40,000 for a Double Man Harvester. Eligibility for the Mechanical Harvester is for each or up to 10.00 hectares of tea area. Could you elaborate on the specific components of the TDPS and how they contribute to the Indian tea industry's growth and sustainability? The TDPS comprises seven major components, each serving distinct purposes within the Indian tea industry. These components are designed to protect, grow, and sustain the industry. One such component is "Plantation Development for Small Tea Growers (PDSTG)", which aims to boost the production and quality of tea and help small growers move up the value chain. Sustainability is addressed through the promotion of organic and climate-resilient tea. Another component focuses on the mechanization for individual small growers. Could you explain what "Self-declaration under PPC compliance" entails and why it's a part of the required documents? Self-declaration under PPC compliance refers to an assurance by the applicant that they are compliant with all relevant laws and regulations, particularly those related to the Prevention of Food Adulteration Act. It serves as a declaration of adherence to food safety standards in tea production. Are there any specific requirements for the survey map of the tea area, particularly in terms of who can certify it and how it should be prepared? The scheme requires a survey map of the tea area, preferably A-4 size, to be drawn by a government-approved surveyor or the Land Revenue department. The map should be duly certified and signed by both the issuing authority and the applicant, where applicable. This ensures the accuracy and authenticity of the map. How does the scheme define the concept of "organic tea cultivation" in the context of the PDSTG component, and what practices are encouraged? Organic tea cultivation refers to the cultivation of tea without the use of synthetic chemicals or pesticides. The PDSTG component encourages practices such as using organic fertilizers, practicing integrated pest management, and promoting sustainability in tea cultivation to ensure the tea is free from harmful chemicals. Could you explain the significance of mechanization for individual small tea growers within the PDSTG component? How does it benefit these growers? Mechanization is a critical aspect of the PDSTG component. It provides small tea growers with equipment like pruning machines, mechanical harvesters, power sprayers, brush cutters, and plucking shears. These tools significantly improve efficiency, reduce labor costs, and enhance tea quality, making the entire tea cultivation process more sustainable and profitable. Can you provide insights into the objectives of the "Plantation Development for Small Tea Growers (PDSTG)" component and how it contributes to the growth of small tea growers? The PDSTG component aims to enhance the production, productivity, and quality of tea among small tea growers. It promotes their overall development, encourages organic tea cultivation and climate-resilient tea, and assists in setting up their own processing units. This empowers small growers and helps them move up the value chain.",

"title": "To Provide Financial Assistance to the Farmers Practicing Natural Farming Under the Completely Chemical Free Dang District",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/tpfafnfd>",

"details": "The Scheme \"To Provide Financial Assistance to the Farmers Practicing Natural Farming Under the Completely Chemical Free Dang District\" launched by the Department of Agriculture, Farmers Welfare & Co-operation, Government of Gujarat, is designed to support farmers who engage in natural farming practices without the use of chemical inputs in the Dang district. It aims to enhance soil fertility, lower production costs, and promote eco-friendly farming.",

"objective": "Section not found",

"benefits": "For the first year: ₹10,000 per hectare ₹5,000/hectare for Kharif ₹5,000/hectare for Rabi and Summer For already benefiting farmers (second year onwards): ₹6,000 per hectare ₹3,000/hectare for Kharif ₹3,000/hectare for Rabi and Summer",

"eligibility": "The applicant farmer must own at least one indigenous cow, with or without an identification tag, at the time of application. Only one beneficiary is allowed per farmer family (a farmer family includes husband, wife, and minor children listed on the barcoded ration card). The applicant must be practicing natural farming on a minimum of 20 Guntha (0.5 acres) and a maximum of 2 hectares of agricultural land. The applicant must be registered under natural farming by: An APEDA/NPOP recognized organization, or Registered by September 2021 through the appropriate authority.",

"exclusions": "Farmers who began natural farming before Kharif 2020. Farmers who have obtained C2/C3 stage or Green/Organic Certificate under the PGS–India system.",

"application_process": "Online Step-1: The applicant may visit and apply online at I-Khedut Portal: <https://ikhedut.gujarat.gov.in/> Step-2: On the home page, click on 'Schemes' and then click on 'Animal Husbandry Schemes'. Step-3: Now select the scheme, click on the 'Apply' button and an application page will open. Step-4: Click on \"Apply New\" button and submit a new application. Step-5: Click on the \"Update Application\" button to add corrections to the application. Step-6: Once the application is done, confirm it. Step-7: Take a print out of the online application and submit it to the Gram Sevak/BTM/ATM/Project Director-Aatma with the necessary documents listed in the application. Step-8: Applicant can also check their Application Status/View/Print/Upload Application details from the below link: https://ikhedut.gujarat.gov.in/public/frm_Applicant_Corner.aspx Contact Us: [Click here](#).",

"documents_required": "Proof of land ownership. Barcoded ration card. Proof of natural farming registration (APEDA/NPOP). Guarantee letter from the farmer. Any other documents as required.",

"frequently_asked_questions": "What is the objective of this scheme? The objective of this scheme is to provide financial assistance to farmers practicing natural farming in the completely chemical-free Dang

district to promote sustainable agriculture, increase productivity, and ensure environmental conservation. Who is eligible to apply for the scheme? A farmer who practices natural farming in the completely chemical-free Dang district and owns at least one indigenous cow is eligible to apply. Is it mandatory for the farmer's cow to have an identification tag? No, the farmer's cow can be with or without an identification tag to qualify for the scheme. What is the maximum area of land that a farmer can claim assistance for? A farmer can receive financial assistance for a maximum of 2 hectares of land under this scheme. Can both the husband and wife from the same family apply for the scheme? No, only one member of a farmer family listed in the barcoded ration card (either husband or wife, or their minor children) is eligible to receive assistance. How much financial support does the scheme provide to a new beneficiary? A new beneficiary can receive ₹10,000/- per hectare for the first year- ₹5,000/- for the Kharif season and ₹5,000/- for the Rabi and Summer seasons. How much assistance is provided to a farmer who has already received benefits in the previous year? An old beneficiary is eligible to receive ₹6,000/- per hectare - ₹3,000/- for Kharif and ₹3,000/- for Rabi and Summer. Are farmers who started natural farming before Kharif 2020 eligible for this scheme? No, farmers who began natural farming before the Kharif 2020 season are not eligible for the scheme. What happens if a farmer possesses a PGS–Green/Organic Certificate (C2/C3)? A farmer who already holds a PGS–Green/Organic Certificate is not eligible to apply for assistance under this scheme. How is the authenticity of the cow and farming practices verified? The cow and the farmer's natural farming practices are verified through a field visit conducted by an authorized team appointed by the Project Director, ATMA. Where can a farmer apply for this scheme? A farmer can apply for the scheme through the official iKhedut portal. What is the process if the number of applicants exceeds the scheme's target? If applications exceed the target, the selection of beneficiaries is done through a random draw via the iKhedut portal.",

"details": "The \"Training Scheme for Horticulture Skill Development to Landless Farm Labour at Centre of Excellence of Department\" introduced by the Agriculture, Farmers Welfare and Cooperation Department, Gujarat, is designed to uplift landless agricultural workers by equipping them with essential horticulture skills through training. Conducted across Gujarat, the training spans a minimum of three days to a maximum of five days and includes modules like experiential learning tours, training kits, stipend, expert-led sessions, and more.",

"objective": "Section not found",

"benefits": "Stipend: ₹250/- per trainee.Other Facilities: Dining facility, training literature kit, experiential education tour, trainee kit, etc.",

"eligibility": "The applicant should be any of the following:All Farmers.Farm Labourer.Horticulturists.Landless Agricultural Labourers.The applicant must be a resident of Gujarat.",

"exclusions": "Section not found",

"application_process": "OfflineStep 1: Obtain a plain paper application form from the District Office of the Deputy Director of Horticulture.Step 2: Fill in the application form with accurate details. Attach the required documents.Step 3: Submit the form to the District Office of the Deputy Director of Horticulture.",

"documents_required": "Aadhaar Card.Bank Pass Book/Cancelled Cheque.Ration Card.",

"frequently_asked_questions": "What is the objective of the \"Training Scheme for Horticulture Skill Development to Landless farm labour at Centre of Excellence of Department\" scheme?The primary objective of the scheme is to provide structured, hands-on horticulture training to landless agricultural labourers in Gujarat to enhance their skills and enable better livelihood opportunities through specialized learning at the Centres of Excellence under the Agriculture and Co-operation Department.Who is eligible to apply for this horticulture skill development training scheme?The scheme is exclusively intended for individuals who are landless agricultural labourers residing in Gujarat and belong to any social category.How much stipend is provided to the beneficiaries?Beneficiaries receive an amount of ₹250/- as a stipend. What facilities and support are provided to trainees during the training period?During the training, participants are provided with a dining facility, a training literature kit, a trainee kit, access to experiential education tours, and sessions conducted by expert trainers, all funded through the scheme.How long does the training program last for participants enrolled in this scheme?The duration of the training provided under the scheme ranges from a minimum of three days to a maximum of five days, during which participants

engage in intensive skill development sessions related to horticulture practices. Where are the training sessions conducted for beneficiaries of this scheme? The training sessions are conducted at recognized Centres of Excellence that operate under the Department of Agriculture and Co-operation within the state of Gujarat. Are there any category-wise distinctions in the implementation of this training scheme? While the overall structure of the scheme remains consistent, it covers beneficiaries across Scheduled Caste, Scheduled Tribe, and General categories, each receiving the same financial structure and support. Can individuals owning agricultural land apply under this scheme? No, the scheme is specifically designed for landless farm labourers, and individuals owning any form of agricultural land are not eligible to participate in the training program. Are women also eligible to benefit from this horticulture training scheme? Yes, the scheme is gender-inclusive and is open to all landless agricultural labourers, including women, who meet the other eligibility criteria set forth by the government. Is there any income limit or educational qualification required to apply for the scheme? No, there is no minimum income or educational qualification specified for this scheme, as it is designed to uplift all landless farm labourers regardless of their economic background or formal education. What is the process to apply for the horticulture skill development training scheme? Interested landless farm labourers need to write a plain paper application to the District Office of the Deputy Director of Horticulture, fill it with accurate details, attach necessary documents, and submit it to the same office. What documents are required to be submitted along with the application form? Applicants are required to submit a copy of their Aadhaar Card, Bank Passbook or a Cancelled Cheque, Ration Card, and the duly filled plain paper application form."

"title": "Zero Budget Natural Farming",

"description": "No description found",

"link": "<https://www.myscheme.gov.in/schemes/zbnf>",

"details": "Zero Budget Natural Farming is natural farming based on cow-products (cow urine, dung) produced by indigenous cows. All agricultural inputs are prepared by the farmer from his own farm, no inputs are purchased from the market. Therefore, he does not have to spend anything directly. Due to which it is called zero budget based farming. At present, reducing the indiscriminate use of chemical fertilizers, pesticides and irrigation. To reduce the cost of agriculture, improve the quality of agricultural products and increase production per acre. Use of Beejamrit for treatment of seeds and Dravjeevamrit and Ghanjeevamrit etc. for nutrition. Use of Neemastra, Brahrastra and Aagnestra for the prevention of insects.Objective:-To promote environment-protected and climate-tolerant natural farming practices so that the fertility power of the land can be increased.To reduce the cost of cultivation by less irrigation, sustainable and integrated organic methods so that farmers can get more income per unit area.Production of chemical free and nutritious food for human health and wellness.Protecting biodiversity and environment.Empowering farmers for production, processing and progress by developing them in the form of clusters / groups.To make farmers entrepreneurs for marketing and by connecting directly with the national market."

"objective": "Section not found",

"benefits": "A subsidy of 50% provides to farmers to buy the farming items.A large drum of 200 litres, a small drum of 50 litres capacity, a bucket of 20 litres capacity, a Jug, filter, water spray, sprayer, Trichoderma, cow-urine, dung, etc. Material and organic mulch material like leaves of trees, weed bedding, leaves of millet-sorghum, etc., groundnut peels, and in the field for moisture conservation between the rows, 50% of the total cost of available other waste material or a maximum of Rs.600/- per farmer will be given as subsidy by DBT. Training and Farmers Tours.Gram Panchayat level Training."

"eligibility": "Interested farmers should be selected for the scheme who have a special interest in natural farming. Every farmer must have a minimum of one-acre land ownership or family account holder. Interested farmers may be from the same village, neighboring villages, or different villages as far as possible. Interested farmers will be selected by the Regional Assistant Agriculture Officer / Agriculture Supervisor. Horticulture crops and animal husbandry should also be included in natural farming. For the selection of farmers, priority should be given to SC, ST, BPL, small and marginal farmers as much as possible. Youths up to 35 years should be included for natural farming so that their capacity can increase. Necessary material like drum, bucket, jug etc. will be given on grant to the concerned farmer for setting up the input unit for natural farming. Farmers selected under Paramparagat Krishi Vikas Yojana should not be included in this scheme.",

"exclusions": "Section not found",

"application_process": "Offline Applicant farmers have to go to the Agriculture Department office or Krishi Vigyan Kendra of your district to get the benefit of Mukhyamantri Swavalamban Yojana. Get the application form to apply under this scheme. Enter all the necessary information asked in the form carefully. Attach the required documents with the application form.
